It was therefore moved and carried that the tenders submitted by Al Innes for replacement of the water lines at the Holden school, in the amount of $1,967.20, be accepted

# Junior high says 'goodbye' to grade 9'ers

On May 13th, in the Tofield Community Centre, the students of the Tofield Junior High School honored the Grade 9 students with a banquet and program.

The theme of the evening's activities was "Bon Voyage, Grade 9" and the nautical theme was used throughout. The place-cards were tiny sailors made by Miss Renie's Grade 7 class and the table centres were sailboats with ribbon sails, made by Miss Matthew's grade 7 class

The grade 8 boys prepared the tables, the grade 8 girls served the banquet under the direction of the grade 8 teachers, Mrs. Phillips and Mrs. Dennison Bill Sears, president of the Big 3, was chairman for the evening Karen Davison said grace for the dinner

At the close of the banquet, a program of items was given: to the Queen, Jane Cheney; to the graduands John Sears (gr. 8), reply, Milo Mandler, to the grade 9 teachers, Jane Christensen, replies, Mr. Lampitt and Mr. Stenberg.

The group then adjourned to seats near the stage. Here a short program was presented, featuring a piano solo by Gerry Hardy, song by 8A girls, "We are Sailors", clarinet solo, Douglas Everitt, piano solo, Elaine Bourgeu, song by 8B girls, "Will Your Anchor Hold"; solo, "One Bird To You" by Beth Ingram

Accompanists were Mrs. Rose Bud Annis, Lynda Wittenberg, Margaret Francis.

Mr. Annis thanked the grade 9's for inviting him and extended a welcome to the high school to the successful candidates in the June exams. Fred Voegtlin of Ryley, the guest speaker, was introduced by Bill Sears Mr. Voegtlin spoke to the grade 9 graduands, fitting his remarks to the theme of the evening. He urged the students to have the courage and determination to be explorers, to have a chosen harbor and a means of keeping on course, to have ambition to enable them to continue in their education voyage.

# Mrs. Annie Ames passes in Edmonton at 82 yrs.

(Mrs. G. H. Taylor)

HOLDEN — The sympathy of friends is extended to Mr. and Mrs. Algot Hultholm and family on the death of Mrs. Hultholm's mother, Mrs. Annie Ames, aged 82, of Edmonton, who passed away Monday, May 10th. The funeral was held Wednesday, May 12th, with the service in the Foster and McGarvey Funeral Chapel and the interment in Clover Bar cemetery, with Rev. H. Ricker officiating.

Mrs. Ames leaves to mourn her loss, two sons, George Thomlinson of Valleyview, Walter J. Thomlinson of Nanaimo, B.C.; five daughters, Mrs. Hilda McEachern of Lacombe, Mrs. Laura Hultholm of Holden, Mrs. Daisy Rice of Vancouver, B.C., Mrs. Bert Deagle of Edmonton and Mrs. Grace McKeith of Legal; 23 grandchildren; 30 great-grandchildren; one great-great-grandchild. She also left three sisters all residing at Abbotsford, B.C., and three brothers.

Mrs. Ames was one of the oldtime settlers, born in Parry Sound, Ont., in 1882. She and her parents moved to the Clover Bar district in 1888. Marrying George Thomlinson in 1899, they homesteaded in the Bremner district until Mr. Thomlinson passed away in 1917. She married Ernest Ames in 1926 and they resided in the Holden district for two years, the family then returning to the original homestead near Bremner and lived there until their retirement in 1940. Mr. Ames predeceased her in 1944.

DANGER

This scene shows a potential death trap for children located at the Tofield stock yards. The wooden top of the well has rotted considerably and left a large hole. If a child should happen to wander over it or play on it, there could be disastrous results. CNR crews have been dismantling the stock yards during the week but the well had been overlooked at the time of writing. --Photo by Peter Nickel.

TWINS BORN ON DIFFERENT DAYS

Congratulations go to Bert and Alberta Tiedman of the Lindbrook district on the birth of twin daughters born at Tofield hospital on May 12th and 13th. One twin was born at 15 minutes to 12 p.m., and one at two minutes after 12 a.m. Although only 17 minutes apart, their birthdays fall on different days. Congratulations also go to the proud grandparents, Ed and May Tiedemann of Tof[illegible]

AT WEDDING

Mrs. Ethel Wood motored to Edmonton early Saturday morning where she joined her brother, Doug, and Fran Baines and family and all motored to Brooks to attend the wedding of Ethel and Doug's nephew (Bob) Robert [illegible] to Ann Murray. They also attended the reception. On their return journey, they visited their mother, Mrs. (Granny) Baines at Stettler and also their brother, Art, and Dorothy Baines and family at Nevis.

Ethel drove home Sunday evening in the snowstorm and hurricane that hit Edmonton and later this district Sunday evening.

Last Sunday afternoon visitors at the home of John Jr. and Irene Warner were Rev. Allan Swinton and his wife, Barbara, and family of Mannville.

Monday evening visitors and coffee guests at the home of Emil and Martha Tiedemann were Emil's brother, Bill, and Mary Tiedemann and Mary's mother, Mrs. Dunn Sr., all of Deville.

Mrs. Ellen [illegible] was a Saturday evening visitor and supper guest at the home of Ruth and Roy Wickenberg. Ruth and Ellen later attended the shower for Joyce Warner in the United Church basement.

Donald Jones motored to Edmonton Friday evening to spend the weekend with his parents, Norm and Vivian Jones in [illegible] new home in Linwood area.

Leonard Loxton spent the week[illegible] at [illegible] wife, Mrs. Patsy Loxton, and baby daughter. They were Sunday visitors at the home of Patsy's parents, Charlie and Mickey Niemetz, and later Sunday afternoon they visited at the home of Eleanor and Ernie Runzer.

# 'Specials' planned for July 1st celebration

The Tofield Community League's annual Dominion Day celebration will be a fun-filled day for the junior citizens of Tofield.

Wally Ursaliak will be here with his equipment for the midway. A ferris wheel is the feature attraction though several other rides will also delight the hearts of the youngsters. Their tummies will be treated to the cotton candy, the popcorn, and the corn-on-the-cob supplied by Mr. Ursaliak.

Adults will be interested in recalling that Wally Ursaliak was a member of Hec Gervais' curling team and that he and Gervais are associated in business. It is expected that Gervais will accompany Ursaliak to Tofield on July 1st. He may be helping to operate the games of chance which are part of Ursaliak's equipment on the midway.

BARBECUE

The barbecue is under the direction of Vince Bates who has had several years' experience in this field. The supper which accompanies the barbecue is under the direction if Bill and Elizabeth Davison. Everyone will remember the bountiful meal offered last year and this year, again, the same tantalizing odors will lure spectators to the barbecue area.

The dance committee has secured the Schwill Brothers' Orchestra to play for the dance in the Community Centre which will wind up a long, event-filled day.

## 4-H Club plans Achievement Day

The monthly meeting of the Tofield 4-H Club was held on May 13th, when arrangements were made for the 4-H achievement day which will be held une 7th and the annual banquet that evening.

The program for the day starts with the weigh-in at 10:30, the show at 1:00 p.m., and the sale at 3:30 p.m.

It was decided that the club will not canvas this year.

Members of 4-H would like to extend their thanks to the citizens of Tofield and district for their support on 4-H day. The club also wishes to thank Mr. Fisher of the Tofield Service Garage and Mr. White of the Crown Lumber, as without their facilities the day would not have been the great success it was.

## Saturday, May 29th is 'Job for Bob' Day

On Saturday, May 29th, the Boy Scouts of the First Tofield Troop will be asking for jobs so that they may raise money to purchase equipment for their scouting activities.

The boys do not ask for donations but rather wish to work and be paid only what the job is worth.

If you have lawns to mow, windows to clean, cars to wash, shoes to shine, give the "Job to Bob" and help the Boy Scouts to help themselves.

THE LIBRARY

The library shown here is probably the most beautiful of the three rooms in the new addition to the Tofield High School. There is no question as to an abundant supply of floor space and adequate shelf space for years to come. - Photo by Peter Nickel.

# 4-H clubs combine for 1965 achievement day

(M. K. Westmancoat)

RYLEY, May 25. — The Community Hall was filled on Tuesday, May 18th, when three of the 4-H clubs held their Achievement Day together, namely the girls' Clothing Club, with leaders Miss Emily Pozerniuk and Miss Diane Davis; the girls' Food Club, with leaders Mrs. Stan Powers and Miss Fay Olsenburg, and the all-boys' Food Club, with leaders Mrs. Leona Stumbo and Mrs. Erna Maaren.

Each club had a very good display of their year's work, which was judged on the point system by Miss Diane Skripitsky, District Home Economist, Vegreville; Miss Irene Eby, District Home Economist, Edmonton, and Miss Glenna Robins, Associate Supervisor of 4-H Clubs, Edmon[illegible].

Each club gave demonstrations of their work; and some really humorous skits made up an enjoyable program, Judy Burnstad leading the sing-songs.

Names of the winners will be released later, when all the points have been totalled.

## Buildings lost in Palmer district fires

(Mrs. Joe Knudsen)

PALMER-EARLING, May 21st —The Herman Reums of Wanham, former Earlingites, had the misfortune to lose their garage, workshop, a ton truck, and all the tools and their lighting plant that was inside the garage when fire destroyed it May 8th. It is thought the lighting plant started the fire.

Mr. and Mrs. Nick Fediuk have returned home from a trip to Vancouver. During their absence their barn burned. The blaze may have started from spontaneous combustion from bales of hay stored in the loft. This is on the former John Tom[illegible] farm.

## Error in story on salary negotiations

In the minutes of the County of Beaver school committee meeting of May 11th, The Mercury made an error in the report on negotiations of salary between the county and the teachers. Due to an omission of part of a sentence, it was insinuated that county had offered an increase in salary to the teachers of eight per cent.

It should have read: "The County's Committee had stayed with its offer of approximately 2.3 per cent increase and the teachers had stayed with their request of approximately eight per cent increase. It was apparent that no further negotiations could be carried out on the local level and it was moved that the report be accepted and application be made for a bargaining agent. Carried Unanimously."

The Mercury apologizes to the County of Beaver School Committee members and to the teachers in the county for any embarrassment this error may have caused.

## Credit where due

It's easy to run down today's teenagers all the time, but sometimes they deserve praise instead. Naturally, they don't always get it.

It is an effort to help remedy this situation that Calgary Power has instituted its Junior Citizen awards, for young people, or groups, who have made specially good showings when confronted with a sudden situation, or who have carried on in a manner beyond their years for some considerable period.

Individuals or groups in this district are urged to get behind the program, and see that no deserving young people are overlooked. There have been winners from this district before, and there should be winners from this district again.

Send your nominations in to The Mercury, with supporting information, where possible. If it's hard to obtain the information, we'll be glad to help where necessary.

## Altered farmer's day

According to the Farmers Union, it begins to look as though late seeding operations may cut in on the observances in some areas of Farmer's Day on June 11.

A late addition to the rural calendar, Farmer's Day has been made possible by the tremendous strides made in the last generation in tractors and powered machinery, which has eliminated a great deal of the drudgery formerly associated with farm life. For instance, after a long hard day in the fields, it is not necessary any longer to feed and look after an eight-horse team.

On farms today, it's possible for the family to take time out. But whether June 11th happens to be the time is a question most farmers aren't very sure about right now

### High school hi-lites

(Elaine Walker)

Because of the rainy weather, the ball meet scheduled for May 28th has been changed to June 4th. It was hoped that the weather will soon dry up the mud and bring a fine day for the meet in Holden. The delay was greeted gladly by the ball teams who will get the time to use in practice.

All preparations for the annual spring prom have been made. The invitations have been sent out and everyone who received them is urged to attend. An enjoyable program has been planned with refreshments and a dance afterwards. The theme for the evening, "Moonlight Serenade", promises a wonderful evening for all.

YOU ARE THE DETECTIVE

As you enter the private office of Cecil R. Houston, one of the city's leading investment brokers, he's exclaiming loudly and volubly over the crime that has just taken place in his establishment.

"The burglar surely must have been fast on his feet", he blurts out. "I was alone here in my office early this morning . . . none of my employees had arrived yet. I heard some suspicious sounds in the outer office and went out immediately to investigate . . . but there was no one there. Then I heard the sound of running feet and threw open the door to the corridor. But laughing through the corridor, the intruder had already disappeared . . . probably down the stairway at the other end of the corridor".

You turn to look at the five persons who have followed you into the office—the white-faced blonde secretary, Ellen Borden, and the young bookkeeper, Tom Lyons, who arrived soon after you limping heavily on a cane clutched tightly in his right hand.

"Must have been someone who knew about the cash in our safe", volunteers Lyons.

"I was much earlier then usual this morning", says Houston. "I unlocked the safe when I arrived . . . had to get out some important papers to work on. I suppose it was rather careless of me to leave the door of the safe open while I was in my office, but I was expecting Miss Borden and Lyons to arrive soon . . . they both knew I was going to be early this morning and was eager to complete an important transaction. We have never had anything like this happen before! More than a thousand dollars . . . gone!"

You examine the inside of the littered safe, then turn back to the two employees.

"It's a dreadful thing", exclaims Ellen Borden. "If only I had arrived a little earlier, this wouldn't have happened . . . Mr. Houston was phoning you when I came into the office . . . not five minutes after the robber escaped."

"What's wrong with you leg?" you ask Tom Lyons, nodding your head at his heavily-bandaged left ankle.

"A bad sprain I suffered at a picnic last weekend", he replies.

"Well, I suspect that you can move much faster than you have indicated", you then state. "At present, Lyons, you are my number one suspect!"

Why?

SOLUTION

Tom Lyons had been very careless. He had entered the office limping heavily on a cane held in his RIGHT hand. Yet it was his LEFT leg that was supposedly injured!

FORTY-FOUR FURS. Chosen to model 44 Canadian furs during "Canada Night" in Rome was Kari Jonassen, 20, Miss Calgary and a former Miss Canada runner-up. Occasion was a dinner of Canadian salmon, and featuring our world-famous whisky, with proceeds going to Italian Red Cross.

## Modern etiquette

By Roberta Lee

Q. Who pays for the dress of a young flower girl at a wedding?
A. Her parents.

Q. How can a host and hostess avoid touchy moments, such as arguments between guests which get out of hand?

A. This is the most important reason for choosing guests carefully. If you know a person who has strong and unreasonable prejudices, don't invite him. A good host or hostess must be able to foresee any such difficulties and avoid them.

Q. Is it really proper or in good taste to decorate a dinner table with candles, even if they are not to be lighted?

A. Yes, candles are always correct on the dinner table.

COUNT de BOX-CAR YOUNG

One of the most hilarious acts to be seen with this year's Shrine Circus in Edmonton will be Count de Box-Car Young and his "The Limp" act in which he encounters no end of problems with his cantankerous Ford, which seems to have a mind of its own and a contrary mind at that. Everything happens to the poor "Count" and it is all aimed at tickling your "funny bone".

# THE RYLEY TIMES

A POLICEMAN'S PLIGHT. Newest way to beat the parking problem in Canadian cities and towns is to ride a scooter or motorcycle to work. This trend with the younger generation leaves police officer reaching for his rule book as he ponders whether it's legal for three Hondas to take advantage of a single parking spot.

## Ryley couple observes silver anniversary

(M. K. Westmancoat)

RYLEY, May 25. — Mr. and Mrs. Joe Helgeland celebrated their twenty-fifth wedding anniversary on Sunday afternoon, May 16th. The festive occasion was held in the Shaw district hall, with a large attendance of relatives, friends and neighbours.

Mr. and Mrs. Helgeland were married in Ryley in 1940, and their attendants of that day, Mr. and Mrs. Elmer Anderson, were present for the anniversary celebration.

Mrs. Helgeland wore a pretty two-piece outfit in navy blue silk with white accessories and a corsage of pink and white carnations, while Mrs. Anderson wore a rose lace dress with a similar corsage. The men had white carnation boutonnieres.

The Mennonite choir, led by Paul Voegtlin, provided enjoyable entertainment for the guests.

Mrs. Margaret Harris was mistress of ceremonies, and presented a purse of money from the community. Marie Helgeland presented a floor polisher from brothers and sisters of the families, their son Douglas give his parents a set of dishes from himself and his brother and sister. Mrs. Erna Maaren presented a purse of money on behalf of the Bethel Lutheran Ladies' Aid. Ole Hagen spoke of the years he had known the honoured couple, and wished them many more happy years together.

A lovely silver anniversary wedding cake made by Marie Helgeland and Lena Riel, and beautifully decorated by Mrs. Paul Voegtlin, was cut and passed around as lunch was served by the ladies.

## Ryley news

(Mrs. M. Westmancoat)

FAMILY RE-UNION

The long weekend of May 24th saw a surprise family re-union for Mr. and Mrs. Lester Pepper. Their four children were home, seven grandchildren [redacted] eight great-grandchildren. Altogether twenty-seven sat down to a turkey and ham dinner at the home of the Pepper's eldest granddaughter, Mrs. Brian Westmancoat. Mary and Jerry Birch with son Murray, and Leonard Hutch[redacted], came from Calgary. Jean and Leonard Hutchinton, Bill and Olive Hutchinson with daughter Lydia and son Jeff, Lester and Sharon Hutchinson with daughters Kathy and Maureen and son Douglas, all from Drayton Valley. From Ryley there were Jerry and Ethel Pepper and sons Gary and Ronnie, Allan Pepper, and Marie and Brian Westmancoat with boys, Barry, Mark and Philip.

The [redacted] was spent playing games and taking still pictures and movies. After supper each family returned to their respective homes. In spite of the disappointing weather that descended upon these plans, they all enjoyed the memorable day.

## Neighbors seed crop in 'blitz' operation

(M. K. Westmancoat)

RYLEY, May 25. — It was a busy place in the Shaw district on Friday, May 21, when neighbors, both men and women, gathered together on the farm of Mrs. Alex Dragon, the men to begin the task of putting in her crop, and the women to prepare the meals for the day for the hungry crews.

Fifteen tractors went steadily all through the day, ploughing, harrowing and seeding. The men worked long hours, and did full justice to the hearty meals the women had prepared.

Night time saw the work completed, and a community project well done.

**COLLEGE GRADUATION**

**A class of 73 Grade XII students will be graduating from Camrose Lutheran College High School Department on Sunday, May 30th, at Convocation Centre at the College. The college choir will present a half-hour concert at 2:30 p.m., followed immediately by the commencement exercises at 3:00 p.m. Rev. A. Querengesser of Ponoka will deliver the commencement address, and G. Loken, will present the certificates.**

**HOVELAND - ENNS WEDDING SATURDAY**

The marriage of Rita Enns, daughter of Mr. and Mrs. Peter Enns of Tofield, and Dennis Hoveland, son of Mr. and Mrs. Bertel Hoveland of Camrose, took place Friday, May 21st, in late afternoon at the First Mennonite Church in Tofield. The groom's brother, Rev. Laverne Hoveland of Lake Alma, Sask. assisted in performing the ceremony. Mr. and Mrs. Bertel Hoveland, Rev. and [redacted] L. Hoveland and Paul, Miss Karen Hoveland of Calgary and Miss Patricia Hoveland were the groom's immediate family present for the ceremony, with the groom's grandfather, L. J. Hoveland, Mr. and Mrs. A. L. Hoveland, James and Curtis and Mr. and Mrs. Hilmer Heggen, as well as the bride's cousin, Elsie Neufeld, and other relatives and friends [redacted] going from Camrose. Many other guests were in attendance from Oliver, B.C., Edmonton, Calgary, Taber, Spondin, Grande Prairie, Carstairs, Laird, Sask., Ryley, and many other districts for the occasion. The newlyweds left on a three-week trip to Niagara Falls, and upon their return will reside in Camrose.

# Better English

By D. C. Williams

**What is wrong with each of these sentences?**

1. Who do you want to go to Chicago, he or I?
2. She was oblivious to the fact that she was making an exhibition out of herself.
3. You act as if I was your enemy, when really both I and my brother are your friends.
4. Every person who enters must purchase his or her ticket at the door.
5. The theater is a long ways from here and I hear that it is filled to capacity.
6. Being as you want to settle here, let's us look around about us.

**What are the correct pronunciations of these words?**

7. Italics. 8. Equine. 9. Ghoul. 10. Forecastor. 11. Globular. 12. Afflatus.

**Which six words in the following group are misspelled?**

13. Gizzard, buzzard, hazard, mizzenmast, wizzardry, fantasy, pharmasy, hypocrisy, phantasm, heresy, dormitory, dizziness, disencumber, dossier, dispensery, coleslaw, colleague, collonade, collaboration, collusion, forfeit, focussing, frieze, forgo forsee, embroidery, debauchery, sedentery, meloncholy, peremptory.

**ANSWERS**

1. Say, "WHOM do you want to go to Chicago, HIM or ME?" 2. Say, "oblivious OF the fact", and omit "out". 3. Say, "You act as if I WERE your enemy, when really both MY BROTHER and I are your friends". 4. Omit "or her". The singular pronoun "his" is understood to cover both sexes. 5. Say, "is a long WAY from here", and omit "to capacity", which is redundant. 6. Say, "INASMUCH AS (or, SINCE) you want to settle here", and omit "us", and either "around" or "about".

7. Pronounce first syllable as "it", not as "ite". 8. Pronounce ee-kwine, accent first syllable. 9. Pronounce to rhyme with "tool". 10. Accent second syllable, not the first. 11. Pronounce glawb-yu-ler, accent first syllable; and not "globe-yu-ler". 12. Pronounce a-flay-tus, accent second syllable.

13. Wizardry, pharmacy, dispensary colonnade, foresee, sedentary.

PAMPERED POODLE. There isn't a pooch in the world who could object to his Saturday night bath if he could get this personal service from pretty Hollywood star Elke Sommer. But with soap in his eyes, Elke's beauty just isn't coming through, and the little black bundle of fluff finds it hard to keep smiling.

# Modern etiquette

Q. Is it good manners to examine the various dishes on a cafeteria counter before selecting a certain one?

A. This is the customer's privilege. He should not, however, finger the various saucers, or be conspicuous about selecting a dish that seems to contain a larger portion than the others.

Q. What would you say is the basic reason behind the rules for table manners?

A. To keep us from making unsightly spectacles of ourselves. Eating is not a particularly pretty performance at best, but eat we must—so every effort should be made to do so in as polite and unobtrusive a manner as possible.

Q. Is it up to the man or the woman, who have just been introduced, to say, "I'm glad to have met you", when leaving each other?

A. The man should take the initiative, while the woman responds with a smile and "thank you".

Q. Should one offer a tip to the housekeeper of a resort hotel, who seems to be in complete charge of the place?

A. Emphatically, no.

Q. When a dish is served which carries both a spoon and a fork, how do you help yourself to this dish?

A. Using your left hand, place the spoon under the food being served, and with your right hand use the fork (placed on top of the food) to guide a portion to your plate. Don't try to lift too much food at one time!

Q. When approaching a revolving door with a woman, does the man enter first so as to push the door for the woman, or should he allow her to precede him?

A. He allows the woman to go first and, in fact, he is better able to control the revolving door if she does precede him.

# Ministik news briefs

(Mrs. J. Roddick)

Church and Sunday School were both held Sunday with good attendances.

Glenn Ferguson motored to Calgary Saturday to spend the Victoria Day long weekend with his brother, Gary.

**HOSPITAL NEWS**

Mrs. W. F. Davenport returned home from Tofield hospital last week.

Little Phyllis Davenport, due to an accident at school, is wearing a torso cast until Thursday when she will have it removed.

**HERE FROM MANITOBA**

Mr. and Mrs. George Armstrong of Snow Lake, Man., were guests at the W. F. Davenport home for a few days last week, and were dinner guests of Mr and Mrs. Joe Davenport Thursday evening. They also visited Mr. and Mrs. Ralph Leach and family, and Mr and Mrs. Claude Leach and Chester. They left for Snow Lake Friday morning.

Mrs. Gladys Roddick and grandchildren, Gary, Marilyn and Beverly McLaughlin of Edmonton spent the long weekend at the farm.

Mrs. Henry Heitman of Tofield assisted her son, Richard, at the farm last week.

Mr and Mrs. Andrew Ferguson spent Tuesday in Edmonton, shopping and visiting Joan's sisters, Mrs J. Potts and Mrs. R. Inglis.

Mrs. J. Atkinson of Edmonton and Mrs. Ivy Foster of Idaho Falls, Idaho, were weekend guests of Mrs S. George. These two ladies lived as girls where Lakeview summer resort is now.

Mr. and Mrs. Baden Bowerman and boys of Mossleigh, Alberta, spent the long weekend at their farm home here.

Heather McSporran of Edmonton spent the long weekend with her grandparents, Mr. and Mrs. Alex McSporran.

Mr. and Mrs. Melvin Loch went on a fishing trip over the Victoria Day weekend to Thorrien and area.

Mrs. Sarah Waters and Mrs. Russell Rowland were Tuesday dinner guests with Mrs. S. George.

Mrs Sarah Waters returned to her home in Edmonton after spending five days with her sister and family on the farm.

**MRS. G. CLARK PASSES**

Friends of the Deville, Ministik and Hastings Lake districts were sorry to hear of the passing last Sunday of Mrs. George Clark of White Rock, B.C. Sympathy is extended to Mr. Clark, Albert and Jean, from all their friends.

A LOST TRADE. It was not so many years ago that not a single village or town in Canada could manage without a good blacksmith. But the age of the blacksmith is gone, and the few smithies remaining can show off their trade almost as a history lesson. Above, at Toronto's Pioneer Village blacksmith Norman Smith shows a youngster the lost art of making horseshoes.

The welfare of every Albertan is essential to the welfare of the Province

Alberta's greatest resource is her people. From every walk of life . . . at every age, Alberta's Department of Public Welfare ensures all deserving people in need, receive a helping hand.

Through this department children who are wards of the province receive proper care and attention.

Through financial assistance and Social Allowance programs financial aid is available to those who through misfortune, physical or mental handicap are unable to assist themselves. Allowances are also made available to blind persons, disabled persons, for Old Age assistance and rehabilitation purposes. In every case the individual rights of the recipient are acknowledged.

The Department has made available Senior Citizens Lodges for the care of our elder citizens. These homes have been turned over to municipal foundations for local ownership and administration.

Hostels for single transient men in need are located in Edmonton, Calgary and the Welfare Centers at Gunn and Youngstown.

Recognizing that people are our richest resource, Alberta looks after her own, from tiny tot to senior citizen.

No wonder Pontiac is so popular again this year...

*just look at it!*

One glance at Pontiac's out-and-out beauty tells you why it enjoys so much popularity with Canadian car buyers. But looks are only part of the Pontiac story. Pontiac has a lot more than just glamour. Luxurious comfort, for instance, in the rich fabrics and thoughtful appointments of Pontiac's fashion-plate interiors. Swashbuckling performance, backed by outstanding dependability. And pace-setting Pontiac engineering developments. Like the all-new way Pontiac is built this year, with tough perimeter frame construction and curved glass side windows. Like dramatically improved road-holding ability from the new wider track and Full-Coil suspension. Plus a long list of other fine features and options that easily explain Pontiac's appeal to your practical side. As to how Pontiac gets its special place in your heart ... *just look at it!*

THE FABULOUS FLYING ARTONS

Classic perfection in split-second timing and co-ordination is part of the daily routine of the Fabulous Flying Artons. To many circus fans, the flying trapeze act spells C-I-R-C-U-S. The grace and beauty of the flying trapeze act causes one to forget the strength and agility required to perform these extremely difficult and hazardous mid-air acrobatics. The Flying Artons are the world's greatest exponents of this beautiful art. They will be seen in the performances of the Hubert Castle International Circus which is showing this week at Edmonton for the Shrine Circus.

Standard equipment: a bank loan

It has become almost standard practice today for people to go to their bank to finance the purchase of cars and other family items. You, too, may have found it a good idea to borrow where you save — at your local bank. It is often simpler, because the bank already knows you as a savings customer. And it also may save you money because bank loans are low-cost loans. For borrowing and saving, and for any other bank service you may need, just visit your local chartered bank. It's the one place where you can get *all* your banking done, under one roof.

THE END

This scene is like a sad ending to a pleasant movie, as it brings back fond memories of the many hours spent during childhood days, playing tag and walking the rails in the stockyards. Here the children are imagining the fun their parents once had, but unfortunately they will not have the opportunity as CNR crews dismantled the Tofield Stock Yards last week. Progress has once more taken over. — Photo by Peter Nickel.

## Librarians receive diplomas at seminar

(Heather McLeod)

HAY LAKES, May 25th—Mrs. Frieda Lofgren of Hay Lakes, along with 14 others from various parts of Alberta, attended a three-day seminar at the University of Alberta. The seminar held May 19th to 12th, was conducted under the supervision of Mr. Wiltshire, supervisor of public libraries. The students were housed at Lister Hall during their stay, and Mrs. Hunter, president of the Alberta Library Board presented library custodian diplomas to each student. The seminar climaxed a librarian custodian correspondence course taken during the past seven months by the students.

Mrs Lofgren was sponsored by the Hay Lakes Municipal Library Board.

INCREASED FARM PROSPERITY: If the Federal Government succeeds in implementing the farm program unveiled in the new session of Parliament, there will be a general hike in farm income across Canada. Ottawa promises special help for "family farms," a federal-provincial conference on rural development, expanded regional assistance for low-income rural areas, with a special fund for farm loans, and action to raise income levels of dairy farmers by establishment of a Canadian dairy commission.

## Holden oldtimer of 1902, Magdalene Bilyk passes

Mrs. Magdalene Bilyk of Holden passed away May 24th at the age of 82 years.

Mrs. Bilyk, an Alberta oldtimer, came to Canada in 1902 and homesteaded in Holden where she retired in 1952. She was an active member of the Borschiw Ukrainian Catholic Church.

She is survived by her husband, Harry, 80, of Holden; five sons, Peter, Mike, Nick, Steve, and John, all of Holden, four daughters, Mrs. Anne Prusiuk of Haigha, Mrs. P. D. Faryna and Mrs. Nick Howrish, both of Holden, Mrs. Joe Hawesiuk of Vegreville, 25 grandchildren; 27 great-grandchildren; and a sister, Mrs. Annie Komarnisky of Edmonton.

Prayers were held for Mrs. Bilyk Wednesday at 8 p.m. in the Borschiw Hall. Funeral services were held today at St John the Baptist Ukrainian Catholic Church, Borschiw district, near Holden, with burial in church cemetery.

## MINISTIK NEWS

Margaret and Edna Roddick of Edmonton spent the long weekend at the home of their parents, Dolly and Jim Roddick.

Mr. and Mrs. Gordon Thor and family of Edmonton were Sunday visitors at the Alex Penrice home.

James Barbey was an Edmonton shopper on Thursday of last week.

Several ladies from the district attended the strawberry tea and bake sale at Hastings Lake hall on Saturday afternoon. This was sponsored by the ladies' club who provided a good time for all who attended.

**SUNSHINE NEEDED**

Farmers in the district were progressing very well with seeding operations but will be hampered now by the three-day rain which occurred on the long weekend. Several days of sunshine are needed now to dry the land and germinate the crops.

## Wins gold medal in pharmacy

Byron Grant Lauber of Tofield has been named winner of the Alberta Pharmaceutical Association gold medal in pharmacy, the University of Alberta announced last Friday.

He received his award at Spring Convocation, Part II, last night in Edmonton, where he is a student at the University of Alberta.

In addition, Byron received the prize for pharmaceutical research.

Winning of the research prize is considered generally as an outstanding achievement, but winning the gold medal in addition is an apt indication of the brilliance of this student, of whom all residents of Tofield are justly proud.

### CWL elects officers

Officers elected recently by the Tofield CWL are, Mrs. Gladys Mckernan, president; Mrs. Kay Fraser, 1st vice-president; Mrs. Dorothy Shewchuk, 2nd vice-president; Mrs. Pauline Widynowski, 3rd vice-president; Mrs. Lauvette Hougin, secretary; Mrs. Mary Peterge, treasurer.

The conveners are: Mrs. Rosie Heitman, membership, Mrs Marie Wertin, spiritual; Mrs. Josie Omahko, hospital visitation; Mrs. Pauline Pauline Widynowski, press.

## Rurka's Labradors win awards in field trials

Leo Rurka, physical education instructor in the Tofield school, was a successful competitor in the field trials held by the Canadian Chesapeake Club at Cooking Lake on Saturday, May 29th.

Mr. Rurka's Black Labrador, Carmoney Spud, took first prize in the puppy class.

Carmoney Fancy Dhoe, also owned by Mr. Rurka, took first place in the qualifying class for dogs two years or over.

In the all-dog open class, Mr. Rurka's Bandit of Carmoney placed second, losing to the winner by only ½ point.

Mr Rurka's Labs have won firsts at Saskatoon and Ponoka and placed in many other contests.

Mr. Rurka, who is presently living in Ryley, will be moving to Tofield soon, where he has purchased the acreage formerly owned by Helge Roger. On this acreage, Mr. Rurka will build and operate kennels, and will also accept boarders whose owners must leave their pets temporarily.

## 'Mercury' to go to best float

The Tofield Mercury has generously offered a trophy for a parade prize in Tofield's Community League-sponsored Dominion Day celebration.

Appropriately, this trophy will feature a statue of the Greek God, "Mercury". It will be remembered that Mercury, with his winged heels, was the god of speed.

A small replica of this trophy will also be given to the winner, which he will keep while the trophy will be returned for annual competition. The best ornamental float will receive The Mercury trophy.

## Most of wheat is now seeded

According to reports from Alberta Wheat Pool grain buyers at Ryley and Tofield almost 100 per cent of the wheat acreage in this district has been sown.

With regard to coarse grains, however, it's another story.

Only about 30 per cent of the oats and 10 per cent of the expected barley acreage has been sown in the Ryley area, while at Tofield about 25 per cent of the oats and 30 per cent of the barley is in the ground.

Wheat acreage at both Tofield and Ryley is expected to be down this year. Oats will remain about the same, quantity - wise, and there should be a slight increase in barley acreage according to the Wheat Pool.

Seeding has been delayed again by rain, but sunny skies yesterday gave rise to hopes that farmers would soon be back on the land. Warm, dry weather is sorely needed at present.

## Tofield girl is runner-up in Lions' essay contest

Betsy-Ann Schultz of Tofield High School was the runner-up in the recent Lions Club youth exchange program.

It will be remembered that Lois Everett visited France last year as winner of this contest.

This year, Kevin Pike and Betsy-Ann Schultz were the Tofield entrants. They wrote essays entitled "Why I Should Be One of the Students Chosen to Represent Our Lions Club in a Foreign Country". A personal interview with each contestant followed the writing of the essay. Following the interviews with students from Vegreville, Chipman and Lamont, the winner of the trip was announced to be a student from the high school, with Betsy-Ann as next in line.

Should the winner be unable to go to France, Betsy Ann will take her place and with this possibility in mind, is obtaining her passport and receiving the necessary innoculations for a trip abroad.

## Interest mounts as July 1 celebration draws nearer

With 18 members present and John Boersen, president, in the chair, the Tofield Community League held its June meeting on Tuesday.

The correspondence was read by the secretary, Jack Lampitt. Doug Lehman of Ryley had written offering to announce the ball games over the P.A. system on July 1. This offer was gratefully accepted by the League. A letter from the RCMP stated that, due to a shortage of manpower, the local RCMP constable would not be given permission to lead the parade. The Board of Trade, Holden, wrote, requesting that a float from Tofield be entered in the parade at Holden on June 11. An effort will be made to do this.

**DRAMA SPONSORSHIP**

C. F. Annis proposed that the League sponsor Donna Jacobsen for the drama course in Drumheller for two weeks in August. The League agreed to provide the $50 necessary to sponsor Donna for this course It will be remembered that Donna recently won the Best Actress Award in the Drama Festival held in Tofield.

There have been 42 entries in the League-sponsored swimming classes. More students could be accommodated, and anyone interested is asked to get in touch with Hans Christensen.

The convener of the theatre committee, Jack Whyte, reported that the receipts from the shows have shown a gratifying increase.

## For what it's worth

Some of the long-range forecasts for June's weather, for what they're worth, are shown below.
WEATHER TRENDS INC.: Above normal moisture in all of the west except N.W. Manitoba, N.E. Saskatchewan and western Alberta. Above normal temperatures.
COUNTRY GUIDE: Warm and dry.
FAMILY HERALD: Seasonable temperatures. Below normal rainfall in Alberta, near-normal in Saskatchewan and Manitoba.

Add them up any way you can, they all seem to mean much the same for this part of the country . . in spite of all the moisture we've had so far, they seem to say we'll be wanting more soon.

## Number one weed problem

While farmers and farm organizations have talked over the years about many weeds and many cures, it only takes a spring such as this one to prove again that wild oats continues to be the number one problem. Farmers in many areas of the district are fearing the heaviest crop of wild oats this year in several years.

How seriously can fields become infested with wild oats? Well, the University of Manitoba checked actual fields and found as high as 20 bushels per acre of wild oat seeds in the topmost one inch of soil. At the experimental station in Lacombe, as high as 70 bushels of wild oat seeds per acre have been found in the top six inches of soil.

Add to this almost incredible level the characteristics of slow germination in the spring, seeds which can remain viable for years on end and you have a weed that is a real problem.

Experiments reveal the farmer's concern is well founded. Tests show that even a moderate infestation will reduce barley yields by a sixth, wheat yields by a third, oat yields by one-half, and flax as much as 85%.

While cultural methods of control still leave a lot to be desired, they do help a lot. Now on the market come the chemical manufacturers, with claims they have effective control agents. Probably the two methods together may be a big help, but farmers will have to struggle for years ever to get on top of the problem.

## Tough on farmers

Heavy rains recently haven't thrilled anyone, really, but least of all the farmers. Watching the spring season advance only very slightly, most of us felt fairly reassured in the assumption born of long experience that the spring would be dry anyway, and when conditions were right, there still would be time to get the seed in the ground.

However, as more and more rains delayed seeding operations, city and townspeople could more easily understand why the farmers bite their nails until the seed is in the ground. It isn't only the days lost to the rain that the farmers begrudge, it's the extra days taken up in getting the land dry.

With the outlook pointing more and more to June, it's quite possible some farmers will plan to change their crop plans, which will altogether throw out the earlier estimates.

## Brighter picture

Possibly reduced traffic owing to the dreary outlook was the reason for the drop-off to only two fatal motor accidents in Alberta over the week-end, but whatever the reason it comes as a welcome contrast with last year, when there were seven holidaying Albertans killed over the Victoria Day week-end.

The Safety Council comments that one of the most common accidents is one which is easiest to avoid, the tail-end collision. Drivers who follow too closely are either unable to stop in time for the emergency ahead, they point out, or stop so suddenly that the vehicle behind crashes into them.

Another problem drivers should recognize in these areas are the Slow Moving Vehicles. Introduction of the large reflector triangle to distinguish these units should aid other drivers in readily identifying them.

Trailers provide one more problem for those not used to hauling them. Before loading up boats, campers or other trailers, double attention should be paid to lights, including signal lights, brakes and steering.

Last week-end's record was wonderful . . . let's see if Albertans can't continue the record.

## Atom of hope

OTTAWA. — Elliot Lake, Ont., is a modern ghost town. Its trim, shuttered bungalows and quiet pavements whisper a mute story of the broken dream of uranium.

From this sad little northern town, it seems a long way to the suave diplomatic salons of Paris.

Yet the hopes of Elliot Lake, and of the entire uranium industry, rest at this moment in the distant French capital.

For several months now the Canadian and French Governments have been negotiating a uranium contract which would set the feeble uranium industry on its feet, bring Elliot Lake and other towns back to life.

France wants an assured supply of uranium for the next 25 years, to fuel its expanding nuclear reactor program for electric power. It may need as much as 100 million pounds, or about one-fifth of Canada's known reserves.

The value of the sale would be somewhere between $450 million and $700 million, depending on price fluctuations. It would inject new life into an industry which in 1959 with 23 mines, produced $331 million worth of product. In 1962, the number of mines had dropped to eight, producing a product valued at about $150 million.

Since France wants to buy, and Canada wants to sell, there should be no problems, but there are.

They are not the problems of price, delivery, or of any commercial aspect. They are problems of diplomacy, of national pride, of political philosophy in a nuclear age.

To begin with, uranium is the stuff of nuclear bombs, the mushroom cloud, massive retaliation, earth-destroying power.

The Canadian uranium industry was born and weaned on the bomb.

Shortly after the war, Canada negotiated contracts for the sale of uranium to Britain and the United States. Between 1955 and 1963 uranium sales to these two countries totalled $1,600 million.

Some of these contracts have since been renegotiated and extended to keep some Canadian mines at work, even though demand of the product had drastically declined.

In those days Canada did not insist on any safeguards for the peaceful use of uranium. Britain and the United States could make what use of it as they would.

By 1957, however, Canada had developed a firm policy in opposition to the spread of nuclear weapons. The country participated in international agreements, renouncing the manufacture of nuclear weapons, and renouncing the sale of nuclear materials to other countries for anything but peaceful purposes.

Since then Canada has entered into agreements with several countries for exchange of nuclear information and materials. Extremely well developed in the peaceful uses of nuclear energy itself, Canada insisted that its nuclear materials be used for peaceful purposes only.

More than that, each contract provides for national and international inspection to ensure that the conditions of peaceful use are being met.

By now this has become an irrevocable element of Canadian foreign policy. The policy worked well until it was first challenged, until the first tentative French offers to purchase Canadian uranium.

France was already a nuclear power. Its stance in the world today is not one that gladly suffers international interference of any kind.

The French frankly admit they want Canadian uranium for peaceful purposes. But they object to any safeguards involving international inspection or control.

The French argued, with some reason, that Canadian policy was discriminatory, since Canada is already supplying uranium to Britain and the United States with no kind of safeguard on its use.

The French position forced a total review of Canadian policy. That review led the Government to an inescapable conclusion. If its policy was to mean anything, it must apply equally to every country, including Britain and the United States — its original uranium customers.

The original contracts with these two countries, which expire between 1966 and 1970, will likely be honoured. But any new contracts must be subject to the same conditions for peaceful use that Canada asks of other countries.

This shift in policy would remove future discrimination, at least, and, it is hoped, will open the way for conclusion of the important contract with the French.

Trade Minister Sharp visited Paris in May to set out the new Canadian position. He returned with reasonable optimism that a contract may eventually be signed. Canada would have to pledge itself to a non-discriminatory policy in the future. France would have to agree to some form of inspection to ensure the peaceful use of the uranium.

Months of negotiations probably lie ahead before it can be determined whether or not Canada will ever sell uranium to France.

In the meantime there are at least two useful results of the whole affair.

It has forced the Canadian Government to review and revise its makeshift uranium policy. And it has given new hope to despondent pockets of Canadian population, like Elliot Lake, Ontario.

**OBSERVES BIRTHDAY**

Last Friday afternoon the following ladies called at the home of Mrs. Ila Williams to help her celebrate her 80th birthday: Keith and Yvonne Brown, Ann Oliver, Susie Forrse and Annie McGinitie. Yvonne made the lovely birthday cake.

THE OLD WAYS. Modern technology has done much to improve Canada's economy, but sometimes the old ways of doing things cannot be improved upon. Above shows Nova Scotia fishermen using gill-nets to catch shad at Minudie. This method of fishing is likely most primitive means man has ever used to net a harvest from the sea. Nets are strung up during low tide, and fish are caught by the gills while rushed against nets at high tide. Shad are then simply plucked off the nets. As above photo shows, it works as well today as it did many years ago.

## "Where do we go from here, Mr. Mayor?"

Alberta's phenomenal expansion has led to the development of new townsites, has created planning problems for present towns, villages and municipalities. Intelligent long range planning to meet this expansion requires help of trained technicians. Because few of the small communities are in a position to retain their own planning staff, assistance is supplied either through the Planning Branch of the Department of Municipal Affairs or through the Regional Planning Commission.

The Department of Municipal Affairs encourages the orderly development of municipalities through the formation of Regional Planning Commissions, and pays 50% of the operating costs of these commissions. Technical assistance is provided on request to any municipality for problems ranging from road intersections to zoning by-laws. In 1964 all Alberta Regional Planning Commissions received 2,000 applications for sub-divisions, while the Provincial Planning office received over 1,000 applications.

OLOF MONSSON, Sec.-Treas.,
The County of Beaver No. 9.

## County council meet takes 2 days

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9, held Thursday, May 13th

Concerning the exchange of lots at Tofield and the sale of the old grader, it was moved and carried that Crs Magnuson and Wasbrook be appointed a Committee with full power to act.

Concerning the Recreational Facilities Grant monies 256-63, the secretary-treasurer reported that the applications had been approved for Lamoreux Hall Association, Beaver Hills Community Hall and Kinsella Elks Lodge No. 364.

Moved and carried that the information be accepted and the necessary agreements completed with the various organizations.

The matter of the Municipal Development and Loan Act, motion 263-65, was again brought up, and some further discussion ensued.

The Council was of the opinion that a loan under this act, for rural construction purposes, would not be in the best interests of the County, and it was moved and carried that the correspondence, information concerning the Municipal Development and Loan Act be filed.

Concerning the complaint about the drainage of Duck Lake, motion 263-65, the Reeve reported that this lake or large slough was now entirely drained and that approximately 3 miles of tile had been laid. No further complaints. David Regehr had been able to make satisfactory arrangements with the complainants, Clare Good and Abe Wiens.

Moved and carried that the report be accepted.

Concerning John Maurer's complaint, motion 265-65, the Committee that had investigated the complaint recommended that a culvert be put in at the slough at the south of S.E. 34-50-18-W4th with blocks on both sides of the culvert, 15- to 18-inch culvert to be installed.

Moved and carried that the report of the Committee be accepted, and that the recommendations of the Committee complied with; with the work to be completed by June 7th.

Cr. Johnston stated that the Kinsella Elks Lodge No. 364 was anxious to have the grounds ready for making use of the Sports Grounds on Pt. S.E. 34-50-17-W4. The Lodge apparently wanted some assurance that they could make improvements also, in the sports grounds and that the area would be retained for its original purpose

Moved and carried that the secretary-treasurer arrange for some type of document to assure Kinsella Elks Lodge No. 364 the authority for making improvements in the park in S.W. 34-50-17-W4 and the assurance that it will be retained as Sports Grounds.

**Correspondence**

A letter from Provincial Union of Alberta with the usual request for a grant was referred to the Council.

Moved and carried that no grant be considered to the P.U.A.

Moved carried that letter from J. A. Gobolinos of Holden concerning taxes and standard of road construction with copy of Mr. Gobolinos's letter to the Hon. Gordon Taylor, Minister of Highways, be received and filed.

A letter from Wm. Lashiela of Bruce, complaining of the flooding of the N.W. of 1-48-15-W4th by a wrongly constructed dam, was referred to Council. The Council was informed that the water was a block in the road some put in by Cr. Hardy some 18 or 19 years ago. Cr. Davis stated that the Department of Water Resources was of the opinion that the road blocks were put in properly and should be left.

It was, however, felt that an investigation should be made, and it was moved and carried that Crs. Davis, Johnston and Reddick be appointed a Committee to investigate this complaint and report to the next meeting of the Council.

A letter from H. W. Fulton of Kinsella complimenting the snow plowing done during the past winter Mr Fulton was of the opinion that the operators had done a very good job.

Moved and carried that the letter be received and filed.

Letter from Mr Norman Knuths of Daysland requesting improvements to the road north of Sec 8-46-16-W 4th was referred to the Council

Moved and carried that Cr Gilmon look into this request and take appropriate action.

A letter form C. H. Golka that it was proposed to construct an Airstrip at Viking for use of private and commercial light aircraft was referred to the Council. The proposed site to be one-half mile west of Viking on Highway 14 and running parallel with the Highway The project would be sponsored by the Viking Chamber of Commerce but would be operated by the flying club The letter requested that the County consider some assistance towards this project, such as soil for fill or grass seed.

After some discussion, it was moved and carried that the Council offers to supply the grass seed for the proposed Airstrip.

The Secretary-Treasurer informed Council that the following appropriations had been allocated to the County by the Department of Highways: (1) Special Contingency Road appropriation, $52,000 (2) Natural Resource Road appropriation, $15,000

It was moved and carried that the information be accepted

A letter from the Alberta Government Telephones concerning Buried Rural Distribution System in the Holden area together with a plan of the proposed works and other information, was referred to the Council and it was studied to some extent. It was, however, considered that further explanation of the plans was advisable and the Secretary-Treasurer was asked to contact the AGT with a view of getting one of the engineers to attend the meeting later in the month.

Moved and carried that a request be made to have an engineer from the AGT attend a

Miss Mary Lou Phillips, District Home Economist

**QUALITY IN CHILDREN'S SHOES**

Did you know that an average 7-year old takes about 20,000 steps daily which adds up to considerable mileage—about ten miles a day, or about 600 miles in eight weeks. Is it any wonder then, that children's shoes lose their new look so soon, and always seem to be needing repair or replacement? Following are the questions most commonly asked by parents about quality in children's shoes.

QUESTION: Some children's shoes cost less than $2.00 a pair, others as much as $9.00. Since they look alike in colour, material, construction and style, why do prices vary so?

For many reasons. First, there are the materials that go into the shoe. Components of a high-priced shoe will almost always be better in quality, hence more expensive. You can expect a leather upper, for example, to be a better grade or more perfectly matched on a costlier shoe. The same may be true of other components, many of which are hidden. Materials used in the lasts, sole, arch lining, lining, heels, insoles, counter, shank and binding all greatly affect a shoe's quality and price.

Also factors in cost are the work and time involved in making the shoes; the care taken in stitching or joining and finishing the various parts, the method used to attach the sole to the upper, and the thoroughness with which the shoes are inspected. A more expensive shoe usually repays your investment many times in lasting looks and quality performance despite hard wear.

QUESTION: How can I tell if the children's shoes I buy are well-made and of good quality?

Whatever the price, make sure the shoes you buy are well-finished inside and out, with no bulky seams or wrinkles. The innersole, a layer of leather or other material inside the shoe, should lie flat and fit the shoe perfectly.

Check to see if the left and right shoes match precisely.

A shoe should be firm but relaxed under the instep. The moulded plastic piece of steel or wood that extends under the arch, provides this type of support. Shanks are missing in some shoes.

Also look for flexibility where the foot bends. To check this, bend the heel and toe toward each other.

The sole may be leather, rubber or a man-made material, but must be firmly attached to the upper, by stitching, cementing or moulding. If cemented, no adhesive should be visible on sides of upper.

The toe should be rounded, not pointed; the heel low, broad and cushioned to absorb shocks.

QUESTION: "Hand-me-down" shoes were the rule in our household when I was growing up. Now that I have three children of my own, I've continued buying the best shoes I could afford for our oldest child. As he outgrows them, I have the shoes repaired and put away until the next child is ready for them. Is it wise to do this?

It is never a good idea to pass shoes from one child to another. During wear, each person moulds his shoes to his own particular foot. Hand-me-down shoes thus force the second child's foot into a mold quite different from his own. It is best to buy new shoes for each child as he needs them and discard the old ones.

MY QUESTION: Do you know when your child's shoes fit properly?

Next week we shall print the answer to this and other common questions about children's shoes.

**FAREWELL TO ALL**

I would like to take this opportunity to say good-bye to the people in Camrose and surrounding district and to tell you how much I have enjoyed my work here.

from "The Homemaker" will no longer merely be the title of a news-column for me, but rather a title I am happy to accept and experience in a practical and personal sense.

We would appreciate your continued interest in the Extension Service. Until the new Home Economist arrives in Camrose any questions you may direct to this office in the Provincial Building, Camrose, will be forwarded to Edmonton for attention.

Happy Homemaking!

# County council meet takes 2 days

(Continued from Page Four)

Council meeting, to duly explain the matter of the burying of telephone lines and other related matters.

The Secretary-Treasurer reported that on April 22 he had, at the request of the Reeve, contacted Drs. Riddell and Miller, Veterinary Surgeons at Vegreville inviting them to establish an office in Ryley on the same basis as they now have an office established in the Town of Viking. He stated that, to date, he had no reply from the veterinary surgeons.

Moved and carried that the report be accepted and a thank you incurred in.

The Secretary-Treasurer informed the Council that Harry Shyba was interested in purchasing Lots 22 to 30 in Block 7, Plan 3642, Hamlet of Haight, as well as any adjoining tax recovery lots. The Secretary-Treasurer stated it would take considerable time to reconcile the records and to ascertain just how much land would be available.

It was moved and carried unanimously that Cr. Krupicielski arrange to lease the lots in question to Harry Shyba for the current year, for pasture.

## Kingman HSA defers graduation 'til Fall

(Mrs. J. A. Anderson)

KINGMAN, May 31st — At the regular meeting of the Kingman Home and School held on May 20th at the school, after much discussion, it was decided to hold the graduation exercises for the grade 9 students in the fall rather than at the present time.

It was also decided to have the annual school picnic on June 30th with a pot luck dinner at noon. The committee elected to arrange the school picnic were Mildred Bjorgum, Elenour Wideman and Elwand Flemmig. The nominating committee for the next term executive were Mrs. Lawrence Hendrickson, Mrs. Ovel Bjorgum and Mrs. Raymond Johnson.

Mr Cumberland's room won the attendance award with 38% parental attendance. Guest speakers for the evening were Albert Olson and Gordon Hays.

Hostesses were Mrs. Holte and Mrs. Cumberland.

## Modern etiquette

By Roberta Lee

Q. Does it really make any difference whether one sits down from the right or the left side of his chair at the dinner table?

A. No; whichever side offers the easier and quicker access is the one for you

Q. Is it always necessary to acknowledge the receipts of a birth announcement with some sort of gift for the baby?

A. While a popular custom, it is not an obligation. A little note of congratulation, however, would be in good order if no gift is sent.

Q. When cheese is served with apple pie, is it proper to pick up the cheese with the fingers, or should it be eaten with the fork?

A. Usually it is eaten with the fork. But there is nothing wrong with picking up dry cheese in the fingers, if you wish.

Q. I know I should, as a woman, offer my hand first in greeting a man, but if the man offers his hand first, what should I do?

A. Accept it by all means—and without hesitation.

Q. When should a bride - elect place her order for the invitations and announcements?

A. At least two months before the date of her wedding. Engraving takes time, and the invitations should be mailed out about a month ahead. It's a good idea to procure the envelopes at the time you place the order, so that they can be addressed and ready for mailing when you finally receive the invitations.

# Launch new hail study in province

Some 35,000 farmers were mailed literature and hail report cards last week, initiating this season's hail study project in Alberta. Started in 1956 to study causes and behavior of hail storms, the study embraces the area from Lethbr to High River and from the foothills to a Hanna-Viking line.

Weekly bulletins will be prepared, based on information compiled by a newly enlarged team of seven scientists stationed at the RCAF station at Penhold. In addition to the reports mailed in by farmers, the research team has taken a radar set out of winter storage, and will use its 160-mile range to track storms as they develop, usually over the foothills, and chart their development and progress as they move across the region.

Networks of meteorological instruments such as rain-gauges, barographs, and hail detectors are being set up in north-south lines near highway 2. These will give further details on the size and intensity of the storms. Special photographic techniques will also be employed to study the development of cloud systems. All of this information will then be combined with the farmers hail reports, and the detailed structure of the storms as revealed by the radar. In this way it is hoped to build up a picture of what goes on inside a storm cloud, and the chain of events leading up to the formation of hailstones. If a weak link can be found in this chain, that could be interfered with artificially, then consideration will be given to some experimental work on the clouds, in the hope that eventually some way may be found to alleviate the hail menace However, it is not expected that this will be achieved overnight, and many more years of painstaking research work be ahead The biggest single contribution to this study has come from, and must continue to come from the co-operating farmers, because without their reports it would not be possible to continue the project in its present form.

The Alberta Hail Studies group is supported by the Research Council of Alberta, the National Research Council in Ottawa, the Federal Meteorological Service and the Stormy Weather Group of McGill University in Montreal All of these agencies co-operate in the financing and operating of the research project, which should not be confused with the Alberta Weather Modification Co-operative This latter organization consists of a group of farmers in the smaller area bounded roughly by the Okotoks-Drumheller-Calgary triangle, who are conducting cloud seeding in an attempt to increase summer rainfall and reduce hail damage Although these two groups are completely independent, their respective projects do complement each other in some ways, and a special liaison committee has therefore been set up to facilitate exchanges of information.

# County council meet takes 2 days

(Continued from Page Eight)

Moved and carried that the meeting now adjourns to Thursday, May 20th, at 10:00 a.m.

* * *

The council reconvened in regular meeting on Thursday, May 20th, 1965.

Mr. D. J. Bussard, district engineer and Mr. Haas, assistant district engineer, attended the meeting and discussed with the Council the proposed work under Articles of Agreement. Mr. Bussard also referred to the regional road study and the plans that the Provincial Planning Commission would play in regards to a proposed road grid throughout the province.

It was moved and carried that the forms "A", as submitted by the councillors at this time, be accepted as the proposed public works program for 1965.

Virgil Whittington and Maurice Spooner of AGT attended the meeting and discussed with the Council the buried rural distribution system in the Holden area, fully explaining the plans for this work.

The sec.-treas. now presented the proposed County budget for the year 1965 with total expenditures in the amount of $1,699,945.00 and revenue in the like amount. The amount allowed for public works was $430,380.00 and, after setting aside sufficient funds for snow plowing and maintainance, it appeared that each councillor would only have $30,000.00 with which to work during the current year. In order to make the same amount available as in 1964, $35,000.00, it was decided to take $30,000.00 from the 1964 surplus. It was then moved and carried that the budget with an estimated expenditure of $1,699,945.00 and revenue to balance be accepted for 1965.

It was moved and carried that the public works allocation for road construction be $35,000.00 for each councillor.

The sec.-treas. stated that, as he would be leaving to attend the short courses at Banff on June 12th, he would like to have the council meeting held Wednesday, June 9th, instead of the regular day, Thursday, June 10. It was moved and carried that the June council meeting be held on Wednesday, June 9th.

**TEACHER HOUSING**

In regards to the teacher housing at Viking, dealt with in the preamble to motion S 249/65 of the May 11th School Committee minutes, Cr. Roddick reported that he had investigated the Neil White house located on Lot 11, Block 37, Plan 4688 (—Viking. He stated that the building was 24' x 48' with a basement suite and that at the present time at $65.00 per month. The house had three bedrooms with the house would go all drapes throughout the house, a stove in the basement and TV antenna. Two bedrooms would have to be constructed as well as the stairway to the basement. The lot was well landscaped and Mr. White would pay the taxes to the time of take over by the County, if it was purchased. The price — $14,500.00. Cr. Roddick also stated that this was a matter of some urgency as Mr. White had stated that he had another prospective purchaser and was anxious to sell the house. It was moved and carried that the County does purchase the house from Mr. Neil White located on Lot 11, Block 31, Plan 4688 M.C.—Viking.

It was moved and carried that the disposal by burning of the following records be authorized: cancelled cheques, receipts, bills of account, assessment sheets and cards, bank pass books, hail insurance records, and all general correspondence, all records up to December 31st, 1960.

It was moved and carried that the reeve and sec.-treas. be authorized to sign the memorandum of agreement for the period April 1st, 1965 to March 31st, 1966, between the department of Agriculture and the County of Beaver No. 9.

In regards to Harry Shyba's offer to purchase lots in the hamlet of Haight, dealt with by motion 263 on May 13th, Cr. Krupicielski reported that Mr. Shyba was prepared to lease the land at the cash rental of $20.00 per year.

It was moved and carried that Mr. Shyba's offer be accepted.

A letter from Muscare Fish and Game Association requesting an appointment with the council for the purpose of discussing the Beaver Hill beach development project was referred to the council.

It was moved and carried that the Hundred Par Fish and Game Association be invited to attend the council meeting on June 8th at 2:00 p.m.

The matter of fire fighting equipment for the hamlet of Kinsella was brought up by Cr. Johnston and he advised that, in the opinion of the inhabitants of the hamlet of Kinsella, a pump such as used by the department of lands and forests in fighting forest fires plus 400 feet of hose would be quite sufficient to look after the fire fighting requirements at Kinsella. It was decided to obtain prices on such pump and hose.

FLOODING

In reference to Mr. Wm. Laidla's complaint of land being flooded, dealt with by resolution 251/65, the committee, appointed to deal with the complaint, had investigated it on Friday, May 14th. They were of the opinion that the water was following a natural course and that, as the situation had been checked by the department of water resources some years ago with no change recommended, the committee recommended that no action be taken on this complaint. It was moved and carried that the report be accepted and concurred in.

Information from department of highways concerning the 1965 road grant in the amount of $85,568.00 was referred to the council. The grant was $1,672.00 higher than the 1964 grant. It was moved and carried that the information be accepted

## Worsfold - Warner vows exchanged May 29th

A wedding of local interest took place at Robertson United Church in Edmonton May 29th when Mary Joyce Warner, only daughter of Mrs. Audrey McHeffey and the late Donnelly Warner, became the bride of Bernard Gerald Worsfold, son of Mr. and Mrs. George Worsfold of Jasper. The Rev. Thomson officiated at the ceremony.

Escorted to the altar by her step - father, Wilfred McHeffey, the bride was beautiful in her full-length wedding gown of white nylon organza and lace over satin. The organza and net train was held in place at the back of the neat fitting bodice, by a medallion of organza petals and pearls. Her three-quarter length veil was held in place by a crown of pearls and crystals, complimented by a three strand necklace of pearls, a gift of the groom. She carried a bouquet of red roses.

Miss Gail Niemetz, daughter of Mr. and Mrs. George Niemetz of Tofield, was maid of honor, and Miss Irene Kuc, daughter of Mr. and Mrs. R. Kuc of Tofield, was bridesmaid. They were very charming in identical cocktail length gowns of blue nylon organza over satin with matching headpiece and veil. They each wore a pearl drop neck lose and earrings to match, a gift of the bride, and carried a colonial bouquet of white and blue baby mums.

The groom's attendants were Walter Burbon and Ronald Worsfold, both of Jasper, and ushers were Ivo Warner of Jasper and Ron Worsfold of Edmonton.

After the double-ring ceremony, a reception was held at the Beverly Crest Motor Hotel for 150 guests. Mrs Ivy Warner (Sharon) was in charge of the guest book.

A beautiful four-tier wedding cake centred the bride's table complimented by vases of white and blue carnations.

Stan Burke of Edmonton and formerly of Tofield, proposed the toast to the bride, the groom ably responding. Telegrams of congratulations to the bride and groom were read by Mr. Burke followed by a few words by Horace McHeffey. After the cutting of the cake, the bridesmaids helped display the many beautiful gifts received by the bride and groom.

Dann's Orchestra then took over and the bride and groom led their guests to the dance floor with a beautiful old time waltz. Later, the bride changed to a pink linen suit, complimented by a white hat and gloves. Her corsage was of pink tea roses.

Following a honeymoon trip to the Okanagan Valley, Mr. and Mrs. B. G. Worsfold will make their home in Jasper where the groom is employed by Canadian National Railways.

## Tofield UCW sponsors Cooks' Talent Day

The Tofield United Church Women are trying something new this year. On Saturday, June 19, a cooks' talent day is to be held. There will be four categories of baking, judged by the district home economist, using the point system. Any woman of the United Church is welcome to enter baking, and all entries should be in by 1:00 p.m. There will be a bake table as well, and items there or from the judged table may be bought.

Tea will be served also, for a nominal charge.

## Ladies' Club has strawberry tea

(Mrs. J. Reddick)

MINISTIK, June 9 — The day was sunny and warm on Saturday afternoon when the Ministik Ladies Club held their annual strawberry tea and bake sale

Mrs. Andrew Ferguson, the convener, welcomed the guests as they arrived from all surrounding districts, Tofield and Edmonton. Mrs. Helen Hennessy and Mrs Clause Leach were in charge of the kitchen. Helper were Martha Rouzjor and Mrs. S. George poured tea and coffee, and servicers were Mrs. Kaith Williams, Mrs. Albert Herricks, Mrs. Jos Davenport and Mrs. Rosalld Swabey.

Mrs Alex Kleinschrob, Mrs Ralph Leach and Mrs Pat Paterson very capably handled the home cooking table Raffle tickets were looked after by Mrs. Frank Swabey. The strawberry short cake table was taken care of by Mrs Verden Sears, Mrs. Les Whitford and Mrs. Jen Reddick

A pole lamp raffled by the club was won by Mrs B. Rollheuer.

**THANKS**

Convener Mrs A. Ferguson wishes to thank all who helped to make the tea the wonderful success it was, as the objective set in the mind of the convener was reached and passed.

**FROM THE SCRAP BOOK**

Great friendships, great duties, and noble purposes make man seem a part of the wonderful Reelf

What a thing friendship is — world without end.—R. Browning. —Pvt.

In keeping with its aims of having community interest events, one at its Dominion Day celebration, the Tofield Community Longpine is planning all the former attractions and adding some new.

The parade gives promise of being truly "Tofield Showcase '65" Mr. Stinson reported that several floats have already been entered in the commercial section, among them the Bank of Montreal float and the Co-op Store float The Community League float is being completed this week by Mrs. Jewel Tiedemann. Preceding its appearance in the Tofield Lennman Day parade, it will participate in Holden's Farmers' Day Sports Day and be present at the Bardo Sports, also on Farmers' Day As well as being a neighbourly act, this participation will mean advertise Tofield Showcase 65.

The parade this year will assemble at 11:00 a.m. on the C.P. station grounds, where parade marshall, A. C. Francis, will assist, line up the entries in effective order and the parade will move off at 11 15. To ensure that the events of the day move smoothly, it is essential that the parade reach the exhibition grounds by 12 o'clock noon. So please plan to be ready in time.

The parade will be led by the Andrew School Boys' Band Not only will this band lead the parade but, on arrival at the exhibition grounds, will play "O Canada" and during the afternoon, will play several times for the enjoyment of spectators.

**NEW RIDES**

While listening to the band, spectators may enjoy the children's excitement as they ride the ferris wheel This is something new for Tofield, and it is expected that Wally Twiliak will be very busy operating this particular ride. While waiting their turn at the ferris wheel, the chil

## Laurie Weatherill shows the champion 4-H calf

Laurie Weatherill won the championship at the Tofield 4-H Beef Club achievement day with the entry of a very attractive Hereford calf Laurie also won the showmanship prize for best showman and took the prize for the best groomed calf A very honored trophy presented by the UUG to the member who has contributed the most to the club, was also won by Laurie.

**RESERVE CHAMPION**

Nettie Appleyn was the reserve championship of the show for her fine Shorthorn steer This was a very smoothly finished animal with very straight lines.

These two calves topped a very strong class of calves and the judge had a real job to place them all.

Donald Radnchi had the calf with the largest gain, his Hereford Scotburn crossbred steer gained 521 pounds This steer weighed over 1000 pounds

Eddie Kallal had the champion pen wee calf, a very think heavy Hereford steer Second went to Eddie, while the reserve champion pen wee was Lee Gushman's son's Hereford steer.

The best showman was Patrick Kallal in the pee wee club, and Reenie Kallal had the calf with the best gain in the pee wee class.

The boy with the best groomed calf was Johnny Jansen. These are the winners, and those who gave them so much close competition must also be congratulated.

## Locals . . .

Shirley MacGillivray and son Randy, of Hunday, spent the weekend with Shirley's parents, Mr. and Mrs. Lindsay.

Sunday visitors with Mr. and Mrs. W. A. Mitchell were Mr. and Mrs. Andy Jelbert and family of Edmonton. Mr. and Mrs. Mitchell returned with them for a few days, and will also go to Edson to visit Mr. and Mrs. Bill Mitchell and family.

Mrs. Norman Ellis, of Edmonton, is spending a week visiting with Mrs. W. C. Lancaster.

## Bardo church history

**Andy Holborg of the Bardo district has made available to this paper a brief history of the congregation of Bardo Lutheran Church. Being one of the first churches in this area, it will be marking its 70th anniversary this month. This is the first of two parts:**

From June 16th to June 28th the Bardo Lutheran Congregation of Tofield will be celebrating its 70th anniversary. It will be 70 years rich in blessings and accomplishments.

A festival such as Bardo is to celebrate this summer is the more worthy in that the Bardo congregation was the first congregation of the Canada District of the old Evangelical Lutheran Church to be formed in Canada.

The formation of the present Bardo community actually had its first beginning in 1893, when Nels Jevning, Martin Finseth, Andrew Malmberg and John Wallsbeck from Creskston, Minn., went to inspect the Canadian Northwest. Their objective was the parkland country along the newly - built Calgary - Edmonton railway line in what later became the Province of Alberta.

When the land seekers returned from their adventurous trip they gave glowing reports of what they had seen. A "Canada fever" broke out which threatened to deplete seriously the population of the locality around Creskston. Mina. Mr. Jevning and Mr Finseth began tentatively planning to emigrate to Canada the following year

Among the first to join them in this venture was Peter B. Anderson and his elderly father, the Rev. Berzevend Anderson, who was destined to lead such an important role in the spiritual welfare of the early pioneers and help in the formation of many Lutheran congregations in Central Alberta.

Gradually the group of prospective Canadian immigrants increased in number, and about May 1st, 1894, a contingent of about 20 men left Creskston for the Canadian West Several were prepared to remain permanently if their quest proved satisfactory, but most of them intended this trip to be one of inspection. Included in this group were A. M. Finseth, Mr. Jevning, Mr. Anderson, John Lovbekmo, Nils Moslund, Ole and Martin Hillard, Iver Finseth Sr. and Hans Johnson.

The party proceeded as far as Wetaskiwin, before they decided to send out a scouting party of four—Martin Finseth, Mr. Jevning, Mr. Hillard and Iver Finseth Sr. Their hired guide soon played out and wanted to return to Wetaskiwin; however, the group were fortunate in meeting Edmund Thompson, who expressed willingness to take them around with his team of horses and wagon and show them the various parts of the countryside.

They proceeded in a northeasterly direction from Bittern Lake till they came to many shores of Beaver Hills Lake. On being told that there were many fish in the lake, the men decided "This is the place we have been looking for" here in a wonderful soil for raising crops, in the hills to the west we have trees for building, the prairie queens in the parkland with a luxuriant growth of grass will be fine for stock-raising, and now a lake with fish in it! What more can a Norwegian ask for?

## Janice Ferguson named model semi-finalist

Miss Janice Ferguson, a student at Tofield High School, won the honour of being selected as a semi-finalist for Alberta in the Acrilan student model contest held across Canada last month.

Janice and nine other contestants from Camrose, Westlock, and Edmonton, were entertained to the Edmonton Petroleum Club at an elimination party May 28th. Contestants were interviewed and judged on personality and grooming by Mrs. Boen, fashion co-ordinator for Hudson's Bay Company, Olive Elliott, Edmonton Journal fashion columnist, and Gwynneth Page of the merchandising group.

Janice and all the other semi-finalists received their choices of sweaters. The winner was Miss Donna Turner of Westlock who will model fall fashions for Miss Chatelaine and other magazines She will be photographed in full color by Barrie Fiskolar, the famous Montreal fashion photographer.

**RARE ALLIANCE. It's a rare day that Opposition Leader John Diefenbaker agrees with Liberal policy, but he has voiced agreement with Canada's support of U.S. action in Vietnam. Countering NDP Leader T. C. # Doris Wyllie speaks at annual 4-H banquet

The annual 4-H banquet was held in the Tofield Community Hall at 7:30 p.m. on Monday, June 7th. Laurie Weatherill got the banquet underway, calling for Mr. McDonald to ask the blessing. After a wonderful meal, served in more than 160 by the Lakeshore Ladies' Aid, Laurie called on Mr. Stinson for his welcome from the town in the absence of Mayor Prentiss. The District Agricultural, Mr. Peters, had a few very interesting words to tell about the club and judges Bruce Jeffrey and Doris Wyllie both gave the boys and girls some good advice about their calves and showing. Don Ball Jr., who was auctioneer also spoke about the day and 4-H.

Phyllis Rose then very calmly introduced the guest speaker, Miss Doris Wyllie. Miss Wyllie, who is Alberta's Dairy Queen, gave a very interesting talk on how to go about winning this position and also of all the travelling she must do as Dairy Queen.

The presentations to 4-H members were as follows: John Baergen presented the Community League trophy to Laurie Weatherill for having the champion calf. Graham Wyllie, on behalf of Ed and Howard Watson, presented their trophy to Nettie Appleby for her reserve champion calf. Marjorie Moore presented the John Moore trophy to Donald Rudzicki who had the calf which gained the most. Laurie Weatherill presented a show halter to Phyllis Rose who was second in showmanship and Laurie, who was first, did not want to present it to himself. John Moore presented Laurie Weatherill with a prize on behalf of Don Woods and himself for having the best groomed calf, and Don Woods presented the Mel Wood memorial trophy to Edward Kallal for his champion pee wee calf.

Conrad Rose presented Les Godmundsen with 100 pounds of feed donated by Henry Hubert for her reserve champion pee wee.

Bob Moss presented Patrick Kallal with a desk set on behalf of Verlyn and Bob Moss for winning showmanship, and Conrad Rose presented Ronnie Kallal with a 100-pound feed certificate from Henry Hubert for having the calf with the best fitting. Max Schacher, on behalf of Ross Creek Herefords, presented Johnny James with a calf halter for the best groomed calf. Colleen Wyllie presented John Moore with a gift on token of his help as leader of the club to the members, and Patrick Kallal presented Don Wood, leader of the pee wee club, with a gift for helping the pee wee members. Mr. Scarth, with United Grain Growers elevator, was here to present a trophy for the member who contributed the most to the club. Laurie Weatherill was the winner of this trophy.

The judging prizes will have to be presented later on as the winners' names did not arrive from the department of agriculture 4-H branch. The names will be published in the paper when they are received

# Grade 7 class visits museum

(By Donna Mosby)

Fifty grade 7 pupils visited the Historical Society museum on Wednesday morning, June 2nd, with their teacher, Miss Boesse. The trip was taken as part of their Social Studies course. Mrs. Phillips acted as a guide, showing and explaining to us, all the interesting articles of the pioneer days around Tofield. Some of the most interesting features were the old Edison phonographs and the many photographs of the first pioneers of Tofield.

# Locals . . .

Pat and Bill Innes and boys, from Bashaw, were Sunday visitors with Peg and Bob Nahlis' bench and family.

# Bardo church history

(Continued from Page Two)

Johnny Jevning, Echostlo, son of Nels Jevning.

At the first annual meeting held on June 3, 1925, the following officers were elected: P. B. Andersen, president; Martin Finseth, vice-president; P. N. Jevning, secretary; H. R. Haugen, treasurer. Trustees: Johannes Johansen, S. D. Simonsens and Nils Jevning. Deacons: M. Finseth, Tuby Carlson and Nils Rosland.

The first class of catechumens, consisting of Iver Finseth, Andrew Jevning and Ragna Jevning (Mrs. Arnold Steen), were confirmed on January 26, 1926.

Sunday School was also organized, a choir began to practice and a Ladies' Aid was started. Parochial School was conducted as early as 1926.

After the schoolhouse, which was called the Andersen School, was built in 1926, it became the regular gathering place for all services and other meetings. The school was not built where the present schoolhouse is, but a half-mile further north, in the northeast corner of John Andersen's farm which is now owned by Ivan Foshaug.

Before the cemetery was located as the present site, there was much discussion and controversy over its location. Attempts to get the government to donate 40 acres of land towards a cemetery, school and church fell through. Several settlers were willing to donate land towards a cemetery providing a church would some day be built at the same location. As this did not meet with the approval of the majority because they could not decide in what part of the community the church should be built. A question of site, which began in 1905, finally ended in 1910 when Olaf Jevning donated an acre of land kitty-corner across the road from the school. It is for this reason that the cemetery is located 1½ miles north of the church.

In 1896 the Espen Hnason and H. R. Simonson families joined the congregation, followed by the O G Brockes and Thor Ovelsons in 1898.

At the turn of the century there was another heavy influx of settlers, many of these coming direct from Bardo, Norway. These included Asbjorn Moen and family, Martin Eide and daughter, Edwin Johnson, Andreas Johnson, Jacob Boness Sr. and son Jacob Boness, Hans Boness and children, J Haugseth and family, Johannes Johnson Sr. and family, Mr. and Mrs S. Wiik, Gen. Stein, Johannes and Lars Foshaug.

From the States the same year came Lars Pedersen, Arnold Steen, Martin and Olaf Berg, O. Grondahl and family, Hans Jansen and family, Ole Jensen, Agnethe Jensen and daughter, Anton Bartness and family, and Louis Qualley and family.

With the growing of the community Pastor B. Anderson, who was then 80 years of age, felt that a younger man should be called to carry on the ministry. As a result, Rev. A. E. Hanson was called in 1902 at a salary of $75 yearly plus two offerings.

The first wedding of the neighborhood was celebrated at the home of N Jevning, June 5, 1906, when his eldest daughter, Emma, became the bride of Martin Hanson. They were married in the log schoolhouse by Rev. B. Anderson. Mrs. Axel Kindley, who resides in the northern part of the community, was a daughter of this union. The next wedding took place two years later, when Jacob Boness and Marie Lerkehaus were married. They later moved to the Kingman area, where they farmed for man yrears.

One and event which occurred the first winter was the first death in the community, when little Inga Johnson, the first baby born in the settlement, passed away.

With the coming of more and more settlers, the people started dreaming of the time when they could have their own place of worship. As early as 1900 plans were started for the building of the church. Much planning lay ahead of them in this enterprise, but as true pioneers they went ahead without faltering steps.

# Junior high affiliates with Commonwealth youth

Early in the school year of 1963-64 the then Grade 8 classes applied for membership in the Commonwealth Youth Movement affiliation scheme. Due to reorganization at the London headquarters of this movement and the necessary completion of questionnaires, etc., it is only this week that word has been received by the Grade 8 classes that a school has finally been assigned to them.

This school is named "Muri School" and is located at Mbarara in Uganda East Africa. The name of the headmaster is Mr. M. W. Erichton, M.A.

While it is late in the year, it is hoped that some exchange of correspondence or taped speeches may yet be able to be arranged.

**MELNYK TROPHY**

Nominations have been made this week for the Melnyk award which is given annually to a student in junior high who is considered to be an excellent all-round student.

**PARADE ENTRY**

It is hoped to have a float representing Tofield Junior High in the youth section of the parade on Dominion Day. Committees are now discussing ideas and ways of implementing them.

WHAT IS A FATHER?

A dad is so many things. A strong shoulder to lean on. A rough cheek for a kiss. A soft touch for a loan. A firm hand to the backside. A special look of pride. A swing-pusher. A glass of water in the dark of night. A necessary signature on a report card. A song in the shower. A fix-it shop. The breadwinner. The hair loser. The president of your fan club. The Answer Man. The first resort when you're in a jam. The last guy to let you down.

What can we say to this special man on his day, June 20? Trust Coutts Hallmark to help you put your thoughts into words. For in our handsome collection, you'll find the Coutts Hallmark Father's Day card that seems created just for your dad.

## Chipman boy shows top 4-H Club calf

(Iris Eden)

ROSS CREEK June 8th.—The Tofield 4-H Club held a very successful achievement day Monday, June 7th with boys and girls of the district competing.

Johnnie Jenson of Chipman took first prize for best groomed calf, said prize being a show halter awarded by Max Schacter on behalf of himself, his father and brother Gene. Johnnie also took 4th prize for showmanship in the prewee section. Richard Sladnik of Ross Creek took 2nd prize, a pen set, for the best Aberdeen Angus.

In the evening, members and parents enjoyed a lovely banquet put on by the Lakeshore ladies, who a number of very interesting speeches were given by guest speakers. Everyone who attended enjoyed the show very much.

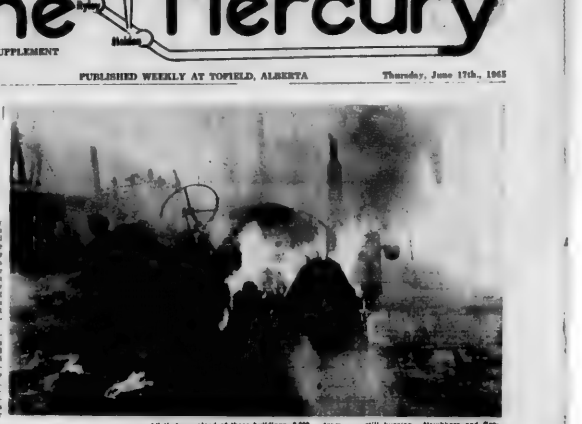
# Heavy loss in fire at Round Hill

Fire of unknown origin Monday night about 6 30 spread at the Lester W Corbett farm at Round Hill to three buildings while the owner worked to control the blaze. Neighbors saw the flames and rushed to the farm to give aid. A bucket brigade from a nearby water hole saved a new hog barn and its contents of swine. One of the first neighbors to arrive drove to the nearest telephone to summon the Camrose Civil Defence fire truck.

Mr. Corbett was unable to estimate his loss, but thought there were about 2,000 bushels of feed grain in one building. A second building was a self-feeder structure containing considerable equipment such as a chopper, feeder, and measuring equipment. The third building contained a 1951 tractor and numerous farm tools. It was in the tractor shed that the fire started.

Mr Corbett had been grinding feed with the tractor which was connected to the self-feeder building by drive belt. He was at the grinder mixing concentrate when he noticed sparks coming in on the drive belt. Before he could get to the tractor the building was in flames and the self-feeder building had started to burn.



ASHES AND RUBBLE All that remained of three buildings, 2,000 bushels of grain, a tractor and other equipment on the Lester W. Corbett farm Monday evening was ashes and rubble. A tire on the tractor is still burning. Neighbors and firemen from the Camrose brigade had the fire under control when the picture was taken about 8:00 p.m.

## To attend FYP week

Gary T. Patterson of Tofield will join 34 other rural young people from around the province who will be sponsored at Farm Young People's Week by the Alberta Wheat Pool.

Candidates are nominated by rural organizations. Held on the University of Alberta's Edmonton campus during the month of June each year, FYP Week offers farm young people a comprehensive program of education and recreation designed to give them an insight into university life.

**Kingman oldtimer, Lossie Ovelson, passes**

(Mrs. J. A. Anderson)

KINGMAN June 10th — An oldtimer of the Kingman district since 1894, Olaus (Lassie) Ovelson passed away June 8th at the Bethany Home where he had been a resident for two years. He leaves to mourn his passing, two sisters, Mrs. Julia Nesse, of Edmonton, and Mrs. Sophie Dumont in B.C.; nieces, nephews and a host of friends.

Funeral services were held on Friday at Salem Lutheran Church, with Pastor O. H. Haugen officiating.

# Former resident plans visit here after 50 years

C. H. Mason and his wife will be arriving in Edmonton in July from Montreal, Que., and from there would like to visit the Tofield area which Mr. Mason left 50 years ago. They would appreciate transportation, sightseeing or taxi service through the district.

Mr. Mason, in writing to E. T. Watson of his planned visit to Tofield, says he remembers the station and school of his day, the Anglican Church, built about 1912 or 13, the rectory and bush land and road (trail) northward to the Indian Reserve and Cooking Lake; also the "saloon" and town pump.

Two or three oil wells with timber derricks and sheds south of the old Intercolonial tracks, he also recalls. And has a clear mental picture of a doctor's buggy which was located atop one of those sheds by the boys one Hallowe'en. Of course, the town rushes and Northwest Mounted Police, who rode real horses in those days, are easily recalled by Mr. Mason. He remembers who drove the mail with a team of mules. The only name he is sure of is Robinson, who had started a brick factory when he left. Mr. and Mrs. Mason's visit here many years later will be of interest to other oldtimers still here.

# Wheat up 8 inches

According to a crop report from C. Nolan of the Alberta Wheat Pool in Tofield, average height of wheat on the Pool's field area is eight inches. This is higher, by at least two inches, than anything south of Tofield or in the area east and west of Camrose.

Oats are up about three inches and barley about two.

The crops are all reported to be normal, and there has been no damage up to the time of filing the report which was last Saturday.

# Mill rate set at 62

A special meeting of the Council of the Town of Tofield was held on Wednesday, May 19th, when renovation plans submitted by Norman Stauffer were accepted and a building permit issued. The sub-dividing of the east half of Lot 13, Block 13, Plan 22035, to be consolidated under one title with all Lot 16, Block 13, Plan 6222H in the name of Merlin Stauffer was accepted.

Much discussion took place regarding a proposed library and museum building, to later become part of a municipal building. It was decided that more information regarding the cost of such a project should be obtained and then discussed further at a later meeting.

MILL RATE SET

The estimates of revenue and expenditures as prepared by the finance committee was presented to council. It was moved by Cllr. Jefferson that the estimates for 1965 be accepted and 1 h a mill rates for 1965, as noted below, be set pending approval by the Local Authorities Board.

# 45 - piece band from Andrew will lead parade for 'showcase '65'

"Tofield Showcase '65" is shaping up very well. Leo Kershaney with his School Boys' Band from Andrew will lead the parade. The 45 members of the band will look very smart in their uniforms of blue trousers, white shirts and black ties as they lead the Tofield Showcase '65 parade. The boys will play for the crowd on the Exhibition Grounds while the judges decide who have won the parade prizes. Later in the day they will be heard again.

New entries for the parade have been received. The local orchestra, the "Head-Runners", have entered a float, as has Chick Blacklock from Robinson's Sheets. It is hoped that yet more entries will be received. What is your organization's contribution to Tofield? Let's see it in Tofield Showcase '65.

Food is always part of the annual Dominion Day celebration! The booth which supplies pie, salad, cold meat and beans has in former years been managed by members of the Women's Auxiliary to the Community League. Since this organization has been disbanded, the work entailed by operating the booth is increased. The ordering for the necessary supplies is being done by Mrs. Bill Christenson, Mrs. Hans Christensen and Mrs. Jack Lampitt. These ladies would greatly appreciate donations of pies for the booth. Offers to work for a shift in the booth would be most welcome. If you could spare a couple of hours on July 1,

A clean-up day at the cemetery has been arranged for Wednesday, June 16th. Please come and help and bring along your rakes and hoes.

Mr. and Mrs. Lawrence Kathan of Camrose were Sunday visitors with the former's parents, Mr. and Mrs. Albert Kathan.

Weekend visitors with Wallie and Annie Pope were Emil and Madeleine Dadinski and children, and Miss Pamela McLeod, all of Edmonton. They enjoyed a family wiener roast on Sunday evening before returning to the city.

Mr. and Mrs. Hans Neraasen came home this weekend after nearly four weeks stay in Athabasca where they took charge of their daughter's home and family while she was in the University Hospital for surgery. Marvel, Doug and children accompanied her parents home, and returned to Athabasca the next day.

**LADIES' AID MEETS**

The June meeting of the Lutheran Ladies' Aid was held in the dining room on Thursday afternoon June 3rd, when it was decided that another parcel would be packed to send to the World Wide Relief. Hostesses for the meeting were Mrs. Ann Pope and Mrs. Eileen Magneson.

## Reiser - Bodnar vows exchanged April 30th

(By Mrs. Ellen Eaton)

A wedding of local interest to residents of Tofield and Ryley took place in the Tofield United Church on Friday, April 30th, when Edna Josephine Bodnar, daughter of Mrs. Clara Bodnar of Shonts, became the bride of Mr. Gordon Reiser, son of Mr. and Mrs. Val Reiser of Rollyview in a double-ring ceremony, with Rev. McDannold officiating.

Given in marriage by her brother-in-law, Paul Komar, the bride was dressed in a floor-length dress of white satin with lily-point sleeves and seed pearl-trimmed lace front bodice and panel down one-half length of skirt front. She wore a shoulder-length veil held in place by a pearl crown. Her only accessories were single pearl earrings and a teardrop pearl on a gold chain necklace, a gift from the groom. She carried a bouquet of red sweetheart roses with white streamers on a white Bible, also a gift from the [illegible] bride's gift to the groom was pearl cuff-links and tie-pin.

[illegible] bridesmaids were Miss [illegible] Miller of Edmonton and Miss Audrey Fipke of Camrose. They were dressed in identical blue knee-length dresses of nylon organza over satin with blue nylon net cap veils, and white shoes and gloves, and carried bouquets of pink gladiolas. The bride's gifts to the bridesmaids were teardrop necklaces.

The best men were Vernon Fipke of Camrose and Melvin Kalis of Edmonton, and the ushers were the groom's brother, Marvin Reiser of Rollyview, and Albert Roeder of Edmonton.

The bride's mother was dressed in a blue nylon lace over satin dress with white accessories, and a red rose corsage. The groom's mother was dressed in a two-piece dress of light beige brocade with matching shoes and purse, pink hat and gloves, and a pink [illegible].

After the ceremony the happy couple and their attendants motored to Edmonton to have pictures taken. They returned to Tofield for the reception, held in the Tofield Community Hall at 6:00 p.m., which was catered to by the Tofield Anglican Church ladies' group. There were 140 guests at the reception. Roy Sylyski of Edmonton was master of ceremonies and Rev. McDannold asked the blessing. The toast to the bride was proposed by Roy Sylyski, with both the bride and groom replying. The bride's table was centred by a three-tiered wedding cake flanked by candles.

Later in the evening a dance followed in the hall, with music supplied by Johnnie's Serenaders of Vegreville.

Among the guests were Edna's brother, Thomas, and two sisters and their husbands, namely Emma and Paul Komar of Tofield and Sylvia and Jim Malezko of Poe, and Gordon's brother Marvin and two sisters and their husbands, (Anita) Mr. and Mrs. Buss and (Myrtle) Mr. and Mrs. Madu, also several relatives and friends from Edmonton, Rollyview, Camrose, Ashmont, Poe, Ryley, Hilliard, Deville, North Cooking Lake, Bittern Lake, Leduc and Tofield.

The bride received many lovely and useful gifts, for which she thanked all very kindly, and invited all to call on her in their home in Edmonton, where they will reside after a short honeymoon.

## St. Stanislaus parish to mark its 60th year

St. Stanislaus Parish of Round Hill will be celebrating the Diamond Jubilee of the blessing of the church this Sunday, June 20.

It was this church that the first Polish settlers in the vicinity of Round Hill and Lake Demay completed in 1905. It remains unchanged, except for a few minor alterations and an addition of a basement, and is in excellent condition—a tribute to the carpentry of the early pioneers.

To commemorate the occasion, Mass will be celebrated at 10:30 a.m., followed by a Corpus Christi Procession, dinner and picnic. Many visiting clergy, guest speakers and old-timers are expected to be in attendance Sunday to take part in the activities.

# Tofield council has lengthy session

The meeting of the Tofield Town Council was held on Monday, June 7th, at 8 p.m. in the council chambers with Dr W. H. Freeberg and Councillors Allan, Boone, Everitt, Jefferson, Patterson and Swift, present.

Phillip Gruff, representative from Husky Oil Products was present, and supplied information relating to a dust-laying program for Tofield. He informed council that the only preparations necessary initially oiling would be to remove road scarify and blade. The approximate cost, including the oil and spraying would be 6¢ per square foot. Council requested a tender price for the dust-laying of five blocks, and asked the committee to take care of necessary arrangements.

After a lengthy discussion on what could be done to improve the streets on the heated boil per Cir Patterson moved that the committee go ahead with the most urgent street repair and that sidewalks be laid from Main Street east on Fourth Avenue to Queen Street, north side. Coun cil felt that it would be unwise omical to lay sidewalks to Alberta Street on Fourth Avenue because of the number of new services installed last fall and that more time for settling should be allowed.

R. Weatherill and A. Gibson from the County of Beaver were present to negotiate a deal with the council with regard to the town taking over the County Machine Shop located on Lots 13 and 14, Block 11, Plan 2[illegible]. Five hundred dollars was offered to the county for the building. Discussion took place regarding placing the fuel tanks under ground at the proposed location of the new municipal building. The county was informed that due to new fire prevention legislature the fuel tanks would have to be mounted on a metal frame and that the cost would equal, if not exceed that of placing the tank underground. Mr Weatherill informed council that the county's decision would be relayed immediately following their next meeting. It was decided that the county's request to locate the municipal building on Lots 13, 14 and 17, Block 7, Plan 2[illegible], be granted.

An order from the Local Authorities Board accepting the 1965 estimates of revenue and expenditures was read. Cir Boone moved that by-law No. 332, being a tax mill rate bylaw, receive first reading. Cir. Everitt moved the second reading and Cir Swift the third reading and finally passed.

Correspondence from Associated Engineering Services regarding the extension to the water and sewer lines was read. Recommendation an extension on Seventh Avenue east from King St. to Ontario St. Council accepted this.

Council decided cost of a library and museum as a centennial project was too costly for the town to undertake at this time, and asked that suggestions be submitted to council by interested ratepayers and clubs.

J. E. Stinson was appointed commissioner on a motion by Cir. Jefferson.

Council decided that a cost of $5.00 per hour be charged to persons requesting the services of the grader and operator and $5.00 per hour, per hand, to persons requesting the removal of garbage other than ordinary pick-up.

Tofield Community League was granted $1250 to be used for the construction of bleachers at the fair grounds.

Attendance at the secretary-treasurers' refresher course to be held in Banff on June 17th, 18th and 19th, was granted to Mrs. Rita Mathieson.

Building permits were approved from Merlin Stauffer for a dwelling for $9,000.00 and from M Nachtigal for a dwelling for $9,500.00. Service connections applications from H. Lutkeschwich and from H. Nachtigal were approved.

A request from A Rasmussen for a culvert was refused because the location in question was on private property.

# Holden 4-H honors Zowtock

Michael Zowtock, local farmer and auctioneer was singled out to receive a special award from the Holden 4-H Beef Club at their achievement day banquet in recognition of his services to the club.

Eilleen Stuart, making the presentation on behalf of the club said that the club had many friends and supporters in the town and district, but that Mr Zowtock was rated as one of the best friends they had. He not only conducted their calf sales but also their "slave" sales, which were held annually and always without charge. And on any other occasion, Mr Zowtock was always willing to lend a helping hand when his services were required. Miss Stuart said that such unselfish service to the community should be given public recognition and that the club was pleased to present him with a [illegible] which read, "Presented to Mr Michael N Zowtock In Appreciation for the many courtesies and services rendered to the Holden 4-H Beef Club—1965".

Mr Zowtock, in accepting the award, stated that he was always willing to help boys and girls who showed willingness to help themselves. He jocularly expressed disappointment that John Allen was able to obtain higher prices for the Viking club animals that he was able to coax from the buyers for the Holden calves. He urged the members to try a little harder next year to bring out better Dtind animals so he could outbid Allen next year.

# Dwayne Hammer shows 4-H champion heifer

Dwayne Hammer's well finished heifer topped all entries in the Elbow 4-H Beef Improvement Day show held last Tuesday at the Beaver Co-op yards, in Holden. In winning he edged out Darryl Lyons whose Hereford steer was placed in reserve position. Elden Hammer placed third with Gary Manderveen and Gary Weens in fourth and fifth positions.

In the ring competitions Sever Maaren was selected as the best showman with Robert Mathews placing second. Roy Hodge brought out the best groomed calf with Gary Manderveen and Darryl Lyons runners-up in this competition.

In the judging competition Sever Maaren topped his club with Gary Weens and Roy Hodge placing second and third.

The top gaining steer was shown by Elden Hammer with a gain of 2.2 pounds per day. Barry Senuik placed second in this competition with a gain of 1.9 pounds per day. Roy Hodge placed third while posting a gain of 1.78 pounds per day.

This was the first show and sale of the Ryley Club with all members being novices in the art of feeding and showing calves but they brought out well fitted and well groomed animals.

TOP PRICE

In the sale which followed Darryl Lyons reserve steer topped the sale when it was knocked down to Bellis at 24.25¢ per pound and out-selling the champion heifer which brought 24.¢ which was an excellent price for a heifer calf. The Ryley calves sold for an average of 22.20¢ a pound.

BIRTHDAY SURPRISE

On Wednesday, June 9th, which was Alice Cleary's birthday, Betty Pedersen, Olga Figlowsky, Irene Warner, Violet Bailey, Mavis Jacobsen, May Ferguson, Winnie McLachlan, Dais Schacher and Lil Van Buskirk called on Alice and gave her a surprise party.

Saturday, June 12th, was the 18th birthday of Larry McLachlan, which he spent in Edmonton. Larry's sister, Jo-Ann, was also home for the weekend.

Gail Rustand celebrated her 8th birthday on Saturday, June 12th, with a party to which many of her friends were invited.

FARMERS' DAY

On Farmers' Day, the Chipman Pony team played ball against the Mundare team at Mundare, winning the encounter 13-3. Little Laurnie Savage of Ross Creek was the lucky winner of the Shetland pony. Walter and Helen Chin, Raymond and Frances McLachlan, Graham and Elma Sinder and Wilfred and Lydia Van Buskirk all attended the dance in the evening.

Floyd and Elizabeth McLachlan, of Calgary, were Sunday visitors with the George, Joseph and Raymond McLachlan families, while Arthur and Olga McLachlan, of Edmonton, brought Grandpa McLachlan. All were supper guests at the home of George and Winnie, and later visited with Joseph and Raymond.

FISHING TRIPS

Grant and Ruby Barker and sons Garry, Kevin and Bradley and Desmond Bilan, spent the weekend fishing at Beaver and Mann Lakes. They left Friday evening and returned Sunday evening.

THE GREAT WAR

The image mostly presented of the First World War is one of muddy horror in the trenches. But the 1914-18 conflict was on a vastly wider front, and this is fully represented in the outstanding BBC-TV series The Great War, to be seen Tuesdays and Fridays this summer on the CBC-TV network starting July 2. The advent of the aeroplane and the machine gun vastly changed the conduct of the war, as this 26-episode series vividly shows.

# Bardo Church history

(Second of a two-part series)

(By Andy Holberg)

While Pastor A. E. Hanson was serving here, he was also ministering around Central Alberta, helping various congregations to organize. However, in 1924 he tendered his resignation, because he was not able to give enough of his time to Norden due to the great distance to travel. So Pastor Anderson was prevailed upon again and he served for another two years. It was during this period that another large influx of settlers arrived in the district.

From the U.S.A. in 1923 came Mr. and Mrs. M. B. Ness, who made a homestead in the southern part of the district. Mrs. Inga Ness is the only original homesteader who still resides on the place they homesteaded. Her daughter, Gladys, and son-in-law, Lester Severson, now farms the land.

In 1923, Halvor Eggen and his wife and children also arrived from Bardo, Norway, and homesteaded just a half mile north of the present Salem Mennonite Church. Peter Eggen lives in Tofield, while his sister, Hildur, is married to Emil Rude and resides in the Amisk Creek district. Also at the same time, Simon and Ane Haukaavold and Johan Olson and family arrived from Norway; while coming from the States were Mr. and Mrs. Simon Nerbus and family, Axel Kindley, Carl and Nils Lauvstad, Albert Christenson and Mr. and Mrs. C. J. Rude and family. Nerbus homesteaded the land presently owned by Michael Erickson, while C. J. Rude homesteaded what is known as the old Rude place, where the first Grand Forks school was built. This land is now owned by Glen Francis. In 1924, John B. Anderson, a brother of P. B. Anderson, and his wife and children arrived and settled on the quarter where the school stood.

Arrivals from 1925-1927 included Einar and Olea Haugland, Oliver Pearson and family, O. Jordsen and family, Johan Vikan and family, Simon Haakstad and family, T. A. Roerem and family, Anton Hertz and family, and direct from China came Missionary H. N. Henning and children, Alfred Stromstad, Mrs. O. Brekken, Ingold and Carrie, Otto Johansson, his wife and legs.

With the influx of these people, growth of the community was greatly strengthened. Talk of building a church for a house of worship gained more and more support, and when it came time to name the church was also a big question as faction wanted to build it in the southern part of the community, while some of them lived it further north. In 1926 Rev. T. T. Carlson was called to serve the territory commonly known as the Central Alberta Area.

From 1925 to 1926 when the church was built several votes were taken. Finally a vote on the 8th of June 1926 was taken, and 16 voted for the north site and 11 for the south site. This was supposed to be the final vote, however, the community was not entirely satisfied when there was not complete unity on the question. Therefore, when Asbjorn Moen offered a piece of land in the centre of the community, it was agreed to build the church along side of the creek, where it is now situated. The men cut logs in the hills and sawed them into lumber which they hauled to the settlement. The finishing lumber was brought from Camrose. The Ladies' Aid donated money, making it possible to hire a contractor, and the men helped with the building. Rev. Sherwood Anderson, then well over 80, made the first altar. The benches were all home-made. The church was dedicated on August 4, 1926. On December 25th, both the first baptismal and the first funeral took place. Ingvald Nass and Ingrid Lerbekmo were baptized in the morning, while Mrs. John Anderson was buried in the evening.

Alfred Stromstad and Anna Mattisen were the first couple married in the church.

In the fall at the annual meeting of the "Norden" congregation, it was decided to change the name to "Bardo". This met with no opposition, as a large majority of the early settlers had immigrated from Bardo, Norway. It was at this meeting also that Missionary H. N. Rossing of China and his family, who had settled in the district the year before, became members of the

# Beaver county council meets June 9

Following are the minutes, in part, of the regular meeting of the Council of the County of Beaver No. 9, held on Wednesday, June 9th:

**Grader Blade at Tofield and Viking**

Concerning the grader blade at Tofield and Viking, Cr. Weatherill reported that he and Cr. Gibson who had been appointed to take Cr. Magnuson's place on the Committee had interviewed the Tofield Town Council on June 7th, and had suggested a price of $200 for the old grader steel. The Town Council had considered this somewhat high and had offered $600. An agreement had also been reached for the County to receive in exchange for the two bits now owned by the County—Lots 16, 18 and 17, Block 7, Plan 3220 S.—Tofield. The Tofield Council had also stated that the diesel rust tank would have to be placed underground as this was a Provincial Fire Commissioners regulation.

It was moved and carried that the report be accepted and that we accept $500 for the old grader steel and lots in exchange for the three lots mentioned in the preamble.

In regards to the grader shed at Viking, the secretary-treasurer submitted to the Council a report from Cr. Roddick who was not present at the meeting. Cr. Roddick stated that the following addition to the grader shed. The changes had been made to the roof and siding were all metal clad, and Stan Kuhn ordered enough metal siding and roofing to complete the addition. However, when the review was opened it was found that the shavings were not there due to leakage in the roof. Mr. Kuhn, therefore, suggested taking the metal off the old part of the roof, using it on the sides of the new addition and shingling the whole roof with asbestos shingles. There would be very little difference in cost and Cr. Roddick had authorized this change. Cr. Roddick further reported that the gas heater in the original building was not big enough to heat the addition as well, and after some investigation he had authorized the installation of a 100,000 B.T.U. furnace at a cost of $340, with a trade-in of $100 on the old unit. Goika Plumbing and Drilling to install the furnace.

Moved and carried that Cr. Roddick's report be accepted and arrangements concurred in.

Concerning John Maurer's complaint, last dealt with by motion 326 (d), Cr. Magnuson reported that the culvert had been put in but that the ditch blocks were not yet completed. He expected, however, to have this done in the near future.

Moved and carried that the report be accepted.

Concerning the matter of a veterinarian in Ryley, last dealt with by motion 326 (d), the secretary-treasurer stated that on June 1 he had again written Drs. Blidstoll and Miller, Veterinary Surgeons at Vegreville, but had as yet not received any reply.

Moved and carried that the report be accepted.

Cr. Krupiakoki reported that Stanley Pook, with permit bonded on N¼ N.E. 4-51-16-W4th, had resigned, and that Joseph Nowak had accepted the position as pound-keeper with permit located on N.E. 26-51-17-W4th.

Moved and carried that the resignation of Stanley Pook as pound-keeper be accepted and that Joseph Nowak be appointed pound-keeper with permit located on N.E. 26-51-17-W4th. Bonds obtained to be placed at the pound and, or near, the County office in Ryley.

**Correspondence**

A letter from the Town of Viking, concerning the paving of a foot path adjacent to the street going to the Viking Municipal Hospital, was referred to the Council. Looking at the plan of the Town of Viking it appeared to the Council that the whole street to the road east and west on the south side of the Hospital was within the Town boundaries.

It was therefore moved and carried that the Town of Viking be advised that the Council is of the opinion that the County has no responsibility for the suggested foot path.

A letter from Walter Lindgren of Tofield, stating that he was selling W.½ of 13-51-20-W4, but wished to hold back a strip of land 30 rods wide and 160 rods long along the north side of this quarter. Mr. Lindgren inquired if this met with the County's regulations. The secretary-treasurer stated that the County had no regulations in this matter but that Mr. Lindgren would have to deal with the Provincial Planning Director, or whatever should certain regulations were in effect in matters of this type.

Moved and carried that Mr. Lindgren be advised that he must refer the matter to the Provincial Planning Director.

Correspondence from the Department of Agriculture, Field Crops Branch, concerning the amendments to the Agricultural Service Board Act, was referred to the Council. The letter stated that the amendments could not become effective until January, 1966, since the Municipal District Act requires that Committees be named at the first statutory meeting of the Council. Some discussion was contained in the letter as regards to Advisory Committees.

Letter from Farm Electric Services Ltd., concerning the power line move south of Sec's. 4, 5 and 6-46-11-W4, was referred to the Council. The secretary-treasurer had contacted Farm Electric Services Ltd. on May 17th, requesting that these poles be moved at an early date and the letter in reply indicated that the construction supervisor was to contact the local Councillor to make the necessary arrangements to complete this work.

However, as the construction supervisor had not been in contact with the Councillor, it was moved and carried that Farm Electric Services Ltd. be contacted again in this matter.

A. Skelding attended the meeting at this time with prices for supplying 1-inch crushed gravel to Divisions 4, 5, 6 and 7, and the consultants were fully discussed.

It was then moved by Cr. Gibson that the quotations as submitted by Mr. Hedberg be accepted and that gravel be obtained from Roddy and Hedberg where the hauling distances are satisfactory to the various areas.

A request from Calgary Power Ltd. for approval of a plan covering and extension to an existing powerline to provide power services to an Indahlkoh Warden Station in the S.W. 30-52-20-W4 in the Beaverhill National Park was referred to the Council.

Moved and carried that the plan be approved.

Two tenders for the electrical wiring at the addition to the Viking grader shed was referred to the Council. Tenders submitted by Viking Electric in the amount of $185.

Moved and carried that the tender submitted by Viking Electric for the wiring in the extension of the Viking grader shed be accepted.

Cr. Weatherill reported that Donnelly Ranches Ltd. S.W. 20-49-19-W and Louis Shewchuk on S.E. 30-50-19-W4 requested compensation for fence damage caused by the snowplow last winter. Mr. McGinnis claimed that some 30 to 40 tamarack fence posts had been damaged and Mr. Shechuk claimed damages in the amount of $87 for page-wire destroyed. Mr. McGinnis had discussed the matter with the two parties and had agreed to recommend payment in the amount of $50 for McGinnis and $40 to Mr. Shewchuk for the damage caused.

It was moved that Donnelly Mc-Ginnis be paid $50 and Louis Shewchuk be paid $40 for damage to fences caused by the snowplow.

The motion was lost.

It was moved and carried that this claim be referred to the County's Insurance Company.

congregation. Although he never served as its minister he often preached in the church and used his influence for the furtherance of any worthy project. Chester Lunning, a son, is looked upon as a local product, having lived in the settlement for many years of his youth. He served in China as a missionary, after which he was principal at Camrose Lutheran College While at College, he developed the College Choir, which rose to great heights in the Provincial Festival in the late 30's and early 40's. He also was a member of the Legislature for a term at this time. He has also served his country well as he has been in the diplomatic world as ambassador or high commissioner to various countries before his retirement this year.

Other sons included Talbert, who was a missionary in China for many years and is presently serving as a Pastor in the States, and Harold who married a local girl, Gudrun Hein, and taught for a number of years at Pacific Lutheran.

The Hennings left the community in 1923 for Valhalla Centre, where Rev. Henning helped form several Lutheran congregations in the Grande Prairie area. Leonard Stauffer presently owns the old Henning farm.

In 1926 Rev. A. Hjertaas was an assistant pastor working with Pastor Carlson. Then in 1926 and 1928 when a new parish comprising Ryley, Trumpeter (Round Hill) and Bardo was formed, a call was extended to Rev. A. Hjortaas. He served the parish for three years and during his ministry Amish Creek joined the parish, making it four congregations.

In 1931, Rev. A. Hjartaas resigned. Rev. C. L. Johns served until 1915. Rev. C. Hoverstein became the pastor in 1916, and not only did he serve faithfully for seven years, but held the honor of being called again in 1926 when he served another three years. On June 14, 1917, the veteran Pastor Berwood Anderson, who had been living and witnessing in the community all the time, passed on to his reward at the age of nearly 98.

The congregation suffered a great misfortune on June 7, 1921, when the church was struck by lightning and burned to the ground. By cutting a hole in the wall, the organ, seats and fixtures were saved. There was no insurance. Now the congregation had to gather in the school house for worship again. They were dissatisfied with this arrangement and so again they took courage to start building.

By the spring of 1922, a subscription committee had collected $2,500, part of which was donated by the Ladies' Aid. Again the men helped build the church, but this time all the lumber was purchased. A little over a year after the fire, on September 3, 1922, the first service was held in the new church

Sylvia Nass, a sister of Ingvald Nass who was one of the first two baptized in the old church, was the first child baptized in the new church.

The first wedding in the new church took place on December 30, 1923, with Axel Kindley and Nita Hansen being united in marriage by Rev. O. K. Blomlie. Nita was the daughter of Mr. and Mrs. Martin Hansen who were the first couple married in the community.

The first funeral service in the new church was conducted on September 20, 1922, for Ole G. Hagen, who was killed in a runaway accident.

The new church was not finished before 1925, when it was dedicated on August 22 by the Rev. J. J. Aker, President of the Canada District. Rev. O. K. Blomlie had finished the chancel and made the altar, pulpit and baptismal font. He also painted the altar picture, "Christ Kneeling at the Door", which is still the central focal point in the church.

It was during Rev. Blomlie's ministry that Heidem joined the parish in 1926. Pastor N. Bjelde served the Ryley parish from 1926 to 1930, after which Pastor Haveraten came back for three years. In 1933 Salem Lutheran of Kingman joined the parish to make it six congregations, and services were held every other Sunday. Pastor A. M. Vinge served the parish from 1939 to 1943, before leaving for Camrose, where he served at the congregation, then C.L.B.I. Rev. G. Ostrem followed Mr. Vinge and served for four years before going to the States. Pastor Ostrem returned to Canada last year.

## Witness convention at Weinwright soon

Bert Cornelius will be leading a delegation of 25 from Tofield and district who will attend a three-day assembly of Jehovah's Witnesses in Wainwright this weekend.

Mr. Cornelius feels that the theme of the convention, "Living a New Way of Life" is very fitting for our day. "Too often we feel that religion is a one-day-a-week affair—or less. But the Bible emphasizes the importance of living by its principles every day. This assembly should help us to move even closer to this ideal way of life," he stated.

Delegates from 13 points in north-eastern Alberta are expected to attend. It is estimated that the attendance will reach 400 on Sunday.

# Gun club has 2nd annual competition

The Tofield Gun Club held its second annual shooting competition on June 6th. at it's range north of town.

The shooting got under way at 10.00 a.m. under cloudy skys with a strong northwest wind blowing across the range.

Event No. 1 was the live bird, 27 rims-fire at 25 yards, which was won by Martin Rude of Ryley with a score of 25/25 using a Mossberg bolt action repeating rifle. The 100-yard centre fire smokeless event, any gun, any sights, was won by Army Klassen of Tofield with a telescope sighted 30-30 Marlin lever action carbine, the score being 25/25. Two smokeless pewter metal events were next on the agenda, rims-fire and centre fire, both at 50 yards. The rim-fire prize was won by Gordon Warner of Edmonton with a score of 45-50 using a 22 Standard semi-auto. 22 pistol. Bob Place, another Edmonton shooter, won the centre fire event, scoring 44-50 with his 6th Weblay Scout.

Bear shooting was next on the list, and Willy Pedersen of Camrose took the prize with a Hi-Standard semi-auto .22 Olympic. The bear target is a plywood cut-out of a bear with a concealed bell built into it's vital area. Shooting commenced at 75 yards from the bear and the target is moved back 5 yards after each relay has fired, each shooter firing one shot at the bear, if he rings the bell he advances back for another shot in the next relay, a total elimination here.

### AFTERNOON EVENTS

After a short dinner break, the black powder competitions started with the 100-yard centre fire rifle event. Bob Place took this one, getting a score of 25/50 with his 577/450 Martini-Henry rifle. Muzzle loaders at 100 yards were next with Bill Anderson of Hilliat showing the way by taking the prize with a score of 16/20 using a .41 Swiss percussion rifle in the black powder pistol event Larry Willson of Tofield took both prizes, muzzle loading and cartridge. The cartridge event went with a score of 41-50 using a 7.65mm Belgian Nagant revolver and 25-30 ammunition and the muzzle loading event with an 36-9 Colt replica in .44, the score being 45-50.

### MAIN EVENT

The main event of the day was a team stake-cutting match at 25 yards, five teams taking part in this event. The winning team consisted of Frank Stevenson, Willy Pedersen, Fina a 10-76 Remington rolling block, Nick Krevosheia, Jack Baine and Bob Place, all firing 577/450 Martini-Henrys. These shooters all came from Edmonton The prize for this match was a large trophy put up for annual competition by Northwestern Utilities Ltd small individual trophies were also supplied for each team member in keep.

### TRAP SHOOT

Trap shooting soon built, with black powder to start. Willy Pedersen taking this miss and out competition with a 12 Ga. o/u Winchester gun. The smokeless event, also miss and out, was won by Gordon Warner who was using a 12 Ga. Model 12 Winchester. Two novelty shoots finished off the day, the first, another attack on the bear from 15 yards the time shooting from the hip with pistols. Don Hardy of Tofield took this one with an 1860 .44 Colt replica on the last shot of the first round, being the only one to ring the bell. Rifles were next put against the de luxe bear, at 50 yards, miss and out. Bill Backman of Hilliat took this one after the third round while using his .54 heavy made muzzle loader.

The First Tofield Scout Troop operated a concession booth in which they sold hot dogs, coffee, pop and doughnuts.

In spite of the cold day, the club members were gratified at the strong turn out, five shooters coming from Hinton, four from Camrose, 12 from Edmonton, one from Sherwood Park, two from Leduc and one from Ryley, the balance of the shooters being club members the total field of over 40 competitors. A fairly large crowd of spectators were also in attendance, this being particularly pleasing in view of the poor turn out in 1964.

The Northwestern Utilities Ltd. trophy was presented to the winning team by J. E. Hardy, the district foreman of Northwestern Utilities Ltd., at Tofield. The remaining trophies, consisting of pen stands (desk sets) with suitable embeddments for each individual competition, fitmis and engraved by club members, were presented by the club president, Bill Preston. The prize for the best dressed visiting shooter was won by Mrs. J. E. Hardy and Mrs. N. E. Stauffer, also won by Ron Willson of Edmonton.

later for this year's Tofield annual celebration.

It will be remembered that, for Tofield's Golden Jubilee in 1958, Mr. J. R. Francis compiled a map of the Tofield district which featured the names of the original owners of the land. To the great delight of the Tofield Historical Society, Mr Francis now announces that copies of this map will be available for sale on July 1 For several years the Historical Society has been hoping to have this map duplicated—now those hopes are realized. This map is a valuable historical document for this area, copies of it will be eagerly awaited They will be on sale in the lobby of the curling rink. Here, pictures of the pioneer era of Tofield may also been seen.

The display of period furniture arranged by the Tofield Historical Society will be on view in the visiting room of the Skating Rink. And here, in true pioneer atmosphere and adding to it, will be Miss Edith Davison and her spinning wheel Here, visitors may recall, or see for the first time, as the case may be, how woollen yarn is spun The finished products will also be on display. Work on the bleachers is progressing nicely, and many more spectators will be able to watch the baseball tournament from the new bleacher sections. Mr. Lehmann from Ryley, a recent graduate of radio school, has offered to be the baseball commentator This good neighbor gesture is much appreciated by the League. During the afternoon, a show will be presented in the Community Hall, and the Hall will also be the scene of the dance, played for by the Schwill Bros. orchestra, which will be the closing event of "Tofield Showcase '65".

**METEORITE, MAYBE?**

Lyle Hartman thinks he found a meteorite when doing his coming evening research, and is sending the above stone to Ottawa to find out. Working on the north quarter of 28-50-19 a few days ago, he turned up this stone, and checked it with a pamphlet mailed to him by Geographical Survey of Canada which points up some of the distinctions between meteorites and just plain boulders. He found a couple of pieces several years ago, and like this, they were just loaded with minerals. Interestingly enough, discovery of meteorites is more common in this area than any other in Canada. The Geographical Survey is highly interested in finding such units, and pays $100 for the first piece from any meteor turned in.

# Modern etiquette

Q. Just how can I, without appearing rude or abrupt, break off a telephone conversation with someone who keeps talking on and on?

A. You can resort to old standbys as, "The doorbell is ringing", "I have a cake in the oven", or "I'm sorry, but I must rush now. I have an engagement". Little untruths, you—but at least you're being kind enough to avoid hurting the other person's feelings.

Q. When dining with someone, is it considered good manners to continue eating while you are being spoken to?

A. You can certainly listen while you continue eating But be sure, above all, that your mouth is empty of food before you attempt to talk.

Q. Are correspondence cards considered in good taste?

A. Yes, and they are popular for the short, informal kind of messages However, they should be used only for strictly informal correspondence.

Q. Is a bride required to write a thank-you note for a cheque given to her as a wedding gift, just as she does for other gifts?

A. Indeed yes, and it possible she tells the donor just what she intends to do with the money.

Q. My husband and I took house guests for an auto ride recently, and I sat in the front seat with my husband, our guests in the rear. I have since been told this was wrong. Was it?

A. Yes. You should have asked one of your guests to sit in front, while you sat in the back with the others.

Q. I see more and more people cutting their bread and rolls at the table with their knives. Is this now considered correct?

A. Not at all. Good behavior still requires that bread, rolls, and the like be broken into small pieces with the fingers, and each piece individually buttered as it is eaten.

FROM JAPAN. Premier W. A. C. Bennett of B.C., following his tour of Japan, has announced that hundreds of millions of dollars of Japanese investment will soon be pouring into his province. Included will be a new pulp mill and copper mine at Iskut River, including a power development and a railway venture there, and experimental shipment of B.C. propane gas to Japan.

# An ounce of prevention... $126,000,000 a year

Preventive care and treatment is a major contributing factor to the high standard of public health Albertans enjoy. Your Department of Public Health maintains diagnostic and treatment clinics for cancer, cerebral palsy, mental health, rheumatoid arthritis, social hygiene and tuberculosis.

The Department co-operates with, and assists financially, local Health Units and city Health Departments throughout the province to provide services to infants and pre-school children . . . school health programs . . . investigation of outbreaks of communicable diseases . . . immunization of all age groups for whooping cough, diphtheria, poliomyelitis, tetanus and smallpox . . . supervision of community sanitation . . . pollution control . . . and health education programs.

The estimated cost to maintain this program of preventive care and treatment this year amounts to $126,326,000 — 25c per day for every man, woman and child in Alberta. A small price to pay compared to the high cost of cure.

And when illness does strike, Albertans find it comforting to know that they can receive the finest hospital care for a maximum of $7.00 per day.

CANADA'S NEW LABOUR CODE Hon. Allan MacEachen, Minister of Labour, answers some questions:

"Our new Canada Labour Code has been called a 'first,' Mr. MacEachen. Would you agree?"

"Yes, and it is one of the most all-embracing. Canada has a right to be proud of it. It sets higher standards than have been set for any other country I know. Other countries are taking note of the way Canadian Parliament is ensuring that more workers share in this country's growth."

"Briefly, who does this new Code apply to?"

"It applies to industries which fall under Federal jurisdiction—and may well prove to be a guide for other industries. The Government itself, which is a large employer in its own right, will take the lead by applying the Code's standards to its own federal employees."

"Let's get down to specifics. What, exactly, does it promise to those employees who are affected by it?"

"As we said, it sets minimum standards—and I stress that these are minimum, because, of course, a lot of workers already enjoy higher standards than the Code sets.

First, it sets a standard 8 hour day and a 40 hour week, with overtime limited to 8 hours a week, and paid for at time-and-a-half.

Second, it sets the minimum wage rate for all men and women over 17 years of age at $1.25 an hour.

Next, it provides for two weeks annual vacation with pay, after one year's service; or 4% of wages as vacation pay for those with from 30 days to a year's service.

Finally, it stipulates that each employee shall get eight statutory holidays with pay a year—or get a full day off in lieu of the holiday."

"You said the new Code applies to industries under Federal jurisdiction. Would you name them?"

"The Code covers interprovincial or international rail and highway transport, primary fishing where the fishermen work for wages, air transport, radio and TV, shipping, banks, uranium mining, grain elevators, flour and feed mills and warehousing, seed cleaning mills, interprovincial or international pipelines and ferries, interprovincial or international telegraphs and telephones, most Crown corporations and one or two other smaller industries."

If you are not sure whether you are covered by the Canada Labour (Standards) Code, write to Department of Labour, Ottawa.

"Briefly, who does this new Code apply to?"

"It applies to industries which fall under Federal jurisdiction—and may well prove to be a guide for other industries. The Government itself, which is a large employer in its own right, will take the lead by applying the Code's standards to its own federal employees."

"Let's get down to specifics. What, exactly, does it promise to those employees who are affected by it?".

"As we said, it sets minimum standards—and I stress that these are minimum, because, of course, a lot of workers already enjoy higher standards than the Code sets.

First, it sets a standard 8 hour day and a 40 hour week, with overtime limited to 8 hours a week, and paid for at time-and-a-half.

Second, it sets the minimum wage rate for all men and women over 17 years of age at $1.25 an hour.

Next, it provides for two weeks annual vacation with pay, after one year's service; or 4% of wages as vacation pay for those with from 30 days to a year's service.

Finally, it stipulates that each employee shall get eight statutory holidays with pay a year—or get a full day off in lieu of the holiday."

"You said the new Code applies to industries under Federal jurisdiction. Would you name them?"

"The Code covers interprovincial or international rail and highway transport, primary fishing where the fishermen work for wages, air transport, radio and TV, shipping, banks, uranium mining, grain elevators, flour and feed mills and warehousing, seed cleaning mills, interprovincial or international pipelines and ferries, interprovincial or international telegraphs and telephones, most Crown corporations and one or two other smaller industries."

If you are not sure whether you are covered by the Canada Labour (Standards) Code, write to Department of Labour, Ottawa.

contemplating retirement. However, when he was asked to help out in the Kingman parish during its vacancy, he willingly consented, and has served the parish as pastor during the past year.

Pastor Sterling Johnson served the Ryley Parish from 1948-51, and it was during his tenure here that the old Ryley Parish was divided in two — Ryley, Holden and Amisk Creek forming one parish and Tomahkem, Kingman and Bardo forming the Kingman parish Rev O H Haugen was the first minister to serve the new parish, and he served until 1960, when he went to Bethany Sunset Home at Camrose to serve as chaplain Pastor Bue served the parish from 1960-64, when he resigned, creating the present vacancy.

The Bardo congregation are thankful for her sons and daughters who are in the ministry Missionary and Mrs Palmer Andersen, now retired and living at Minneapolis, were both commissioned missionaries to the China field, Mrs Anderson being the former Adella Horem, who became members of Bardo Congregation in 1907, the Horning name mentioned earlier in this article. Gordon Hendrickson, son of Mr and Mrs George Hendrickson, who is serving a parish at Hussar, Alta Mrs Irene Sirand the former Irene Rude, whose husband served at Round Up, Montana, and now Bryon Stolee is preparing himself for the ministry, and he is married to the former Hazel Moen, who was born and raised in the district

The people of Bardo have always been lovers of good music There has been a choir in the community since the first one sang at the Christmas celebration 70 years ago. P B. Anderson was its first leader and continued for over 25 years When Rev. O. K. Blondin was Pastor here, he was choir leader. A few of the other local people who have greatly helped to foster the community's real love for good music have been Magda Hendrickson, Olfried Moen, Mourad Fiaseh, Alice Broughton while she taught here, and Albin Anderson. Albin organized the Male Chorus and was its efficient and popular leader for many years. Gladys Stevenson is the present leader of the choir, which during the past years have rendered numerous Christmas and Easter Cantatas.

During the past years, improvements and redecorating have been done to the church. In 1948 Calgary power was installed, in 1958 a new stoker was put in, the basement has also been re-done, and last year the upstairs was painted in 1961 a Lowry electric organ was purchased, replacing the old Reed organ

Bardo has been a congregation of work for seventy years. The Word of God, which is living and active, has now been preached all these years. During these years there has also been many ministerial acts performed There has been a total of 276 baptisms, administered by various pastors, and 202 confirmed Sixty - five couples have been united in marriage Death has also visited the congregation from time to time, 83 have passed on

Now when our Congregation is commemorating its 70th anniversary, the public is cordially invited to come and help us observe this milestone as praises and thanks will be sung to God

May God forgive all our failings and all the shortcomings and give us His grace to go forward in the years He shall give us to work

Following is a short schedule of the anniversary program planned for June 16 to June 20

There will be services at the church starting at 8 00 p.m. on the 16th, 17th, 18th and 19th. Then on Sunday there will be morning services at 11 00 o'clock, and the anniversary afternoon service at 1 30

On Wednesday, Pastor Hansen of Camrose will speak; on Thursday, Pastor Ostrem, Friday, Pastor Bue, and on Saturday evening Pastor Gordon Hendrickson, a son of the congregation, will speak

The Sunday morning message will be brought by Dr S. Y. Jacobsen of Saskatoon in the afternoon. Pastor Vinge of Vancouver speaks — together with numerous greetings and musical numbers.

COMING AND GOING. Chosen Moderator of the Presbyterian Church in Canada, by acclamation, is Rev. J. Alan Munro of Toronto, left. Exiting from the post, right, is Rev. H. A. MacMillan. Dr. Munro was just preparing to retire as secretary for home missions when he was elected new Moderator.

# District couple marks fortieth anniversary

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE — On Sunday afternoon, June 13th, Elmer and Vi Gaugiets celebrated their 40th wedding anniversary at their home by holding open house from 2:30 p.m. on, during the day. There were 300 guests who signed th guest book besides numerous children that made up to approximately 350 guests that enjoyed a very delicious lunch and tea which the Lakeshore Ladies' Aid helped serve.

The guests included relatives and friends from Fort Wayne, Indiana, St. Paul, Westlock, Edmonton, Ryley, Lodner, B.C., Camrose, Vegreville, Tofield and other surrounding districts. All congratulated the couple and expressed their wishes that they would have many more happy years together Vi and Elmer thanked all for their good wishes. A very enjoyable afternoon was spent with visiting many old friends.

## Modern etiquette

Q. How does a newlywed couple extend invitations to a reception in their new home, after their return from their honeymoon trip?

A. These invitations may be of the engraved-and-mailed variety —or they may be extended by phone.

TO POLAND. It has been announced in Rome that Pope Paul will visit Communist-ruled Poland. Poland, largely Roman Catholic in religion, next year celebrates 1,000 years of Christianity. Speculation is also running rampant in Rome as everyone tries to predict what the Vatican will decide on regarding birth control.

Keeping tools and implements in good repair is as much a part of modern farming as the spring plowing. A well-equipped farm workshop is a paying proposition all year round but really earns its keep in the busy season when emergency repairs must be made to the farm machinery. In his workshop, the farmer can operate lathes, drills, grinders and welders while he harnesses electricity to do his milking, feed and water stock, brood chickens, and clean and grind feed.

## No mails Thursday

Post Offices in Canada initiate a new program tomorrow, with the July 1st holiday. For the first time, there will be no handling of mails anywhere in the country.

From midnight Wednesday until midnight Thursday, no staff will work on mails in the Post Offices, nor will any mail be despatched or received by the normal truck runs. Trucks which happen to be on the move, naturally, will finish their run, but they will be unable to deliver their mail at the destination, according to Postmaster Bob Watson of Camrose

## Bardo Lutheran Church marks 70th anniversary

Sunday, June 20th, brought a climax to a five-day observance commemorating the achievement of "The Faith of Our Fathers" seventy years ago. Based on the theme, "Faith Is The Victory", from Hebrews II, a series of meetings commemorating this event began on Wednesday evening, with Pastor O. H. Haugen, Chaplain at Bethany Home, Camrose, bringing the message on "Faith that receives from God". Pastor Haugen served Bardo Congregation from 1951 to 1960. Special music was rendered by the Junior Choir under direction of Mrs. Bernice Heiberg

On Thursday evening, Pastor G. I. Ostrem, who is presently serving the Kingman Parish as interim pastor, and who also served from 1944 to 1946, spoke on "Faith that rests on The Word". Trondheim's group of six young men sang two songs during the services.

On Friday evening, Pastor S. Rue of Pass Lake, Ontario, who just left the Kingman Parish last year after serving for four years, spoke on "Faith to press unto God", and Mrs. Lyle Christenson of Kingman sang a solo

On Saturday evening, a son of the Congregation and also a direct descendent of Borsvend Anderson, the first minister of Bardo Congregation, Gordon Hendrickson of Hussar, Alberta,

**TAIL TWISTERS**

**A tail twister is sort of a menace to Lions Club members but nevertheless they have their duty and seem to rather enjoy it, which is to fine members for defaults during a meeting. Arguing or backtalk brings a quick swat (or two or three) from the billy, thus members quickly learn to respect the tail-twister. Here Ray Hendrickson gives the new twister, Bob Rehrebeski, some pointers while turning over the position during the Lions installation night last week.**

## Sunday School picnic held despite deluge

(Mrs. C. M. Rude)

BARDO, June 28—In spite of a downpour of rain all day Sunday, most of the families in the district gathered at the community centre for the annual Sunday school picnic. Pot luck dinner was enjoyed at noon and for afternoon lunch everybody had all the ice cream they could eat as well as other goodies.

This marks the closing of the Sunday school for July and August Grace Heiberg was presented with a book from the Canadian WCTU for having obtained the highest mark in her grade in the National Temperance study course.

## Record rainfall in Lakeshore district

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE — Rain began falling on the district Friday, then early Saturday it became a steady rain, falling all through Saturday, Sunday, and until after noon on Monday, leaving creeks overflowing and flooding meadows, etc. The water has covered roadbeds in several places near here and washed out at least one large culvert west of Emil Tiedemann's, leaving a very dangerous hole in the roadbed, thus closing the road to traffic for the present time. We understand there has been over six inches of rainfall in the Tofield district since Friday evening to Sunday night, which has been the greatest amount of rain falling at one time in the district. We are all hoping for warm sunshiney weather from now on.

## R. Hovland agrees head EMO health service

George Taylor said at the June 14th meeting of the Emergency Measures Organization in Ryley, he had contacted Mr. Gilpin of Viking regarding the position of radiological officer. Mr. Gilpin advised that he had contacted the post office department and was told that he would be frozen by the federal government in case of a national emergency.

George Taylor advised that Raymond Hovland would accept the post as head of the health service and it was agreed he be accepted and that someone from EMO headquarters assist in drawing up a health plan.

Mr. Westmancoat advised that the rescue course in Ryley had been cancelled finally due to the lack of candidates. The instructors came for two nights but there were no candidates. The instructors setted out the rescue equipment and cut and whipped rope.

Selmer Hafso said he could get no interest in a rescue course in Viking.

Father Scriven asked if it would be possible to put on a rescue demonstration on July 1st at Tofield. Mr. Westmancoat said he would try and arrange it if it was approved by the people in charge of the July 1st celebrations.

Father Scriven said he would like to put on a rescue course in Tofield during the winter, but it was tabled until the next meeting.

Joe Chamalke said he has persons interested in a radiological course and expects he will have a course before the next meeting.

The chairman commented on the need for a communications course. This had been demonstrated by the failure of communications during the recent storm at Viking. He suggested that a course be held one evening in each town and a final exercise held after the course is completed.

George Taylor reported that he had been notified to send all radiological equipment in for

## Lorna McLeod weds June 19

(Mrs. Taylor)

On Saturday, June 19th, Miss Lorna McLeod, youngest daughter of Mr. and Mrs. Jim McLeod became the bride of R. Slak, of Innisfree. The wedding was held in the district north of Innisfree and the reception was held in the Community Hall at the same country point. Henry Tiedemann was master of ceremonies at the reception.

Among Holdenites attending the affair were Mr. and Mrs. Henry Tiedemann, the Hooper families, Mr. and Mrs. Ernie Good, Mr. and Mrs. Cliff Foran, Mr. and Mrs. Alfred Sorenson, Mr. and Mrs. Melvin Carlson, Mr. and Mrs. Gordon Story, the Fleming family, Mr. and Mrs. Jim Christianson, the Joe Hendels, and former Holden district residents, Mr. and Mrs. Jim Cadger of Edmonton.

Lorna is a Holden girl and attended school here, until she went to take nurse's training at Vegreville, later working in the hospital at St. Paul. Her many friends around Holden and district wish the newlyweds many years of happy married life.

# Dominion Day

Tomorrow is Canada's birthday . . . her 98th. And just as with every other near-centennarian, her friends are watching and hoping that she'll survive to score the 100th.

While most centennarians know that even having made it, their days are nonetheless numbered and short, in Canada's case it should be a signal achievement and an important milestone. Even chalking up the 98th is important, for every new birthday adds just that much more stature to the nationhood that has many times over seemed so frail and tenuous.

The storms of separatism are not yet over, neither in the East nor in the West. And yet they're not new . . . just different. More than half a century ago there was talk of the West seceding from the Confederation. There has been talk of the Maritimes splitting away. There have been times when British Columbia felt her destiny lay with the Northwest States. And today it's the turn of the Quebecois to feel aggrieved, and to want out.

Yet all the struggles still build slowly toward a stronger, and in the end, a more united Canadian spirit than we have known before.

Thank God we still have a country worth getting worked up over. And be thankful we still have the freedom to espouse either cause, or to forget the whole business if we want to.

We should all get out and wave the flag. It's a grand country . . . and many happy returns of the day!

# When is a fireman not

When is a fireman not a fireman is a question that is engaging the City of Drumheller and the Workmen's Compensation Board these days. When a man moves his own property to reduce danger, is he acting as an ordinary, prudent citizen would do? Does it make any difference that he is a volunteer member of the local fire brigade, trained to act in emergency?

Burned in moving his own Bunting but away from storage tanks to avert a major disaster in the area, a brigade member has been denied compensation by the Workmen's Compensation Board on the grounds he had not been called out by the fire chief. Indignantly, 23 other volunteers threaten to quit if the situation is not straightened out.

It would seem he could expect to collect compensation only as a fireman, and not as bus driver, if news reports are complete. But we suspect that if every member of every volunteer fire department waited until ordered to action by the chief, there would be many more serious claims for fire insurance. Across the province, literally thousands of fires must be reduced in severity by the prompt action of volunteers long before the alarm can be sounded and the fire chief able to swing into action.

# Answer to pressure

Premier Manning's move in setting up a committee to inquire into the uses and possible abuses of boards and commissions in the province is a step that will be welcomed by thousands of us. The move has been urged for some time by many of the more responsible members of society, and probably most strongly by the provincial bar association.

Details of the program are set out in this issue of The Canadian, and indicate a fairly searching and comprehensive survey is intended. Not the least important part will be the response from the public generally, and this will be keenly watched for. Conscientious as Mr. Manning and his cabinet may be, they still are keenly attuned to the political facts of life, and they carefully note not only how loud is the roar, but how many are making it.

Many citizens will feel the worst features of the present system are the lack of any appeal from the rulings of many of the boards, and the lack of proper training in jurisprudence which naturally attaches to many of the appointed people. The wide powers conferred on these boards often tends to circumscribe the rights of individuals.

But probably it is the last item which will carry the most interest: Whether there is need for a tribunal (not necessarily of three, according to our reading) which would perform quite largely the functions of an ombudsman. The word is not spelled out, and yet this is clearly what is referred to, in the possible need for some agency to which aggrieved persons could refer for investigation, review and possibly remedial action of regulations or decisions handed down by other boards, commissions, authorities, agencies, departments or what have you who control the life of Mr. Average Man.

Submissions are invited from individual citizens, companies and associations who may have interest in these matters. We hope the government's action in establishing the committee will be well received by the public, which has demanded it for some time, and that the resultant spirited interest and action will result in improvements needed.

# Notice

A Special Committee on Administrative Boards and Tribunals has been established by the Lieutenant Governor in Council to study, and receive representations and recommendations, on the following matters:

1. A thorough survey and consideration of the Alberta legislation conferring jurisdiction or power on administrative boards and tribunals and the functions and powers exercised by them.
2. Whether such boards and tribunals infringe on the rights of individual citizens and if so, in what way and to what extent.
3. Whether there should be a greater provision for appeals to the courts from the decisions of such boards and tribunals.
4. Whether such boards and tribunals have a practical value in adjudicating matters without involving individual citizens in costly and time-consuming court procedures and whether the public interest is thereby served and if so, in what way and to what extent.
5. Whether there is need for a tribunal to which aggrieved individuals could have resort for the purpose of having decisions or actions by regulatory boards and tribunals and departments and agencies of the Government investigated and reviewed, and if there is such a need, what form of tribunal would be best suited for that purpose and what powers should it be given.

The Committee invites all persons, Companies and Associations who are interested in the above matters or any of them to file with its undersigned Secretary in writing not later than September 8th, 1965, their representations, recommendations and submissions. Following that date the Committee will announce the dates and places of public meetings at which the submissions will be heard and discussed.

Secretary of the Committee,

# Father passes in B.C.

Arthur Gill of North Surrey, B.C., and formerly of Tofield, passed away on June 23rd, in his 81st year. Mr. Gill entered hospital about a month ago and had his leg amputated which was giving him trouble.

He was getting around in a "walker" when he succumbed very quietly as his doctor was talking with him.

He leaves to mourn his loss, his loving wife, Myrtle; daughter, Adela (Mrs. Sandy Robinson) of North Surrey, B.C.; and two sons, Victor at Matsqui, B.C., and Lawrence at Tofield; also eight grandchildren; and ten great-grandchildren.

# Last rites held for Mrs. Lillian Pithouse

Funeral services were held on Wednesday, June 23rd for Mrs. Lillian Ada Charlotte Maton Pithouse.

Mrs. Pithouse was born in a little village at Arnptan County, Hampshire, England, on October 23rd, 1891. She came to Canada at the age of 25 to join Henry George Pithouse who came to homestead in the Hay Lakes district in 1901 to build a home for his bride-to-be. They were united in marriage in Leduc in 1916. Their only daughter, Gwen, was born a few years later.

Mrs. Pithouse was a true pioneer of the early years, and had many interesting hours with no near neighbors and many miles from her childhood home and loved ones. However, she never complained and always had a smile and helping hand for those around.

Mr. and Mrs. Pithouse had the first post office and general store in Hay Lakes. In 1937, they sold their farm and retired to Edmonton. In 1940, Mr. Pithouse passed away. A few years later, Mrs. Pithouse joined her daughter, Mrs. Walter Muir near Tofield, where she resided for her remaining years. She was a gentle kindly lady, loving all living creatures. Gardening, reading and writing letters gave her great pleasure.

Mrs. Pithouse passed away peacefully in the Tofield Municipal Hospital after a short illness at the age of 84 years. She is survived by one daughter, three sisters, two in England, and one in Vancouver, four grandchildren; and nine great-grandchildren.

Funeral services were held at Hamstock and Sons chapel, Rev. A. W. Wilcox officiating (Cremation followed

Mrs. Helen Hennessy spent last weekend with her sister, Mrs. M. J. Lhuess of Wiseer, Sask.

LOTS OF TURKEYS

Mrs Russell Rowland took care of baby Jeske and household duties while Mrs. Bruno Jeske cared for her 5000 turkeys. Daughter, Christine, now has taken over as her school exams are finished.

Phyllis Davenport had an appointment with her dentist on Friday. Mrs. Bill Reddick took care of Doris and Lorraine while Phyllis and her parents were away.

Mrs Piper, who had been visiting at the W. F. Davenport, Joe Davenport and Ralph Leach homes returned to her home at Edson on Friday.

Gary and Peggie Rowland spent the weekend at their home with their parents, Mr. and Mrs. Russell Rowland and sister, Joan.

25-YEAR AWARD

Friends will be interested in hearing that John Hipplinger of Edmonton received a 25-year service award from Swifts' Packing plant last week for faithful service. John spent much time in this area years ago, staying at the Keith Williams farm or at the home of his sister, who then resided here, Mrs. Francis Ashburn.

Sheila Barnes, youngest daughter of Mrs. W. E. Barnes, is wished the very best for the future as she returns to her home in Glasgow, Scotland, this weekend.

Margaret and Edna Reddick spent the weekend with their parents, Dolly and Jim Reddick, after spending a week camping at Tunnel Mountain at Banff.

LOTS OF RAIN!

The rains came and rained for three days dumping almost seven inches of moisture on this area, according to Keith Williams' rain gauge. Old timers may say "I told you so" when they hear of large culverts not being able to handle run-off. Lloyd Grummett's slough resembles a lake.

# Minnie McConnell passes at 74 years

Minnie McConnell passed away June 21st in the Tofield hospital at the age of 74 years. Born in 1890 at town of Webb, Clay County, Iowa, she came to Tofield in the spring of 1908. In 1919, she married G. H. McConnell and they farmed southeast of Tofield until 1925 when they moved to Auburn, Nebraska. Here she lived until the passing of her husband. In 1932, she returned to Tofield to make her home.

She leaves to mourn her loss, one sister, Mrs. Doris Martin, and niece, Vermis, both of Seattle, Washington; nephews, Harold and Russell Schultz of Tofield and Walter Schultz of Edmonton, nieces, Mrs. Helen Jack of Edmonton and Mrs. Ruth Jacobsen of Byley.

Funeral services were held on June 24th in the Tofield United Church with Rev. W. McDonald officiating and interment in the family plot at Tofield.

## Three firsts for minister

(Mrs. Jim Reddick)

MINISTIK — Baptismal and communion services were held at the United Church on Sunday with Rev. Roger York conducting. This made a third first for Mr. York at Ministik, as he had preached his first sermon, has his first mission field, and conducted his first communion here. He is wished the very best from his friends here as he goes to a mission field on a small island near Newfoundland.

The two small daughters of Mr. and Mrs. Arthur Bachelder were baptized, namely, Lori Colleen and Arletta Yvonne Bachelder.

## Holden news

**CEMETERY DAY A SUCCESS**

Cemetery Day which was held Wednesday, June 23rd, was a huge success, with a very large turnout of Holden and district residents to clean the grounds, trim bushes and trees and do other necessary work to keep the place in good condition. The annual meeting was held at 4.00 o'clock, with all officers being nominated for a further year's term. They wish to thank all who turned out and helped to make this such a success.

## Lakeshore -

Howard and Nell Malcolm of Ross Creek were Saturday evening guests at bridge at the home of Charlie and Mickey Niemetz. Later in the evening, Mickey served lunch and coffee to the guests after the very enjoyable affair.

Mrs. Vi Googlein, her sister-in-law, Mrs. Emma Beusching, and Mrs. Melinda Bruick, were visitors at the home of Vi's sister, Mrs. Lil Ball in Edmonton from Friday to Sunday, while their husbands went fishing.

## Storm dumps 6.83 inches rain during the weekend

(By Peter Nickel)

There was no rest on the Sabbath for most of the Tofield and district residents who were found pumping out their flooded basements, garages and barns over the weekend.

The torrential rains which dumped nearly seven inches (6.83 recorded by Searle Grain) on Tofield in three days caused the sewers to back up, together with leaks and overflowing cisterns, leaving up to three feet of water in some basements.

Farmers reported having to pump out anywhere up to one foot of water from their barns last Sunday before bringing in their cows to be milked. One farmer near Baver Lake estimates a thousand acres of grain under water, while generally most crops seem to have suffered little damage from flooding.

The north creek ran wild, flowing over its banks, water covered corral posts, filled one barn half full, washed out roads and finally flowed into Beaver Lake which was rising steadily.

Old-timers remarked, "Can't ever remember the creek being so high or runnig so wild". Some said they had never seen so much rain all at one time.

In town, Arnett Motors found nearly a foot of water covering the floor Sunday morning, and Henry Naughtigal found the forms of his new construction floating in the water which covered the entire lot.

Nearby pastures were three feet under water, while the Pool elevator was surrounded by a large area of water about 12 inches deep. Some streets were also under water.

The storm which began last Friday evening finally let up by Monday evening, with probably a record rainfall for the Tofield area, that won't soon be forgotten.

## Duguid to head Lions

(By Peter Nickel)

The Legion of Frontiersmen site was the scene of a very dramatic and entertaining evening for the Tofield Lions club last week when members and their wives gathered at the picturesque spot to see the new officers installed.

Before the meeting, however, the club enjoyed a sumptuous pot-luck supper with barbecued steak. As one member put it, "I've been saving my appetite for this occasion, and haven't eaten for three days".

While entertained by Lion Horace McIleffy and his amusing antics, together with Lion John Widynowski with his pollaroid camera, the appetites were satisfied and all gathered in the cabin for the final club meeting of the year.

President John Wall's report proved that the club had a very satisfactory year with it's many worthwhile projects as well as the club activities. Also, that the executive had done an excellent job.

**NEW PRESIDENT**

Dave Duguid being named the new President, looked down at Past - President Wall's size ?? brogues and remarked, "I hope I can fill those shoes".

Others named to the new executive were: Father Scriven, secretary, and Ray Hendricksen, treasurer. Bob Nehrebeski relieved Hendricksen of the tail-twister duties, while Lion Skeels took over as Lion-tamer. Added to the board of directors for a two-year term were Al Warner and Chuck Noble.

Peggy Nehrebeski's renditions on the piano brought the evening to a harmonious close.

## Ross Creek news

# Mrs. Catherine Tkaczyk passes June 11th at 72

On Friday, June 11th, 1965, Mrs. Catherine Tkaczyk of Holden passed away at the Viking hospital at the age of 72 years.

Mrs. Tkaczyk came to Canada from Nenoviche, Austria, on May 2nd, 1911, with her mother and sister at the age of 17 years, settling in the Radway district. She married Fred Tkaczyk on February 12th, 1912, in Radway where they homesteaded till 1928. In the spring of 1928 they moved to Holden where she resided till her passing.

Mrs. Tkaczyk served as a Sister at the South Holden Greek Catholic Church for 20 years.

She leaves to mourn her loss, six sons, John, Harry, Mike of Holden, Nick of Edmonton, Peter of Holden and Andrew of Bruce, four daughters, Mrs. Mike Osubko (Annie) of Bruce, Mrs. John Millar (Mary) of Seattle, Washington, Mrs. Alex Beaton (Kay) and Mrs. Joe Fix (Olga) both of Vancouver, B.C.; 21 grandchildren; ten great-grandchildren; one brother, Peter Laskowski of Holden, and one sister-in-law, Mrs. Rose Tkaczyk of Edmonton, and a host of friends.

She was predeceased by her loving husband, Fred, in 1963, one son and two daughters as infants and a daughter, Bessie, in 1954.

Prayer services were held on Sunday, June 13th, at 8 p.m. in the Holden Greek Catholic Church. Mass was said by Rev Father Lozynski at the South Holden Greek Catholic Church on Monday, June 14th, at 10:00 a.m. Interment took place in the church cemetery, with Hoveland Funeral Home of Camrose in charge of arrangements.

Pallbearers were her loving six sons.

Many beautiful flower memorials were received and a large number of mass and memorial offerings were received.

**CARD OF THANKS**

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, beautiful floral tributes and donations received from our many friends and neighbors during our recent bereavement in the loss of our beloved mother, Mrs. Catherine Tkaczyk. A special thanks to the ladies who prepared and served the luncheon.

—The Tkaczyk Family.

Mr. Tiedemann has been in charge of the troop for the past five years, but he feels that he is no longer able to assume the responsibility of the troop and its attendant affairs. We, along with any parents of the boys who have been involved over the past few years, wish to congratulate Mr. Tiedemann on a job well done.

**VISITS HERE AT 86 YEARS**

Monday, June 21, Chris Hovland and sons Ray and Reuben entertained Mrs. Christine Hecht and her daughter, Mrs. Bernice Duncerly, of Los Angeles, Calif., Mrs. Albert Roth, Ludvig Hovland and Leonard Johnson, all of Camrose, to dinner. Mrs. Hecht is the only sister of Mr. C. Hovland, and has reached the grand age of 86. She and her daughter flew from Los Angeles to Vancouver, where they visited with Mrs. Jennie Jergenson before continuing their trip to Alberta. Leonard Johnson met them at the Nisku airport and drove them to Camrose. Mrs. Hecht is staying to visit with friends and relatives for a month or two, while her daughter, Mrs. Duncerly, is returning home on July 2nd.

Mr. and Mrs. J. Ruxton and children left Sunday for San Diego, California, to visit with Mrs. Ruxton's sister for the next month.

Bennie Chamulke and Alan Tiedemann were weekend visitors with their respective families.

Mike Chapka was a business visitor in Vegreville on Friday of last week.

# Bardo Lutheran Church

(Continued from Page 1)

spoke on "By Faith I Serve Him". Pastor Hendrickson and his wife also sang two duets during the services.

Sunday was favored with good weather and at least 400 people thronged to the little church nestled along the creek to help commemorate this event. Dr. E. T. Jacobson of Saskatoon, assistant to President Hadleid, delivered the morning message, assisted by Pastor G Ostrem The choir, directed by Mrs. Gladys Severson, sang two numbers—the anniversary hymn, "Faith of Our Fathers," and "Built On A Rock." Two former daughters of the Congregation now living in Calgary Mrs Ila Thomas and Mrs. Fred Lysenic, sang a duet.

After a very systematic and well planned dinner served by the ladies of the LCW, the highlight of the anniversary celebration was observed by the afternoon program, with Lester Severson, general president of the Bardo Congregation, in charge.

Greetings were brought from Dr S T. Jacobson on behalf of the Lutheran Church of Canada; former pastors, Haugen, Buer and Vinge and Pastor Ostrem brought their greetings Pastor Gordon Hendrickson also spoke briefly; while greetings from former pastors, Sterling Johnson and O K. Bjelmelie, were read Missionary Palmer Anderson, a grandson of Reverend Anderson, sent a greeting. Greetings were also read from numerous friends who were unable to attend

Greetings from the sister congregations of Kingman and Tromhjelm were brought respectively by W Simenson and Fred Gothekjie Bishop Harold Boettger brought a greeting from the Salem Mennonite Church, and Jim Francis a greetine from the United Church at Tofield.

Bert Loken, a former teacher at Bardo and presently President of Camrose Lutheran College, brought a greting from the College.

Perhaps a climax to the greetings was reached when Dr Chester Hoesing gave his greeting in his former classmates and many friends He directed his stirring thoughts to the world situation of today. He emphasized that there was nothing more civilizing for us than to live out the Christian life in a practical way.

Musical numbers during the afternoon were rendered by the Senior Choir; duet by Mr. and Mrs. Glen Hiller; duet by Pastor and Mrs. Gordon Hendrickson; duet by Gladys Severson and Bernice Heiberg, and a Ladies' Sextet.

During the afternoon, recognition was given to Mrs. Marit Horte. Edmonton, Mrs Amanda Haugen, La Glace, and Mr. and Mrs Hilmer Johnson of La Glace, as being the only people present who joined with their parents as charter members on May 23rd, 1895. Mr and Mrs Hilmer Johnson are also the oldest living couple married from the Bardo Church Those present who were baptized in 1895 were John G Johnson La Glace, Petra Stauffer, Tofield, Olaf Anderson, Tofield, and Mrs. Inga Hoagland, La Glace Ingvald Ness, who had the honor along with another little girl to be the first ones baptized in the old church in 1895, was present.

The first couple who were married in the present church, built in 1922, Axel and Nita Kindley were present, Axel commented afterwards that they had good knots in those days—that their's hadn't tended to slip once yet.

Lester Severson expressed his thanks to the various groups and committees who helped to make this 70th anniversary such a success.

Pastor A. M. Vinge, Chaplain in Greater Vancouver and who served the Bardo Church from 1938 to 1944, brought the anniversary to a climactic end with the message. By Faith I Enter Glory". He stressed how we must be prepared to enter glory.

After the afternoon service, the ladies again served lunch to all those present, and everyone enjoyed an hour visiting and renewing acquaintances with old friends again.

Keeping tools and implements in good repair is as much a part of modern farming as the spring plowing. A well-equipped farm workshop is a paying proposition all year round but really earns its keep in the busy season when emergency repairs must be made to the farm machinery. In his workshop, the farmer can operate lathes, drills, grinders and welders while he harnesses electricity to do his milking, feed and water stock, brood chickens, and clean and grind feed.

# Showcase '65 was a success both socially and financially

To the delight of the citizens of the Tofield community and to the vast relief of the Community League executive, July 1 dawned clear and sunny. At 6:30 a.m. the League members could be seen making the final preparations on the Exhibition grounds for Tofield Showcase '65.

The parade formed up at the CN station under the direction of Art Francis, parade marshal, and J. E. Stinson, who was in charge of securing floats and cars for the parade. The Andrew School Boys' Band under the leadership of Leo Kurchinski led the parade. The 40 members of the band looked very smart in their blue and white uniforms as they marched at the head of the parade. Their music was excellent and enjoyed by the spectators during the parade, as well as at the grounds during the afternoon.

## Jumping again highlight of July 1st celebration

On July 1st, Tofield Showcase '65 again featured some of the finest cutting and jumping horses in Western Canada. The winner of the intermediate cutting horse trophy was Vic Patrick, riding Silver Sport, owned by Mickey Collins of Edmonton. Bill Collins, with Captain's Play from Leecott Stables tied the first place score of 139 in this event and Marilyn Hoover on Ann D'Oolr, owned by Stan Milner of Edmonton, had a score of 138.

In the intermediate contest in the Tofield jumping sweepstakes, the performance of Kathy Macdonald was outstanding on the family horse, Red Cent. Brian Parker on Smoke Curl and Kathy Macdonald on Rambling Robert tied for the second position.

The final event in the jumping sweepstakes was the open contest in which Tony Nobles and Marilyn Hoover thrilled the large crowd. Tony won the trophy, riding Dark Secret owned by her father, the well known Tony Zeigler. She and her horse make a lovely pair. Marilyn Hoover and her horse, Son of Oregon, also gave an outstanding performance in these finals to take home the second place ribbon. Mrs. Nobles also showed that their horse, Bartender, can still clear the barriers with the second lowest number of faults in the two go-rounds during the afternoon.

Other cutting horses taking part in the close contest were brought by George W. Golden, Ian MacRae of Hardisty, Don Hanson, Mr. and Mrs. Cliff Rose, Ron Cowles, Joe Kallal, John Tattersal and Glenn Brown. Other jumpers were brought by Mr. and Mrs. Don Macdonald, Phillip Rose and Bill Collins.

Wins Mercury Cup

The Tofield Mercury Cup, which was up for competition for the best commercial float in the Showcase '65 parade, was won by Tofield Co-op Centre, pictured above.

## Moisture conditions excellent

According to reports from C. A. Nolan at Tofield and H. B. Berke at Ryley, moisture conditions in the Tofield-Ryley area are about as near perfect as can be expected. This applies to crops sown on summerfallow as well as those sown on land under crop last year.

However, rains of the previous week or two have its effect. "There is no damage at present", says Mr Nolan, "but there is a possibility that some crops will be drowned out after a heavy rain. There was a very heavy rainfall the weekend before last, when 6.84 inches fell. We need warm weather now as the crops are late. We have ample moisture for some time".

At Ryley, says Mr. Berke, there has been "very little spraying for weeds as the ground is much too wet. Much of the low ground remains under water and there is a danger some crops will drown out".

Wheat reached a height of 12 inches last Friday at Tofield and about nine inches at Ryley. Oats is nine inches at Tofield and six at Ryley, and barley seven inches at Tofield as compared to four inches at Ryley.

## Car accident injures two

Word has been received that A. B. Clutterham and his brother-in-law of Vancouver, while on their way to the July 1st celebration were involved in an automobile accident meeting another car. The car Mr. Clutterham was riding in, struck a bridge railing and was demolished

From what we can learn, it appears, while both men were very much shaken up, neither was badly injured.

## ELCC favors autonomy for 1967

(Mrs. G. St. Taylor)

HOLDEN, July 5.—The Evangelical Lutheran Church of Canada, the Canada District of The American Lutheran Church, made an historic decision at its convention, held a week ago in Camrose, when it voted overwhelmingly to become autonomous by January 1, 1967, provided that the Constitution and the Bylaws are adopted at the 1966 district convention. The vote when taken was in favor, greatly exceeding the necessary two-thirds majority required. Steps towards this goal have always been with the encouragement and blessing of the parent body, with whom it will still remain in close fellowship.

The Evangelical Lutheran Church has 338 congregations across Canada, from the Lakehead to the Pacific, and congregations of the Lutheran Church in Eastern Canada showed their interest in this development by sending two official observers to the convention

A motion was also passed that would open the way for the autonomous church to discuss possible mergers with other Canadian Lutheran groups. One important decision taken was that of approving the re-location of the inter-synodical seminary campus of the University of Saskatchewan. It was felt that this would afford greater opportunities for study and greater possibilities for a witness to Christ in the academic world

Ralph Mason was the official delegate from the Holden Lutheran Church attending this convention at Camrose, the sessions being held from the Tuesday to the Friday.

FROM THE SCRAP BOOK

Men who toil in the battle of life listen to strains that will sweeten the strife. Truth your standard, holy your cause; be faithful to death for your freedom and laws. For truth is might, and might is right; play the man and win the fight.

## Scores 100 points in swine testing program

Ronald Rice of Ardrossan recently scored 100 points in a federal government ROP swine testing program. It is believed this is the first time such a score has been attained in Alberta, although scores of 99 have been reached in the past

Mr. Rice had four pigs on test, two sows and two barrows from a Yorkshire sow. In the test all four are scored and in this case all scored 100 to give the mother the average of 100 points.

Mr. Rice received an award from the ROP Swinebreeders Association of Alberta last Friday at Lacombe while attending the annual field day at the Dominion Experimental Station.

## Only for perjury

Perjury . . . that is, false witness under oath . . . is considered by our courts as one of the more serious and damnable offences against society, and is treated most severely. Yet only recently we heard of an intelligent, sincere and highly concerned cleric stoutly aver "there's only one ground for divorce in Canada . . . perjury."

His startling statement should give us all cause to stop and think . . . and then to clamor even louder for our statesmen to see the light, admit facts, and amend our benighted laws.

The simple, and well known fact is that thousands upon thousands of our citizens who pride themselves on their morality would never countenance involving themselves in an illicit love affair yet they shrink not at all from perjuring themselves. Contempt for the law breeds only further abuse . . . it is a well known precept that no law can long survive without popular support. Surely there can be little support for a law which tends to produce perjury in increasing frequency

## Large enough?

A recent Canadian Institute of Public Opinion poll revealed that 48 per cent of those questioned thought Canada needed a larger population, compared with 44 per cent who were satisfied that the present population was "just right".

This, according to an exchange, is a disappointingly narrow victory for humanity and commonsense. Moreover, it reflects a continuous 20-year decline in the percentage of respondents recognizing Canada's need for more people. Back in 1945, this stood at 65 per cent

This means that 20 years ago roughly one in three felt the country had enough people. So it is rather incredible that today nearly one in two of those in Canada think it possible that we can hold our population at its present level.

The world's population is currently rising at the rate of 55 million people a year. In the 65 years since the beginning of this century, it has more than doubled, and it is expected, at its present rate, to double again before the end of this century.

Confronted with such awesome statistics, and remembering that something like half the present world population is grossly underfed and suffering from malnutrition, one can only marvel at the blind optimism of those who delude themselves that fewer than 20 million people is enough for a country that is both the second largest and one of the richest and most under-occupied in the world, or that fairly cries out for more people to justify the development that lies waiting on our very threshold

It may be a comfortable, cosy notion, but it is hardly either a practical one, or a moral one.

## For arranged marriages

Writing in a Canadian woman's magazine, a young India woman from Hyderabad characterizes the concept of marriage in this country and our neighbor as having crystalized into a manhunt. Social pressures, declares Sabeeha Hameduddin, push girls into early marriage, employing shrewdness and strategy in her hunt for a husband, since she is denied the advantages of professional matchmaking and since she is unable to do the asking.

Things are different in India, points out Miss Hameduddin, where older and more experienced members of the family arrange marriage on bases which are economically and socially stable. Love develops after marriage, on a more lasting basis, she says.

While the conception seems impossible for many of us "enlightened" Westerners, it takes only a look at our divorce and unhappy marriage figures to show we haven't grroved too much superior in our approach based on glamor, "vital statistics" and sexiness

Admitting the principle of arrangement works best in a society structured for it, Miss Hameduddin suggests some adaptations could be made to suit changing times in our culture, such as the option of rejecting a man if the girl considers him unsuitable, or possibly, vice versa. The possibility of a semi-arranged marriage, giving man and woman a chance to get to know each other, while still devoting considerable time to furthering studies, might satisfy the girl who would be afraid otherwise of missing out on social life for fear of passing up her only chance

It's a highly interesting concept Who says it wouldn't work"

Grosham, Oregon,
June 26, 1965

Editor, The Mercury,
Dear Sir,

We have just received, through a friend, a copy of the Mercury dated June 17, 1965. We are most interested in the story of the Bardo Church history. This copy contains the second of the two part series. Would it be possible for you to send us the first part of the article?

My husband and I were both raised in the Bardo district. He was one of the first babies born there. His father, Asbjorn Moen, who passed away last year at age 93, had donated the land where the present Lutheran Church stands. My father and mother, Wm. E. and Ada Parker, owned the land next to the Moen farm, having moved there from Iowa in 1907 and moving to Oregon in 1927 with their four sons. We moved here also then and have a married son in business with my husband, Moen Machinery Co., also a daughter, married to a Navy commander and living in Japan

Thank you in advance.

Mrs. George (Hazel) Moen

**Mr. and Mrs. Philip Liodi and family of Ryley have purchased the Dave Bell residence, and were moving down this week. The Liodi's lived in Holden for a while a year ago.**

Pastor Osborne Olson from White Rock, B.C. and Pastor Strand from Saskatoon, Sask. visited at the home of Mr. and Mrs. Helmer Olson and Linda recently. They had both attended the Lutheran Convention recently held at Camrose. Pastor Olson is a local young man, being raised in Holden, and is a brother of Helmer Olson. He was renewing friendships with some of the old-time residents in Holden.

Pastor M. Aalen and Mr. and Mrs. Geo. Stechmek from Bittmil, B.C., also attending the recently held convention in Camrose, spent a day visiting with the Hillmer Olson family.

Mr. and Mrs. Mike Chapka spent Thursday (Dominion Day) in Edmonton, and visited with several friends, patients in the University Hospital.

Loeth Shkora and Earl Hardy left the beginning of the week for Edmonton, where they will enroll for summer school at the University of Alberta for the next six weeks. Mrs. Hardy also went along with her husband, and will be staying in the city while Earl is at summer school

Douglas Hardy of Edmonton was a weekend visitor with his family, Mr. and Mrs. Earl Hardy

Mr. and Mrs. Robert Taylor and children were Sunday visitors and dinner guests with Robert's parents, Mr. and Mrs. Geo. H. Taylor

Sam Sroka of Edmonton was a weekend visitor with his mother, Mrs. Tekla Sroka

On Sunday, June 27, a surprise birthday party was held for Mr. Chris Hovland, who was celebrating his eighteenth birthday

Mrs. Arthur Story returned home last week from her trip to various points in British Columbia, where she was visiting with relatives

Mrs. J. Giebelhaus and Mrs. N. L. Campbell spent last Friday visiting in Camrose, calling on Mrs. Giebelhaus' family, the Albert Pedersons. Mr. and Mrs. Len Sawers, all former Holden residents, and then called on Mrs. Forsyth, who is a patient at Rosehaven. Mrs. Forsyth was the agent for AGT many years ago and her daughter, Mrs. Walter Greer, was a recent visitor with friends in Holden.

(Continued from Page One)

The parade was certainly one of Tofield's better efforts. Floats, cars, bicycles, costumed pedestrians, horseback riders with their beautiful mounts, made the parade one to be remembered. One of its chief aspects was a surprisingly tall man—about ten feet tall Tofield's Horace McHeffey on stilts enlivened both the parade and the grounds during the remainder of the day.

The parade judges Mr H H Pike, Mrs Ethel Packham and Mr George McFadzean, found their task very difficult because of the many excellent entries. Their decisions as to cups and prizes were as follows:

Commercial Float (Mercury Cup)—1, Tofield Co-op Centre; 2 Aurora's Beauty Shop, 3, Alberta Wheat Pool Special mention, Ryley Trojans

Church or Youth Group (Cup)—1, Tofield Junior High School; 2, United Church Explorers; 3, Tofield Cub Pack Special mention, Andrew Schoolboys' Band

Town Organization Float (Cup)—1, Tofield Library; 2, Community League; 3, Tofield Fire Department

Decorated Bicycle—1, Heather Bauer, 2, Debbie Beissel, 3, Adele Kozak and Allan Wadynowski, tie.

Children's Costume—1, Marilyn Davidson, 2, Gordon Grover, 3, Brendan Hoberge

Commercial Car — 1, Pontiac Dealer (J Fisher); 2, Arnett Motors

Best Ridden Horse or Group of Horses—1, Pat Wanaka Group, 2, Hagahr Group, 3, Bill and Karen Davison

Outstanding or Unusual Entries—1, Horace McHeffey; 2, Allan Warner; 3, Bill Belles

When the parade entered the Exhibition Grounds, it formed up to await the judges decision while the band played "O Canada." The Tall Man, Horace McHeffey, welcomed the crowd to Tofield's annual Dominion Day celebration; John Baergen, president of the Community League, presented Leona Jacobsen, winner of the Best Actress award in the Zone Drama Festival, with the League's scholarship, which will enable her to attend the Drama Seminar at Drumheller in August. Then Mayor W H Prosbury declared Tofield Showcase '65 to be open and, after H. A. Pike announced the winners of the parade trophies and ribbons, the crowd dispersed to enjoy the many attractions of the day. John Baergen, League President, estimates that 2,000 - 2,500 people were present on the Exhibition Grounds during the day.

As always, baseball was a prime feature of the sports' day. In the first game, Round Hill defeated Bardo 10-4; Tofield won from Holden 24-0, Round Hill lost to Ryley by a score of 6-10. In the final game, Tofield won the tournament by defeating Ryley 16-5

In the Pony League games, Chipman defeated Tofield 6-2, and then defeated Ryley 10-1

In the Little League division, Ryley defeated Tofield 11-6.

Umpires were Jack Lampitt and Don Centre. The sports' commentator was Mr. Lehman, and the roving sound car was manned by C. F. Annis.

In the Curling Rink, 115 Old-Timers of the Tofield area were

**Capturing the audience**

No, this isn't the Big Friendly Giant but he proved very friendly and very entertaining. Capturing the audience as he led the parade to the sports grounds on July 1st, he continued amusing the audience in this get-up for the whole day. # Mrs. Kristina Reum passes at 80 years

(Mrs. Joe Knudson)

PALMER - EARLING, July 2nd — Mrs. Kristina Reum, pioneer mother, and resident in Earling the past 45 years, passed away Sunday, June 27th, at the hospital in Grande Prairie after a lingering illness Although being hospitalized only three days, she had spent the past two months at a Home in Grande Prairie

Born in Norway 80 years ago and Nov 29th, 1902, she married Martin Reum. They resided in Harvey, N Dakota, until 1919, when they came to the Earling district, south of Ryley

She leaves to mourn her passing, one daughter, Mrs. Henry Stenerud (Helga); and seven sons, Melvin, Peter, Alf, Harold, Daniel, Herman and Arnold; 29 grandchildren; and 13 great-grandchildren; one sister, Mrs Augusta Rierkerth of Camrose

She was predecessed by her husband in March, 1959, and two sons, Oscar in 1964, and Andrew a month ago.

Friends and relatives from this area attended the funeral services and burial in Camrose on Friday. Hoveland Funeral Home was in charge of arrangements.

For the 58,000-a-year Canadian earner who is married and has two dependents, the recent 18 per cent income tax reduction will mean $30 in a full year.

All day long Wally Ursaham's rides kept the "small fry happy The booths, both the bed-dog booth under the management of John Baergen, and the ladies' booth convened by Georgia Christensen, Winnie Christensen, Beryl Lampitt and staffed by the ladies of the community, fed the hungry spectators

The horses as always, proved a major attraction

The winner of the League trophy in the Cutting Horse contest was Vic Patrick, riding "Silver Sport"

In the Tofield Jumping Sweepstakes, the winner of the TCL trophy was Mrs. Tony Nobles, mounted on "Dark Secret"

The cattle for the cutting horse contest were supplied by Stan Schacker and Charlie Sears

The Community League is grateful to George Golden who, as an official of the Canadian Cutting Horse Association, is director of the Tofield Cutting Horse Contest, and to Don MacDonald, director of the Western Canada Jumping Association, who made it possible to have these beautiful horses at "Showcase '65."

At 8:00 o'clock, the barbecue was ready to serve Vince Bates was in charge of cooking the meat and Bill Davison the supper. A long line of hungry people moved past the serving centre and dispersed to enjoy their meal in groups on the grounds.

The Lions Club raffled their beautiful playhouse for the benefit of the League, and the lucky holder of the winning ticket was Harold Parsons of Ryley.

During the afternoon, the show in the Community Centre was well patronized, as was the dance at night, with music supplied by the Schwill Bros. orchestra.

"Showcase '65" is over Both financially and socially it was a successful event. The Tofield Community League, though its president, John Baergen, wishes to thank the many organizations and individuals who worked so hard and so well to ensure the success of Showcase '65.

## Earl Hardy named outstanding teacher

HOLDEN, June 28.—Earl Hardy has been named the outstanding teacher for 1965 by the County of Beaver school committee. Mr Hardy, who is a most conscientious teacher, is in charge of grade nine. For many years he taught "afloat", travelling to the various schools in the former school division and later the County, Holden, Ryley and Tofield. The last few years he has been grade nine teacher.

Mr. Hardy excels in all kinds of handiwork, wood, copper and leather, and is an ardent Radio "Ham", building his own set. He also was MLA for the Bruce constituency for several years.

## Historical Society has entry in July 1st parade

Mr Charlie Morden from Ontario, Mr. and Mrs Reid Burchard from B.C., were among the many former residents of the Tofield area who were welcomed by the Tofield Historical Society on July 1st In all, 115 oldtimers registered at the Society's guest book for 1965

Many of the copies of the map of the Tofield district compiled by R Francis showing the names of the original owners of the land in this area, were sold on July 1st to interested parties. The original map was completed by Mr. Francis during Tofield's Jubilee Year and has just now been duplicated in a smaller size It is of real historic value and of great interest to both old and new residents. Copies of this map may still be purchased from Mr. Francis for 50c Any member of the executive of the Historical Society would be glad to make arrangements for prospective buyers to secure a copy

Several oldtimers were on a float driven by Herman Tiedemann. It was a return to former happy days to be driven behind a team of frisky horses

The fourth tank of 1900 vintage was the Society's entry in the parade It contrasted sharply with Tofield's modern fire fighting equipment

The furniture display was of great interest to many To oldtimers it brought a nostalgic mood, to the youth, it was a glimpse into the past.

# Council Grants $24,250 in building permits for June

The meeting of Council of the Town of Tofield was held on Monday, July 5th, with Mayor Dr Freelary and Councillors Allan, Beese, Everitt, Jefferson, Patterson and Swift present, and visitor Axel Rasmussen

Building permits for the following were approved F. M Christensen garage, for $750. Walter Neufeld, garage, $400, Watson (Tofield) Ltd dwelling $12,500 Jake Neufeld, garage, $600, Readbuilt Homes Ltd , dwelling $10,000—for a total for June of $24,250.

Correspondence was read from Strathcona Fuels & Asphalts quoting a price for 20,000 square yards of M.C. Asphalt delivered, supplied and applied for $1,250, with the areas to benefit left to the decision of the Committee. Council accepted this bid

Axel Rasmussen was present to ask permission to lower a culvert to facilitate better drainage of his property, which council agreed to

Much discussion took place regarding the condition of the Grade east of the Trailer Court. The secretary-treasurer was instructed to contact Jacobsen Construction, Ryley, asking them to refrain from using this Grade with their heavy trucks

**MACHINE SHOP**

Correspondence was read from the Council of Beaver No. 9 accepting the Town's offer of $500 Bylaw No 362, being a bylaw authorizing the purchase of the Machine Shop, received first, second and third readings, and was finally passed.

Clarification of Section 230 (3) of the Town and Village Act was received, with the information that a brand salesman's annual license could not exceed $25. The secretary-treasurer was instructed to contact the Town of Viking regarding its rate of assessment for hawkers and pedlars licenses

**CIVIC HOLIDAY**

Clr Everitt resolved that Monday Aug. 2, be declared a Civic Holiday for the Town of Tofield. Thus the August council meeting will be held on Tuesday, Aug. 3.

H. Nachtigal requested permission to operate a business from a garage location on Lots 14 and 15, Block 13, Plan 3260 S. Permission was refused by council because of this being zoned residential property

The Police Committee reported the hiring of Const. H. Shanks as relief policeman at $88 per week including car, which action council approved.

Complaints received regarding the care of the Cemetery were discussed. Clr Allan of the Town Property Committee volunteered to bring this to the attention of the caretaker, and arrange for assistance in keeping the grass cut.

A request to have the Town Office open on Mondays and closed all day Saturday was granted.

## Rain damages local graves

One of the most distressing results of the recent heavy rains is the damage done at the Tofield Cemetery.

The earth on a large number of graves has caved in, leaving huge, ugly holes, often two or three feet deep. Many monuments are tilted, and some have toppled over completely. It is not only the newer graves which are affected, but many which have been there for years.

Anyone who has a personal interest in a plot in the cemetery is strongly urged to inspect it soon.

A washout

Resulting from the recent torrential rains, is the above scene which shows part of the washout located six miles north and two and one half miles west of Tofield. Part of the culvert was washed about 200 feet downstream while 85 feet of the road was washed away eight feet deep.

## Olga Shewchuk travels to USSR

Miss Olga Shewchuk, daughter of Mike Shewchuk of Tofield, has returned to her home and office duties in Montreal after a six-week tour of Russia.

Olga, who, over the past six summers, has travelled extensively, declares the experiences of the past weeks to be the highlight of her travels thus far.

From Montreal she travelled by KLM to Hamburg, Germany. Then from Berlin, a Russian jet flew her to Moscow. She stayed there five days sightseeing and visiting architectural and historical monuments. Other stops and sightseeing tours were taken in Volograd, Rostav, the lovely resort city of Sachi, on the Black Sea, Kiev, the most beautiful of all Russian cities, Leningrad and the famous Hermitage Museum.

The highlight of the whole trip was the meeting and visiting in the homes of the many relatives in Lvov and Rovna in the Ukraine. Brothers, sisters, cousins and friends of Olga's father and mother, the late Mrs. Pearl Shewchuk, gathered together for a most glorious meeting.

Making the trip even more memorable was the fact Olga converses readily in both Ukrainian and Russian.

One sad event of the trip was the news Grandfather Shewchuk, who at 103, died April 13th. This was disappointing as Olga and her grandfather had both anticipated their meeting.

Olga arrived in Montreal June 30th via Vienna, Czechoslovakia and Paris.

## S. C. Powers, DA, moves to Morinville

The Hon. H. E. Strom, minister of agriculture, has announced the transfer of Stanley C. Powers from Ryley to the district agriculturist's office at Morinville, effective July 12th. The Sturgeon area was formerly served from North Edmonton by J. M. Fuzesi.

STANLEY C. POWERS

The district agriculturist's office for Sturgeon will now be located in the County Office Building at Morinville.

Mr Powers has been the district agriculturist at Ryley for the past five years. Prior to that he was the district agriculturist at Lac La Biche, after having been assistant D.A at St. Paul for two years Mr. Powers obtained his B.Sc. degree in agriculture from the University of Alberta in 1950 He is also a graduate of the Vermilion School of Agriculture and has a practical farm background Mr Powers served in the Canadian Army for five years. He is married and has five children.

## ASB hears report on brucellosis program

The County of Beaver Agricultural Service Board meeting was held in the council chambers, Ryley, on June 22

The Chairman called on Dr. Brisbane for his comments regarding the brucellosis vaccination program.

Dr Brisbane outlined the program to date and the plans of the Provincial Department of Agriculture regarding future vaccination as follows

The Alberta department of agriculture had an order in council passed, establishing a Brucellosis Restricted Area after receiving petitions signed by two-thirds of the cattle owners in favor of compulsory vaccination Department policy was to maintain compulsory vaccination of all heifer calves for a number of years to be followed by blood testing of all animals. In March, 1967, the Federal Department of Agricul-

# Guest Editorial— Rigid contemporary world

(Guest editorial from The Montreal Star)

Cardinal Leger's talk to the graduating class of the University of Toronto was a worthwhile reminder of the words of Pope John. We live in a rigid world, and this rigidity has cost us over many years great agony and millions of lives. Pope John's "Encyclical Pacem in Terris" caused the world to stop and listen. The bells rang out and there was for a moment an answer in the hearts of men.

But we are back in the old predicament and "the extraordinary courage and simplicity of Pope John, and everyone's recognition that he meant what he said has been lost". Pope John made two points. He condemned racialism and he asked of those who were responsible for the very intricate modern means of mass communication to discard methods of information which fall short of the truth and by implication impair the reputation of this people or that.

Pope John's warning to those in mass media was well taken. There is a tendency in a part of this particular trade — press, radio, television — to act faster than prudence dictates, to over-simplify, to rely on the cliche and to respond both irrationally and violently. Few in this business would deny in their more rational moments what the Pope had to say, but time presses on this trade in a way that it presses on few others, and while it may not be a good excuse it is

On racialism Cardinal Leger made a the best that circumstances permit us to offer. point which bears repetition. Peacemongers are subject always to the charge of being extremists or fellow-travellers, or dreamy-eyed liberals. Those who seek for peace are indeed likely to be so described by the practical men, but human values are not such, as he pointed out, that they can be solved by denying our principles.

"We cannot solve our problems by throwing bombs at people — and this applies to little home-made affairs as well as atom and hydrogen bombs".

When we get to this stage, as the Cardinal pointed out, we have stopped thinking of each other as human beings. We consider each others as abstractions — Communists, Fascists, Socialists or Capitalists, French-speaking Canadians, or English-speaking Canadians. "Beings to be mistrusted, hated and if possible destroyed".

We have had something of that in this province already, and in world politics we are guilty of it on a mass basis, but what Pope John, and, in his turn, Cardinal Leger, are calling for is something quite different: that we look not at people, but at persons; that we avoid the rigidity which in 1917 forced those in charge of our affairs to disregard the appeal of Pope Benedict, made "in the voice of humanity and reason" to stop the first World War. It was clear at that time, as Cardinal Leger said, that on both sides "there was an attitude which made negotiation impossible, and each side sincerely believed the other to be dangerous and untrustworthy".

We have reached that stage in our affairs today. Cardinal Leger did not say so, nor indeed Pope John, but once we begin to regard the other side in these iron clad and unchangeable terms, we are reaching a position where we imperil the future of millions.

# MacDuff Ottawa report . . . Crime and politics

OTTAWA.—There is "a sinister and growing involvement of crime in politics" That statement was made by no headline-hunting political hotchotmon.

It was made by Prime Minister Pearson, following publication of the Dorion Report. He pledged his Government to a war on crime.

Not many months ago, Mr. Pearson, along with most Canadians, would have greeted that kind of statement with a certain incredulity. It would have been un-Canadian to believe that the tentacles of international crime, the Mafia, the Cosa Nostra, L'union Corse, were reaching into Government itself.

Some of that incredulity greeted Conservative MP Erik Nielsen last November 23, when he rose in the Commons to reveal charges of bribery and coercion in Government offices.

The course of the next few months, not only vindicated Mr. Nielsen, but opened the eyes of Mr. Pearson to what dangers lurk in the seemingly and familiar lagoons of politics.

Judge Frederic Dorion, Chief Justice of Quebec Superior court, was named to make a full inquiry into the charges. Before his tribunal trooped a savage and unsavory crew from the demimonde of crime and politics.

The Judge's report felled Justice Minister Favreau, not for any lack of honesty or honor, but for his failure to recognize the dangers and to deal with them adequately.

Gone too, and perhaps facing criminal charges, was Raymond Denis, former executive assistant to former Immigration Minister Tremblay Judge Dorion said there was no doubt Denis had offered a $20,000 bribe in an attempt to obtain bail for suspected dope smuggler Lucien Rivard.

Guy Rouleau, the personable young member of parliament from Montreal-Dollard who became embroiled in the affair, saw his career disintegrate almost overnight He lost successively his job as Parliamentary Secretary to the Prime Minister, Chairman of the Liberal caucus, and finally his seat in Parliament and his membership in the Liberal Party

A number of others on the fringes of the Liberal party had their careers abruptly terminated Some will have their day in court Others, if they are lucky, may live out their days in peace, content to have lightly escaped their brush with organized crime.

In the meantime, the men at the top have been made rudely aware of the power and influence of international criminals. They have been forced to consider how, in the scheme of things, the money paid out for an election poster could well be the same dollar that paid off the prostitute or the dope peddler.

For men like Mr. Pearson, this has always been a blind area. It did not behoove a political leader to pay much attention to the twilight zone between politics and crime. Only recently, when it became apparent that the criminal elements were boldly intruding on the political scene did the Government become alert to the dangers.

The danger, contrary to what some may think, does not come solely from old-line Quebec politics.

Consider the Harry Stonehill case. He was a wealthy immigrant who wanted to settle in Vancouver and become a Canadian. He found influential friends in British Columbia. It took a long time to get rid of him, in spite of his sordid background of [illegible] peddling, and the fact that he was wanted in the United States on several charges. One Vancouverite who made representations in Ottawa to keep Stonehill in Canada has been convicted of forgery for signing B.C. Premier Bennett's name to a letter.

Then there was the case of Nono Minaudo, a Windsor immigrant with alleged Mafia connections who managed to delay his deportation for several years. He, too, had the help of no doubt well-meaning friends. At one time he had the present External Affairs Minister, Paul Martin, as his lawyer.

The one heartening fact about all these cases—the Rivard affair, the Stonehill case, Minaudo—is that the pressure tactics didn't work The payoffs were rejected, the bribes turned down, the influence petered out at a certain point.

Lucien Rivard did not obtain bail He had to escape from jail instead Stonehill and Minaudo were both eventually forced to leave Canada.

But there are other disturbing questions raised by these incidents.

How is it that a man like Lucien Rivard, engaged in the international narcotics smuggling trade, was able to find so many diligent helpers in the ranks of and on the fringes of the Liberal Party?

Why was the easy assumption made by criminals that Government figures could be bought, that political influence could be diverted to thwart the course of justice?

These are the long, disturbing questions now being pondered by Mr. Pearson.

Their implications take him deep into the nature of the financing of political parties, the slush fund, the use and abuse of political power at every level, in short, the war on crime in politics.

At the moment, naturally enough, the personal consequences of the Dorion report — the resignations, the shattered careers—are getting most attention. The Government certainly has a duty to act on the report's conclusions

But it has a further duty, which Mr Pearson fortunately seems to recognize. It is to ensure that the same scenes are never played again, with nothing changed but the names of the actors.

# Humanitarian gesture

The conscience of Parliament should be disturbed by what happened to William E. Grant, former Yukon Indian agency superintendent. He was convicted on six counts of making false returns to the Indian affairs branch at Ottawa. His punishment: $10 on each count or one day in jail in default of payment.

The story that was unfolded in court is one of indictment of the manner in which Indian affairs in this country are managed by the Ottawa bureaucrats. Mr. Grant testified how he used money allocated for relief to provide other services for the people in his charge. He took these measures when he found it impossible to get important things done for Indian people through normal channels.

Mr. Grant was guilty under the law. But Mr. Justice Parker, who presided in the court and was required to pass sentence, had this to say: "Mr. Grant could have sat and watched the people in his agency die, could have said, 'I have only so much money to spend. This has to be, I've done what I can'."

Political "sweet talk" and the acceptance of feathered head-dresses as "honorary chiefs" of Indian tribes do not solve the problems of the Indians. The country can rightly salute a man with courage who will defy the bureaucrats and risk his career until changes are made in existing rules and regulations in respect to the Indian people.

# Ordination and anniversary held at Bawlf June 20th

Mrs. Joe Knudson

PALMER-EARLING, June 25—On June 20th the ordination service was held at Bawlf Lutheran Church when Harold Lovrud was ordained into the holy ministry by Rev. J. S. Stolee, former Pastor at Bawlf. The ordination sermon was given by Pastor Martin Knudson of Wynyard, Sask. The 27-year-old minister, son of Mr and Mrs. Jacob Lovrud of Bawlf, received his elementary and high school at Bawlf. After studying at the CLBI in Camrose he enrolled at the University of Saskatchewan where he received the Bachelor of Arts degree in 1962. He studied theology at Luther Seminary, Saskatoon interned in St. Olaf Lutheran Church under the direction of Pastor Gordon Hope and graduated with a BD degree May 21 this year from Lutheran Seminary

He will be pastoring in the Rabbit Lake, Sask., parish. His wife is the former Corine Knudson, elder daughter of Pastor and Mrs. Martin Knudson. A fellowship dinner for all and a brief program followed the service in the church parlors, honoring Pastor Harold Lovrud and his wife

**SILVER ANNIVERSARY**

Following the dinner relatives and friends gathered at the Bawlf Church parlors to celebrate the 25th wedding anniversary of Pastor and Mrs. Martin Knudson, former Earlingites, sponsored by the Zion and Skudesnes congregations.

Pastor Palmer Olson, Bawlf, a classmate at seminary with Martin Knudson, was master of ceremonies and chaired an hour-long program of songs, duets and readings

Mrs. H. Lovrud pinned on the corsages for her mother and dad. Seated at the decorated bridal table with Rev. and Mrs. Knudson were their family, Mr. and Mrs Harold Lovrud and Sharon Knudson of Saskatoon. Carol, their youngest daughter, was unable to be present.

The attendants at the wedding 25 years ago, Harry Mosby of Tofield, the bride's brother, and the groom's sister, Mrs. Chester Throndson, their mothers Mrs. Annie Mosby and Mrs. Ragna Knudson of Camrose. Pastor and Mrs. P Olson, Pastor and Mrs J. B. Stolee and Pastor and Mrs Arnold Hagen of CLBI were all present.

Centring the table was the three-tier anniversary cake made by Mrs. George Mosby and beautifully decorated by the groom's sisters, Mrs. Clifford Carlson and Mrs Chester Throndson

**PRESENTATIONS**

On behalf of the Knudson families, Rev. Lars Knudson of Elbow, Sask., presented a purse of money and a scrap book compiled by Alma and Judith. Edwin Mosby, Camrose also presented a purse of money and good wishes from the Mosby families.

## Guest Editorial— Rigid contemporary world

(Guest editorial from The Montreal Star)

Cardinal Leger's talk to the graduating class of the University of Toronto was a worthwhile reminder of the words of Pope John. We live in a rigid world, and this rigidity has cost us over many years great agony and millions of lives. Pope John's "Encyclical Pacem in Terris" caused the world to stop and listen. The bells rang out and there was for a moment an answer in the hearts of men.

But we are back in the old predicament and "the extraordinary courage and simplicity of Pope John, and everyone's recognition that he meant what he said has been lost". Pope John made two points. He condemned racialism and he asked of those who were responsible for the very intricate modern means of mass communication to discard methods of information which fall short of the truth and by implication impair the reputation of this people or that.

Pope John's warning to those in mass media was well taken. There is a tendency in a part of this particular trade — press, radio, television — to act faster than prudence dictates, to over-simplify, to rely on the cliche and to respond both irrationally and violently. Few in this business would deny in their more rational moments what the Pope had to say, but time pressure on this trade in a way that it presses on few others, and while it may not be a good excuse it is the best that circumstances permit us to offer, point which bears repetition. Newspapers are subject always to the charge of being extremists or fellow-travellers, or dreamy-eyed liberals. Those who seek for peace are indeed likely to be so described by the practical man, but human values are not such, as he pointed out, that they can be solved by denying our principles.

"We cannot solve our problems by throwing bombs at people — and this applies to little home-made affairs as well as atom and hydrogen bombs".

When we get to the bombs, as the Cardinal pointed out, we have stopped thinking of each other as human beings. We consider each others as abstractions — Communists, Fascists, Socialists or Capitalists, French-speaking Canadians, or English-speaking Canadians. "Beings to be mistrusted, hated and if possible destroyed".

We have had something of that in this province already, and in world politics we are guilty of it on a mass basis, but what Pope John, and, in his turn, Cardinal Leger, are calling for is something quite different: that we look not at people, but at persons; that we avoid the rigidity which in 1917 forced those in charge of our affairs to disregard the appeal of Pope Benedict, made "in the voice of humanity and reason" to stop the first World War. It was clear at that time, as Cardinal Leger said, that on both sides "there was an attitude which made negotiation impossible, and each side sincerely believed the other to be dangerous and untrustworthy".

We have reached that stage in our affairs today. Cardinal Leger did not say so, nor indeed Pope John, but once we begin to regard the other side in these iron clad and unchangeable terms, we are reaching a position where we imperil the future of millions.

## MacDuff Ottawa report... Crime and politics

OTTAWA.—There is "a sinister and growing involvement of crime in politics". That statement was made by no headline-hunting political hatchetman.

It was made by Prime Minister Pearson following publication of the Dorion Report. He pledged his Government to a war on crime.

Not many months ago, Mr. Pearson, along with most Canadians, would have greeted that kind of statement with a certain incredulity. It would have been un-Canadian to believe that the tentacles of international crime, the Mafia, the Cosa Nostra, L'union Corse, were reaching into Government itself.

Some of that incredulity greeted Conservative MP Erik Nielsen last November 25, when he rose in the Commons to reveal charges of bribery and coercion in Government offices.

The course of the next few months, not only vindicated Mr. Nielsen, but opened the eyes of Mr Pearson to what dangers lurk in the seemingly and familiar lagoons of politics.

Judge Frederic Dorion, Chief Justice of Quebec Superior court, was named to make a full inquiry into the charges. Before his tribunal trooped a savage and unsavory crew from the demi-monde of crime and politics.

The Judge's report foiled Justice Minister Favreau, not for any lack of honesty or honor, but for his failure to recognize the dangers and to deal with them adequately.

Gone too, and perhaps facing criminal charges, was Raymond Dandi, former executive assistant to former Immigration Minister Tremblay. Judge Dorion said there was no doubt Dandi had offered a $30,000 bribe in an attempt to obtain bail for suspected dope smuggler Lucien Rivard.

Guy Rouleau, the personable young member of parliament from Montreal-Dollard who became embroiled in the affair, saw his career disintegrate almost overnight. He lost successively his job as Parliamentary Secretary to the Prime Minister, Chairman of the Liberal caucus, and finally his seat in Parliament and his membership in the Liberal Party.

A number of others on the fringes of the Liberal party had their careers abruptly terminated. Some will have their day in court. Others, if they are lucky, may live out their days in peace, content in the fully escaped their brush with organized crime.

In the meantime, the men at the top have been made acutely aware of the power and influence of international criminals. They have been forced to consider how, in the scheme of things, the money paid out for an election poster could well be the same dollar that paid off the prostitute or the dope peddler.

For men like Mr. Pearson, this has always been a blind area. It did not behoove a political leader to pay much attention to the twilight zone between politics and crime. Only recently, when it became apparent that the criminal elements were boldly intruding on the political scene did the Government become alert to the dangers.

The danger, contrary to what some may think, does not come solely from old-line Quebec politics.

Consider the Harry Stonehill case. He was a wealthy immigrant who wanted to settle in Vancouver and become a Canadian. He found influential friends in British Columbia. It took a long time to get rid of him, in spite of his sordid background of influence-peddling and the fact that he was wanted in the United States on several charges. One Vancouverite who made repeated intensive in Ottawa to keep Stonehill in Canada has been convicted of forgery for signing B.C. Premier Bennett's name to a letter.

Then there was the case of Nemo Minasio, a Windsor immigrant with alleged Mafia connections who managed to delay his deportation for several years. He, too, had the help of no doubt well - meaning friends. At one time he had the present External Affairs Minister, Paul Martin, as his lawyer.

The one heartening fact about all these cases—the Rivard affair, the Stonehill case, Minasio —is that the pressure tactics didn't work. The payoffs were rejected, the bribes turned down, the influence pedaled out at a certain point.

Lucien Rivard did not obtain bail. He had to escape from jail instead. Stonehill and Minasio were both eventually forced to leave Canada.

But there are other disturbing questions raised by these incidents.

How is it that a man like Lucien Rivard, engaged in the international narcotics smuggling trade, was able to find so many diligent helpers in the ranks of and on the fringes of the Liberal Party?

Why was the easy assumption made by criminals that Government favors could be bought, that political influence could be diverted to thwart the course of justice?

These are the long, disturbing questions now being pondered by Mr. Pearson.

Their implications take him deep into the heart of the financing of political parties, the slush fund, the use and abuse of political power at every level, in short, the war on crime in politics.

At the moment, naturally enough, the personal consequences of the Dorion report — the resignations, the shattered careers—are gaining most attention. The Government certainly has a duty to act on the report's conclusions.

But it has a further duty, which Mr. Pearson fortunately seems to recognize. It is to ensure that the same scenes are never played again, with nothing changed but the names of the actors.

## Humanitarian gesture

The conscience of Parliament should be disturbed by what happened to William E. Grant, former Yukon Indian agency superintendent. He was convicted on six counts of making false returns to the Indian affairs branch at Ottawa. His punishment: $10 on each count or one day in jail in default of payment.

The story that was unfolded in court in use of indictment of the manner in which Indian affairs in this country are managed by the Ottawa bureaucrats. Mr. Grant testified how he used money allocated for relief to provide other services for the people in his charge. He took these measures when he found it impossible to get important things done for Indian people through normal channels.

Mr. Grant was guilty under the law. But Mr. Justice Parker, who presided in the court and was required to pass sentence, had this to say: "Mr. Grant could have sat and watched the people in his agency die, could have said, 'I have only so much money to spend. This has to be, I've done what I can'."

Political "sweet talk" and the acceptance of feathered head-dresses as "honorary chiefs" of Indian tribes do not solve the problems of the Indians. The country can rightly salute a man with courage who will defy the bureaucrats and risk his career until changes are made in existing rules and regulations in respect to the Indian people.

## Ordination and anniversary held at Bawlf June 20th

Mrs. Joe Knudson

PALMER-EARLING, June 25—On June 20th the ordination service was held at Bawlf Lutheran Church when Harold Lovrud was ordained into the holy ministry by Rev. J. S. Bloler, former Pastor at Bawlf. The ordination sermon was given by Pastor Martin Knudson of Wynyard, Sask. The 37-year-old minister, son of Mr and Mrs. Jacob Lovrud of Bawlf, received his elementary and high school at Bawlf. After studying at the CLBI in Camrose he enrolled at the University of Saskatchewan where he received the Bachelor of Arts degree in 1962. He studied theology at Luther Seminary, Saskatoon. Interned in St. Olaf Lutheran Church under the direction of Pastor Gordon Hope and graduated with a BD degree May 21 this year from Lutheran Seminary.

He will be pastoring in the Rabbit Lake, Sask., parish. His wife is the former Corine Knudson, elder daughter of Pastor and Mrs. Martin Knudson. A fellowship dinner for all and a brief program followed the service in the church parlors, honoring Pastor Harold Lovrud and his wife

### SILVER ANNIVERSARY

Following the dinner relatives and friends gathered at the Bawlf Church parlors to celebrate the 25th wedding anniversary of Pastor and Mrs. Martin Knudson, former Earlingites, observed by the Zion and Skudesnes congregations.

Pastor Palmer Olson, Bawlf, a classmate at seminary with Martin Knudson, was master of ceremonies and chaired an hour-long program of songs, duets and readings.

Mrs. H. Lovrud pinned on the corsages for her mother and dad. Seated at the decorated bridal table with Rev. and Mrs. Knudson were their family, Mr. and Mrs. Harold Lovrud and Sharon Knudson of Saskatoon. Carol, their youngest daughter, was unable to be present.

The attendants at the wedding 25 years ago, Harry Mosby of Tofield, the bride's brother, and the groom's sister, Mrs. Chester Throndson, their mothers Mrs. Annie Mosby and Mrs. Regina Knudson of Camrose. Pastor and Mrs. P. Olson, Pastor and Mrs. J. B. Stolee and Pastor and Mrs. Arnold Rogen of CLBI were all present.

Centering the table was the three-tier anniversary cake made by Mrs. George Mosby and beautifully decorated by the groom's sisters, Mrs. Clifford Carlson and Mrs. Chester Throndson.

### PRESENTATIONS

On behalf of the Knudson families, Rev. Lars Knudson of Estevan, Sask., presented a purse of money and a scrap book compiled by Alma and Judith Edwin Mosby. Camrose also presented a purse of money and good wishes from the Mosby families.

Alvin Bestrud of Zion Church spoke briefly and presented a purse of money from the Zion and Skudesnes friends. Mrs. Joe Knudson presented a small gift from the Skudesnes LCW. Martin being a son of that congregation.

Sandra Throndson, their niece, was in charge of the guest book and Magdalene Knudson poured the coffee, when refreshments were served in closing.

Pastor and Mrs. Knudson both expressed their appreciation. Their children had already presented their gift in March at the royal date, at the family gathering then.

Martin Knudson and Constance Mosby were married in Ryley by Pastor Vinge March 20, 1943, and farmed in Earling until he entered CLBI and seminary. At present they are pastoring at Wynyard, Sask., going there from Calgary last January.

## Holmes - Yoder wedding ceremony in Winnipeg

A double-ring ceremony was solemnized in the RCAF Protestant Chapel, Winnipeg, Man., on June 26th at 4:30 p.m., when Carol Ann, daughter of Wing Commander and Mrs. Stanley W. Yoder, 462 Sharpe Blvd., was united in marriage with Kenneth Gordon Holmes, Royal Canadian Mounted Police, Killarney, Man., son of Mrs. Amy Holmes, and the late Joseph Holmes, London, Ontario. Padre Phillip D. Ross officiated.

The bride, given in marriage by her father, wore an empire-line gown of peau de soie with guipure lace bodice and elbow-length sleeves. The controlled A-line skirt was gathered into a gentle fullness at the back with a panel train appliqued at the hemline with guipure lace. The silk illusion bouffant veil was held in place by a floral head-piece, and she carried a bouquet of white orchids, stephanotis and ivy streamers in a teardrop cascade design.

Maid of honor, Miss Patricia Yoder, and bridesmaid, Miss Linda Epp, wore floor-length gowns of yellow organza fashioned on empire lines. The gowns featured softly puffed sleeves of white embroidery on yellow organza and a border of white embroidery at the skirt hem. A double flower with a butterfly veil formed the head-pieces, and they carried bouquets of white and yellow marguerites in cascade design with sheer ribbons.

The flower girl, Sandra Epp, wore a floor-length dress of yellow organza similar to those of the other attendants and she carried a flower "puff" of white tulle and yellow marguerites with tiny streamers.

Constable Patrick Hodgkinson, bestman, and ushers Constables Kit Gill and Gerald Ferguson wore RCMP full dress.

The bride's mother wore a gown of French imported lace in mushroom color with matching tiara hat and bag, on which she wore pink tea rose buds, also matching accessories.

The groom's mother wore a blue taffeta gown with matching lace overcoat, her accessories were blue and she wore a corsage of yellow tea roses.

Grandmother of the bride, Mrs. John Yoder, of Kitchener, Ont., wore a gown of beige brocade with matching hat and accessories her corsage was American beauty roses.

A reception was held at the Royal Alexander Hotel where Squadron Leader Patrick Thompson proposed the toast to the bride.

After a wedding trip to Maine, the couple will reside in Killarney, Man.

## Lakeshore-McKenzie

(Mrs. Ellen Eaton)

The Lakeshore - McKenzie districts are holding a picnic and pot-luck dinner at the roadside picnic grounds on Highway 16, west of Bilan's Store at Ross Creek. This picnic is sponsored by the Lakeshore UCW and will be held on Sunday, July 18, with dinner at 12:30 noon, weather permitting. All those wishing to join in this picnic and help make it a success are cordially invited to come and bring their families.

Johnny Wood motored to Onoway early Friday morning to get his wife, Gloria, who had been spending a few days with her parents, Mr. and Mrs. John Miller. Mrs. Ethel Wood accompanied Johnny as far as Edmonton, where she was a breakfast guest at the home of her brother, Doug and Fran Baines.

Dede and Robert Goubault and daughter Judy, of Drayton Valley, and Robert's niece, Mary Tiedemann, returned at noon on Saturday from a motor trip to Estevan, Sask. Judy and Mary returned to the home of Mary's parents, Emil and Martha Tiedemann, where Judy is spending part of her holidays. Dede and Robert spent Saturday overnight and until after dinner Sunday at the home of Dede's parents, John and Mary Wood, before they returned home to Drayton.

**George Abernethy returned home last week from a motor trip to the United States. His sister, Mrs. Mildred Patch, and her grandson returned with him.**

Vernon Bethel and friend Sue Suttor from British Columbia were last Tuesday afternoon luncheon guests at the home of Mrs. Ethel Wood and family.

Vi and Elmer Geoglem were Saturday evening visitors at the home of Mrs. Ethel Wood.

**IN HOSPITAL**

We were sorry to learn that Mrs. Ida Niemetz is once again a patient in the Tofield Hospital, where she underwent surgery on Wednesday last week. We all wish her a speedy recovery.

Iriene and Harold Sieb and two children, of Ladner, B.C., were visitors at the home of Iriene's brother, Charlie and Mickey Niemetz, from Friday to Sunday.

Mr. and Mrs. Ed Lorenz of Medicine Hat arrived Saturday afternoon and were visitors and supper guests at the home of Ed's nephew, Charlie and Mickey Niemetz and family.

**B.C. VISITORS HERE**

Iriene and Harold Sieb and Harold Sieb and children of Ladner, B.C., were Sunday dinner guests at the home of Harold's sister, Eleanor and Erne Runzer. They visited Mrs. Ida Niemetz in the Tofield Hospital on their way to Edmonton, where they are guests of Iriene's sister, Erma and Fred Onyschuk, for a few days before returning to their home in B.C.

Donna and Frank Edwards, of Elk Point, were Saturday overnight and Sunday guests at the home of Donna's parents, Howard and Mae Ferguson. They were also Saturday evening visitors at the home of Jim and Wally Fisher.

Jim and Wally Fisher of Tofield were Sunday afternoon visitors and coffee guests at the home of Howard and Mae Ferguson and family.

**THIRD ANNIVERSARY**

John and Mary Wood and Mrs. Ethel Wood were guests of Yvonne and Peter Brown at the home of Yvonne's parents, Emil and Martha Tiedemann, on Wednesday evening, July 7th, helping Yvonne and Peter celebrate their third wedding anniversary.

Doug Bains and children, Barbara, David and Tim, of Edmonton were Saturday afternoon visitors and supper guests at the home of Doug's sister, Mrs. Ethel Wood, and family. Barb remained overnight and until Sunday evening with her aunt Ethel before returning home.

On Friday evening, Sandy and Irene Scott and two girls, of Lindbrook, Stanley and Keitha Brown and son Peter of Ketchamoot, Mr. and Mrs. Truman Fairbrother and daughter Marilyn of Spilstead, Eric and Bertha Sorrell and two children, and Mrs. Bertsch and three sons of Edmonton, were all guests at a wiener roast at the home of Emil and Martha Tiedemann and family.

## Holmes - Yoder wedding ceremony in Winnipeg

A double-ring ceremony was solemnized in the RCAF Protestant Chapel, Winnipeg, Man., on June 26th at 4:30 p.m. when Carol Ann, daughter of Wing Commander and Mrs. Stanley W. Yoder, 462 Sharpe Blvd., was united in marriage with Kenneth Gordon Holmes, Royal [illegible] Mounted Police, Killarney, Man., son of Mrs. Amy Holmes and the late Joseph Holmes, London, Ontario. [illegible] Phillip D. Ross officiated.

The bride, given in marriage by her father, wore an empire-line gown of peau de soie with guipure lace bodice and elbow-length sleeves. The controlled A-line skirt was gathered into a gentle fullness at the back with a panel train appliqued at the hemline with guipure lace. The silk illusion bouffant veil was held in place by a floral headpiece and she carried a bouquet of white orchids, stephanotis and ivy streamers in a teardrop cascade design.

Maid of honor Miss Patricia Yoder and bridesmaid Miss Linda Epp, wore floor-length gowns of yellow organza fashioned on empire lines. The gowns featured softly puffed sleeves of white embroidery on yellow organza and a border of white embroidery at the skirt hem. A [illegible] flower with a butterfly veil [illegible] the headpieces, and they carr[illegible] bouquets of white and yellow marguerites in cascade design with sheer ribbons.

The flower girl, Sandra Epp, wore a floor-length dress of yellow organza similar to those of the other attendants and she carried a flower "puff" of white tulle and yellow marquerites with tiny streamers.

Constable Patrick Hodgkinson bestman, and ushers Constables Kit Gill and Gerald Ferguson wore RCMP full dress.

The bride's mother wore a gown of French imported lace in mushroom color with matching tiara [illegible] and [illegible] she wore pink tea rose buds, also matching [illegible].

The groom's mother wore a blue taffeta gown with matching lace overcoat, [illegible] accessories were blue and she wore a corsage of yellow tea roses.

Grandmother of the bride, Mrs. John Yoder of Kitchener, Ont., wore a gown of beige brocade, with matching hat and accessories; her corsage was American beauty roses.

A reception was held at the Royal Alexander Hotel where Squadron Leader Patrick Thompson proposed the toast to the bride.

After a wedding trip to Maine, the couple will reside in Killarney, Man.

## Ryley and district news briefs

(M. K. Westmancoat)

Jim and Susan Fish and family of Edmonton were Sunday visitors with their parents, Mr and Mrs Johnny Fish, and Mrs. Sophie Budinski.

Mr and Mrs S N Booth accompanied their daughter, Marian and family when she returned to her [illegible] at Chilliwack, B C., and will holiday on the West Coast for awhile before returning home.

**PLEASANT HOLIDAY**

Cards are being received by relatives and friends here from Ole and Agnes Hagen who are on holiday in Norway. They report having had a lovely flight over on CPA and thoroughly enjoyed meeting their old friends. Ole and Agnes started their [illegible] in a novel way by going by boat from their house to the car on the road, as the heavy rainfall had turned their yard into a veritable lake.

Mr and Mrs Olaf Oslund will travel this week via Air Canada from the International Airport to spend an ex[illegible] summer vacation in Ottawa visiting with their daughter, Mildred, and son-in-law Mr and Mrs D C Gordon and their grandchildren, Donald and Joan.

Mr. and Mrs. Hans Nernason are on holiday in Vancouver and Victoria, and expect to be away several weeks. Doug and Marvel Down and family of Athabasca were down for the weekend to see their parents before they left for B C.

Johnny Jevning, an old-time resident of Ryley and now of Edmonton, was in town this week visiting old friends in the district.

Gordon and Johnny Booth went to Lacombe this week, where they will be employed for the summer at the Union College.

Mrs. Herbie Thomas of Nanaimo (the former Irene Young) has been in town visiting with her mother, Mrs. Cora Young.

## All welcome at services

(W. E. Grattan)

SPILSTEAD — The pleasant social evenings of worship and song held every second Friday rotating in the homes of the congregation are conducted by Miss [illegible] student minister of St. Stephen's College, Edmonton. Mrs. Bruer, a member of the congregation, leads the singing on her piano-accordion.

Up to date, July 9th, four of these happy gatherings have been held. The hosts were Mr. and Mrs. Bruer, Mr. and Mrs. Schmidt, Mrs. Winder and Mr. and Mrs. Hoflin, in that order.

The next meeting will be held at the home of Mr. and Mrs. Bruer on July 16th.

These home gatherings for praise and song are not exclusive [illegible] there are present members of the [illegible] and [illegible] congregations.

Anyone wishing to [illegible] will be heartily welcomed.

## 4-H Calf Club has 19th annual achievement day

(M. K. Westmancoat)

RYLEY — Wednesday, July 7 was the 19th annual achievement day for the Ryley 4-H Dairy Calf Club, and because of the inclement weather the show was transferred from their outside show ring on the sports ground, to the new loafing barn on the farm of George Knudsen.

George is one of the original members of the club and a vote of thanks is extended to him from the members and the adult committee for the use of his barn.

E. [illegible] of Edmonton was the judge and there were six classes shown. The big winner of the day was Dale Wimmes, who swept the board in all classes. As this was Dale's final year in the club it was a proud day for him to remember.

## PUBLIC NOTICE

### AGRICULTURAL FARM SALE REGULATIONS

An amendment to the Agricultural Farm Sale Regulations has been passed under authority of Order-in-Council 1117/65. Effective immediately the Department of Lands and Forests may consider applications for agricultural farm sales on any available land within the province other than in the green or non-settlement area.

This amendment makes available for agricultural farm sale lands which were previously reserved solely for homestead purposes. Homestead applications will still receive priority over any other application.

# Sheepman foils coyote menace

V. Bates has just completed another year of shearing with the total down a little from the record 2,000 of last year. The reason for the lower number is due to coyotes which preyed on the animals.

A friend of Vince, Tom Duggan of Camrose, who depends mainly on the income from over 300 sheep, had to choose between disposing of his flock or going after the killers. Deciding on the latter, he acquired two hounds, a couple of tracking dogs and what is known as a Skidoo—a single track machine capable of travelling over any depth of snow.

Favored by open country, Tom was very successful, accounting for 121 coyotes during last winter with the high for one day of ten. The hounds are capable of running 40 miles per hour when the going is good and are fierce fighters as the chewed ears and scars on the coyotes testify. Their objective is the coyote's throat, and few get away.

Tom finds the chase exciting, each trying to outwit the other. Coyotes will jump back and forth through railroad fences in an effort to gain ground, and one even hid in the woodbox of an empty house

Farmers in the district owe Tom a big thanks, even though some may only have poultry.

vaccination, effective October 1, 1965. The Alberta department of agriculture will continue to pay grants to the municipality to defray part of the cost of vaccinations under the voluntary program.

The continued vaccination of heifer calves is advocated, especially herd replacements. In this way you will be maintaining a herd with considerable resistance against Brucellosis. With your municipality tested and certified, it still remains the responsibility of the individual cattleman to protect and guard against Brucellosis gaining a foothold in his herd.

**COMPULSORY**

In reply to a question by George Robinson, Dr. Brisbane advised that eligible heifer calves would be vaccinated at stock yards on a compulsory basis and the cost would be borne by the provincial department of agriculture.

Q. When a woman guest is leaving a party [illegible] are [illegible]ing nearby waiting for her to make her exit, and she is engaged in conversation with the hostess, should they remain standing or may they sit down?

A. They should remain standing so long as they are nearby. It would [illegible] all right, however, for them to sit down if they move to another part of the room.

Q. I'm planning to mail out 200 wedding invitations, and I wonder if it would be all right to use a metered stamp on the envelopes?

A. [illegible] lend a commercial or business like aspect to your wedding. Your stamps must be affixed by hand!

Q. When a girl is being introduced to a man whom she believes she has met previously, should she mention this to him?

A. If his memory seems not so good as hers, it would probably be better not to make mention of the former meeting, but merely to acknowledge this one as though it were the first.

Q. Would it be proper for me to give a birthday party for myself?

A. Not unless you want to give the impression that you are soliciting gifts. If you really want to give a party, extend your invitations without mentioning the fact that it is your birthday. Then later at the party you can make the big announcement.

Q. Is it acceptable now to send a typewritten note of condolence, signing it of course by hand?

A. While most social correspondence may now be typed, it still is considered more proper and more indicative of sincere sympathy to write letters of condolence by hand.

Q. Where do I put my olives and radishes served at a formal dinner, when there is no bread-and-butter plate?

A. Place them on the edge of the plate from which you are eating. Salt for the radishes goes there, too.

Q. When a man brings a business associate home and presents him to his wife, does she make the customary acknowledgment, "How do you do?"

A. In this case, the wife should exhibit a little more cordiality and pleasure over the meeting by adding some such expression as, "I'm very glad to see you", or, "I'm so happy you were able to come".

Q. When one is carrying a tray in a cafeteria, is one supposed to ask permission of a stranger to sit at his or her table?

A. This is not necessary.

reduced from 25 cents per head to 10 cents.

Dr. Brisbane suggested a meeting could be held with the veterinarians concerned to see how they would like to organize this program.

The Chairman thanked Dr. Brisbane for his attendance, and Dr. Brisbane retired.

After some further discussion on the organization of the Brucellosis program, it was agreed that it be organized the same as in the past for the next year.

In other business, Rex Boyles said he did not think he would be able to spray 30 acres in the Blackfoot pasture, as much of it is too rough to drive a vehicle over.

The board felt that any amount that could be done to show the feasibility and cost would be advantageous. The board also felt that the association should pay part of the cost of this project.

Mr. Boyles said he would contact some of the officers to get their opinion.

Mr. Boyles reported that 160 to 170 miles of roadside spraying has been done for weed and brush control. He said the cost is about $4 per completed mile.

Mr. Boyles reported that the ditches were too wet to seed this spring. Stan Powers said that unless these ditches could be seeded early in August it was better to leave them as late as possible in the fall.

Mr. Boyles reported a considerable interest in shelter belt spraying and that the 1016K unit was being rented out for this purpose. He said he had no part in this program except to arrange for the rental of the unit.

**REPORT**

In his field supervisor's report, Mr. Boyles said: "A total of 442 heifer calves were vaccinated during the Spring Bangs campaign by Drs. Stiles and Bildfell.

Some criticism has been received since compulsory vaccination will be discontinued this fall.

"A record number of trees were planted this spring. Wet ground prevented use of the tree planter in most areas. Six farmers used the planter this year.

"Six shelter-belt weed spraying demonstrations were completed, using Gramoxone chemical. Plot signs along highway 14 indicate locations.

"Weed control calls to date include weed identification, calibrating sprayers, recommendation for the use of carbyne, Kill-Mor, Gramoxone, mil diethanis and other new chemicals and their application. Seven patches of Toad flax have been reported.

"Complaints of insect damage in rape and shelterbelts have increased. Three farmers have used our sprayer unit.

"No poison has been released for coyote control. Five calls were received for information regarding pocket gopher poisoning.

"Brush and weed spraying was started on June 14. By combining weed and brush spraying around 160 miles have been sprayed to date and costs are being held to $4 per mile as planned.

"Two rural telephone companies have requested to have second growth sprayed under their lines. Easements have been obtained for this work".

**CHANGES**

Stan Powers read a letter from the department of agriculture outlining the organization of the Agricultural Service Board after January 1, 1966. It was stated this will be a committee of the council but will have an advisory committee made up of various interested persons outside the council. The number of persons on this committee would be set by the council. According to the department there could be representatives from organizations in a town or village on this committee as they are vitally interested in agriculture. He suggested the members bring in a list at the next meeting of the persons they feel would be good members on this committee and that a meeting be held with this committee before the end of this year to try and have a working organization prior to January 1.

Keeping tools and implements in good repair is as much a part of modern farming as the spring plowing. A well-equipped farm workshop is a paying proposition all year round but really earns its keep in the busy season when emergency repairs must be made to the farm machinery. In his workshop, the farmer can operate lathes, drills, grinders and welders while he harnesses electricity to do his milking, feed and water stock, brood chickens, and clean and grind feed.

## Slight hail, no damage

In his crop report for this week, H. B. Berke of Ryley reports that a "very slight" hail storm passed over the district last Thursday evening but no apparent damage resulted.

The weather in the Tofield-Ryley area has been warmer during the past week, with occasional showers, most of them at night. This morning, however, it was cloudy and light rain was falling.

"Crops are growing well, but we still need more warm weather", says C. H. Nolan of Tofield in his report.

Nonetheless, prospects are very good for an excellent crop all through the district. All wheat in the Tofield area has reached the shot blade stage and about 75 per cent of the wheat crops in the Ryley area have advanced this far. About half the wheat is headed at Tofield, while about 15 per cent is heading out at Ryley.

**A ROYAL INSPECTION.** Highlight of Queen Elizabeth, the Queen Mother's five-day visit to Toronto was presentation of new colors to the Toronto Scottish Regiment, of which she is colonel-in-chief. Other prominent part of her stay was presentation of prize to the winner of the Queen's Plate. This marked Her Majesty's fourth visit to Canada.

## 'Surprise' visitors here from California

(Mrs. G. H. Taylor)

HOLDEN — Visitors with Mrs. N. L. Campbell Wednesday of last week were Mr. and Mrs. Paul De Mange of Paradise, Calif. Mrs. De Mange is the former Mrs. Wilbur Daily (nee Doris Wear), and with her family resided for many years on a farm in the district, the Daily farm; being one of the pioneer families. Mr. and Mrs. De Mange were on a motor trip around various local points and on their way to Wainwright to visit with Mrs. De Mange's brother and wife, Mr. and Mrs. Charles Wear and other relatives around Coronation.

Doris was telling that her sister-in-law, Mrs. Elsworth Dailey, the former Eva Coons of Orville, Calif., had passed away last June 18th. The funeral was held the following Friday, her three children, Emma, Bert and Cecil attending.

Mrs. Winnie Johnson visited with her mother, a patient in the Tofield hospital, Sunday afternoon.

## Mrs. Paradis passes in Edmonton at 85

On July 12th, Mrs. Rachel H. Paradis, age 85 years, of Edmonton and formerly of Tofield passed away. She was the widow of F. Paradis. She is survived by two daughters, Mrs. James A. (Ruth) Duncan of Toronto, Mrs. H. (Alice) MacGillveray of Pocatello, Idaho; one son, E. F. (Ted) of Edmonton; five grandchildren; four great-grandchildren, one brother, James Logan of Calgary.

Funeral services were held on Thursday, July 15th, from Ward and McBride Chapel in Edmonton, with Dean T. W. Toops officiating.

## Around the town . . .

Mrs. K. King and little daughters, Christine and Bonnie, visited over the weekend with her parents, Mr. and Mrs. Stockton.

**ACCIDENT NOT SERIOUS**

Word has been received that the car accident in which A. R. Chatterbath was involved on his way to Tofield for the July 1st celebration, was not as serious as thought at first. He is feeling fine and we hope to see him next year.

* * *

Mr. and Mrs. Joe Litke from Fawcett were recent visitors at the Walter Wilkan and Rose Knudsen homes.

* * *

Mrs. Leona Webb of Edmonton spent a few days visiting in town.

## Oldtimer visits here

(M. K. Westmancoat)

RYLEY — Mrs Lottie Dahl of Vancouver, mother of Mrs. Lucille Knudsen, and Mrs. Bill Jackson, the former Charlotte Dahl, also of Vancouver, B.C., arrived here to be present at Glen and Beverly's wedding on Saturday afternoon. Mrs. Dahl, now 85 years of age, is an old timer of the Ryley district, and is enjoying her stay here, renewing old friendships. On Monday, approximately 45 old time residents gathered at the home of Mrs. Caroline Davick for a social afternoon in honor of Mrs. Dahl, and many pleasant memories were recalled. Mrs. Dahl will be returning this week to her home in Vancouver.

## Community picnic to be held Sunday

(Mrs. Ellen Eaton)

LAKESHORE-McKENZIE, July 21. — The Lakeshore-McKenzie Community Picnic will be held on Sunday, July 25, at the roadside picnic grounds just west of the Bilan Store, Ross Creek, on Highway 16, weather permitting.

The picnic was to have been held on the 18th, but due to the bad storms of the weekend had to be postponed.

A pot-luck dinner will be held at 12:30, so try to be early if possible. Everybody welcome—come and bring your picnic luncheon and join in the picnic games.

## 4-H Club to enter float in parade

(M. K. Westmancoat)

RYLEY — Members of the 4-H Dairy Calf Club, the adult committee, and the members' parents, have been busy this week preparing the float that the club will enter in the Vegreville Fair parade on Monday morning, July 26th.

In past years, the club has taken many prizes for their floats in the Vegreville Fair, and they hope this one will do the same.

The float is being assembled on the Bill Winsnes farm, under the supervision of Mrs. Bertha Winsnes, and the theme this year will be "Boost the Dairy Industry".

## Weatherill exhibits runner-up

The reserve champion steer carcass in the Klondike Days exhibition in Edmonton last week was one exhibited by Harold Weatherill of Tofield. It was sold to Burns for 65 cents a pound. The champion carcass in the interbreed steer competition was won by Stan Schellenberger of Spruce Grove, and it sold for 75 cents a pound to Canada Packers.

## School committee meets July 6th

Following are minutes, in part, of the regular meeting of the County of Beaver No. 9 School Committee, held July 6th:

**Purchase Teacherage in Viking**

Concerning the purchase of a teacherage in Viking, motion 288-65, the secretary-treasurer reported that Title No. 86-A-194 was now issued in the name of the County for Lot 11 in Block 31, Plan 4869 MC, and that the purchase price of $14,000 had been paid, that the cost of registration of Title had been paid and that six months taxes in the amount of $145.12 would be paid.

Moved and carried that the report be accepted.

In the matter of the building project at the Viking school, Mr. Pike reported that the second subdivision to the School Building Board had been turned down for various reasons and that a third submission had been made after consultation with Cr. Roddick and Mr. Allen and the representative from the School Building Board. This new statement of need was to be dealt with on Monday, July 5th, by the School Building Board.

Moved and carried that the Committee concurs in the third statement of need submitted, as reported by the Superintendent.

**Salary Negotiations**

In regards to the salary negotiations, the secretary-treasurer mentioned that reference to this matter, apart from motion 289-65, had been omitted from the minutes in the June 8th meeting.

Mr. Cross reported prior to adjournment on June 8th that he had calculated the increase, based on the last suggestion submitted by the bargaining agents on June 7th, would amount to 3.62% without increments; with increments 5.68%. The Committee decided to accept this proposal as it conformed fairly well with other settlements in the area. It was decided to call the bargaining agents and the chairman of the bargaining committees together on Wednesday, June 9th, to complete a memorandum of agreement.

Moved and carried that the report be accepted and that the County Chairman be authorized to sign the agreement.

# Disturbing situation

Latest development in the grain handlers' strike at Vancouver is a really disturbing situation, as whole crews of freight trains book off "sick" in order to avoid crossing picket lines with grain the railways order hauled to other elevators than the Alberta Wheat Pool, which has been struck by the workers.

In spite of union protests that the "sick routine" is not sanctioned by the union, nor had they any knowledge of it, the public is hardly naive enough to believe whole crews would simultaneously come down with some incapacitating illness . . . never having done so before. By its action, the railway union is mocking the whole process of union-management negotiations, which can in the end do nothing but work against their interests.

While Pool president G. W. Harrold stated this week there was no cause for alarm on the farms of Alberta, as there was ample storage available, farmers are still concerned over the ability of only a handful of men to hold up and make impossible delivery of the grain they so badly need to sell, to the customers we so dearly wish to cultivate.

The situation has to be resolved soon, for even the ample storage of the Pool can hardly hold all the grain likely to be delivered this fall. In any case, the insistence of the union on no settlement unless the Pool withdraws its court action implies they know they are on weak grounds legally, and cannot win this way. Their demand to win by methods that circumvent the courts of the land should be fought to a standstill.

# Astute timing

The timing and advance publicity given Ottawa's latest proposal, a medicare scheme, indicates that Lester Pearson is gaining an excellent sense of political timing and strategy, if, indeed, he did not have it when he went into office.

It seems remarkably well calculated to draw the heat and pressure away from the incredibly damaging implications of the Dorion report, with all its side ramifications, so that none of the citizens can watch what's going on all the time, any more than one can watch all three rings in a three-ring circus.

The stand of Mr. Manning . . . that help should be provided only for those who need it . . . is wisely taken, since there is no need and no wisdom in Ottawa undertaking to handle a great deal of administrative detail and red tape for people who do not need nor want to rely on the state. Mr. Manning also objects to elimination of private enterprise in the field, and points out there are other areas of concern which should be given priority in attention and legislation.

Unhappily, Mr. Manning seems an anachronism in this day and age, preaching the doctrine of self reliance, and as little interference in the life of the individual by the government as is possible. The bandwagon he's riding doesn't seem to attract very many passengers, but anyone who thinks he's on the wrong bandwagon should read Gibbons' story about Rome.

# Another dust bowl?

Farmers with short memories have Alberta government soil-conservation officers worried. Agricultural department sources say that after three relatively drought-free decades many of the province's farmers are letting their guard down and are reverting to practices which produced a grim harvest of dust-bowl soil-drifting back in the 1920's and 1930's. Although they concede statistical data is lacking, conservation officers report an "unfavorable trend" in land management in Alberta. And they believe this also applies to Saskatchewan and Manitoba.

One of the big factors, of course, is that many of today's farmers were too young to learn the lessons of the '30's, or farmed in some other areas where the dangers were not so great.

The danger signals as read by the Alberta department of agriculture: Overexploitation of crop land. Downgrading of windbreak planting. Excessive cultivation of land.

Under present legislation the Soil Conservation Act of 1961 municipal governments have the authority to set up conservation offices and to force farmers to reduce drifting by stripfarming and windbreak planting. Peter Jamieson of the department's Calgary office, and a leading authority on soil conservation, says, "Because of relatively good moisture conditions, local authorities have tended to be lenient. However, if the situation continues to worsen, the provincial government might be forced to take a hand, perhaps replacing the present permissive legislation with some provincially enforced regulations."

Mr. Jamieson's remarks reminded us of the opinion expressed nearly twenty years ago by a leading agriculturist of that time that it wouldn't be too many years before we would see the end of ideas to farm land, as we know them, and instead tenure based on "trusteeship" of the land. That is, a farmer could work the land as long as he didn't injure it, or farm to the detriment of the neighborhood, but the lease or tenure could be broken if it could be shown that numerous six or so inches of topsoil was not being conserved.

At that time we snorted at the idea. Today, we're beginning to think he was more farsighted than we.

## Faryna - Jober wedding ceremony at Kopernick

Marriage vows were exchanged in a double ring ceremony, in the Ukrainian Greek Catholic Church at Kopernick recently when Irene Olga youngest daughter of Mr. and Mrs. John Jober became the bride of Joseph Alexander, only son of Mr and Mrs. Alex Faryna. Father Isador of Edmonton performed the wedding ceremony

Given in marriage by her father, the bride wore a floor-length cloud-mist taffeta wedding gown with a bell-shaped skirt folded into swagged back above a chapel train. Her waist-length veil was held in place by a dainty princess crown, and she carried a bouquet of red roses, white streamers and red rose buds

Miss Pat Skolney, friend of the bride, and cousin of the groom, was maid of honor, and Miss Audrey Gionski and Miss Carol Soloway, friends of the bride, were the bridesmaids. The attendents were dressed in identical sky-blue knee-length sheath dresses, highlighted by organza over-skirts

Jerry Kushnerick, cousin of the groom, was best man, while the groomsmen were David Jober, cousin of the bride, and Lanald Daue, friend of the groom. Orest Faryna, cousin of the groom, was the usher

For her daughter's wedding, Mrs. Jober chose a soft blue sheath brocbue dress, complemented by white accessories and a corsage of pink roses. The groom's mother also chose a brocbe sheath in pale pink, with white accessories and blue rose corsage.

Following the ceremony, a reception was held at Sladkie Community Hall for over 400 guests 35cm Jober, the bride's uncle, was master of ceremonies, and John Skolney, uncle of the groom, gave a toast to the bride, to which the groom responded

For going away, the bride changed to an Italian knit emerald green suit with deep brown accessories and yellow rose corsage

## Pioneer woman of 1902 passes in 69th year

HILDUR ALVIDA RUDE

Hildur Alvida Rude (nee Eggen) was born at Bardo, Norway, on February 21st, 1897. She passed away at the Tofield hospital on Thursday afternoon, July 15th, at the age of 68 years.

In 1902, she immigrated with her parents, three sisters and brother to Canada and they settled in the Bardo district, where she resided except for the last few years which were spent in the Amisk Creek district.

She was united in marriage to Emil Rude on December 22nd, 1924. To this union were born two daughters and four sons.

She leaves to mourn her departure, her husband, Emil; two daughters, Mrs. Harold Whidden (Wynne) of Amisk, Mrs. Edwin Klein (Carmen) of Viking; four sons, Charles of Tofield, Eugene at home, Dale of Ireland, and Lawrence of Tofield; one brother, Pete Eggen of Tofield; Girls: Julina Jacobson; Lorimer of La Glace and Mrs. Sigrid Johnson of Peace River; and 15 grandchildren; and a host of relatives and friends.

Her weary hours and days of pain,
Her troubled nights are past
And in our aching hearts we know,
She's found sweet rest at last.
God saw her getting tired
So he did what He thought best,
He came and stood beside her
And whispered "Come and rest".

Blest be her memory.

Funeral services were held in Bardo Lutheran Church on Monday, July 19th at 2:00 p.m., Rev. G. Oatrem officiating.

Funeral services for Mrs. Hildur Rude: Prelude: Hymn, "My Faith Looks Up to Thee"; Scripture reading and prayer; Ladies Sextet, "Going Home"; Psalm 103, "The Lord is merciful and gracious to forgive to anyone who takes refuge in our Lord Jesus Christ"; Hymn, "Jesus Savior Pilot Me"

Greetings by Rev. O. H. Haugen on "Death is a parting, Heaven is our Hope"; Greetings by Rev. H. Strand on "Blessed are Those who mourn for they shall be comforted."

Benediction.

Hoveland Funeral Home was in charge of arrangements.

Pallbearers were Phillip Andersen, Leif Fosinsug, Irus Fosheng, Glen Francis, Kystein Helberg, Andy Hesberg

# School committee meets July 6th

(Continued from Page One)

vising that he has obtained his Class A driver's license on the suggestion of Cr. Gibson so that he would be available as a spare bus driver

Moved and carried that G. R. Storey be appointed spare driver at Holden with retainer

Letter from the Department of Agriculture concerning Alberta's Centennial Tree Planting Project was referred to the Committee. It was considered that little or any action through this project would be necessary as far as the school grounds were concerned, but that the regulations should be made public in case any organization within the County would wish to avail themselves of this project.

Moved that the letter be received and filed and that the contents be circularized in the County's newspapers.

Moved and carried that the letter from Earl Hardy, expressing his thanks to the School Committee for having been chosen the outstanding teacher for the year, be received and filed.

Moved and carried that letter from Department of Education concerning a Workshop on "Education for Leisure" to be held at the Banff School of Fine Arts October 29, 30 and 31, 1965, be tabled to the next meeting of the School Committee.

Moved and carried that the Bus Supervisor's report for the month of June be accepted, that a number of items in the report be discussed when he attends the meeting and that the expense account in the amount of $53.28 be paid.

Moved and carried that resignations of Kathleen Dupont, Mrs. Crispin and Wm. Brookes be accepted as of August 31, 1965.

The Superintendent referred to the Committee the matter of teachers who had reached the retirement age of 65 but had not completed the 25 years of pensionable service, and he suggested that possibly some regulation whereby a teacher in this category could be hired under a temporary agreement would be in order Mr. Pike specifically referred to Mrs. Margaret Glassford who had indicated that she was prepared to continue on a temporary basis as she still required five years of service to obtain a maximum pension.

It was moved and carried that teachers, who have reached the age of 65 but who have not reached full pensionable service (less than 25 years of teaching service) and who agree to teach on a temporary contract from year to year only, at the discretion of the School Committee, be hired to teach on a year to year basis until they reach the age of 66. Nothing in this regulation to in any way obligate the School Committee to hire any teacher over the age of 65.

It was moved and carried that the following appointments be approved as from September 1st, 1965: Edward Syrotchen, Viking, Eileen Syrotchen, Viking, Mrs. Margaret Gleeson (1 year contract), Viking; Norma Zwierschke, Tofield; R. B. Walker, Rosyth; Z. Kahane, Viking; Frank Randall, Holden.

Moved and carried that transfer of Mrs. Irene Hafso to Grade 1 at Viking as from September 1st, 1965, be approved.

The tenders for petroleum requirements, median 267/65, were now opened. Tenders were received from: Texaco Canada Limited, Imperial Oil Limited, S.L. Oil Refineries Limited (oil only), B.A. Oil Company, Shell Company Limited.

Comparisons to some extent were made, especially in regards to the current price structure.

It was moved and carried that the Committee goes on record agreeing that the petroleum requirements be purchased under the tender set-up but that, in order that information may be obtained from other areas that operate under the same system, the decision as to acceptance of said tender be deferred to the August meeting.

Tenders for construction of 3 bedroom teacherages at Holden and Ryley were opened at this time Tenders were received from: Watson (Tofield) Limited, Mistart Builders' Supplies, Imperial Lumber Company Limited, Otto Lactin Construction, Kubar Construction

Bill Sikes had been no Ballard Committee appointed for Ryley. It was moved and carried that Cr. Ingemund and Cr. Nord and Mr. Pike be appointed the Building Committee for the Ryley area.

It was then moved and carried that the members of the Building Committee at Ryley and Holden meet on Wednesday, July 7th, at 7:30 p.m. to consider the tenders received.

Mr. Gibson reported briefly on the course in School Administration at Banff, stating that the Committee for having had the chance to attend, and stated that he had enjoyed it very much and had derived a fair amount of benefit from it.

# Tractors can be dangerous

Tractors are involved in more farm accidents than other farm equipment according to the National Safety League of Canada. Tractors upset on level ground more frequently than many farmers imagine, and can do just as much damage as upsets on slopes

Speed too fast for conditions is the chief factor in most cases. In fact, tractors have been known to tip on level ground at only eight miles per hour, half the top speed of most tractors in use today. High hitching and hidden obstacles also rank high on the list of causes.

Farmers are warned to always hitch the load to the drawbar, NEVER to the axle or seat brackets; slow down when operating in tall weeds or grass—a hidden rock or stump can throw both the operator and the tractor right out of commission. Keep these dangers in mind when tempted to send a boy out to do a man's job.

# Shower fetes bride-elect

(Mrs. G. H. Taylor)

HOLDEN, July 19 — Approximately 50 ladies of Holden and district met Wednesday evening, July 14th, in the parlors of the Holden Lutheran Church to honor Miss Carol Hurum, the youngest daughter of Mr. and Mrs. Otto Hurum, whose wedding will take place August 7th at the Holden Lutheran Church.

On entering the room, the bride and her mother were presented with beautiful rose corsages.

Mrs Margaret Olson and Mrs. Ethel Brekstad were in charge of the entertainment and several amusing games were played. Mrs Helen Twelmeier and Mrs Doris Story trimmed a hat from all the ribbons and bows from the gifts, making a very classy chapeau.

Mrs Dorothy Swanke, friend of the bride-elect, gave a resume of Carol's school life and activities while in Holden, and read a most appropriate poem before making the presentation to Carol of the many lovely and useful gifts Carol thanked all the ladies for their kind wishes and beautiful gifts. The ladies of the church served a most delicious lunch.

# More flood, hail damage

C. A. Nolan, Alberta Wheat Pool grain buyer from Tofield, says in his weekly report dated July 24th that there has been a little more damage by flooding as a result of too much moisture in the Tofield area, while Mr Nolan's counterpart at Ryley, H. B. Barke reports some hail damage on the evening of July 17th, "but not a large area was involved"

Mr. Barke adds that grain growth "is very heavy and is lodging". Farmers are concerned about possible rust damage, he said.

Crops at Tofield are excellent but there is still a need for warm, dry weather, as crops are a week to 10 days late, according to Mr. Nolan.

Since May 1st this year Tofield has received 15.75 inches of rain, while Ryley reports 12.40 inches in the same period.

Wheat is about 26 inches tall at Tofield and about 22 at Ryley. Both agents report oats and barley at 18 and 16 inches respectively.

# 1918 license plate found north of town

A license plate of 1918 vintage was recently found by Donald Rudzicki, eldest son of Mr and Mrs. H. W. Rudzicki, who farm north of Tofield in the former MacKenzie district.

As inquiry by the secretary of the Tofield Historical Society to the Motor Vehicle Branch of the Alberta government failed to elicit the name of the registered owner of the plate as files of vehicle license registrations are maintained for a period of only five years. However, information as to the original colors used on the plate was available.

According to William Hogg, chief clerk of the Motor Vehicle Branch, the plate had black numerals on a medium yellow background. As soon as the plate has been restored to its original colors, Donald plans to donate it to the Tofield Historical museum.

Mrs. Ila Walker, a long-time resident of the MacKenzie district says that the license plate was, almost certainly the property of Frank Walker, a former occupant of the present Rudzicki farmland the father of Mrs. Lorimer Hunter of Tofield.

Mr. Shyba replied and expressed his appreciation and recalled many interesting incidents from the past. Family members took snapshots of the different family groups with Mr. and Mrs. Shyba in commemorative happy occasion.

All five sons, Martin and Walter of Calgary, Jack of Vancouver, Alex and Harry of Holden, and one daughter, Olga, of Edmonton, and their families were present at the gathering. Mr. and Mrs. Shyba are also happy in having 20 grandchildren and seven great-grandchildren most of whom were able to attend the celebration

The day also had added significance in that it marked the baptism of Brenda Marie, the baby daughter of Mr. and Mrs. Harry Shyba.

# The mail must go through

Whatever happened to the old slogan "the mail must go through"? In the days of the pony express it was the watchword, like the theater's "show must go on" command. Has it gone the way of the pony express, or did someone forget to include it in the book so many of the postal employees want to work to?

There will be nearly unanimous concern that the strike is not yet over, in spite of appeals from senior members of the postal unions to return to the job while discussions continue.

The situation in the major centres grows increasingly serious as the strike ... not sanctioned by the union ... continues. When the workers have been off the job for seven days, the government may declare their job vacant, but this poses incredible problems. It would be bad enough to try to recruit a force as large as needed without the problem of picket lines, but this makes the job more difficult. And the problem of untrained, green help, trying to swing into action to clear up the mess is enough to dismay even the stoutest heart.

Yet the government must show that it, too, is strong in the existing situation. The entire nation cannot be left in the position of being dictated to by a few hundred workers who defy their union leaders to tie up the nation's mail. The government's promise of no reprisals if workers returned to the job was as far as the government should even consider yielding.

To the public generally, it doesn't make sense that raises of from $300 to $360 a year are so inadequate as to cause a nation-wide strike, especially when they raise maximum salaries for letter carriers to $4,680 and for inside mail sorters to $5,040.

We'll agree these may not be high figures in Toronto, Montreal or Vancouver, where living costs are probably as high as anywhere in the country. But we also know there are literally thousands of workers in areas like this who would willingly trade places ... workers who have no hope of ever reaching the $80 a week level; workers who don't have anything like the average working conditions of the mailmen.

And there are thousands of workers across the country, too, who knew that the minute they try the "work-by-the-book" routine, they'd be out on their ear. By and large, they're not too sympathetic, and they're growing increasingly more impatient. With ninety bucks in the pay envelope it's pretty hard to look like the miners John L. used to picture as starving for a crust of bread.

# Wheat heads for record

A potential wheat yield exceeding the 1963 record of 703 million bushels is a distinct possibility this year, according to informed spokesmen for the grain industry. "Barring a severe rust outbreak or early August frosts" says U.G.G.'s president A. M. Runciman, there is still prospect for an excellent crop, especially in Saskatchewan.

As it happens, the Peace River area and this region east of Edmonton seems to be about as poor as any in the country, and district agents are reporting prospects well above average in most points about Camrose.

# The tower of Babey

Alberta Farmers Union president Paul Babey merely adds to the confusion with a recent statement voicing concern over Mr. Manning's objection to the national health scheme proposed by the Pearson administration at Ottawa. "Every advanced country in the world has some form of health service" piously points out Mr. Babey with the added admonition that the Alberta government would have to recognize that a majority of Canadians have accepted the need for medicare.

Mr. Babey continued that it was the farm organizations' conviction that no one living in Canada should lack medical service because of low income.

All of which is nice and pat, but it completely ignores the objections raised by Mr. Manning to Ottawa's proposal. Surely Mr. Babey can't reason that the Manning administration is opposed to health care after Alberta introduced its own voluntary scheme a couple of years ago . . . a scheme, incidentally, good enough for Premier Bennett of British Columbia to use as his own model.

It's the universal aspect and the compulsion which are objectionable to Mr. Manning, and which should be unwelcome to us all. But we suppose these arguments wouldn't be understood by Mr. Babey, who represents an organization dedicated to compulsory uniform marketing procedures, and conformity on the part of all those engaged in agriculture.

Co-operation on a voluntary basis, by all means; but forced and compulsory advance in lock-step fashion, no. It may be efficient, but there's enough regulation already in this country without racing headlong into more of it. You should look at some other before you subscribe too readily to the forced welfare state, and see if they are really better off than you are, all things taken into consideration. The odds are better than even that you wouldn't trade.

# By George!

Our family took a few days off the latter part of last week, loaded the car with camping gear and a couple of extra relatives, and headed for a reasonably close part of B.C.—Fairmont Hot Springs.

We had spent a week in a cabin at this mountain resort last year, and decided to try testing this time. The weather was hot, the tenting was fun, and eating outdoors under pine trees was a real treat. Then there was the swimming facilities, with a choice of warm, warmer and hot water, and golfing on the interesting course at Radium. And my golf game was with another Camrosian holidaying in the area, Stu Bailey. Mike Sieh advised me on our arrival back in Camrose that if we had been a bit earlier in arriving at the Radium course, we would have had the pleasure of golfing with him as well.

On the way to Fairmont, we spent one night testing at Happy Valley, a fabulous family playground, swimming and camping spot west of Calgary, developed by one of those rich Calgarians. I'd recommend this spot to anyone with a family who wants a weekend of varied activity. The camping facilities are terrific, with showers provided along with the usual washroom facilities. And the washrooms were kept spotless at Happy Valley, which is something we cannot say, unfortunately, for Fairmont where the washrooms left quite a bit to be desired as far as cleanliness is concerned. However, the resort itself is so attractive we plan to return, but we'll hope the washroom situation will show some improvement by that time.

## New stamp honors Churchill

Canada will issue a new 5 cent stamp on August 12 honoring Sir Winston Churchill. Printed by the Canadian Banknote Company, the stamp is the first Canadian stamp printed by the duotone offset process, which is particularly suited to reproducing photographs.

It features the famous wartime level portrait of Churchill taken by Yousuf Karsh internationally famed Canadian photographer.

From 1950 to 1964 the value of natural gas exported from Canada to the U.S. increased from $16 million to $97 million.

# Dr. Spock gets award on new film

Benjamin Spock, M.D., cited by the world's mothers as highest authority on baby care, was honored by the U.S. Public Health Service in February for his "continued and invaluable efforts in advancing the dental health of children". The occasion was the first showing of Dr. Spock's latest effort for children's dental health, narration of a new film on fluoridation. "For children, because we care".

Presentation of the award was made by Dr. Donald J. Galagan, Assistant Surgeon General, at the Cleveland Health Museum.

Dr. Spock's long-time endorsement of fluoridation and his contribution of "the prestige of his name and reputation to films and printed matter in the campaign for fluoridation" was cited by Dr. Maynard K. Hine, president-elect of the American Dental Association, who participated in the ceremony.

By reassuring parents of the safety and efficacy of fluoridation, Dr. Spock has done much to win acceptance for the public health measure. Coming from him it meant more to those people than from anybody else, Dr. Hine added.

For children, because we care is the new 12-minute color film narrated by Dr. Spock which explains the effectiveness and safety of fluoridation in the prevention of tooth decay in children.

Community groups may obtain the film for meetings or television use through local and state health departments.

# Second power rate cut for Alberta farmers

Farmers in the Camrose area and all Alberta farmers will receive the second power rate cut in two years as a result of voluntary reductions now being offered by the investor-owned public utilities in Alberta. "Farmers will notice their first reduction on billings after Sept. 1st this year", Frank Batshaw, local manager, told The Canadian.

Canadian Utilities Limited, Calgary Power Ltd., and Northland Utilities Limited have announced the rate reduction to the Union of Rural Electrification Associations through President Clyde Stauffer.

The proposed rate schedule provides a new incentive rate with an end step of 1½ cents per kilowatt hour and will result in a saving in excess of $200 000 per year to Alberta farmers. Users one-half of the farm customers will benefit immediately; the rest will benefit as their consumption increases.

Power companies officials point out that incentive rates were introduced in 1962 in the hope that use of electric power on the farm and broader use of off-peak power would increase. The results have been encouraging. It is hoped that the new rates will encourage even greater use of off-peak power.

# Establishing sport as 'a cult of violence'

## Claims rec. school director in opening address Monday

While outlining the purpose of the Recreation Leadership Training School which opened in Camrose Monday morning, the school director, Miss Elsie McFarland, supervisor of community programs for the province, expressed a growing fear that people in responsible positions are becoming more inclined to "use" other people to further their own endeavors.

This sort of thing occurs in many organized activities, she said, but to illustrate her point she chose the world of sport. Referring to some of the spectacles seen on the television screens, as well as one Memorial Cup hockey game in Edmonton last winter, Miss McFarland commented, "Some coaches are using young people to further themselves and make themselves the 'big men'."

**"CULT OF VIOLENCE"**

"I get pretty concerned about playing the game to win", Miss McFarland stated, "with no regard for sportsmanship. People who use others to improve their own positions are establishing sport as a cult of violence".

Miss McFarland said she had no doubt that many of her listeners had come to the recreation leadership school to become better performers and better skilled, and promised that likely this dream would be realized, "but this is the least part of it. You'll also learn the techniques of imparting these skills to other members of your communities".

She went on to say, "We cannot have a learning experience without some change in ourselves. Let's hope it's a change for the better when you leave this school a month from now".

Referring again to sport as a cult of violence, and people using others as a means to an end, Miss McFarland said, "I hope you'll think about this and consider it your duty to do something about it. I have used sport as an example, but it applies also to drama, crafts, music and other activities. These things are meant to make life more meaningful. In participating in them, let us put people first".

**LARGEST REGISTRATION**

The school has attracted the largest registration ever this year, as about 150 students, representing 75 communities from Alberta as well as centres from outside this province, registered Sunday. There is a staff of 17 instructors this year, including Bill Fayter of Calgary as assistant director; Mrs. Isabel Seaman of Edmonton as dean of women, and Bob White, Edmonton, dean of men.

Miss Corrinne Vanderman, who has been stenographer for Miss McFarland the past few year by Miss Natalie Alexanyears, will be replaced this week.

tion be written to Mr. Shewchuk advising him that the insurance company will deal with his claim.

**CORRESPONDENCE**

A letter from the sec.-treas. of Spitaland Ladies' Society inquiring if an annual grant for sports equipment was available from the County. The sec.-treas. stated that he had informed the sec.-treas. of the society that no such grant was in operation in the county but that he would refer the letter to the council.

Moved and carried that no grant be approved for sports equipment to any organizations in the County.

Letter from the Mundare Fish and Game Association advising of the official opening of Beaverhill Lake Beach on Sunday, July 11, 1965, was referred in the Council. Since the beach is situated on the boundary of the County of Beaver, it was requested that a representative from the County be prepared to make a short address at the opening ceremony. It was also hoped that the Council as a whole would attend.

Moved and carried that the Reeve and Deputy Reeve and any other Councillors, who are able to, attend this official opening.

Letter from the Canadian National Railways advising that they intended to apply to the Board of Transport Commissioners for authority to retire the passing track and elevator at Phillips was referred to the Council. It was stated that the tracks in question serve no useful purpose and were not used at any time.

Moved and carried that the Canadian National Railways be advised that the County has no objection to the proposed trackage retirement at Phillips.

The secretary-treasurer reported that he had submitted statements of cost concerning the improvements made by the County at Camp Lake and Nuzzet Lake and that the improvements were to be inspected by a member of the field staff of the Provincial Parks Division. As soon as his report is handed in to the Department, payment would be made.

Moved and carried that the report be accepted.

Moved and carried that the requisition from Viking Municipal Hospital No. 18, as referred to the Council at this time, in the amount of $6,054.20, be paid.

Moved and carried that Bridge Authorizations concerning 72-inch culverts at WNW 9-51-19-W4 and SSE 14-51-19-W4, to be installed by the County, and for a 20-foot treated timber span on treated timber substructure at WNW

## Wm. B. Ruddy passes suddenly while in B.C.

William B Ruddy, 62, of Ryley, passed away very suddenly June 29th while on a combined fishing and business trip at Pinchi Lake, B.C.

Born in Golden Lake, Ont., Mr Ruddy became one of Canada's youngest diamond drillers working in most of Ontario's and Quebec's hard rock mines. In 1938 he came west and contracted as diamond driller for Eldorado Mines at Port Radium, Great Bear Lake. Three years later he transferred to the Negus Mines of Yellowknife. N W T

In 1941 he married Harriet Ernst Hanson of Edmonton. When stricken with diabetes Mr Ruddy retired from diamond drilling and moved to Ryley where he purchased the Ryley Bottling Shop and Grocery Store. A few years later he took over the two rural mail routes and purchased a school bus which he operated for 11 years, retiring from all business in 1961 due to ill health.

In 1964 he leased land on Pinchi Lake, B.C., where at the time of his death he was making preparations for building a summer home for the family. The lumber he had ready for this home will now be used, with the co-operation of the Vakjar family, owners of the Pinchi Lake Tourist Resort, to erect two kitchens on the campsite grounds in his memory. Memorial plaques will be placed on these buildings by Bjarne Kirkehaul

Funeral services for Mr. Ruddy were held on July 6th from Calvin United Church, Ryley, with C. K. Jessiman officiating. Interment was in the family plot of the Ryley Cemetery. Pallbearers were Bjarne Kirkehaul, a. o. Gjerde of Camrose and they brought their guests, Charles and Marie Plumb of Bellingham, Wash., with them. Marie is the former Marie Gjerde, Ted's sister

Lloyd and Dot Thersley of London, Ont., and their son, Blaine, and his wife of Edmonton, were in town this week visiting friends.

Val and Lorna Grieg and family of Jasper are on holidays and visiting with their parents, Mr and Mrs. J. L. Hay, and Bob Greig

Mrs. Odin Eikeland of Edmonton drove here last week and left her sons Gordon and Mark, and their friend, Jeff, for a week's holiday with Mrs. Tillie Branes. Mrs. Annie Eikeland, the boys' paternal grandmother, also of Edmonton, joined them later in the week.

Mrs Diana Manchirisk, who for the past year has made her home with Willie and Annie Pepe, left this week for training at the Deere Home at Red Deer.

Mr. and Mrs J. Thomas of Portland, Oregon, have been visiting with their niece, Mrs. Willie Pepe and her family, when they left, Annie accompanied them as far as Calgary to her mother's home, and stayed for two days to visit with her father, who is a patient in a Calgary hospital.

Mr. Ruddy leaves to mourn his loss, his loving wife, Harriet; two daughters, Jacqueline, Mrs. Ann Jensen of Ryley, and Donna, Mrs Daniel Keating of Edmonton; four grandchildren, Billy and Michael Jensen and Jeff and Nora Kading; his mother, Mrs. William Ruddy of Golden Lake, Ont.; four brothers and three sisters, all of Ontario.

Beautiful floral tributes were received from his wife, Hattie; Jackie, Ann, Billy, and Michael; Donna, Dan, Jeff and Nora; Mary, Gerry and Murray Birch; Stuart and Marjorie Birch; aunt Kate, Miriam, and Luna, Edith, Lester, Allan, Jerry and Elsie Pepper; Sam, J. ## Ryley news

(Mr. K. Westmancoat)

Joyce and Elmer Patrick and children of Hinton spent the weekend with Joyce's parents, Mr and Mrs. Johnny Fish. Donna and Darcy will continue to stay here for the remainder of the week, and then go to Camrose to stay for a while with their paternal grandparents, Mr. and Mrs. Joe Patrick.

Mr and Mrs. Ed Dolliba (nee Lorraine Zwierschke) of St. Paul were in town over the weekend visiting their many friends in the district. Lorraine stayed overnight with Marguerite Pith and went with her to the Tofield hospital to visit Mrs. Amy Pope who is a patient there.

Visiting in Ryley and district last week were Ted and Edna Gjerde of Camrose and they brought their guests, Charles and Marie Plumb of Bellingham, Wash., with them. Marie is the former Marie Gjerde, Ted's sister

FINE CANADIAN MENU
IMPORTED FROM TEXAS
(The Sudbury Star)

There was a mix-up over the Ottawa dinners for the visiting shah of Iran. It seems ex was given roast lamb two nights running — but it was fine with him because lamb is the festive thing in Iran.

But the shah did want to try some typically Canadian foods, he added—so they gave him roast lamb again. The news story reporting all of this noted the lamb was specially imported from Fort Worth, Texas — what could be more typically Canadian than that!

## John Ness passes at age of 81

John Ness was born in Malangen, Norway, on October 12, 1883. He passed away at St. Mary's Hospital on Sunday, June 13, at the age of 81 years. Immigrating to the United States in 1907 Mr. Ness came to Alberta in 1909. In 1913 he was united in marriage to Ingrid Haugan.

Mr. Ness had lived in Alberta from 1909 until the time of his passing, except for the years from 1923 to 1930, when he lived in Bellingham, Wasnington, and the years from 1948 to 1953, when he lived at Kelowna, B.C. For the past 2 years he has made his home in the Camrose district.

He was predeceased by his wife Ingrid in 1957. He leaves to mourn: one sister, Anna Olson, in Butte, Montana, as well as a large number of nieces and nephews, and a host of other relatives and friends.

Funeral services were held on Tuesday, June 15, from the Bardo Lutheran Church, with Rev. G. Ostrem officiating. Interment followed in the church cemetery, with Messrs. Ingvald Ness, Lester Severson, Pete Ness, Edwin Mathison, Vern Horte and Pete Mathison serving as pallbearers. Burgar's Funeral Home was in charge of arrangements.

# County council meet held July 8th

(Continued from Page Three)

I-48-16-W4, to be installed by the bridge crew, be accepted.

The secretary-treasurer reported that the application for grant under the Extension of the Recreational Facilities Grant Program for Adams Community Centre had been approved and the amount of grant, $800, had been received.

Moved and carried that the report be accepted.

Moved and carried that report from the the P.F.A. in regards to townships dealt with by the Board of Review at meeting No 11, June 21, 1965, be received and filed.

Information concerning the new procedure to be followed in regards to application for assistance under Section 3 of the P.F.A. Act was referred to the Council

After some discussion, it was moved and carried that this matter be deferred to the August meeting of the Council.

Preliminary Agreement for backsloping road on the east side of S-48-16-W4, land owner E. Korobko, was referred to the Council. It was noted that no provisions for fence moving were listed in the agreement, and it was decided that Mr. Korobko would have to move and replace the fence at his own expense.

Some considerable discussion took place in the matter of backsloping, and it was finally moved and carried that request for backsloping on 66 - foot road allowances may be undertaken by the Individual Councillors in an amount not to exceed $5,000 in each division, and that all requests for backsloping must be referred to the Council for approval. Land owner to be responsible for fences and brush.

It was then moved and carried that the Preliminary Agreement concerning backsloping on the east side of S.E. 5-49-19-W4 be approved with the proviso that the land owner, E. Korobko, move and replace the fence at his own expense

Tenders for wiring the new grader shed at Tofield were received by the Council Tenders were received from Watson-Tofield Ltd in the amount of $425, and Stauffer Electric at Tofield in the amount of $425

Moved and carried that the tender submitted by Watson-Tofield Ltd., in the amount of $425, for wiring of the grader shed at Tofield, be accepted

Cr. Johnston stated that the survey stakes in the Lake Olivia Cemetery had been removed and that a resurvey of the various plots would be necessary.

Moved and carried that this matter be referred to the surveyors when they have other work for the County in the area

Cr. Weatherill mentioned that beaver dams had been dynamited in the creek within Elk Island National Park and that, as a result water had inundated hay fields in the County. Cr. Weatherill also mentioned that a beaver dam had been blown up on the N½ of Sec. 28-52-16 W4th. but that the job had not been good enough and it was still holding back the flow of water in the creek

Moved and carried that inquiries be made if some action could be taken for damage to the hay fields; also that the matter of the partly dynamited dam be reported to the Wildlife Officer.

The Secretary-Treasurer reported that he had received a number of surveys and was required if the Council wanted payment for the land made on the unregistered survey or if the registered survey should be obtained before payment.

Moved and carried that we pay for land taken on road widening on the unregistered survey

Cr. Johnston presented a petition from the ratepayers in the Hamlet of Kinsella requesting the County to proceed with a sewerage system as proposed in a report of the Associated Engineering Services submitted to the Council at this time. The report indicated that the total cost would be $40,000.00 and the manner in which this could be financed was outlined in the proposal. After some considerable discussion it was decided to give first reading to a by-law in this connection and By-Law No 199 concerning sewerage system in the Hamlet of Kinsella was referred to the Council.

Q. Is it considered the proper thing always to repeat the name of a person to whom you are being introduced?

## Joseph Helgeland

(Continued from Page Eight)

Lauber; Mrs. Annie Lauber; Mrs. Nettie Moore; Mr and Mrs Jack Murray; Mrs. Edwin Jacobson, Denver, Ivan and Marvin; Mr. and Mrs. Bill Steffen; Ezra and Lena Reil; Mr Jake Duech; Sievert Helgeland and Sylvia; Mr. and Mrs. Ole Wiens; Mr. and Mrs Bergie Helgeland; Mr. Donald Law; Mr. and Mrs. J. To Cancer Fund — Mrs. Lena Haines; Martha and Selmer Hanes.

To Henri Fund—Hjelmer and Reitta Hjelter.

To Tofield Church — Mrs. Beulah Burnstad.

**Card of Thanks**

We wish to take this opportunity to thank all our friends and neighbors for their many kind acts of sympathy during our recent sad bereavement.

—Brenda Helgeland and Family. 681-2530

A. This is not a social requirement—but a practical thing to do. Many people fail to remember names of persons to whom they are introduced. Repeating the name, as "How do you do, Mr. Gordon", has a way of imprinting the name in your memory—and it also seems to add sincerity to your acknowledgement of the introduction.

Q. I have been invited to a wedding and reception, and the bride says I may bring my boy friend with me. Should he send a gift, or would it be proper for him to share the cost of mine?

A. He is not expected to do either of these.

Q. When are the children at a table served, before the adults, after the adults, or in regular rotation?

A. Serve the children in the same rotation as the adults.

Q. When a man must wait in line at the box office for his theatre tickets, should the girl be in with stand in line with him?

A. There is no hard and fast rule governing this. She may keep him company if she wishes, or she may wait in the lobby for him.

Q. When cake is served, and no forks are provided, how should one eat it?

A. Break it into individual pieces. Then as you would a slice of bread or a bun, and lift them to your mouth with your fingers.

YOU ARE THE DETECTIVE

You gaze sympathetically at the attractive red-haired woman who sits in one corner of the huge sofa at one end of the massive living room. "I know how difficult it must be for you to talk about this, Mrs. Kenton" you say, "but naturally the soon er we know all the details leading up to this tragedy, the sooner we can go into the investigation Can you tell me just what happened before you phoned us?"

Marie Kenton nervously stubs out her cigarette in the ashtray on the coffee table before her, then begins: "Well, Philip Mr. Kenton, that is . . . was a free-lance writer, and a successful one as you probably know I worked for him as his secretary before we were married two years ago, and I have continued since then to type some of his manuscripts for him He was in his study this evening dictating notes to his material on the tape recorder, and I was sitting here in the living room reading

"It was two were alone in the house" you break in

"Oh, yes . . . we have a maid during the day, but she goes home after the evening meal". Mrs Kenton pauses as if to collect her thoughts. "I could hear Philip's voice droning on and on as he spoke into his tape recorder . . . and then suddenly that steady drone of his voice was ruptured by the sound of a shot . . . and then complete silence . . . then I ran to the door of the study, there was Philip . . . He breaks into a fit of sobs

You take the opportunity to walk into the study next to the living room, and look down at the body of Philip Kenton, still sitting over the polished mahogany desk. The team of police experts will be here any minute now. You gaze for a few moments at the red stain on the grey shirt between the dead man's shoulders. The microphone dangles from its cord over the arm of the victim's chair. You step over to the tape recorder on the little table next to the desk. Flip it on, wait for it to warm up, and then pushing the "Play" button, your hear the sound of the victim's voice outlining the plot of his new story, then the sharp sound of the gunshot, a low groan, a dull thud, and silence You take a quick look at the open window nearby, then walk back into the living room where Mrs Kenton seems now to have regained her composure

"Did you attempt to do anything for your husband?" you ask Sid

"Oh, no I could see from the door that he . . . that there was nothing I could do for him . . . so as soon as I was able to move, I hurried out into the hallway and phoned you from there I just couldn't bear to go into that room! I'm sure the shot must have been heard through the windows into the study But who? Philip wasn't the most friendly person in the world, but I can't for the life of me think of anyone who disliked or hated him enough to . . ."

"Tell me", you break in "how much life insurance had your husband carry"

"Oh, about $125,000. I think". She suddenly stiffens, then darts a look at you "But why do you ask that"

Because something about your story has made me suspicious I'll have to question you a bit more about this".

What has aroused your suspicions about Marie Kenton

SOLUTION

Marie Kenton told you she could hear the drone of her husband's voice dictating at the time the shot rang out, and also that she had not entered the study after the tragedy occurred. Yet, when you went into the study, the tape recorder was turned off!

# Stashko - Pozerniuk vows exchanged on June 26th

The Greek Catholic Church, decorated with giant yellow chrysanthemums, provided the setting for a mid-morning wedding on June 26th, when Miss Emily Pozerniuk, daughter of Mr. and Mrs. John Pozerniuk of Holden, exchanged vows with Boris Alex Stashko, son of Mrs. Karolina Stashko of Vegreville. Rev. Fr B. Lozynsky officiated at the ceremony.

The bride, given in marriage by her father, wore a floor-length gown of pure silk organza with a controlled train and lily-point sleeves. The slim bodice was styled with a neckline of lace applique. Her bouffant chapel veil of silk illusion was held in place by a crystal crown. She carried a bouquet of velvet red roses. Her jewellery consisted of crystal earrings and necklace, a gift from the groom.

The bride's sister, Miss Margaret Pozerniuk, was the maid of honor. Miss Elizabeth Lynch Miss Maxine Hrabec, and Miss Gladys Fee were bridesmaids. All the bride's attendants were identical medium-blue knee length peau de soie frocks with rose headpieces. They carried bouquets of white carnations outlined with medium-blue rose buds. Their jewellery was a crystal droplet, a gift of the bride.

The groomsman was Edwin Stashko, brother of the groom. Ushers were Julian Dwehar, Ken Lorenz, and Joe Pozerniuk.

Following the ceremony, the reception was held in the Holden Community Hall where approximately 350 guests were received by the parents of the bride and groom. At the reception, William Ogrodnick, the master of ceremonies, proposed a toast to the bride to which the groom ably replied.

The bride's table was centred with an all white, round, three-tiered wedding cake and was flanked with decorated candles, and white peonies.

For her daughter's wedding, Mrs. Pozerniuk chose a navy, two-piece, Italian knit suit, with white and navy accessories, and a corsage of deep red roses. The groom's mother, Mrs. Stashko, chose a light green and white sheath with white accessories, and a corsage of deep red roses.

For the six-week honeymoon tour of British Columbia and the United States, the bride donned a navy double knit suit with red accessories, and red roses en corsage. Mr. and Mrs. Stashko will reside in Ryley where both will be employed on the teaching staff.

Out-of-town guests were from Vegreville, Edmonton, Viking, Mundare, Mannville, Ryley, Calgary, Innisfree, Kinsella, New Battleford, Sask., and Lac La Biche.

## Spilstead home services resume

The fortnightly home-service of worship in song and story returned Friday evening, July 16th to where it began its cycle in May at the home of Mr. and Mrs. Ivan Broen and Ricky.

The evening began, as usual, with an enjoyable sing-song of favorite hymns, Mrs. Broen accompanying at the organ. When student-minister, Miss Irwin rose to open the worship service proper with prayer, a capacity congregation was present, including members from Ministik and South Cooking Lake and notably Missionary Raine, on furlough from Bombay, India.

A happy social hour followed the worship service, an hour made all the more enjoyable by the timely and delicious lunch served by hostess, Mrs. Broen, and her lady helpers.

The next evening worship will be on Friday, July 30th, the home to be announced later.

## Long-awaited sunshine finally floods district

The warm weather and sunshine so direly needed in the Tofield-Ryley district for the past few weeks has finally arrived and as a result crops have come along very rapidly. There has been little or no precipitation.

At last farmers have been able to get into their hay fields and, as the old cliche suggests, are "making hay while the sun shines".

Even more warm, dry weather will be welcomed because crops are later than usual, says Wheat Pool Agent C. H. Nolan of Tofield.

H. B. Berke, Wheat Pool grain buyer at Ryley, reports the occasional afternoon or evening shower, but adds that crops "continue to look good".

**PICNIC AT THE FAIR!** The Don Carlisle and Calvin Wilson families of Tofield have the right idea for a pleasant meal despite a hot day at the Camrose Fair Monday, when one report said the mercury reached 94 in the shade. The two families spread out the picnic cloth and enjoyed a snack in the shade of their truck, following the parade which opened the annual agricultural fair.

## International delegate is guest of local Lions

(By Peter Nickel)

The return of the cooks (Mrs. Ed Regehr and Mrs. John Wall) from holidays brought an increase in attendance at the last regular supper meeting of the local Lions club last week.

This was the first supper meeting since the new officers were installed and members thoroughly tested out the new tailtwister to see just how far they could go. Many of them found themselves fined to the maximum.

No report was available regarding the Japanese exchange student, expected here about July 23rd.

A work party was organized for last Thursday to prepare the playgrounds for the seeding of grass.

Adding to the new business was the naming of new committees and appointing Bob Nehrebeski to attend the leadership training conference

This was followed by report of the Lions International convention held in Los Angeles in July by guest Lion Rudy Rippel of Fort Saskatchewan. Lion Rudy is the special representative of Lions International.

## Shower honors district couple

(Mrs. J. Knudson)

PALMER-EARLING, July 30th —The Skudesnes Church was the setting for a miscellaneous shower Sunday afternoon when Virginia Sorensen and her fiance, David Nelson, were honored. Mrs. Joe Knudson was the emcee for a program of amusing and suitable readings, and the ladies' group sang two selections.

Betty Olsen was in charge of an interesting contest — the winners being Mrs. Linea Sorensen and Mrs. R. Vassberg who received prizes.

Edna Aker made the presentation speech, and Linea and Denise Sorensen assisted the couple to open their many lovely gifts.

Both Virgie and David expressed their gracious thanks for everything.

The wedding of Virgie and David took place at the Camrose United Church on July 31st. They will reside in Edmonton where Virgie will teach and David will be attending university.

Last Monday night, a shower was held in Edmonton for Virgie. Her mother, Mrs. E. Sorensen, and her cousin, Denise Sorensen, attended from this district

## Women re-unite after 40 years

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE— Mrs. Mary (Bethel) Wood, Mrs. Vera (Kendall) Hay, Mrs. Mildred (Abernethy) Patch, and Mrs. Mabel (Ferguson) Bailey, friends of 50 years ago when girls in the Lakeshore district, got together for dinner at Mabel's home in Tofield on Thursday. This was the first time in 40 years all had been together. Both Vera and Mildred make their homes in the U.S., Vera in California and Mildred in Oregon and are at present visiting here. After dinner, Mary took the other ladies on a motor tour of the Lakeshore district where their former home was. In the afternoon, they were all coffee guests at the home of Mrs. Ethel Wood and family before Mary took them back to Tofield.

## 4-H-'ers say goodbye to DA

(M. K. Westmancoat)

RYLEY — The 4-H clubs in the County of Beaver held a wiener roast on the Ryley Sports Grounds on Sunday evening, August 1st. It was a joint gathering to bid farewell to Stan Powers, District Agriculturist, who is leaving to take his new posting at Morinville

There were approximately 200 4-H members present, together with their parents and club leaders. The first part of the evening was spent playing baseball. After the wiener roast, Eileen Stuart of the Holden Beef Club, on behalf of all the clubs, presented Mr. Powers with gifts of remembrance, a desk set and a leather bound cattleman's "guest book", with burnt-on replicas of all the western brands.

Mrs. Powers, who has worked as a club leader in the girls' club, was presented with a beautifully wrapped gift by Yvonne Vergette on behalf of the girls' club.

The evening broke up with the whole gang singing a rousing chorus of "For They Are Jolly Good Fellows", and a final, "Hip, Hip".

MacDuff Ottawa report

# Dress rehearsal

OTTAWA — Premiers who attended the federal-provincial conference in Ottawa went away from the capital convinced that the Liberal government is planning an autumn election.

The premiers talked about it frequently. Some even named dates—Oct 10th or 25th. One or two said they had been told it was possible the government would hold off until Nov 15th.

Premier Bennett of British Columbia said there was no doubt in his mind that the program placed before the conference by the government was its way of preparing for a general election. He predicted the election would end up in another minority government headed by either Prime Minister Pearson or Mr. Diefenbaker. He also forecast that if Mr. Diefenbaker again became Prime Minister the Conservative national leader would only stay on for a year and then retire declaring that he had been vindicated.

Premier Robins of Manitoba said the conference indicated the stage had been set for an election. He said the "medicare" program as it had been presented was in a sense a "political" program. It would be a good plank for the Liberals, he suggested.

**STAGE ALL SET**

Revenue Minister Eric Kierans of Quebec described the conference as a "dress rehearsal" for an autumn election. Other members of the Quebec contingent echoed his sentiments. The same views were voiced by members of the Ontario delegation.

However, the Ontario group was chuckling the second night of the conference because they believed that Premier John Robarts's ready acceptance of the medicare proposals had spiked the guns of the Liberals. The Ontario Conservatives were confident they had upset the federal Liberal's election strategy.

But the Liberals laughed off the Tory contention that the Ontario premier had wrecked any plans the Ottawa party might have had for using the conference as a springboard for a national vote. They pointed out that with the conference so successful, the prestige of Prime Minister Pearson had been enhanced and the Liberal government could now enter a campaign pointing out that a vote for the Liberals meant medicare in 1967.

**TIME IS RIPE**

There is no doubt that there are an increasing number of influential Liberals in and outside Ottawa who are coming around to the view that a fall election should be held. They point out that the economy is booming and that there is no guarantee that it will be in such good shape a year of two years from now.

The recapture of Lucien Rivard has offset to some extent the adverse publicity the government received from the straining criticism of the Dorion Royal Commission report. By the fall, the Liberals hope that the public will have forgotten the Dorion report and the Rivard affair. They would like to have the election before the trial of Raymond Denis and others takes place this winter.

Liberals argue effectively that to go to the country this fall would mean that their chief opponents the Conservatives would be badly divided behind the leadership of Mr. Diefenbaker.

**SHORT TERM SAVING**

In addition this fall the Canadian taxpayer is benefiting from the reduction in the income tax. Next year he will be making contributions to the new Canada Pension Plan and the reduction in the income tax will be offset by the deduction for the pension scheme.

To those who worry that the reaction in Western Canada to the B and B commission and to the seeming concessions granted to Quebec, the Liberals waiting an early election say it would do no good to wait until next year. By next year the B and B commission would be making its report and the reaction in the West might be worse, or have the election new they say.

The man who has the final say is Prime Minister Pearson. And to all intents and purposes he has not yet made up his mind. He is carefully surveying the situation this summer and studying reports from Liberal listening posts across the country.

One thing is certain; the Prime Minister came out of the federal-provincial conference with his political stock higher than when he went into the meeting. His medicare proposals took the wind out of the sails of many of the premiers. They had arrived in Ottawa prepared to needle the federal Liberals for not acting with greater speed on the Hall Royal Commission report on medical services.

The Prime Minister's proposal to split the costs 50-50 with the provinces that set up their own medicare programs, provided those programs met certain criteria laid down by Ottawa was a master stroke of strategy. It left it to the provinces to do the organizing of their own programs. Then it did not interfere with their autonomy. It also incidentally left it to the provinces to do the haggling or wrangling with the doctors, something Ottawa is happy to stay away from after watching Saskatchewan's experience.

**LET GEORGE DO IT**

The Liberal party in the federal field can now talk about its proposals for medicare and it won't have to put up any money until the plans go into operation on July 1st, 1967. That was the target date suggested by the federal government for the joint federal-provincial medicare programs becoming operative.

When the conference wound up and the premiers headed home the sea-aboard appeared to indicate that provinces ready to go along with medicare were: Newfoundland, Quebec, New Brunswick, Ontario and Saskatchewan. The provinces that are reluctant by indicating an interest are, British Columbia, Manitoba, Prince Edward Island and Nova Scotia. The strongest opposition came from Premier E. C. Manning of Alberta.

But the federal government holds the whip hand. The federal treasury is to kick in 50 per cent of the cost of the medicare program and any province that refuses to participate would not get money from the federal treasury. This would mean that the premiers staying out of the program would be open to the charge by political opponents that they were denying their people half the cost of their medicare bills. It would be a pretty potent weapon for a political opponent to use in bludgeoning any premier who refused to join in the scheme.

Under such circumstances what provincial premier would dare to stay out of the medicare program, asked one non-Liberal premier who was by no means an enthusiast for the plan. It appeared to be the "carrot and the club" technique. The carrot was the federal offer to pay half the cost. The club was Ottawa's insistence that if a province did not participate it did not get the money it would otherwise receive.

# Let's get down to business

What's so much better about Montreal than the rest of Canada?

Why are 4,500 postmen in that centre allowed to violate the rules of the Post Office, . . . at the same time insisting on no reprisals for their illegal action . . . when employees anywhere else in the country are convinced their jobs would be jeopardized for such action?

It seems the time has past when the government really cares about the greater good for the greater number . . . instead, it's interested only in the greatest vote gathering or the least vote losing form of action.

And, illogically enough, The Edmonton Journal added this bit of twaddle to the debate recently: "reasonable men asking for a reasonable increase in a reasonable manner."

Is it reasonable to put mailmen above the salary levels paid to school teachers with a year of training and a lot more experience? Is it reasonable to lift them above the level of scores of thousands of other workers with probably equal abilities or working conditions, except skilled craftsmen?

Is it reasonable to say that thousands of workers who pour out on strike in defiance of their own union leaders are acting in a reasonable manner?

Nonsense! They want to use a show of strength in arguing their case . . . why shouldn't and why doesn't the government show that it, too, is fairly good at twisting wrists?

# Not best reason

We're solidly behind Edmonton's city council in hoping the provincial government will again establish a government house, as a residence for the lieutenant governor. But Alderman Morris Weinlos's reason that an official residence "would enhance the dignity and stature of the city" is just about the poorest possible argument, in our books.

After all, when and if a government house is established it would be supported by taxpayers in every community and region. If it's chief purpose is to enhance Edmonton's dignity and stature, then let's by all means suggest that it be paid for by Edmonton.

# Crop outlook excellent

Although crops in the area are a bit later than usual they're generally reported to be doing very well, with no damage whatever from lack of moisture in recent days, and the high heat. "The best crop in years" is the forecast of one district man, and his feeling is borne out by many other spokesmen for the industry.

Most farmers report there's still lots of moisture right up near the surface . . . so much that the plants haven't yet built any depth in their root system, because they haven't needed to. "The crop is so thick the sun can't get down that low" reported another.

There's always another side to the coin, of course, and what's good for crops is also good for weeds. Nonetheless, it looks as though granaries should be full this fall, barring a little trouble with the weather. So cross your fingers for the farmer's sake, and hope for the best.

AND THE TUB WAS DRY! Parts of eastern Ontario, Quebec and New Brunswick are experiencing their worst drought in many years, and this little gal is an unhappy victim of the water shortage! Spotting this inviting tub on a hot day, she made a bee-line to cool off, but when she got there, 4-year-old Cindy Calvert found not a drop to splash in. P.S. — dad filled the tub after the picture was taken.

## To study uniform traffic act

Hon. Gordon E. Taylor, Alberta Minister of Highways, has announced that a committee has now been set up for the purpose of studying the Vehicles and Highway Traffic Act and Town and Village and City legislation to see if a uniform traffic act is practical and possible.

Earlier this year the Alberta Motor Association made representations to the government in which it was shown that there is little uniformity between bylaws dealing with traffic in towns, villages and cities, as compared with the Vehicles and Traffic Act. The Alberta Motor Association asked that a committee to study the possibility of a uniform traffic act be set up.

Gene S. Syska, departmental solicitor for the department of highways, will be chairman of the committee, while members will include the following:

Alan MacDonald, solicitor for the City of Edmonton representing the Union of Alberta Municipalities; D. J. Tompkins, solicitor for the Alberta Motor Association; and R. F. Tait, deputy registrar of the Motor Vehicle Branch.

The committee expects to go to work later this month. All members have volunteered their services to the committee.

## 20 YEARS AGO THIS MONTH

MUSHROOM CLOUD. The world's first nuclear explosion was set off on the desert flats near Alamogordo, New Mexico, on July 16, 1945, proving the feasibility of the atomic bomb. The dropping of two A-bombs on Japan the next month hastened the end of World War II in the Pacific. In the 20 years since, Great Britain, the Soviet Union, France and China have developed their own nuclear weapons. Several other countries are said to be capable of doing likewise in the next few years.

## Showers fete bride-elect

Two showers were held in Edmonton last week to honor Miss Gail Sears.

On Wednesday evening, the girls from the Royal Bank where Gail works, held a shower for her; and on Tuesday evening the friends of the McGinnis family honored her.

Gail will be married to Laurence McGinnis on Saturday, Aug. 14th, at the Tofield United Church.

## Mrs. John Story visits pioneer meet

(Mrs. G. H. Taylor)

HOLDEN—The Pioneer Group held its regular monthly meeting August 5th, at the home of Mrs. Arthur Story with 12 ladies present. They also renewed friendships with Mrs. John Story who is spending a few weeks visiting with her son, Arthur and family. Mrs. Story is over [illegible] years of age and unable to get around very well as she is badly crippled with arthritis. She was showing the ladies some very exquisite crochet work she had just finished and was most pleased to meet with old time friends.

This being the centennial year for the Salvation Army, an interesting article was read about this organization by Mrs. Campbell instead of the regular study book being taken. The next meeting of the group will be at the home of Mrs. Lars Olson.

## Around the town . . .

HOME FROM EAST

Mr. and Mrs. J. E. Stinson returned last Wednesday from Toronto by car with their daughter, Miss Shirley Stinson, who is soon taking up duties as associate professor of nursing with the University of Alberta. On the trip home, they saw a County of Camrose school bus at least five times, being ferried to Camrose between Orillia, Ont., and west to Brandon, Man.

FIRST THINGS FIRST. It's all very well to toil in the fields, bringing in the harvest to feed a nation, but gosh . . . a fellow has to take time out to feed himself as well! This hungry harvester takes a break to stoke up with a sandwich.

## Oakhill Boys' Ranch is united project

Rev. W. L. Hammett and Mrs. Hammett were visitors at the Oakhill Boys' Ranch at Bon Accord. The first unit of this project, containing bedrooms for eight boys, kitchen, living room and matron's rooms, has already been erected.

The small chapel has been beautifully finished and furnished by various denominations, including Anglican, Presbyterian, Pentecostal, Roman Catholic, United Church and others. Work on the acreage is being done by the boys in residence, under the direction of the Rev. Ramsay Stewart, whose untiring effort has made this project possible.

Besides the ranch proper, the Rev. Mr. Stewart has under his care between 80 and 90 children whom he has placed in foster homes. The Rotary Club of Edmonton is one of the organizations which is interested in this work.

## Teachers to attend Banff conference

Mrs. Grace Appleby of Holden will attend the 17th annual conference of the ATA which will be held at the Banff School of Fine Arts during the week of August 15th.

Mrs. Appleby is being sent as a delegate of the Beaver Local to make a study of the policies and administration of the provincial Alberta Teachers' Association. The course will feature a close examination of organization of the ATA, the policy and bylaws governing it, professional development programs, specialist councils, short courses and seminars sponsored by the ATA.

Mrs. Appleby's special group of 35 will also join in general sessions with the rest of the 225 teachers who are spending this week of their vacation at the Banff conference. The other groups are studying professional development, ATA leadership, and economic welfare.

# New model needed

The Good Samaritan is out of style, today (if indeed he ever was in vogue) so something else should be invented to fill the need.

You'll remember the story told by Jesus about the man who fell among thieves and was left badly injured at the side of the road to die. Two travellers, from his own country and "important" citizens passed by but refused to have anything to do with him. And then finally, a man from Samaria, despised as one of the "lesser breeds", stepped in to help things out.

All we need do is change the story slightly, rewrite the characters and places, and we'd have one of hundreds of news reports of today . . . until we get to the part about the Samaritan. Today, we can't find this character in the news. We read about thugs attacking women and old citizens, gangs jumping sturdy men and gang wars where crowds of people look on and witness violence, but won't take any action in the situation in order to avoid "becoming involved". So-called wolf packs in Edmonton beat up on unsuspecting pedestrians and even motorists.

But the doctrine of non-involvement grips too many people. Ultra cynical, people look at each other and ask why they should take any chances . . . isn't that what the police are for? Yet when the police forces come, they're openly insulted and jeered.

We take the attitude that it's smart to keep out of trouble. We look at the percentages, and figure the game isn't worth what it costs. We shrug our shoulders with a "what's it to us?" attitude.

That is, we do until it hits close to our own home. And then we raise howls to the rooftop indignantly denouncing the community disinterest and the lack of any feeling of public responsibility.

But, of course, it's already too late by then. The damage has been done. We have to get in and dig right now to build up any sense of community safety . . . else we shall disintegrate into a savage jungle far worse than any equatorial area, because it will be a jungle with all the aids and advantages of twentieth century technology.

If the doctrine of the good Samaritan has gone out of fashion, there's a pressing need for something to replace it. Right now.

STRANGE PETS. Strollers cast a wary eye on the two friends of pretty Edith Weidmann when she took them for a walk in Amsterdam, Holland. Edith travels with a West German circus and the two full-grown leopards are part of the animal act. They're well behaved, but just the same, morning strollers kept their distance.

# Eat sugar, stay slim

This is the heading on a recent publicity report to cross our desk, which carries on to say that country eating is back in style.

The statement was made by a home economist, in front of, (just imagine) The Canadian Sugar Institute.

The home economist, who decried all the fad diets and pointed out why they are faulty said there are only two secrets to staying slim on so-called country diets. Eat sensibly! Exercise more!

Part of the trouble, of course, is that many people have no idea of what is meant by eating sensibly. And the idea of exercise is repugnant in a society which needs the car to pick up cigarettes from a store a couple of hundred yards away.

Most of us are all too willing to warmly endorse the idea of eating country style again, but forget the idea of working country style that went with it.

# By George!

Ever since the descendants of Noah tried to build a tower that would reach to heaven, one man's language has been another man's noise.

It was a severe punishment for the arrogance of man, who today is confronted with more than 2,700 spoken languages, not to mention dialects, according to World Book Encyclopedia.

Along with problems of communication, the glut of languages has provided another instrument for expressing national pride, and even hostility. The ancient Greeks, for example, called all non-Greek speakers "barbaroi," or "babblers" — an unhappy ending for the word "Babel," which originally meant "gate of God." After the French Revolution, which created a wave of nationalism in France, letters addressed in Breton, the old language of the northwestern tip of France, were returned to the sender. Sinhala is the official language of Ceylon; but when the government tried to enforce its use in 1961, some two million people who speak Tamil revolted.

Some countries have tried to solve the language problem by having more than one official language. Canadians use both French and English. Switzerland, which has been at peace longer than most countries, has three official tongues, German, French and Italian, and recognizes Romansh as a fourth national language.

To put an end to the babble, some persons have suggested that one existing language be made universal, but then there's the problem of which one. The French philosopher Descartes had an admirable idea when he proposed that an artificial language be created to serve as an international tongue. He may only have complicated things, however, for several hundred artificial languages, including Volapuk, Interlingua, Spelin and Nepo, have been nominated for the honor.

# Modern marvel

What could turn out to be one of the miracles of this century is a clue in the fight against the common cold. While medical science deals disabling or lethal blows one by one to the worst diseases, the common cold carries on.

A virus has long been incriminated but a team of four researchers in Bombay, India, writes in the British medical journal, The Lancet, that this virus could be just a passenger and not the driver.

"We suggest that man to some extent owes his common cold to the consumption of common salt . . . two adults and two children with recurrent common colds have obtained complete and sustained relief for the past 6 to 14 months taking a salt-free diet," writes the team. They continue by pointing out that the common cold can be induced at will in children by administering a salted diet.

The implications are almost beyond belief. While the common cold is not rated highly as a killer, it probably weakens thousands to the point they succumb to other diseases they might resist if their strength had not been sapped. And thousands among us must have wished at times we could die if we couldn't get over that pesky cold.

The impact on the salt business may be dreadful, but imagine what would happen to the sales of drug companies if no more nostrums were needed for safety or relief from colds . . . if all that were necessary were to cut down on salt or eliminate it. Just imagine the millions of dollars in sales of every imaginable item from simple cough candies through the whole gamut of patent remedies and on to such modern innovations as "cold shots".

## Lakeshore-

(Mrs. Ellen Eaton)

Roy and Ruth Wickenberg accompanied their daughter Janet Wickenberg on a motor trip to Ma-Me-O Beach at Pigeon Lake where they joined with other members of the family and relatives of both Roy and Ruth's families, making 67 persons in all, to enjoy a picnic dinner and annual get-together. Weather was ideal and a very enjoyable time was had by all.

Mrs. Edna Bowick spent Wednesday afternoon of last week visiting with her friend Mrs. Ethel Wood.

The Lakeshore UCW will hold their next meeting Wednesday afternoon, Aug. 18 at the home of Mrs. Theone (Glen) Jones.

Mr. and Mrs. Cal Annis and son David, and Lorimer and Bessie Hunter and girls, all of Tofield, were Thursday evening visitors and coffee guests at the home of Carl and Mavis Jacobsen and girls.

**DRAMA SEMINAR**

Donna Jacobsen, daughter of Carl and Mavis Jacobsen, accompanied Mr. and Mrs. Cal Annis to Drumheller on Sunday, where both she and Mr. Annis will spend the next two weeks attending the drama seminar.

Mrs. Lylla Laqua and family of Foremost, were guests of Lylla's brother Neil and Violet Bailey for a few days last week. Mrs. Laqua and girls, and Mrs. Bailey and girls were Thursday afternoon callers at the home of Mrs. Mavis Jacobsen and girls.

John and Irene Warner motored to Edmonton on Sunday and were afternoon visitors and guests at a barbecue supper at the home of Irene's sister, Muriel and Dennis Thesson.

**OBSERVES BIRTHDAY**

On Friday evening, Emil and Martha Tiedemann of Lakeshore, their daughter Yvonne, Peter Brown and Daryl Bertsch, all of Ketchamoot, Eric and Bertha Sorrell and family of Lakeshore, and Sandy and Irene Scott and girls of Lindbrook motored to Deville to pay a surprise visit to the home of Bill and Mary Tiedemann. The occasion was Mary's birthday.

Thursday evening visitors and supper guests at the home of John and Mary Wood were their daughter Mrs. Ernie Wood and son Dougie, and John's sister Mrs. Esther Majakey, all of Edmonton.

## Ross Creek Sports was a big success

(Iris Bilan)

ROSS CREEK—The Ross Creek Sports Day was quite successful with the first game of baseball being played by the Stadnik Bearcats vs. Cossey Wildcats.

The Chipman Ponies defeated the Ross Creek Juniors, while the Fort Saskatchewan Oldtimers and Ross Creek Oldtimers tied, five all.

Elk Island Park won over Lindbrook in the softball game. Winners of the horseshoe tournament were: first, Orville Hofp and Peter Stadnik; second, Geo. McLalchlan and Mac Haines.

A big vote of thanks goes to Horace Helleffney of Tofield for his enjoyable entertainment, and to Joe Mazurek for his good job as sports commentator.

The district ladies would like to thank the athletic club for the lovely new booth built for them this year. They really enjoyed working in the new structure, and thank all the men who helped build it.

The dance in the evening was greatly enjoyed with music supplied by Bert Tiedemann of Tofield.

MYSTERY OF NATURE. Farmers concerned about drought conditions in some parts of Canada may learn something from the discovery that even desert plants are not drought-resistant, although they manage to survive with minimum rainfall. The Desert Research Institute cr the University of Nevada says the ability of desert plants to run down deep roots or withstand dryness, can teach men how to live and raise crops in regions that are now wasteland. View above shows vegetation flourishing in the Sonoyta Valley of Arizona.

# Former Ryley resident dies in Grande Prairie

MRS. CHRISTINE REUM

Mrs. Christine Reum was born in Vanvikan, Trondhjem, Norway, on May 9, 1885 and passed away in the Grande Prairie Hospital on June 27, 1965 at the age of 80 years, one month and 18 days. In 1902 she emigrated to the United States where she married Martin Reum in Moorhead, Minnesota, on November 20th of the same year. They moved to Harvey, North Dakota where they resided until moving to Ryley, Alberta in 1919.

She was predeceased by her husband in March, 1958, and by two sons, Oscar in June, 1964 and Andrew in May, 1965.

Left to mourn her loss are: one daughter, Helga (Mrs. Henry Stensrud) of Ryley; seven sons, Melvin of Belloy, Alta., Peter, Alf, Harold and Daniel of Ryley, Herman of Wanham, and Arnold of Penticton, B.C.; 28 grandchildren; 15 great-grandchildren; one sister, Mrs. Gusta Bjerkseth of Camrose, and a host of other relatives and friends.

Funeral service was held on July 2nd at 3 p.m. in Hoveland's Chapel with Rev. Holomis officiating. Interment was in the Camrose Cemetery. Pallbearers were six of her grandsons. Hoveland Funeral Home was in charge of arrangements.

Revenues of the unemployment insurance fund last year were $372.9 million and expenditures were $333.8 million.

The federal government's contribution to the shared federal-provincial hospital insurance program will be $484 million in the current year.

# Hay Lakes pioneer, August Rost passes

August Rost was born on July 26, 1892 in the rural district of Fassorva, Rudnia, near the city of Zhitomir in Volhynia, Russia. He received his education in Volhynia and came to Canada in 1912, coming directly to the Hay Lakes district where he worked until 1920 when he married Augusta Mittelstadt. He continued farming until 1950 when he retired to the village of Hay Lakes.

August Rost was a great lover of music and was an active member of the first community band organized in the Hay Lakes district. At various times he was active on the board of the St. Stephen's Lutheran Church, school board, telephone company, and registrar of vital statistics for this area.

He passed away at his home on July 14th, at the age of 73 years. Funeral services were held from Our Savior Lutheran Church on July 20, at 2 p.m., with Rev. Paul Klatt officiating. South Side Memorial was in charge of arrangements. Interment took place in the church cemetery.

He leaves to mourn: his wife, Mrs. Augusta Rost; one son Donald, of Rolly View; three daughters, Bertha (Mrs. George Roper) and Ruby (Mrs. William Yoner) both of Hay Lakes, Eileen (Mrs. Len Lachman) of Chilliwack, B.C.; two stepsons, Arthur Middlestead of Torrington, Alberta and Reinold Mittelstadt of Hay Lakes; two step-daughters, Lydia (Mrs. Gus Lachman) of Hay Lakes, and Martha (Mrs. T. R. Dodson) of Vancouver, B.C.; 28 grandchildren; 10 great-grandchildren; two brothers, Gottlieb of Hay Lakes and Ralph of Sooke, B.C.; three sisters, Mathilda (Mrs. Ed Pl..t) of Leduc, Bertha (Mrs. L. Krieger) of Chilliwack, B.C., and Johanne (Mrs. R. Schmidek) of Edson.

# Patrige chairs CWNA annual convention

Ken Patrige is in Edmonton this week guiding deliberations of the Canadian Weekly Newspapers Association which is holding its annual convention at the Macdonald Hotel today, tomorrow and Friday. Nearly 400 members and visitors registered for the big affair.

President of the national association for the past year, Mr. Patrige heads a committee which has arranged a heavy agenda for the five-day meeting. Matters to be dealt with will include the future of an associated bureau for selling and handling national advertising, changes in association by-laws and technical discussions on new aspects of the publishing business.

Two associates in The Mercury, George Meyer and Chuck Mayer, are also attending most of the sessions, while all salesmen from Barlow & Gene Thirsk took in Wednesday afternoon's session dealing with advertising.

# DA stresses need for ASB advisory board

Stan Powers again stressed to the July 30th meeting of the County of Beaver Agricultural Service Board the importance of organizing the advisory committee for the board as soon as possible so that a working organization will be ready when the new board takes over on January 1st, 1966. He mentioned that Wm. Lobay and Charles Cheshire should be asked to attend the first meeting of this organization.

**TOUR**

An Agricultural Service Board tour was discussed and it was agreed that a tour be held on August 11th.

The secretary read a letter from the livestock branch of the department of agriculture regarding the purchase of weigh scales for the performance testing of beef cattle. There is a grant of one half of the cost of a scale to a total of $600 and if the County would purchase one for rental to beef cattle breeders.

Stan Powers said there are some farmers who are on the performance testing and there would be several more if these scales were available.

The board felt that the County could perform a good service by making these scales available but that it should be bonded into first.

It was agreed the secretary write for costs and rental rates on a set of scales.

**NO NEW DA**

As it appears there has been no appointment of a district agriculturist to replace Stan Powers, it was moved by George Robinson and carried that the secretary write the department of agriculture requesting the appointment of a DA to this district as soon as possible.

The field supervisor's report revealed that weed control problems have increased this spring and summer due to wet ground conditions. Something has gone wrong and the local Lions Club is beginning to wonder what.

The Japanese exchange student, expected to arrive here July 23rd, to be a guest of the Lions Club for one week, has still not arrived nor has there been any explanation as to his whereabouts. Lion Regehr also reported, at last week's supper meeting, of not having received any further information from the student since learning of his coming.

A report from the playground committee that the playgrounds have been worked up and grass seeded, was received with hurrahs from the 13 members present.

President Dugald, reporting on the leadership training convention, which Lion Nebrebeski and himself had attended, stated that there was a total of 1186 new Lions Clubs formed during the past year.

A flag discussion took place but, not having a Diefenbaker present, it ended briefly with flying banners in a unanimous decision that the club purchase a flag for their own use.

The Tailwister once more stole the show but wondered whether it was worth it when members got the best of him, and he seriously and sadly volunteered paying a fine for the return of his wallet which he carelessly left behind while making his rounds. He got the wallet back, reporting that it was the neatest trick he had seen other than Houdini. Thus ended the case of the missing wallet and found one Tailwister who does pay fines (a

# 'Peace with honor'

Those who remember the famous document of Britain's Prime Minister Neville Chamberlain as he returned from dealing with Hitler at Munich, must have recalled it again last weekend as prairie grain companies settled with the striking union grain handlers at the West Coast.

As pointed out by senior spokesmen for the companies, the settlement hardly makes sense from an economic point of view, and it becomes pretty clear reading between the lines that the government, through mediary Dr. Hardy, was holding a gun at their heads. Especially in the face of the announcement that Russia had agreed to purchase 187,000,000 bushels of wheat, nothing could be allowed to stand in the way of getting grain moving again, even though the Russian shipments will go through Eastern ports. After all, strikes have a way of spreading.

Unfortunately, the Alberta Wheat Pool was forced to yield eventually on the court action it instituted against the union for an illegal work stoppage. Hinging any part of the strike settlement on withdrawal of a legal action is definitely denying justice . . . regardless of whether the company would have won or lost the case.

However, the Pool's general manager, A. T. Baker, won at least a moral victory when he succeeded in gaining agreement to inclusion of a clause specifically prohibiting the union from illegal shutdowns during the life of the contract. It's just barely possible he will more highly prize the moral victory than any damages awarded through successful prosecution of the court action.

# Take off the pressure

Recent announcement that the course in dentistry in Alberta is to be increased from five to six years highlights a great deal of publicity the faculty has been getting recently. Much of it is mistaken, pointing out that Alberta annually has to import dentists from overseas or other areas to fill the needs of the province, but not pointing out why.

A lot of nonsense is being talked about modern methods of selection, choosing only the best applicants from among the 120 or so who annually seek to take up the profession.

The word selection should be changed to elimination, for the plain and simple fact is that the university must eliminate several candidates from the larger classes of earlier years, and cut the number to fifty, for this is all they can handle in the later years. There is not space enough, nor equipment enough, nor facilities for more than fifty, no matter how high are the qualifications of the students coming up.

If the Pearson administration were to accept Manning's proposition of setting up priorities, then surely education would come high on the list, and it would take only the diversion of a little bit of money to provide the extra facilities needed by the dental branch of the university to turn out more of these capable and qualified young people.

# Too simple?

Seems so simple it's hardly worth mentioning, really.

We were asked during the week why the new City Hall couldn't be built on the present site. After all, pointed out our questioner, the city owns eight full lots there . . . how many do they want." And they need plenty for some of them, too. And the story of an old though bed didn't worry our citizen friend, who pointed out that new proper building techniques permit construction of buildings almost in a running river . . . Nice and central, too.

Probably so simple the architects hadn't even thought of it

# Carnage in California

Race riots in Los Angeles this past week conjure up images that we can hardly conceive of in this country, and yet maybe we shouldn't be quite so detached.

While our treatment of the Canadian Indian has been abominable, there's little likelihood of a race explosion there because of the Indian's basic nature.

But what's the outlook as far as Canber is concerned? Will we be able to hold in check the forces that seem to be breaking the country apart at the seams? Can we allay development of hate and tension on a level equal to that of the Los Angeles negro" Can French or non-French bring themselves to yield sufficiently to avoid the headlong collision which seems inevitable?

Or is the opinion held by some correct that the French Canadians are now only biding their time until the 1967 World's Fair when they will launch an uprising and rebellion that would make Los Angeles look pale by comparison."

Seems incredible, but maybe wisdom dictates that you not be too positive.

With fewer than the usual number of football games scheduled to be televised this year, there no doubt has been, and will continue to be, a considerable drop in the number of TV viewers this year

But oddly enough, this apparently is not the only thing dropping people away from the idiot box. There seems to be a definite trend toward less television viewing, according to the Canadian Broadcasting Corporation. Nevertheless, watching TV remains second only to sleeping as the nation's most popular activity, reports the CBC's research department.

During the first three months of 1965 the average Canadian had his TV set on for fewer hours than in the comparable period of 1964 and 1963. The report adds, however, that this will "require more basic data for confirmation".

Who knows? In a few years we

# "If I wear gloves, I cannot see"

We are indebted to G. H. Cooper, Safety Director of Canada Packers Limited, for the following article a copy of which he had distributed to plant managers earlier in the year. Its message of safety is well worth taking to heart

Alan Gorst, better known to his fellow employees as "Mickey", has worked in our electrical department for eight years. During this time he has never suffered a lost time or medical aid injury The electricians' trade is considered a more hazardous than normal occupation

Mickey spends most of his time in the electrical shop repairing faulty motors, electric saws, switchboards, heaters etc. In his day to day work he has established the following routine

1 His work area and work bench is kept tidy and clean all the time
2 His tools are kept in good condition and in their proper place
3 Every piece of equipment is cleaned before he dismantles it
4 In addition to his safety helmet and safety shoes, he wears hockey shin guards.
5 When a motor or other piece of equipment is brought down to the shop for repair, Mickey always asks where it was used, what it was used for and how it acted before it failed.
6 Before he [illegible] anything, Mickey ponders and considers all the possibilities.

His thought into how to work safely is remarkable He makes every effort to avoid burns, bruises and cuts to his hands and fingers he detests the feel of grease and dirt on them, yet Mickey does not wear gloves, because, as he puts it, . . . "If I wear gloves, I cannot see"

Yes Mickey is blind, yet he is probably the safest worker in the Edmonton plant

His fellow workers in the shop watch over him like a mother hen When he goes out into the plant they guide him around or remove obstacles from his path. They warn him of slags, projecting pipes, etc . before he comes to them

Unlimited gall

Edmonton Alta

August 11, 1965.

Editor The Mercury.

Dear Sir

Regarding your editorial The Tower of Babel and Mr Bailey's objections to Goff's Chief Justice for the Province of Alberta. Premier Manning, regarding our National Health Scheme

First let me say you have unlimited gall in criticizing our farm organization policy while your own bread and butter comes from the goodwill of the farm community. Is it not an old adage not to bite the hand that feeds him"

You say the policy of the farm organization is compulsory—such statement is preposterous in the extreme. We have a compulsory grain board which was brought about as a wartime measure by the Federal Government in the interest of wartime economy, without any consultation of our farm organization. Our farm policy is one of voluntary co-operative [illegible] our wheat pool dairy pool livestock co-operative machinery pool co-op stores etc All of which operate upon a voluntary basis and are fostered by our farm organization themselves when you charge our organization as autocratic and compulsive in action you are asserting libel action from which even the great God Manning could not help you.

It is surprising in one of apparently limited capabilities and an owner of a farm publication, could be so presumptuous as to criticize a farm organization with a record of a half century of beneficial action to all agrarian people throughout all of Canada.

**CARE IN HARVESTING MALTING BARLEY**

Mechanical damage to barley, during harvesting, frequently results in peeled kernels which are undesirable for malting purposes.

It will pay to take every precaution to see that barley intended for malting is harvested at the right stage, is properly swathed so as to permit complete drying and maturing, and is carefully threshed so as to avoid the peeling and breaking of kernels.

# Modern Etiquette

(By ROBERTA LEE)

Q. Is it all right to use printed cards of thanks when acknowledging flowers, mass cards and donations sent during one's bereavement?

A. As always, it is better to send a note rather than a commercial card, but if a great many must be sent, it is permissible to send the printed cards, since friends understand the stress you are under at such a time. These acknowledgements should be mailed out as soon as possible.

Q. Would it be all right for me to telephone, instead of writing notes and cards, to all the good friends who sent me flowers and gifts while I was in the hospital.

A. Yes, this is perfectly proper.

Q. Should the used silver be left on the platter when it is being removed from the dinner table?

A. Yes.

Q. Where should one's return address be properly placed on the envelope of a letter?

A. The preferred position is in the upper lefthand corner of the face of the envelope — although when the envelope is too small for this, the return address is sometimes written on the back flap

Q. My husband always insists on smoking his cigars at social functions, despite the fact that all the other guests are smoking cigarettes. Isn't this improper of him?

A. Not at all There is nothing at all wrong with a cigar at any affair where other people are smoking.

Q. Are the guests at a wedding reception supposed to wait until the bridal party dances the first dance?

A. Not necessarily. If the floor has been cleared for dancing, and the orchestra is playing the guests are expected to dance.

Q. When chicken pie or some thing of that sort is served in an individual baking dish in a public eating place, how should it be eaten?

A. Usually these individual dishes are placed beside your plate and you help yourself to half the contents at a time, allowing the remaining half to keep hot in the baking dish.

Q. If a funeral notice states "Funeral private", what does it mean?

A. Exactly what it says. Relatives and close friends are notified by phone or handwritten notes by the person helping out as to the time of the rites. Only they attend.

Q. My husband has invited one of his business associates and his wife to dine in our home. I have met the man, but not his wife. Should I phone her and confirm the invitation?

A. This would be a cordial and courteous thing to do.

Q. When one is attending a banquet and doesn't drink coffee, is it proper to indicate this fact to the waiter by turning one's cup over?

A. No. It is much better to indicate the fact by a slight shake of the head and a "No, thank you" to the waiter who is about to serve you.

## Ryley farm will be home for Mr. and Mrs. Knudslien

A pretty wedding was solemnized in the Calvin United Church at Ryley July 17th when Beverly Ann Lauber, eldest daughter of Mr. and Mrs. Clarence Lauber of Dodds, became the bride of Glen Marvin Knudslien, son of Mr. and Mrs Anton Knudslien of Ryley. Rev Barkwell officiated, and organist was Mrs. Ernie Good, cousin of the groom.

The bride wore a gown of nylon sheer over net, with bouffant skirt, and fitted bodice, decorated with rich lace and beaded applique on scoop neckline and skirt front; with lily - point sleeves. Her elbow-length veil was held in place with a beaded crown and she carried a bouquet of white rose buds with ivy streamers in cascade design.

Maid of honor was Miss Joanne Lauber, sister of the bride, and Miss Norma Wells and Miss Phyllis Lauber, cousin of the bride were bridesmaids. They wore identical floor-length gowns of [illegible] nylon sheer over taffeta with bow and train and carried cascades of creamy yellow carnations with blue bows. They wore matching headpieces of flower and nylon net. [illegible] girl was Lynn Lauber, sister [illegible] the bride, who wore a dress [illegible] yellow nylon sheer over taffeta. Her headpiece was white and yellow floral with yellow ribbons. She carried a [illegible] of [illegible] of shasta daisies.

Bestmen were Robert Knudslien brother of the groom, and Gary [illegible] and Jim Chappell, friends of the groom. Ushers were Jim Lauber brother of the [illegible], Derrill Albrecht and Geo Bekker friends of the groom.

The bride's mother wore a two-piece [illegible] bone-colored accessories. Her corsage [illegible]. The groom's mother wore a two-piece dark green dress with white accessories with a pink carnation corsage.

During the signing of the register, the Lauber brothers sang "The Lord's Prayer".

A reception was held in the Legion Hall for 200 guests. A lovely three-tiered cake, decorated by the bride's grandmother, centred the bride's table, surrounded with yellow and white gladioli. Miss Sylvia Yoder was in charge of the guest book. Garnet Burnstad was master of ceremonies and Harold Parsons proposed the toast to the bride, to which the groom capably responded.

For travelling to Jasper the bride wore a light blue two-piece suit with white accessories.

Mr and Mrs Glen Knudslien will reside on the farm north of Ryley.

# Holden news briefs

Visitors last week with Mr. and Mrs. Lars Ritland were Mr. Ritland's sister, Mrs. Tom Bratrud, of Camrose, and her eldest daughter Connie, who was visiting from Seattle, U.S.A. Mrs. Bratrud and Connie were dinner guests with Mr. and Mrs. T. A. Liden.

**HOUSE CHANGES**

Mr and Mrs Armand Wellman moved the end of this past week into the living quarters at the Alberta Marketers' building from the residence of Reinhold Lotz, where they have been living since coming to Holden this spring. Mr. and Mrs. Lotz are moving soon into their house to make their home there.

Mr. Ranton is presently conducting classes for intended communicants of the Ryley and Holden United Church.

A recent visitor for a weekend with Mr and Mrs. Alex Tymchuk was Mrs. Tymchuk's sister, Mrs. Josie Swansen, of Edmonton.

Ray Howland was a business visitor in Edmonton last Friday afternoon.

Mr. and Mrs. John Malick of Strome, who attended the funeral in Holden of Mrs. Nahonaswich on August 6th, were callers later with their son and family, Mr. and Mrs. Milton Malick and children.

Mr. and Mrs. Bert Appleby motored to Banff Saturday afternoon, where Mrs. Appleby is attending as a delegate from the Beaver A.Y.A. the A.Y.A. Conference being held there from August 13th to 22nd. Mrs. Pearl Allen, who has been at summer school at the University of Alberta, was to attend the conference later in the week after writing exams.

Rev. and Mrs. Lozynski, with Mr. and Mrs. William Ogrodnick, were recent visitors for a day with friends at St. Paul.

Mr. and Mrs. Paul Laustsen and children returned home the end of the week from a two weeks' holiday.

## Pardon me, I'm on fire

Aldermen and spectators at Camrose city council meeting had a good laugh when Ald. Glenn Smith, who had been called to the telephone earlier in the meeting, stood up and asked, "May I be excused for a few minutes, Your Worship? That telephone call I received about an hour ago was to tell me my warehouse is on fire".

As the laughter died down, Mr. Smith who is agent for Royalite Bulk Oil and Gasoline service in Camrose, explained that he had been advised the fire had been extinguished, but that he would be wise to check it again in about an hour's time.

"I guess we can excuse you by all means", replied the mayor.

The fire was actually a smouldering mop in a closet at the warehouse, not too close to oil and gasoline supplies. It was discovered by Mr. Smith's assistant, Al Sayce, who went into the closet quite by chance. "Had he been a few minutes later no doubt the warehouse would have gone up in flames", commented Mr Smith later.

# Spilstead church news

(Wm. E. Griffin)

The fortnightly service of worship was held on Friday evening Aug 6th. at the home of Mr and Mrs. Schn all host and hostess for the occasion, who welcomed each guest with friendly warmth.

Service began when Mrs. Dorothy Brown accompanied both by her piano accordian and led in the choir singing of favorite hymns.

Harold Dunham conducted the service proper. Student minister Miss Irwin was present, but Mr Dunham was relieving her for the evening, for, since her arrival on this mission field in mid May, Miss Irwin has been constantly active in her daily ministry in the area, including Minnehik, Cooking Lake and Spilstead

Mr Dunham's message was based on a need we all have—that our God is never far from us, but very, very near if only we will believe.

A social hour followed the service, and hostess, Mrs. Schmidt, assisted by other ladies of the congregation, served a delicious lunch, making the social hour more enjoyable still

These home gatherings for worship are most happy occasions, not only for community singing and worship, but also for the warmth of the friendships we form, not as prominent in larger congregations. All will find a hearty welcome awaiting you on August 20th in the home to be announced later

**Correction:** Miss Helen Irwin is not a theological student at St. Stephen's College, Edmonton, as formerly reported by this writer, but of Emmanuel College, Toronto.

ed for insect damage

Roadside spraying is proceeding very well, around 700 miles have been sprayed. We are being accused of contaminating Parkside grass with chemicals There is no danger whatever in cutting this grass for hay. 2-4-D is not a poison and deteriorates after application

Seven shelter belt weed control demonstrations were put out Brush control and pasture improvement demonstrations were done in the Blackfoot community pasture. A total of 160 acres were sprayed by aircraft

One hundred and ten pellets and strychnine cubes were re-issued for coyote control Three Norway rat reports were checked and found to be pocket gophers. Four farmers have made use of the magpie traps

Tree lists were sent out for 1966 planting, some varieties are scarce and farmers are reminded to get their applications in early

Roadside seeding will be delayed till the first of September due to excessive water in ditches, said the field supervisor

**WEED INSPECTION**

Charles Sears reported that he had covered the south half of the county as weed inspector The main problem is that due to the wet weather, spraying was not done when it should have been and in some cases not at all Also some farmers are pasturing summerfallow and the weeds are going to seed. He reported that there is a large increase of white cockle in some areas. As this is an annual weed the only way to get rid of it is by summerfallow Weed chemicals have no effect

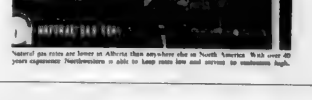
# In many different ways

Heating your home, cooking meals, drying clothes, providing plenty of hot water. In many different ways natural gas serves you and your family for just pennies a day. Good value? Yes... and good service too, from Northwestern; bringing low-cost natural gas to Alberta homes since 1923.

NORTH WESTERN UTILITIES, LIMITED



Natural gas rates are lower in Alberta than anywhere else in North America With over 40 years experience Northwestern is able to keep rates low and service to customers high.

LITHE AND LOVELY. The fashion fall scene calls for fancy dress-up, with clothes having lost their slouch and langor. Grace is the keynote, such as in this evening gown by Mollie Parnis, featuring jewel embroidered on nude chiffon. For day wear, full skirts are on the way, with fabrics ranging from thick to gossamer, in all varieties of color.

# Increase assistance for dugout

"You never miss the water till the well runs dry" is a folklore saying that does not come to mind often in years of adunbant run-off and rainfall such as this year.

Yet it is just in these years, when there is so much water, that wise farmers will look ahead and prepare storage for the dry years that may come again, says L. J. Kroeger of Vegreville, who is associated with PFRA.

During the dry years just past, it was found by many farmers and ranchers, that what they did not like about dugouts was only that there were not enough of them—and that they should have been made even bigger.

The bigger and deeper the hole, the less chance there is of running out of water if a year or two of very light snowfall comes our way. A big dugout is cheap water supply insurance.

To help farmers and ranchers make larger holes, the Canada Department of Agriculture, through PFRA, has increased maximum financial assistance for a dugout to $300.

The grant, as in the past, is based on the cubic yards excavated. Payment is made at the rate of 7c per cubic yard up to a maximum of $300.

On a typical project, to obtain full assistance, the dugout must be almost 4300 cubic yards in [illegible].

A dugout 200 feet long, 70 feet wide, and 14 feet deep, with 1½ to 1 side slopes and 4 to 1 end slopes, is almost 4300 cubic yards.

In this area many people prefer to make a shorter, wider hole. If so, then a dugout 180 feet long, 85 feet wide, 12 feet deep with side slopes 1½ to 1 and end slopes 4 to 1, is also about 4300 cubic yards in size.

This increase in size will give an additional 60,000 gallons of water in the dugout. The largest size dugout should be particularly appealing to farmers who are considering a modern water supply and sewage system and will require a more adequate and dependable water supply. In order to obtain further information regarding your dugout program apply as in the past to your Municipal Secretary-Treasurer, your District Agriculturist, or you may write directly to the PFRA District Office in Vegreville.

Of course as a Manning disciple, we understand your presumptuousness to dictate to our Canadian farm organization.

This writer can get along without medicare—thanks to his native Scotch sagacity which enabled him to secure enough "manala" to live comfortably throughout his SENILE years. It means progressive deterioration —some young have it— it fits those like yourself whose mind lives in the past, who live in a static state Such state is an illusion even great God Manning cannot stop evolutionary progress, consequently bodily health is a first of a progressive state European state arising out of the chaos of the past two world wars, realize full medicare as essential in rebuilding their economy. Nor could they afford to allow insurance brokers to pile up profit at the expense of the people, such as you, Sir, advocate.

This writer is of the opinion that the editor of The Mercury got his lines crossed regarding the "Tower of Babey" instead of the Tower of Babel. Babey's tower could lead to a haven of security and comfort were it not for the false god Manning and his minion confusing the tongue of the builders.

In conclusion, this writer has visited every continent on the globe and soon will be compelled to explore those beyond, if such there be, yet he hopes not in the company of the disciples of the Great God Manning.

# Harvest under way in Tofield district

Harvesting of the 1965 crops in the Tofield and Ryley districts got under way toward the end of last week, and swathing is expected to be general by Sept. 1st.

According to reports from Wheat Pool Agents C. A. Nolan of Tofield and H. B. Berke of Ryley, threshing is expected to be general about Sept. 8th.

By last Friday only about two per cent of the cutting of wheat had been completed in the Tofield area and about five per cent of the barley. At Ryley no wheat had been cut, and barley was the only grain on which farmers had made a start.

"Ideal conditions have prevailed for ripening the earlier crops", reports Mr. Berke "The late crops could use additional moisture".

Mr Nolan says he has received reports of rust in the wheat, though the extent of the damage is not known to date. "There has also been some wind damage to wheat, oats and barley, and some lodging in the oats and barley", says Mr. Nolan. "Harvesting will start this week in the early crops, while some late sown crops are still quite green".

Both grain buyers estimate wheat will yield 30 bushels to the acre and barley about 40 bushels.

Mr. Nolan looks for a 75-bushel crop of oats around Tofield, while Mr. Berke has submitted a more conservative estimate of 50 bushels for the Ryley area.

There has been no hail at all in either the Ryley or Tofield districts.

## Sleeping sickness strikes Alberta horse population

An illness among horses has been reported from various parts of Alberta during the last three weeks, and there appears to have been a concentration of cases in the areas around Edmonton and St. Paul.

The nature of the illness has not yet been confirmed, but equine encephalitis is suspected, and serum samples from a number of animals have been submitted to the Provincial Laboratory of Public Health.

Two human cases of suspected encephalitis have also been reported—one from a few miles north of Edmonton and one from a few miles northwest of St. Paul.

The virus of equine encephalitis is known to be carried by birds. It is transmitted from birds to both horses and humans by a certain type of mosquito. Sick horses do not themselves present any danger for humans, but they do provide a useful warning of the presence of infected mosquitoes.

Since there is no vaccine against equine encephalitis that is suitable for human use, it is up to people to protect themselves against mosquitoes by the use of effective screens on windows and doors, the application of insect repellent to the skin, and the wearing of long-sleeved clothing out of doors during the hours when mosquitoes are prevalent.

### Theatre to re-open

The Tofield Community Theatre will re-open on Friday and Saturday, Sept. 3rd and 4th, and will have regular shows each Friday and Saturday nights thereafter.

Due to increased operating costs there will be a slight increase in the admission prices for adults and students. Children's prices will remain the same.

Show time both nights will be 8.00 p.m.

## William Fraser passes at 61

William D. Fraser of Tofield passed away on Tuesday, Aug. 17th, at the age of 61 years.

He leaves his wife, Kathleen; one son, William, of Edmonton; two daughters, Mrs. L. (Joan) Schacker of Edmonton and Mrs. R. (Betty) Lotz of Viking; three grandchildren; two b r o t h e r s, John of Westlock and Norman of Edmonton, and one sister, Mrs. Teresa Dietrich of Calgary.

Funeral services were held on August 20th at St. Francis of Assisi Church in Tofield, with interment in the Tofield Cemetery.

## P.M. to taxi in antique Edmonton car

Prime Minister Pearson will arrive in Edmonton on Saturday for a public gathering at Borden Park Picnic grounds. Arriving at the International Airport, he will be picked up in the antique auto shown here, and driven to Borden Park.

The ancient vehicle is a 1929 Whippet Touring Car, owned by J. Benkie, of Edmonton's Antique Car Club, and is in excellent running order.

A crowd of 15,000 is anticipated at the gathering, which runs from 3:15 to 5 p.m. A free "grubstake" will be served, accompanied by many other forms of Klondike entertainment.

The Edmonton visit is one leg of a tour Mr. Pearson began in Vancouver, and which he will terminate in Banff with an address at a conference discussing "Canada as a Middle Power".

SCHOOL STYLES. Carefree cottons in rich colors with adult sophisticated lines are big in teen-age back-to-school wear this fall. The ruffled dickey gives a charming Tyrolean touch to this Canadian-designed outfit, called "Sound Of Music," featured in red cotton.

## Ryley 4-H Clothing Club has eventful summer

(M. K. Westmancoat)

This summer has been an eventful season for the Ryley Clothing Club girls. Besides taking part in the 4-H Fashion Review at the Edmonton Exhibition, three of the girls have taken award trips for their hard work during the year.

Sharon Mizera, one of the club's third-year members, was chosen as Club Week delegate and attended Club Week at the Olds School of Agriculture, July 11th to 17th. Her efficient work and willing participation in the club were the basis from which she was chosen.

From the Vegreville district, both Peggy Fisk and Geraldine Kozack were chosen to attend Provincial Eliminations at the Olds School of Agriculture, Aug. 3rd to 6th. This was Peggy's first year at the school, and Geraldine's third year. Both girls came in on alternate positions.

Chosen from the Vegreville district in the Clothing competitions, Peggy attended the week of Aug. 16th to 21st, at the second annual Junior Leadership camp. The Edmonton Journal and Calgary Herald help in sponsoring this camp for Junior Leaders all over the province

It is sincerely hoped that the club will reorganize this fall, and any new members will be welcomed.

## New surface rates for foreign mail

An increase in postage rates to certain countries effective 1st January 1966, is necessary to compensate for additional transportation charges and mail handling costs in the international service.

There will be no change in the rates on letters and postcards to the United States, its territories and possessions, other countries of North, Central and South America, the West Indies, Great Britain and the Commonwealth, R e p u b l i c of Ireland, France and Spain.

To all other countries, letters sent by surface means will be subject to a new rate of 10 cents for the first ounce and 6 cents for each additional ounce or fraction thereof. The rate for postcards will be 6 cents each.

In addition, surface parcel post rates undergo an adjustment and a significant change in structure.

The Postmaster General said plans are underway for a new uniform air postcard rate of 10 cents each to all countries, effective January 1st next. For example, a postcard to Australia or Japan which now requires 25 cents in postage will be prepaid only 10 cents. He emphasized that the present 8 cent air mail rate for cards to the United States and its possessions will continue.

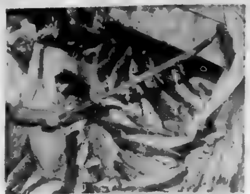
# Lest we forget

As is customary at the construction of handsome new buildings, there is a sign in front of one of the fabulous new structures going up on the university campus in Edmonton, explaining who is doing what on the job and finishing up with the information that it is being provided by the Government of Alberta.

It's really refreshing to find that some wag has crossed out the word Government and painted above it the word People.

Very often we need to remind ourselves it's the People of Alberta doing all these things, or being asked to do them. Or the People of Canada. There is no mysterious "they" who do these things, or who pay for these things . . . it's "we".

The fact should be pointed out frequently . . . lest we forget.



SALMON DISPUTE. Japanese determination to continue fishing for northern Pacific salmon on the high seas, intercepting red salmon returning to North American shores, is threatening to deplete the salmon resources of the west coast. The U.S. is especially concerned, and Alaska Gov. William A. Egan has asked for an economic sanction on Japan to keep Japanese fishermen from their "unwarranted harvesting" of northern Pacific salmon.

# Success lies in the diesel

The diesel locomotive, and the critical days before freeze-up on the Great Lakes, hold the key to a successful rail movement of Russia's big purchase of Canadian wheat, according to experts of both railways.

In the past, it has always been felt that box cars were the big concern in moving the crop. But when the last big sale was made to Russia in 1963 it became apparent to the railways as they went all out to handle the move that the key to success lay with the diesel.

Naturally, both companies will employ such modern concepts as electronic computers and push-button freight yards, but nonetheless the vital item will be diesel power. In 1963, both companies had to lease several diesels from roads in the United States, but this year, with heavy shipping on their account, these firms are loath to part with any.

During the past couple of years, Canadian rail companies have both launched impressive programs of stepping up their capacity through modernizing and increasing the hauling capacity of their units.

Surprisingly, however, dramatic increases in freight handling, in such other export items as potash and sulphur, to mention only two, have kept step with every move made by the rail companies, so they haven't made any net gain on heavy workload ahead.

Some estimate of the worth of one diesel locomotive can be seen in the fact that between now and anticipated freeze-up time of the Lakes in mid-December, it can haul close to a million bushels of prairie grain from the heart of the grain belt to the head of the lakes.

But to meet the pace set by the Canadian Wheat Board, well over 225,000,000 bushels will have to reach there by freeze-up.

After the lakes freeze over, the same engine can haul about three quarters of a million bushels from the Lake area to the Atlantic Coast, while next spring, before the Russian's July 31 deadline, it would have to haul another three quarter million bushels to the head of the lakes again.

Prairie farmers, as well as every other Canadian, for that matter, will be watching the success or lack of it with keen and personal interest.

# Crisis averted

Probably few of us realize that only a month ago the strength of Canada's central banking system, governed by the Bank of Canada, faced a severe test, and came out with flying colors.

Only now coming to light is the story of how crisis, panic and possibly a stock market crash was averted recently, after the insolvency of Atlantic Acceptance Corporation.

Fearing a run on all finance companies, the Bank of Canada ordered chartered banks to back them to the hilt. When it was seen they didn't need to be saved from Atlantic's fate, guarded but wary confidence returned to the money markets. However, a sequitur to Atlantic's demise was the heavy loss of an Ontario trust company, British Mortgage and Trust, which held heavy investments in Atlantic shares and notes. When the news hit the stock market, British share plummeted more than seventy-five percent. Even more suspect than the finance houses were the numbers of small trust companies which have mushroomed so rapidly in recent years. Investors were really concerned, until the Ontario provincial government moved in with a guarantee of up to $3,000,000 in loan if necessary.

Experts declare nothing else could have saved British from collapse, which would have been followed by a run on the assets of every other trust, which could easily have developed into a general financial panic

The knowledge that both the governments and the Bank of Canada are determined to prevent the system from cracking wide open has done wonderful things to maintain confidence. At the same time, useful lessons are being learned by all concerned, both in preventing future crises from similar catastrophes, and in managing the money system for the welfare of the nation

# By George!

Did you ever stop to consider that a very small percentage of the things you may worry about today will ever come to pass?

A perfect example occurred just this week.

Cliff and Bernice Giles, as you may know, now have a family of three children instead of two, as of yesterday morning.

Cliff confesses that for the past several months he and Bernice have been burning the midnight oil looking for a suitable name for a girl. "We had a boy's name picked long ago, but we just couldn't seem to find a girl's name we liked", said Cliff yesterday. "Even up to the night before the baby arrived, after taking Bernice to the hospital, I pored over books far into the night in an effort to settle the question of a name for our little girl. I don't know why, but months ago I had just decided in my own mind that the new arrival would be a girl"

Well, HE arrived yesterday morning, weighing in at eight pounds. Mother and son are doing well Father is expected back at work in about two weeks' (He is taking his annual vacation)

o—o—o o—o—o

It's quite apparent the days are getting shorter. There isn't much yard work that can be done outdoors after 8 00 p m these days.

I swear that the weeks and months are getting shorter, as well. I can recall that as a school boy, especially in the elementary grades, I was sure the end of the two-month summer holidays would never come. They seemed to last forever Now that two-month period of summer seems to be gone almost before I realize summer has arrived

Nevertheless, it has been a most enjoyable summer, and what's more, there's still plenty of lovely late summer and fall weather ahead of us

# Increase arants on farm water dua-outs

"You never miss the water till the well runs dry" is a folklore saying that does not come to mind often in years of abundant run-off and rainfall such as this year

Yet it is just in these years, when there is so much water, that wise farmers will look ahead and prepare storage for the dry years that may come again

During the dry years just past, many farmers found that what they did not like about dug-outs was only that there was not enough of them, and that they should have been made even bigger

The bigger and deeper the hole, the less chance there is of running out of water if a year or two of very light snowfall comes our way. A big dug-out is cheap water supply insurance

To help farmers and ranchers make larger holes, P.F.R.A. has increased maximum financial assistance for a dug-out to $300. The grant is based on the cubic yards excavated. Payment is made at the rate of 7c per cubic yard up to a maximum of $300

On a typical project, to obtain full assistance, the dug-out must be almost 4300 cubic yards in size

A dug-out 200 feet long, 70 feet wide and 14 feet deep, with 1½ to 1 side slopes and 4 to 1 end slopes, is almost 4300 cubic yards

In this area many people prefer to make a [illegible] wider hole. If so, then a dug-out 180 feet long, 85 feet wide, 12 feet deep with side slopes 1½ to 1 and end slopes 4 to 1, is also about 4300 cubic yards in size

This increase in size will give an additional 60,000 gallons of water in the dug-out. The largest size dug-out should be particularly appealing to farmers who are considering a modern water supply and sewage system and will require a more adequate and dependable water supply. To obtain further information regarding your dug-out program apply as in the past to your Municipal Secretary-Treasurer, your District Agriculturist, or directly to the P.F.R.A. District Office in Vegreville.

## Young children overcome by monoxide gas

An incident which could have ended in tragedy for the children of Mr. and Mrs. Allan Hultholm, caused grave concern for a few hours on Sunday, when Kevin, aged seven years, and Brenda, aged five, were overcome by deadly monoxide gas. The family were motoring from Camrose to Irma in an older car, which apparently had a leak in the exhaust pipe. The children were sleeping in the back seat, and when the Hultholms stopped at Viking for dinner, they could not rouse Kevin, who was unconscious. Brenda, though not unconscious, staggered badly when she tried to walk, and Mr. and Mrs. Hultholm also had severe headaches.

The children were taken immediately to the Viking Hospital, where they responded to treatment, and were cleared in a few hours.

The insidious nature of monoxide gas is that it is odorless, and one is not usually aware of its presence in the car.

## Soady-Kozak wedding solemnized August 7th

(Mrs. J .A. Anderson)

KINGMAN, Aug 20th. -- St. Francis of Assisi Roman Catholic church in Tofield was the scene of a beautiful wedding on Saturday, August 7, when Sharon Eleanor, daughter of Mr. and Mrs. John Kozak of Kingman became the bride of Richard Soady, son of Mrs. Marie Soady of White Rock, B.C. The nuptial ceremony was officiated by Rev. Father McCarthy.

The bride looked charming in a floor-length gown of organza over satin with rows of white organza set in skirt, and featuring a pearl embroidered bodice and lily-point sleeves. Her shoulder-length veil was held in place by a peau de soie white rose, and she carried a bouquet of pink roses.

Attending the bride were Bonnie Lee Zarski, cousin of the bride and Elaine Rindahl friend of the bride. They wore cocktail-length gowns of yellow and pink and carried white carnation nosegays

The groom's attendants were Gerald Rindahl and Dennis Ray friends of the groom. Ushers were Danny Anhill and Larry Kozak

The bride's mother wore a blue linen dress with lace jacket and white accessories with pink rose corsage. Mrs. Soady, grandmother of the groom who acted on behalf of the groom's mother, wore a beige dress with white accessories and a corsage of pink roses

A reception was held at the Kingman Community Hall for 00 guests. Alec Shawley of Edmonton was master of ceremonies and proposed the toast to the bride, to which the groom ably responded. The three-tiered wedding cake was baked and decorated by the bride's mother

After a short honeymoon, the couple will reside in Edmonton where the groom is employed.

ATTENTION HUNTERS

Hunting certificates and stamps are available at appropriate vendor sites in your district. You are advised to purchase early and avoid last minute days. Most vendors operate during standard business hours only.

A relative or companion may purchase your hunting certificate and stamps for you. He or she will be required to provide the vender with your name, address, sex, age, weight and height. Be sure that this information is made available to the vendor.

Certificates and stamps may also be purchased by mail, directed to your nearest Game Licence vendor. Your mailed request must also provide the vital statistics listed above plus the required fee.

As soon as you receive your certificate, endorse it in the proper place. A hunting certificate is not valid until it is signed by the licencee. In the field, the bearer of an unendorsed certificate is an unlicensed hunter.

## RECEPTION FOR NEWLYWEDS

Mrs. Olga Lee and her daughter, Mrs. Allan Hultholm, were co-hostesses at an open-house reception at the former's home on Sunday, Aug 15, in honor of Mrs. Lee's son Albert, of Calgary, and his bride, the former Judy Anderson. Albert and Judy were married in Calgary on June 19th, and it was to mark the occasion that the reception was held. Over 100 friends and relatives from Grande Prairie, Edmonton, Wetaskiwin, Ryley, Viking and Camrose called during the day to extend congratulations and best wishes to the young couple. Several gifts and a sum of money were received by Mr. and Mrs. Lee. They returned to their home in Calgary after spending the week-end here.

# School committee meets August 10th

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9 School Committee, held Tuesday, Aug. 10th.

**VIKING BUILDING PROJECT**

B. J. Calvig, architect for the proposed addition to the Viking school, attended the meeting with a sketch plan for the approval of the Committee. It was estimated that the cost, including landscaping, furnishing and the architects' fees, would be approximately $245,000.

After some discussion, it was moved and carried that the sketch plans as submitted by B. J. Calvig in connection with the addition to the Viking school be accepted as well as the estimated cost.

In regards to the Workshop "Education for Leisure", motion 327 65, the Committee was informed that no further information had been received from the Dept. of Education.

It was considered, however, that t e n t a t i v e appointments should be made for attendance of this workshop on October 29, 30 and 31, and it was moved and carried that Cr. Roddick and Mr. Nord be appointed representatives from the County and that the Superintendent, if he is able to attend, be authorized to do so a tthe County's expense.

In regards to the tenders for petroleum requirements, motion 337 65, the secretary-treasurer informed the Committee that he had only been able to contact the County of Barrhead and that the secretary - treasurer there had stated that they were very well satisfied with the savings obtained by purchasing the petroleum products by tender. Some considerable discussion took place as to how much supervision or control would be arranged for. It was considered that each driver could, on a prepared sheet, indicate the number of gallons that he was taking, whenever he used the pumps, and at the end of the month it should be possible to check out the various amounts taken without having to have a special p e r s o n attending the pumps. It was realized that this would entail quite a bit more work in the office and also that the present office staff was unable to keep the detailed records that were considered advisable in order that the Committee would have a clear picture as to the cost of operation for each bus, and that it would be advisable to employ one more clerk in the office.

It was then moved and carried that the tender from Texaco (Canada) Limited, being the lowest tender, be accepted for a three-year period, with the operation to go into effect as soon as possible.

It was then moved and carried that an additional clerk be employed in the County office, and that this position be advertised.

**TENDERS FOR TEACHERAGES**

In regards to tenders for teacherages, dealt with by Motion 339 65, the secretary - treasurer reported that the appointed Committee had met on Wednesday, July 7th, and that Mr. Pike at that meeting had stated that actually two teacherages were needed at Holden as he had ten teachers to find accommodation for, and that it appeared that the situation at Ryley could be taken care of without any additional building this year. It was noted that Bruce McDonell had a house for sale in Holden for $12,000 and Crs. Gibson and Kropielnicki were requested to, together with Mr. Pike, look over this house on the morning of July 8, prior to the Council meeting, with the view of the County purchasing this hous. It was hen moved and carried that if Bruce McDonell's house in Holden is found satisfactory it be recommended to the County Council that this house be purchased; also that the tender submitted by Kubin Construction for a standard Viscount house in the amount of $14,900, being the lowest tender submitted, be accepted.

The matter had been taken up at the Council meeting on July 8, and the motion had been passed to purchase the house from Mr. MacDonell for $12,000, and to accept Kubin Construction's tender in the amount of $14,900.

**CORRESPONDENCE**

A letter from Oscar Epp of Tofield, applying for position as school bus driver was referred to the Committee.

Moved and carried that Oscar Epp be appointed spare bus driver, without retainer, for the Tofield area providing the bus supervisor finds his driving habits satisfactory.

An application from Bill J. Stefanik of Bruce to drive school bus for the County was referred to the Committee.

Moved and carried that Bill J. Stewank of Bruce be appointed spare driver for the County providing the Supervisor finds his driving satisfactory.

A letter from Morris Erickson of Bruce submitting his resignation as regular bus driver for the County and requesting to remain as spare driver, was referred to the Committee.

Moved and carried that Morris Erickson's resignation as regular bus driver be accepted and that he be appointed as spare bus driver for the County.

It was moved and carried that letter of appreciation from C. F. Annis, Principal at the Tofield School, for making it possible to attend the Principal Leadership Course be received and filed.

A letter from Black's Sales and Service advising that they were unable to supply a 1965 1, 2-ton truck as per order placed earlier in the year and advising that, if the County wished to obtain a 1966 truck, they should re-order. The secretary - treasurer stated that this had been done.

Moved and carried that the letter be received and filed and action concurred in.

It was moved and carried that Mrs. W. Hladilo of Wainwright be advised, in response to her letter, that the County is not interested in purchasing her house in Holden.

A letter of appreciation from Mrs. Ethel Pepper for having been given the opportunity to attend the Leadership Course for Co-operating Teachers in Edmonton from July 5th to 9th was referred to the Committee.

Moved and carried that the letter be received and filed.

In regards to the teacherage rentals the Secretary-Treasurer stated that he had not had the time to compile a list of the rents of the various teacherages but, if acceptable by the Committee, he would use the same method as in previous years. He also felt that some provisions for damage caused by the occupants should be contained in the regulations as well as regulation that the occupants of the teacherages should be responsible for the lawns, shrubs, and weeds, etc., during the period of occupancy.

Moved and carried that the Secretary - Treasurer's recommendations be approved and that the rentals of the various units be based on the same conditions as in previous years.

The Committee was advised that the motor mechanic, Derek Tiedemann, would be attending the first year apprentice course May 2nd to June 24th as his first choice and if he could not be accommodated at that course his second choice is from September 7th to October 29th and the Secretary-Treasurer inquired what allowance, if any, the Committee wished to make.

Moved and carried that the policy in regards to allowance used with the other apprentices be continued in this case.

The Secretary-Treasurer advised that the agreement with the contract bus operators were not renewable and he inquired if any changes were contemplate.

Moved and carried that we offer the bus operators the same rate of pay as is now in effect.

The Superintendent stated that Mr. Ivan Johnston who had been appointed to the County's teaching staff had been offered a professorship at a university in Wisconsin and that inasmuch as it had been possible to obtain a teacher to take his place it would be quite in order to release Mr. Johnson from his contract.

Moved and carried that Ivan Johnson be released from his contract with the County.

The Superintendent brought up the need for gravel at the parking lots at the Ryley school and possibly at some of the other schools and Cr. Roddick brought up the possibility of having the bus loading area at Viking paved if the street on the west side of the school was being paved this year. The maximum estimated cost was $3,000 for the paving.

Moved and carried that the paving of the bus loading area at Viking be authorized as well as necessary gravelling of parking areas at Ryley as well as bus loading areas where required.

The members were reminded of the Bus Driver School, Janitor School and Principals meeting on Tuesday, August 31st and it was suggested that one School Committee member should attend the Principals Association meeting.

Moved and carried that Cr. Heathcoll attend this meeting.

The Teachers Institute on September 1st was also mentioned and that presentation of the awards to the outstanding teacher for the year and the beginning teacher would be made prior to the lunch break.

Moved and carried that Cr. Gibson make the presentation to Earl Hardy and that Mr. Stinson made the presentation to Miss Susie Komarnisky.

**BREAK-IN AT BRUCE**

The Superintendent mentioned that a break-in had taken place at the Bruce school on August 8th and that the following equipment had been stolen: 3 typewriters, 1 16 MM movie projector, 1 loudspeaker for above projector, 1 Soundmaster amplifier, 1 Seabreeze record player, with a replacement value of $1,147. Mr. Pike reported that the police had all particulars and it was hoped that at least some of the articles could be recovered.

Moved and carried that bursary applications from Edward Whyte, Joyce Lampitt, David Penner, Linda Budd and Dwight Mauer be accepted, subject to approval of the Bursary Committee.

The Committee was advised that the graduation ceremonies, with a banquet preceding the ceremonies would be held on Saturday, September 11th at the Tofield Community Hall and that regular invitations would be in the mail shortly.

Mr. Pike stated that Ginn and Company would conduct a Reading Institute sometime in the fall and he suggested that this would be of great advantage and help to teachers in Grades 1 to 6 as new readers were coming into use this year.

Moved and carried that authorization be given to teachers in Grades 1 to 6 in the various schools to attend this Reading Institute.

In regards to the house purchased from Mr. Bruce MacDonell in Holden Mr. Pike informed the Committee that some renovations were required with one suite being provided in the basement. He stated that Nick Shihinski and his crew would be doing this work.

Moved and carried that the report be accepted and suggestions concurred in.

A motion at 5:35 p.m. that this meeting now adjourns, was carried.

# Modern etiquette

By Roberta Lee

Q. What can you suggest regarding the writing of the thank-you notes by a bride for the wedding gifts she has received?

A. She should write these notes as the gifts are received, in order to be prompt with her thanks. Then, she should mention the gift by name in her letter, so as to add a personal touch to her thanks. If she just says "thank you for your GIFT", she conveys about as much sincerity as she would in a business form letter.

## Former Holden girl is married in Edmonton

(Mrs. G. H. Taylor)

HOLDEN, Aug. 31. — A pretty double-ring ceremony was solemnized at Pleasantview United Church in Edmonton on Monday, August 2nd, when Donna Lynn Henderson, youngest daughter of Mr. and Mrs. Earling Henderson of Taber was united in marriage to Jim Harold Turnbull of Taber, son of Mr. and Mrs. Harold Turnbull, also of Taber.

The ceremony was performed at 3:00 o'clock by Reverend C. Trout. The bride was given in marriage by her father and looked radiant in a street-length gown of white organza blended rayon over a taffeta skirt. Her shoulder-length veil misted from a pearl-trimmed tiara and she carried a bouquet of red roses.

Attending the bride was Miss Elaine Turnbull, sister of the groom, who wore a blue taffeta dress and carried a bouquet of pink carnations.

The groom was attended by Henry Ainsworth.

Bob and Duane Turnbull, brothers o the groom, were the ushers.

The bride's mother wore a two-piece pink dress, and wore a corsage of white roses. The mother of the groom chose a two-piece jade green dress and corsage of yellow [illegible]

A reception in the Park Hotel, Edmonton, followed the wedding ceremony. Percy Owen, uncle of the bride, proposed the toast to the bride, and a toast to the maid of honor was proposed by Henry Ainsworth. Flowers decorated the head table, which was centred with a beautiful all-white three-tiered wedding cake, ornamented with a heart and bells.

For their honeymoon to Jasper, the bride changed to a white linen suit and wore a corsage of Talisman roses.

Out of town guests were from Calgary, Taber, Grassy Lake, Windsor, Ontario, Viking, Holden and Boyle.

Mr. and Mrs. Turnbull will make their home in Edmonton.

The parents of the bride are well known in Holden and district, being former residents, and their families old time pioneers.

VOL. 14 NO. 1 PUBLISHED WEEKLY AT TOFIELD, ALBERTA Thursday, Sept. 2nd., 1965

## Dry weather is needed for crops

Farmers in this area are hoping for an immediate change in the weather from the unsettled type of the past few days to warm and dry.

**LOWER YIELDS**

H. B. Berke of Ryley notes in his weekly crop report to the Alberta Wheat Pool that crops in his area are turning quicker than expected. At the same time he predicts "yields could be somewhat lower than previously expected".

At Tofield the weather has been cool and unsettled since Tuesday morning of last week. There were several showers and the weather turned colder as the week progressed. As a result, reports C. A. Nolan, there has been no cutting done since Monday of last week. "We need warm, dry weather", he says.

Only about two per cent of the wheat and about five per cent of the barley and rapeseed has been cut in the Tofield area. Farmers have made better progress at Ryley, however, where 10 per cent of the wheat and oats have been swathed, 25 per cent of the barley and very close to 100 per cent of the rye. About half the rapeseed has been cut.

## Japan teacher visiting here

SPILSTEAD — Mr. and Mrs. Hoflin were hosts to the company of assembled worshippers on Friday evening, Aug. 20th. Among the goodly number of guests was a very special one, introduced by Miss Irwin who brought her to the meeting. Miss Yasuye Nakagomi, high school teacher in Yamanaski, Kofu, Japan. It was a great pleasure for everyone to meet Miss Nakagomi.

Miss Irwin called the group to worship by inviting them to sing favorite hymns, a beginning always enjoyed. Mrs. Dorothy Broen was the able accompanist and those taking part in the evening services of worship owe an immeasurable debt of appreciation to Mrs. Broen and her piano accordion.

Miss Irwin again had prepared a wealth of instruction and inspiration in prayer, Bible readings, choice of hymns, children's story and above all, her sermon, so helpful to people as they meet the problems of each day. The community will lose an inspired spiritual leader when Miss Irwin leaves in mid-September to return to Emmanuel College, Toronto.

Hostess Mrs. Hoflin assisted by several of her lady guests, served a tasty lunch during the social hour of warm, christian fellowship.

## Remember '35?

We were reminded by the weatherman on Thursday of last week that the high temperature registered 30 [illegible] ago on that date in Edmonton was 34 degrees above zero.

All crops were badly frozen.

The following winter was very severe with deep snow, low temperatures. The wheat smelled so bad as a result of the frost that the hens would not eat the grain.

Much hardship was experienced in this whole area also by the humans, many of whom had to be provided with public welfare by the municipality within which they lived.

**THE GOOD OLD DAYS**

**50 YEARS AGO**

Fifty years ago folks boiled coffee and settled it with an egg. The only Reds known were red flannels, and a boy didn't think he had to have a vehicle in which to persue happiness. People were more interested in each other than in cows. Ladies rode side-saddle, and when the preacher said a truth the people said "Amen".

A candidate had to be economy minded to get elected to office. Neighbors asked about your family and meant it. When a man dressed for the evening he put on his nightshirt. Folks used toothpicks and were still polite, and neighbors got fresh liver at hog killing time. Two or three people could meet without passing the hate. Parents were the only baby-sitters, and men worked for an honest living instead of wishing for one. A man's word was as good as his bond. Rip Van Winkle slept for 20 years and no one asked him to endorse a mattress.

A man made the same wife do for a lifetime.

—Anon.

## No snow, but tough sledding in B.C.

A subscriber in this district submitted this gem of advice to farmers from the Prairies planning to settle in B.C. He credits the Western Producer as the source of this letter to the editor:

It is a mistake for a farmer to go elsewhere and go into a business with which he is unfamiliar. We were farmers here and moved to B.C. four years ago and tried some business that we knew nothing about. We thought that we could learn. Well, we did, but we lost money. So we just moved back to the farm.

One small business place there was sold to three different parties in two years. Each one lost money. The only one that made money was the party that sold this property.

A nice climate is not everything. One can have a very nice flower garden here, and nicer vegetables. Each winter Prairie people flock to B.C.

"To be near Stanley Park and the sea,
Where cold winds don't blow,
And where there is no snow,
But real estate agents are as busy as a bee
Selling gullible Prairie people like me."

Farmer, Sask.

## Bardo will rebuild

Bardo Church definitely will be rebuilt, congregation members decided early this week, following the disastrous fire last Friday. The church was completely destroyed by fire when it was struck by lightning. An earlier bolt of lightning destroyed it in 1921.

Some thought has been given to moving the site of the church, reported Andy Heiberg, deacon of the church, and the type of material to be used has not been decided.

There was no hesitation in the decision to rebuild, The Canadian was told. Only weeks ago the congregation celebrated the 70th anniversary of the founding of the church, with hundreds of visitors and former members present, in addition to the present devoted band of parishioners.

## Lightning destroys landmark

The Bardo Lutheran congregation are forced to build a third church in 70 years because of lightning. Their first church, dedicated in 1908, was destroyed by lightning in 1921. Friday evening lightning struck their second church, again starting a fire in the steeple and completely destroying the building.

Farmers near the church said they heard the crash but did not see the fire at first. Charles Rude was first to see the flames. He telephoned neighbors who helped remove some of the contents. The fire department at Tofield was also called but were delayed by the violent electrical storm and rain.

It is estimated loss on the building and contents will be in excess of $40,000, which was partly covered by insurance. Plans for rebuilding have not yet been agreed on, but in the meantime services will be held in the Bardo Community Centre.

The Bardo Lutheran Congregation held their first regular congregational meeting in the district in 1895, at the Nels Jevning home. Services had been held previous to this in various homes.

In June of this year the congregation celebrated their 70th. anniversary with a week long series of services in the church. A small history of the congregation was printed for the anniversary celebrations.

## Former Holden girl is married in Edmonton

(Mrs. G. H. Taylor)

HOLDEN, Aug. 21. — A pretty double-ring ceremony was solemnized at Pleasantview United Church in Edmonton on Monday, August 2nd, when Donna Lynn Henderson, youngest daughter of Mr. and Mrs. Earling Henderson of Taber was united in marriage to Jim Harold Turnbull of Taber, son of Mr. and Mrs. Harold Turnbull, also of Taber.

The ceremony was performed at 3.00 o'clock by Reverend C. Trout. The bride was given in marriage by her father and looked radiant in a street-length gown of white organza blended rayon over a taffeta skirt. Her shoulder-length veil misted from a pearl-trimmed tiara and she carried a bouquet of red roses.

Attending the bride was Miss Elaine Turnbull, sister of the groom, who wore a blue taffeta dress and carried a bouquet of pink carnations.

The groom was attended by Henry Ainsworth.

Bob and Duane Turnbull, brothers o fthe groom, were the ushers.

The bride's mother wore a two-piece pink dress, and wore a corsage of white roses. The mother of the groom chose a two-piece jade green dress and corsage of yellow roses.

A reception in the Park Hotel, Edmonton, followed the wedding ceremony. Percy Owen, uncle of the bride, proposed the toast to the bride, and a toast to the maid of honor was proposed by Henry Ainsworth. Flowers decorated the head table, which was centred with a beautiful all-white three-tiered wedding cake, ornamented with a heart and bells.

For their honeymoon to Jasper, the bride changed to a white linen suit and wore a corsage of Talisman roses.

Out of town guests were from Calgary, Taber, Grassy Lake, Windsor, Ontario, Viking, Holden and Boyle.

Mr. and Mrs. Turnbull will make their home in Edmonton.

The parents of the bride are well known in Holden and district, being former residents, and their families old time pioneers.

# Dry weather is needed for crops

Farmers in this area are hoping for an immediate change in the weather from the unsettled type of the past few days to warm and dry.

**LOWER YIELDS**

H. B. Berke of Ryley notes in his weekly crop report to the Alberta Wheat Pool that crops in his area are turning quicker than expected. At the same time he predicts "yields could be somewhat lower than previously expected".

At Tofield the weather has been cool and unsettled since Tuesday morning of last week. There were several showers and the weather turned colder as the week progressed. As a result, reports C. A. Nolan, there has been no cutting done since Monday of last week. "We need warm, dry weather", he says.

Only about two per cent of the wheat and about five per cent of the barley and rapeseed has been cut in the Tofield area. Farmers have made better progress at Ryley, however, where 10 per cent of the wheat and oats have been swathed, 25 per cent of the barley and very close to 100 per cent of the rye. About half the rapeseed has been cut.

## Japan teacher visiting here

SPILSTEAD — Mr. and Mrs. Hoflin were hosts to the company of assembled worshippers on Friday evening, Aug. 20th. Among the goodly number of guests was a very special one, introduced by Miss Irwin who brought her to the meeting, Miss Yasuye Nakagomi, high school teacher in Yamanaski, Kofu, Japan. It was a great pleasure for everyone to meet Miss Nakagomi.

Miss Irwin called the group to worship by inviting them to sing favorite hymns, a beginning always enjoyed. Mrs. Dorothy Broen was the able accompanist and those taking part in the evening services of worship owe an immeasurable debt of appreciation to Mrs. Broen and her piano accordion.

Miss Irwin again had prepared a wealth of instruction and inspiration in prayer, Bible readings, choice of hymns, children's story and above all, her sermon, so helpful to people as they meet the problems of each day. The community will lose an inspired spiritual leader when Miss Irwin leaves in mid-September to return to Emmanuel College, Toronto.

Hostess Mrs. Hoflin assisted by several of her lady guests, served a tasty lunch during the social hour of warm, christian fellowship.

## Remember '35?

We were reminded by the weatherman on Thursday of last week that the high temperature registered 30 years ago on that date in Edmonton was 34 degrees above zero.

All crops were badly frozen.

The following winter was very severe with deep snow, low temperatures. The wheat smelled so bad as a result of the frost that the hens would not eat the grain.

Much hardship was experienced in this whole area also by the humans, many of whom had to be provided with public welfare by the municipality within which they lived.

**THE GOOD OLD DAYS**

**50 YEARS AGO**

Fifty years ago folks boiled coffee and settled it with an egg. The only Reds known were red flannels, and a boy didn't think he had to have a vehicle in which to persue happiness. People were more interested in each other than in cows. Ladies rode side-saddle, and when the preacher said a truth the people said "Amen".

A candidate had to be economy minded to get elected to office. Neighbors asked about your family and meant it. When a man dressed for the evening he put on his nightshirt. Folks used toothpicks and were still polite, and neighbors got fresh liver at hog killing time. Two or three people could meet without passing the hate. Parents were the only baby-sitters, and men worked for an honest living instead of wishing for one. A man's word was as good as his bond. Rip Van Winkle slept for 20 years and no one asked him to endorse a mattress.

A man made the same wife do for a lifetime.

## No snow, but tough sledding in B.C.

A subscriber in this district submitted this gem of advice to farmers from the Prairies planning to settle in B.C. He credits the Western Producer as the source of this letter to the editor:

It is a mistake for a farmer to go elsewhere and go into a business with which he is unfamiliar. We were farmers here and moved to B.C. four years ago and tried some business that we knew nothing about. We thought that we could learn. Well, we did, but we lost money. So we just moved back to the farm.

One small business place there was sold to three different parties in two years. Each one lost money. The only one that made money was the party that sold this property.

A nice climate is not everything. One can have a very nice flower garden here, and nicer vegetables. Each winter Prairie people flock to B.C.

"To be near Stanley Park and the sea,
Where cold winds don't blow,
And where there is no snow.
But real estate agents are as busy as a bee
Selling gullible Prairie people like me."

Farmer, Sask.

## Bardo will rebuild

Bardo Church definitely will be rebuilt, congregation members decided early this week, following the disastrous fire last Friday. The church was completely destroyed by fire when it was struck by lightning. An earlier bolt of lightning destroyed it in 1921.

Some thought has been given to moving the site of the church, reported Andy Heiberg, deacon of the church, and the type of material to be used has not been decided.

There was no hesitation in the decision to rebuild, The Canadian was told. Only weeks ago the congregation celebrated the 70th anniversary of the founding of the church, with hundreds of visitors and former members present, in addition to the present devoted band of parishioners.

## Lightning destroys landmark

The Bardo Lutheran congregation are forced to build a third church in 70 years because of lightning. Their first church, dedicated in 1906, was destroyed by lightning in 1921. Friday evening lightning struck their second church, again starting a fire in the steeple and completely destroying the building.

Farmers near the church said they heard the crash but did not see the fire at first. Charles Rude was first to see the flames. He telephoned neighbors who helped remove some of the contents. The fire department at Tofield was also called but were delayed by the violent electrical storm and rain.

It is estimated loss on the building and contents will be in excess of $40,000, which was partly covered by insurance. Plans for rebuilding have not yet been agreed on, but in the meantime services will be held in the Bardo Community Centre.

The Bardo Lutheran Congregation held their first regular congregational meeting in the district in 1895, at the Nels Jevning home. Services had been held previous to this in various homes.

In June of this year the congregation celebrated their 70th. anniversary with a week long series of services in the church. A small history of the congregation was printed for the anniversary celebrations.

## Don't be a statistic

Of Canada's seven major holidays, the Labour Day week-end is well in the lead as creator of death on the highways. This grim fact is announced by Paul Gormley of the Canadian Highway Safety Council. In fact, states Mr. Gormley, the working man, whose day it is, is being pushed into the background by the road victims in the general public's view of the holiday.

While the record of fatalities over the Labour Day holiday, running at an average of 61 per year, is about a fifth higher than the next worst, which is Thanksgiving, the chances of a highway accident of any kind but not necessarily a fatal one are about three times as great as during any other period except the July 1st to 4th holiday.

It may be cold comfort to know that the odds of coming out of a crash in good shape, therefore, are better . . . at least in percentages . . . but the warning should dispel the almost universal human failing which makes most motorists feel that accidents always happen to the "other fellow".

Major accident causes, according to a safety council, are the urge for dominance, the urge for speed, reluctance to "give in" to the other driver, and simple lack of attention to the simple signs that warn of peril.

Best advice is to even up the odds of getting safely back home by being just about three times as careful as you usually are.

## Wanted : legal abortions

Next to modernizing the law on divorce, one of the greatest needs in this country is a new law permitting abortion in recognized hospitals by recognized doctors.

Records being built up show that thousands upon thousands of women are procuring abortions one way or another, and many thousands are winding up permanently crippled or disabled as a result.

Granted the fact that simply because millions of drivers speed every day doesn't make it legal or moral, neither does the frequency of attempts to end pregnancy change its status as being against either the legal or the moral code. However, there are countless instances when it is definitely not moral, even if it is legal, to continue the pregnancy. Such instances could include the birth of illegitimate children, crippled or diseased babies not wanted in already too large families, or children whose delivery is almost guaranteed to maim or kill the mother.

Certainly modification abounds with dangers. But there are abundant dangers in not changing, too. These have been amply demonstrated over a period of years, and all the horrifying complications which could develop have still not deterred countless thousands of women.

For the well being of the women of the nation, it's past time we gave them some sort of relief from the absolute laws of today. It has been sagely pointed out that if it were men who were involved instead of women, it wouldn't take a full session of the government to get the law changed.

## What the left hand is doing

Talking with a Quebec delegate to the newspaper convention last week, we stumbled on a problem in Canada more serious than biculturism or bilingualism, in our view. The problem is one of simple communication, the ability of the right hand to know what the left is doing

We don't catch every news report or read every paper across the country, but we try to manage a high average. Yet nowhere did we see or hear anything a couple of weeks ago about the incorporation of Quebec second largest city . . . next to Montral. Not on national television, radio or newspaper did we pick up any allusion to the fact.

Obviously, a couple of hundred thousand people didn't suddenly move into a new area What happened was that a dozen closely connected communities on the North Shore of the St. Lawrence, opposite the island of Montreal, formed into one civic body, with one council, one mayor, one administration

Name of the city, which is almost the size of Calgary, is Laval.

What confounds us is that Canadians don't seem to treat this sort of thing as important, compared with American plane crashes, highway accidents, university brawls, and so on. Certainly Viet Namese wars are important, new space flight are important, and race riots draw tremendous attention.

But let's not lead into our own race riots because we don't even know what's going on in our own country. If we don't know about Laval, it's just as certain the people in Quebec don't know what happens in Alberta. Nor do the Maritimers, or Ontarioans, for that matter. After all, why should they care?

## By George!

A couple of new radio stations have made their presence known in Alberta recently. Both boast "quality" music, and both restrict commercials to a very limited number per hour, presumably at a higher than usual rate to give them the necessary financing to carry on.

For those who don't like the screaming, twanging sound of stations carrying rock 'n roll and western music, and tire quickly of the "long hair" stuff presented by such stations as Edmonton's CKUA and Alberta's CBC radio outlets, the two new stations will be most welcome.

In all fairness to one Edmonton station—CFRN—I hasten to point out, however, that the brand of music presented on this channel is most acceptable to people who like quality music, or to those, like myself, who appreciate song stylings from the "swing" era.

o—o—o o—o—o

I noticed in a CTV blurb on shows for the new season that the Smothers Brothers will have a program of their own this year. The two comedians seem to have grown in popularity quite noticeably in the past year or so. One person who caught their act on the Ed Sullivan Show recently told me about a remarkable similarity between one of the brothers and Jim Iddings of the Seattle Barbershop Quartet, "The Four - Do - Matics". This quartet has appeared on Camrose Barbershop shows twice in the past five years, and Iddings' zany antics made him a favorite of local audiences.

The last time this quartet was in the city, Mr. Iddings told me during one of his very infrequent quiet moments that he admires the Smothers Brothers very much, and never misses one of their personal appearances if he can help it. He says he likes the style of the "screwball" brother, and Jim freely admits he sometimes copies it to a certain degree. This accounts for the similarity of the two.

## Modern Etiquette

by Roberta Lee

Q A friend recently asked me, at the last minute, to her bridge party as a fill in for someone who was unable to attend I declined Wasn't I right?

A. Not in the least You were ungracious and rude A last-minute appeal for help from a hostess is usually a compliment because it indicates that you are a special friend who can be counted on to do a favour Your friend was evidently wrong in considering you as a "special friend"

Q About a month ago I wrote a letter of condolence to a friend who had lost her mother, and I still have not received any kind of reply from her. What do you think about this?

A. While it is usually proper to acknowledge such letters still in consideration of your friend's feelings at such a time, her lapse should be overlooked.

Q. What is the correct way to acknowledge an invitation to a christening?

A. Either by note or telephone is correct.

Q What side of the plate should the napkin be placed

A. If you are setting the table with place plates, the napkin is placed on the plate If food is on the place plate when the guests are seated, the napkin is placed at the left of the plate

Q. Would it be all right if I were to have my wedding invitations engraved in gold ink?

A. For wedding invitations, only black ink should be used. Silver or gold are frequently used, for 25th or 50th anniversary invitations, if one wishes.

Q. When addressing an envelope to two unmarried sisters should it be written as "The Misses Brown," or as "Miss Anne Brown and Miss Jane Brown"?

A "The Misses Brown" is sufficient.

## District news items from Ryley

M. K. Westmancoat

Mr. and Mrs. Jack Ellinger (nee Barbara Campbell) and sons Basil and David of Edmonton, stopped in town this week on their return from a vacation, and were breakfast guests with Bob and Marg Westmancoat. They then went out to the Bathgate for two days, visiting with cousins, the Lyons brothers and their families. Barbara resided out there in her early years, and attended Bathgate school up to the 8th grade, when her family moved into Edmonton.

Roland Booth is building an extension onto the north side of his barn, and also a garage onto the north side of his house. He has this work nearly completed.

Mrs. Martha Lillo and Mrs. Lloyd Fobes of Edmonton were in town on Friday, visiting with Borghild Sundlie.

**SUNDLIE-MATTHEWS**

Mr. and Mrs. Gordon Sundlie (nee Sandra Matthews), were married in the Calvary Lutheran Church in Edmonton on Saturday, Aug. 21, with reception at the Corona hotel. Relatives and friends attended from Ryley, Mayerthorpe, Wandering River, Bochfort Bridge, and Edmonton. The happy couple left for a honeymoon at Banff and other western points, and on their return will make their home in Edmonton.

Visiting her son Derril and family, and her sister-in-law Mrs. Hans Hillerud, is Mrs. Barbara Solbarg of Vancouver, B.C., a former old-time resident of Ryley.

Mr. and Mrs. S. G. Halberg's daughter Evelyn, of Vancouver, B.C., was one of the actresses seen on the afternoon TV program, "People In Conflict", on Friday afternoon, Aug. 27th.

**LIGHTNING STRIKES**

The Lutheran Church at Bardo was struck by lightning and burned on Friday night during the severe electric storm. The electric organ was saved. This is the second time this church has been struck and destroyed, the first time being in the early twenties. The congregation had held its 70th anniversary services in June of this year.

Mrs. Tillie Branes entertained at supper on Tuesday evening, in honor of her niece, Mrs. Florence Nerassen of Pierce, Colorado. Her guests were Florence and two of her sons Albert and Raymond, Mrs. Sylvia Romberg, Hans and Signy Nerassen, and Mrs. Pearl Kushnir. After supper, other relatives joined the gathering, namely Mrs. Gust Oslund, Walter Oslund and Ellen, and Mrs. Olga Lee of Camrose.

Mark Eikeland and his friend Jeff of Edmonton have been staying all week with Mrs. Tillie Branes. His mother, Berniece Eikeland, motored here and took the boys back to Edmonton, to be ready for school opening.

Mrs. E. Bell of Okanagan Falls, B.C., and Frank Bell of Oliver, B.C., were visiting Mr. and Mrs. Johnny Korack (Clara) and W. Klawitter and Edwin Klawitter, at Ryley. Mrs. F. Bell is a sister of Walter Klawitter.

Edwin Klawitter is home after spending a few days in the Tofield Hospital.

## Palmer - Earling

PALMER-EARLING, Aug. 27— Mr. and Mrs. Wilhelm Lien, Donald and Dennis spent the weekend at Banff.

Rev. and Mrs. Lars Knudson of Elbow, Sask., were visitors here with relatives during the week, before going on to Calgary to visit at the home of their son-in-law and daughter, Mr. and Mrs. Dennis Eberlie.

Mrs. Harold Worthing and Jenny of Prince George, B.C., are visiting the former's brother, Evan Kvale and family and other relatives here for two weeks.

**Mr. and Mrs. Horace Ward (nee Alida Iverson) have adopted four sisters, for their chosen daughters.**

Lindsay, Bea and Floyd Aker of Camrose and their cousin, Edna Aker, have returned from a motor holiday to points in Washington and Vancouver and Victoria, B.C.

Mr. and Mrs. Tom Lamont and family of Leduc have been holidaying with her parents, the Anton Peters and with relatives.

Mr. and Mrs. Wm. Pederson and Myrna and Lorraine Hoveland are holidaying at Banff.

## Bardo and district items

(Mrs. C. M. Rude)

BARDO, Aug. 16 — Larry Foshaug, Merlin Rude and Gail and Joanne Lauber motored to Calgary where they attended the wedding of Marvin Jacobson and Eleanor Olson at the Evangelical Covenant Church there on Saturday.

Leif and Evelyn Foshaug and Lars and Gladys Rude enjoyed a short holiday at Banff and Jasper last week.

Mrs. Borghild Erickson, who celebrated her birthday August 12, had several visitors in the evening.

**VISITORS HERE**

Mr. and Mrs. Bill Moore and David of Calgary have been visitors in the district the past week and on Tuesday the Moores, Ingolf, Esther and Donnie Brekkan and Clarence and Borghild Rude motored to the Alberta Game Farm for an enjoyable outing. On Thursday Mrs. Moore and Mrs. Rude motored to Amisk where they visited Harold and Wyonne Whidden and family, returning home Friday. In the evening Mrs. Moore showed slides at the Community Hall of their trip to Europe two years ago.

Mrs. Agnes Hagen and Neil of Camrose are spending a few days on the farm visiting the Leif Foshaugs.

Sunday dinner guests at the Clarence Rude home were Mr. and Mrs. Floyd Brooks and Donna from Ferintosh and their little granddaughter Janet Strome of Edmonton; Mr. and Mrs. Raymond Brooks and Ricky from Wetaskiwin; and Grandma Foshaug. Garry Nelson came to spend a week with his grandparents while Carl and Alma Marie are travelling to Vancouver in charge of a group of Luther Leaguers who are attending the L.L. Convention there.

Mrs. Iris Francis and children spent the week camping with Mrs. Dennis Bjornson and children at Elk Island Park.

## Lakeshore-

Ellen Eaton

Tuesday evening visitors and coffee guests at the home of Emil and Martha Tiedemann last week were their daughter, Yvonne and Peter Brown of Ketchamoot, Martha's brother, Victor Goubault of Lindbrook and Mr. and Mrs. Dick Thiessen of Tofield.

Don and Deanna Niemetz and little son, formerly of Edmonton, were visitors at the home of Don's parents George and Ida Niemetz from Wednesday to Friday last week. On Saturday they moved to Vauxhall where Don has taken a new position.

Emil and Martha Tiedemann were guests at the home of Sandy and Irene Scott at Lindbrook Thursday evening of last week, helping Sandy celebrate his birthday. Other guests there also were Emil's and Martha's daughter, Yvonne and Peter Brown of Ketchamoot, Mr. and Mrs. Elmer Haney and children of Hastings Lake and Kenneth and Ann Oliver and family.

Marjorie and Morley Jacobsen and little daughter, Diane, were Sunday afternoon visitors and supper guests at the home of George and Ida Niemetz.

Gail Niemetz of Edmonton arrived Saturday and will spend a week's holiday with her parents, George and Ida Niemetz.

Dede and Robert Goubault of Drayton Valley were Sunday afternoon visitors at the home of Robert's sister, Martha and Emil Tiedemann. They took their daughter Judy home with them after she had spent most of three weeks holidays there. Dede and Robert also visited Dede's parents, Marj and John Wood Sunday afternoon. Mary went as far as Edmonton with them, where she is spending a few days with her daughter, Evie and Vic Halwa and family.

Mrs. Emma Ferguson of Tofield went to Edmonton on Monday of last week and spent four days with her two daughters and their families, namely Audrey and Harold Kindley and family and Betty and Keith Paddick and family.

**Arnold and Doretta Bruick and son Dean of Fort Wayne, Indianna, arrived Thursday at the home of Doretta's cousin, Elmer and Vi Goossein and will be there for a short visit before returning home.**

## Approve new rye

The Canada Department of Agriculture has announced release of a new fall variety of rye seed, Frontier. Like Antelope and Dakold, it has excellent winter hardiness but is superior to them in yield, kernel size and color. During the 1961 - 63 period, the average yield of Frontier was 44 bushels per acre compared with 40 for Antelope and 38 for Dakold.

Larry Williams, District Agriculturist, reports there are only 1,000 bushels of seed available in Western Canada for 1965 so this may not have any effect on this area for this year, but may in future years.

Priority will be given to growers of pedigreed seed of fall rye and each purchaser will be limited to a maximum of 30 bushels.

### IN MEMORIAM

WIDEMAN —In loving memory of Floyd Wideman, who passed away Sept. 2, 1962:

When last we saw your smiling face,
You looked so fit and well,
That little did we realize
You would no more return;
It broke our hearts to lose you,
But you did not go alone—
For part of us went with you, Dad,
The day God called you home;
And always every evening,
We seem to have a way
Of wandering back to meet you,
On the road to yesterday.

—Sadly missed by his loving wife, Lavanda, and Children. 1p-3030

# County council meets August 12th

Following are the minutes, in part of the regular meeting of the Council of the County of Beaver No. 9, held Thursday, Aug. 12th:

Cr Roddick brought up the matter of of payment for moving and replacing fence and he felt that payments for fence-moving should be made as early as possible.

It was moved and carried that payment for fence moving be made at the same time as payment is being made for land taken from the unregistered plan, unless an earlier payment is authorized by the Councillor in question.

Dimetro Misyk attended the meeting at this time and stated that he had lost two cows from bloating while herding the cows from one quarter section to another approximately a distance of ½ mile the cattle having been moved within a period of ½ hour Mr Misyk had checked the cattle after they had been returned to their original pasture and had then found the two dead animals. The veterinarian from Daysland had been called in and had established that the animals had died from bloat. This happened on July 23rd. 1965. Mr Misyk blamed the death of the cattle on clover on the roadside ditch and felt that the County was responsible and claimed damage in the amount of $200 for the two animals Mr Misyk was advised that the Council was of the opinion that the County was not responsible It was, however, decided to obtain some legal opinion

Moved and carried that this case be referred to the insurance company for their advice

In regards to the official opening of Beaverhill Lake Beach, motion 602 65, Cr Kropielnicki stated that he had attended the official opening He mentioned the poor condition of the road from the road allowance going to the beach and suggested that the County might assist in this project by undertaking the maintaining of this road and those parts of the beach itself that the Mundare Fish and Game Association may want to have maintained

This was agreed to, and it was moved and carried that the County of Beaver No. 9 would be prepared to assist by maintaining the road to the beach and the beach itself if required and that, if the offer is accepted, Cr. Kropielnicki be authorized to look after this matter.

The report under the Prairie Farm Assistance Act as dealt with by motion 598/65 was again brought up to the Council. Although no individual survey had been made it was felt that at the present time an average yield for each township within the County of 20 bushels to the acre or more would be a safe estimate except in one or two areas where hail had been reported. The Councillors concerned with these areas were requested to have the situation investigated.

Moved and carried that the application required in accordance with Section 3 of the PFA Act and Section 2 of the regulations be completed with an average yield of a plus 20 bushels per acre for each township, except where investigation indicates that, through hail damage, the yield would be 8 pushels per acre or less.

The letter and manual from the Minister of Highways concerning scope and procedure for rural road inventory and future road needs, dealt with by motion 314 65, was again brought before the Council and discussed to some extent The secretary-treasurer suggested that possibly the adjoining municipalities should be contacted to ascertain what they are doing in this matter

This being agreed to, it was moved and carried that this item be again tabled to a later meeting of the Council

The secretary-treasurer reported that in connection with motion 316 65, he had written the Supt of the Elk Island National Park outlining the situation The superintendent's reply, dated July 20, indicated that no dynamiting of beaver dams in the park had been done for some time. It was mentioned that the high water experienced in the past spring had flooded many areas of pasture land within the park as well but, in this flooding had not been activities of man or animal, so steps had been taken to control the situation It was further pointed out in the letter that Ross Creek does not lie within the boundaries of the Elk Island National Park and hence the complaint that the park authorities had been dynamiting beaver dams on the Ross Creek was not quite accurate Cr Weather-ill stated that some further action was contemplated by some of the farmers affected within the County of Beaver No 9 and that he was of the understanding that a petition would be forwarded to the office in due course

Under the circumstances, it was moved and carried that the correspondence be received and filed.

A delegation from the Village of Holden consisting of Bruce MacDonell, Larry Olson and John Somtnik interviewed the Council in respect to the difficulty of obtaining a doctor for the Village of Holden. It was stated that the Village was prepared to assist to guaranteeing an adequate salary to a doctor, who would locate in the Village, for a period of six to eight months and it was the feeling of the Village Council that, inasmuch as a doctor located at Holden would serve a large area of the County, the County should also be prepared to offer a guarantee It was pointed out that this would be merely a temporary arrangement until a doctor would be able to establish himself in the area. It was also suggested that the grant would be conditional on the doctor staying for a specified time and, if he did not stay, then the grant would be repayable This, in the opinion of the Council, would hardly be enforceable The Commissioner stated that the Village of Holden was prepared to assist a doctor to the amount of $250 per month for a period of time and that the County might contribute a larger amount for this purpose It was suggested that an area of the County surrounding the Village where the residents might be considered using the doctor at Holden could be defined and a special levy made on that area However, it was considered that a grant, if such a grant could be made, taken from the general revenue of the County would be more satisfactory

The secretary-treasurer stated that he would have to obtain some advice from the Dept of Municipal Affairs, and it was moved and carried that the Council give consideration for a grant, to assist in locating a physician in the Village of Holden, for a period of not more than six months if this is permissible under provincial legislation.

**Correspondence**

A letter from Mrs Ethel G Haight of Newberg, Oregon, in regards to earth removed from her land, N W 20-48-14-W4th. in 1964, was referred to the Council. The letter indicated that the earth had been taken without permission, and she requested to be paid for the damage done to the land Cr Dorin stated that permission to take the earth, which was used on certain streets in the Hamlet of Bruce, had been given by Mr. Haight in July of 1964.

Moved and carried that Mrs Haight be advised of these circumstances, and that the letter be received and filed.

A letter from F Gommeringer, complaining of the road south of Sec 18-48-13-W4th, was referred to the Council The letter had been received on July 14th and indicated that Cr Dorin was not available at the time Marvin Lund the grader operator at Bruce had been requested to look into the complaint and take necessary action

Moved and carried that the letter be received and filed, and action overcurred in

The secretary-treasurer informed the Council that he had been contacted by telephone by D F Irving, President of Irving Industries, as regards to the strip mine pit on N W 11 49-13-W4th Mr Irving stated that the Mines Branch had instructed him to back fill the mine workings on this quarter section except on the 50 acres that the County had purchased for park purposes Mr Irving had pointed out that if he was forced to do this it would have a very adverse effect on the trout in this lake and he suggested that the County might be interested in purchasing the balance of the quarter section at a price of $15 per acre this being the same price that the County

had paid for the 50 acres from Lou Larson. The secretary-treasurer felt that representations should be made to the Moose Branch, to the Dept. of Fisheries and to the Dept. of the Provincial Secretary, where the original grant for this park had been obtained, and that possibly some arrangements could be made so that the back-filling did not have to be done

Moved and carried that information be accepted and that the secretary-treasurer contact the various Departments of the Provincial Government

The Council was advised that Elmer Siller, who has been leasing the N.W 25-49-20-W 4th for a period of years for pasture for $50 per year, requested another three-year lease on this parcel. This land is located in the County of Camrose No 22 but is being held by the County of Beaver No. 9 for gravel deposits.

It was considered that the lease of $50 per year was not sufficient, and it was moved and carried that Mr Siller be advised that the County is prepared to renew the lease at the rate of $75 per year.

In regards to the Centennial 1967, the secretary-treasurer informed the Council that the Village of Hyley had accepted that portion of the County's grant that was offered to them. The Village had applied to have the grant used for the purpose of building onto the Community Hall, providing meeting rooms and a kitchen. As far as the other areas the secretary-treasurer stated that no further information had been received

Moved and carried that the report be accepted.

In regards to the Recreational Facilities Grants Program, the secretary-treasurer reported that the grant on behalf of the Catholic Parish of St. John the Baptist Polska Hall was approved with the proviso that the drilling of a well would be taken out of other funds and not from the grant, as this was not considered an acceptable project by the Committee Also, the title to the property would have to be deposited in trust with the County office before the check could be issued.

In connection with the application on behalf of St. John the Baptist of Borshchow, this application had been turned down inasmuch as the project of erecting a "Pioneer Monument" was not considered a recreational facility. The secretary-treasurer reported that he had written the officials of the Polska Hall advising them of the conditions and also he had written S. J. Rudachyk in regards to St. John the Baptist Borshchow grant and had suggested that possibly the local MLA might be able to assist them in having another application approved.

In regards to the grant on behalf of Kinsella Elks Lodge No. 264, information was requested whether or not the Kinsella Elks Lodge was situated in the Hamlet of Kinsella. If so, the organization would not be eligible to receive the recreational grant of $800 as the Hamlet had already participated in the original Facilities Grants Program, and the secretary-treasurer inquired how many members of the Elks Lodge were actually in the Hamlet of Kinsella. Cr. Johnston stated that the Lodge consists of some 80 to 90 members, most of them being farmers, residing in some instances some considerable distance from the Hamlet. The secretary-treasurer stated that he would relay this information to the Dept. of Provincial Secretary urging that the grant be approved.

Moved and carried that the information be accepted and the secretary-treasurer's action concurred in.

An account from Evans Air Services Ltd in the amount of $200 for aerial spraying of brush at the Blackfoot Community Pasture was referred to the Committee This matter had been dealt with at the July 8th meeting, at which time it had been noted from the Agricultural Service Board minutes that it had not been feasible to conduct a bush spraying demonstration in the Blackfoot Community Pasture with the County's equipment inasmuch as the pasture was too rough to drive a vehicle over. Under the circumstances Cr. Westherill had inquired if the money set aside for this purpose in the budget for the Agricultural Service Board could be used for aerial spraying, but no action had been taken at that time. It was indicated that the total cost of the spraying had been $950, which meant that the Grazing Association was paying some $700. The secretary-treasurer stated that he could see no reason why the grant would not be obtainable from the Department,

# The Canada Pension Plan and its benefits

**Here is what the Canada Pension Plan will do for people like Thor Andersen, a farmer who works for himself and makes $4,000 a year.**

The Andersens are both aged 45 and have no family. If Thor's earnings continue at $4,000 a year until he reaches age 65, he can look forward to a retirement pension of $83.33 a month from the Plan. This, plus the $75 each Mr. and Mrs. Andersen will receive from Old Age Security, will give them a total of $233.33 a month—equal to 70% of Thor's previous average earnings.

If Thor becomes disabled anytime after 1970, having contributed until his disability began, he will get a disability pension of $87.50 a month. This will continue until he becomes 65 when he will receive his retirement and Old Age Security pensions.

Should Thor die anytime after 1967, having contributed until his death, his wife will receive a widow's pension of $56.25 a month until she becomes 65. From then on she will get $125 a month—$50 from the Plan and $75 from Old Age Security. At the time of Thor's death Mrs. Andersen will be entitled to a lump sum payment of $500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Thor, in a particular year, have self-employed earnings of $4,000 you will pay $122.40 in instalments, in the same way you pay income tax.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada, The Honourable Judy LaMarsh.

# Mr. and Mrs. G. Loken mark 25 years' marriage

An open-house reception at Messiah Lutheran Church parlors on Thursday evening honored Mr. and Mrs G. Loken, who were celebrating their 25th wedding anniversary. Actual date of the anniversary was July 14th, but the reception was delayed in order that the entire family could be present. Gulbrand (Bert) Loken and Lillian Lingjerde were married in Bowlf in 1940 and resided in Bardo and Ryley, moving then to Outlook, Sask., where they spent 15 years before coming to Camrose in 1961, when Mr. Loken accepted the position as principal of Camrose Lutheran College. He was appointed president of the College upon the resignation of Pastor C. E. Lund.

The Lokens have eight children, four sons, Joel, Mark, Rock and John, and four daughters, Crystal (Mrs. Jon Olson), Sharon, Beryl and Rhoda, all of whom were present at the reception. The attendants at the wedding 25 years ago were the bride's sister, Irene Lingjerde (now deceased), and Mrs. Helga Jacobs and Ed Loken (brother and sister of the groom).

For the reception on Thursday, the bride of 25 years looked lovely in a peacock blue two-piece brocade suit, complemented with a rose corsage, gift of the family; as was the boutonniere worn by the groom. The room was beautifully decorated and enhanced with many bouquets of "glads".

Joel Loken was master of ceremonies, speaking on behalf of the family. Several friends and former associates brought impromptu greetings and congratulations to the couple, and reminisced on former incidents in their friendships. Pastor C. Johnson gave the devotions, and spoke on behalf of the "adopted family of friends" of Mr. and Mrs Loken, and Pastor Aasen recited a Norwegian poem.

The lovely wedding anniversary cake was baked by Mrs. Jacobs, and honors at pouring went to Mrs. E. Marken, Mrs. Bert Hovelund, Mrs. Martin Olsen and Mrs Luther Olson. Close friends and relatives prepared and served the lunch to the many guests.

Mr. and Mrs. Loken received an automotive chair as a gift from the children, and 25 silver dollars, suitably mounted, from other relatives. On behalf of the assembly, Martin Olsen presented a gift of money; there were also other gifts and flowers received. Bert and Lillian expressed their deepest thanks to relatives and friends for all that had been done to make the occasion such a memorable one.

# Holden Church is scene of of Maxwell-Hurum rites

The Holden Lutheran Church was the scene of a lovely summer wedding on Saturday, Aug 7th at 3.30 p.m. when Carol Mary, youngest daughter of Mr and Mrs. Otto Hurum became the bride of Donald Keith Maxwell, second son of Mr and Mrs Ray Maxwell of Viking. Pastor Wade performed the ceremony before an altar graced with summer flowers. Guest pews were marked with nosegays of flowers, lace and ribbon

Mrs. Doris Fauta of Viking was the organist and during the signing of the register Mrs. Lawrence Hurum, sister-in-law of the bride, sang "The Wedding Prayer." Given in marriage by her father, the bride was radiant in a floor length gown of white organza over taffeta with appliqued bodice and a scoop neckline and lily-point sleeves. Her illusion net veil was shoulder length and held in place by a fabric rose trimmed with seed pearls. Her bouquet was of deep red roses.

The matron of honor, Mrs. Betty Koetke, eldest sister of the bride, wore a pale yellow gown of crystal charm and Miss Stephania Komarniski, the bridesmaid wore a gown of pale green crystal charm. Their headpieces were white and they carried bouquets of daisies. Little Karen Koetke, niece of the bride, was the flower girl and was dressed in a short pale yellow dress of terylene and carried a basket of daisies.

Dane Maxwell, brother of the groom and Douglas Cumming of Edmonton were the best men, and Lawrence Hurum, brother of the bride, and Cam Maxwell, the groom's brother, were the ushers.

Mother of the bride, Mrs. Otto Hurum, chose a navy blue two-piece dress with white accessories and corsage of red roses. Mrs. Maxwell, the groom's mother, wore a two-piece pink dress with pink hat and corsage of yellow roses.

A reception was held in the Holden Community Hall where the bride's table was centred with a three-tier wedding cake flanked by gold candles. Master of ceremonies was Lyle Grunland as old friend of the family and the toast to the bride was proposed by Ernest Koetke, ably responded to by the groom. Following the reception a dance was held in the Viking Community Hall.

For travelling the bride chose a turquoise two piece double-knit suit with a white tone hat and accessories and wore a corsage of yellow roses. The honeymoon was spent in the southern part of the province. Mr. and Mrs. Maxwell will reside at Viking where Carol is on the teaching staff of the Viking school.

even though this spraying was done by airplane.

Moved and carried that the amount of $300 to Evans Air Services Ltd be paid.

By-law No 195, a by-law to authorize the County Council to incur an indebtedness on behalf of the County by the issuance of debentures for the purpose of providing a sewer system for the Hamlet of Kinsella, was referred to the Council for first reading.

This by-law was to be referred to the Local Authorities Board for approval before further action could be taken.

By-law No 196, being a by-law to authorize the purchase of land, construction, maintaining and operation of a sewerage system for the Hamlet of Kinsella, which had been read the first time on the 8th day of July, 1965, and had been approved by the Public Utilities Board by Order No 27943, July 15th, 1965, was now referred to the Council for second and third readings.

Moved and carried that a nomination meeting for the purpose of nominating candidates in Divisions 5 and 6 to fill the vacancies occurring in those divisions on 1st day of January, 1966, be held in the County office in Ryley on Friday, Nov. 5th, between the hours of 3.00 and 4:00 o'clock in the afternoon.

It was expected that a special meeting might have to be held to deal with a by-law in connection with the proposed building program at Viking.

It was moved and carried that the next meeting to be held at the Call of the Chair or if a special meeting is not required on September 10th.

Harold Ferguson of Airdrie spent the weekend at the home of his parents, Lionel and Emma Ferguson.

**AT WEDDING**

Gloria and Johnny Wood and baby motored to Gosway Thursday to the home of Gloria's parents, Mr. and Mrs. Ken Miller. While there they attended the wedding of Gloria's brother, Jim Miller to Jeanne Letourneau on Friday. They returned home on Saturday evening.

Gloria and Johnny Wood and baby girl were Sunday afternoon visitors and coffee guests at the home of Mrs. Ethel Wood and son Donald.

Judy Goubault spent two days last week at the home of her aunt, Mrs. Ethel Wood.

Elmer and Vivian Goeglein and family of Ardrossan and Ronnie and Barb Goeglein and daughter Sydney were Sunday visitors and dinner and supper guests at the home of Elmer and Ronnie's parents, Elmer and Vi Goeglein.

Leroy and Shirley Exinn and children Margie and Ronnie were dinner guests at the home of Leroy's mother on his day off duty last week.

Skies cleared Tuesday after a week of showery and later in the week heavy rainy weather which has delayed harvesting. Several farmers had done some swathing while others were busy cutting. Some report a rainfall of almost four inches during the past week.

**DRAMA SEMINAR**

Carl and Mavis Jacobsen and daughter Karen, and Mavis' father Julius Jacobsen of Edmonton, motored to Drumheller on Sunday (Aug. 22) and brought their daughter Donna home. Donna had been attending the drama seminar there for the past two weeks. Donna won the scholarship as best actress at the school drama festival held in had a very enjoyable time at Tofield earlier. She reports having had a very enjoyable time at the seminar.

**ME'S GOT PROBLEMS**

Having just returned from their honeymoon, the new groom prepared to carry his lovely bride across the threshold, only to find it a long ways up. The couple are living in their new residence (supplied by Charlie Kaital) within a very short time, as the house was being moved onto the foundation while the photo was taken. This is another example of how Charlie has eased the housing shortage in Tofield. The young couple are Mr. and Mrs. Marvin Jacobsen of Jacobsen Construction who have found it necessary to locate in Tofield as well as Ryley. — Photo by Peter Nickel.

# Community League is planning fall season

The Tofield Community League held their regular meeting on Tuesday, Sept 7th. in the meeting rooms of the Community Centre with president, John Baergen, in the chair

A letter of thanks was received from Donna Jacobsen who was sponsored by the league for a drama seminar in Drumheller.

The Edmonton District Council of the Canadian Cancer Society also sent a letter of appreciation for the $754.62 received from Tofield during the recent Cancer Crusade. This successful cancer drive was accomplished under the chairmanship of Mrs. Hazel Patterson. The letter will be published elsewhere in this issue.

The treasurers' report showed that July 1st Tofield Showcase '65 was a financial success.

The theatre committee reported a low attendance at the weekly shows and some discussion ensued as to how to remedy this situation.

A Thanksgiving turkey bingo will be held in October with Norman Glover in charge of arrangements. Both a merchandise variety bingo and a sportsman's banquet were discussed but decisions regarding them were tabled till a further meeting.

Mrs. Mabel Boyles will be in charge of a Red Cross Blood Donor Clinic on September 28th in the Community Centre.

## Man injured in combine mishap

HOLDEN — Mr. and Mrs. John Semotiuk were called to Vegreville a week ago Friday when Mrs. Semotiuk's father had a very bad accident, being pulled into a power take-off when helping with combining on the farm, and being badly cut up and bruised. Luckily no bones were broken.

He was rushed to the Vegreville hospital where he was in the operating room for two and a half hours, and was on the critical list for three days. John came home on the Monday, and Mary stayed with her mother until later in the week. We were pleased to hear from her recently that her father is making satisfactory progress but will lie in hospital for some time for skin grafts.

# Aids Cancer Society

Mr. Lampitt received this letter from the Crusade Manager of the Cancer Society, in appreciation of donations from the Tofield Community:

Mr. J. C. Lampitt, Secretary Tofield Community League, Tofield, Alberta.
Dear Mr. Lampitt:

We attach Receipt No. 17003 in the amount of $754.62 covering proceeds of your 1965 Crusade for funds and memorials. We note that Mrs. Patterson has retained Book No. 03271 for Memorials—return of all other relating receipt books is also acknowledged.

We would like to thank you, Mrs. Patterson, and all members of Tofield Community League who helped with the current campaign. We are most appreciative of the time and effort spent on behalf of the Society, and we congratulate you on the fine success of your canvass.

We shall look forward to a continuing association with you in coming years.

Yours sincerely,
Rose M. Oliver
(Mrs.) John Oliver,
Crusade Manager.

## Leave lights on? 'No', say experts

Should fluorescent lights be turned off at night or left burning 24 hours a day? The answer: Turn them off regardless of what you might hear from dissenters, particularly promoters of the "total energy" concept which claim that one of the main advantages of on-site generation of electric power is that you can leave your lights on 24 hours a day without cost.

The unit cost of electricity decreases as the load factor increases. Operating a lighting system on a "never switch off" method decreases the unit cost of electricity by 18%. However, this more than doubles the kilowatt hour use and so increases the total energy cost by almost

## New managers for hotel coffee shop

(Mrs. G. H. Taylor)

HOLDEN — The hotel coffee shop is under new management, and was taken over this past week by Mr. and Mrs. Bert Spafford from the Whitecourt district. Mr. Spafford recently had made a visit to England to visit his brother and sister, whom he had not seen since leaving there about 36 years ago. Mr Spafford's brother works in a coal mine and has been employed at the same place since first starting to work.

## Little damage in fire at AGT

(Mrs. G. H. Taylor)

HOLDEN — The Alberta Government Telephone office here has been redecorated the past week end wiring repaired after the small fire in the office Friday, Aug. 27th, when smoke was seen in the telephone office during the night. Luckily it was noticed, the alarm rung and the fire brought under control by the fire brigade before much damage was done. The fire was caused by a "short" in the wiring and the telephone system was out of service until the auxiliary was hooked up. Mrs. Sanderson, the AGT agent, was away in Vancouver at the time.

## Alex Asp passes on August 28th

(Mrs. J. A. Anderson)

KINGMAN, Aug. 31.—Alex Asp passed away at St. Mary's Hospital on Sunday morning, August 29, at the age of 80 years.

He leaves to mourn his passing: his wife; four sons, Bertel, Herbert and David, all of Kingman, and Douglas of Calgary; three daughters, Gertrude and Bernice (Mrs. J. Lawson) of Calgary and Muriel (Mrs. C. M. Hyde) of Burnaby, B.C.; nine grandchildren, and a host of other relatives and friends.

Courage doesn't consist in feeling no fear, but in conquering fear.

**UNUSUAL SIGHT**

A fairly unusual sight in this district in recent years is a field of stooks, but they seem to be more numerous this year due to a fairly damp harvest season. The wet fields can more easily support binders than swathers and combines.

# So it's Nov. 8

The pundits all knew there was going to be an election . . only thing was they didn't know when. At least not until the Prime Minister ended the speculation with his anti-climactic speech last night

It was an excellent speech . . . the opening phrases spelled out "election" From the moment it started all that was necessary was to know the date he had planned on

While the decision is obviously one dictated by senior members of the Liberal party, it is one which will cost him untold votes in the election There are already murmurings that the action was not figured on what was best for Canada, but on what was best for the Liberal party

There is ample evidence that a majority government would be no asset to administration at Ottawa, at least under the present establishment There has been no single case, really, of the Liberals being effectively blocked on any of the legislation they have introduced There have been many instances of where they were forced to give ground, to revamp and soften the effect of their proposals, but only the most partisan supporters would deny that this was really better in the long run, that it was something the party should have taken care of in the first instance before introducing the legislation

Mr Pearson declared in his statement that the government would be able to accomplish much more with a majority of members, but there are untold thousands who must hope this situation does not develop Having witnessed the steamroller manner in which other legislation has been forced through an unwilling house, they dread the pressures which might build up if this level of opposition were not available

One thing we feel confident the election will not do, and that is clear the political air. We are convinced representation will not materially alter from the present, although we definitely see Social Credit being decimated What we fear more is that partisan lines will form on an even more regional basis than they are at present, with definite areas of distinction giving rise to even more separatism

In the words of The Montreal Star ". . . the reasons (are) purely partisan There is no major issue. . . . Instead parliament is to be dissolved barely half way through its mandate because party strategists feel . . . the opportunity to make political yards will not be as favorable again"

I'm perhaps being a bit off base to offer suggestions and criticism when I am not a subscriber but I can assure you that my remarks are offered in a constructive way Perhaps too from this letter you will see the reason why I am not a subscriber [illegible] might ask why, feeling as I do, I ever bother to read the paper perhaps it might be in the forlorn hope that a transformation will take place some day and the editor might insert in his paper only news items of general interest

To be more specific, let me say that there can be no objection to a report of the return of a former resident of [illegible] even if that person visits only one family [illegible] but when a correspondent submits that a farm family visited their neighbor last Thursday and had coffee I feel that the Editor should start using his cutter

I realize that editors the country over must use a percentage of "garbage" in order to have some "filler" but it would be nice if they could give correspondents a gentle hint that trash is not acceptable that they should be objective unbiased and selective in deciding what news should be reported

To be even more specific as to my "beef", I have seen nothing in your paper regarding a seven week holiday trip which Mrs Margaret Harris (no relative of mine) took this summer to Wales flying the polar route I realize that Mrs Harris' trip is not earth-shaking news but she is a former correspondent of your paper, is well known on Ryley Main Street, and quite highly regarded generally Were she a friend of your present correspondent [illegible] would have been devoted to the trip but because she is not, nothing is mentioned Such a high percent[illegible] of district news concerns so very few people and yet occasions or events where 150 are gathered will be ignored depending on the whim of the reporter These are the things that make one wonder if editors can't do something to impress on their correspondents that items of interest to many are what is needed to build a paper of some stature

# It scares you

Apropos the new election, it is significant to note an item in a recent issue of The Printed Word drawing attention to the fact that the sales tax increase in New York City has not caused any angry or noticeable reaction from consumers. One salesman of expensive furniture is reported to have said "it scares you that nobody cares."

It is becoming a fact, says The Printed Word, if it wasn't always so, that the politicians' policy should be "spend and spend, tax and tax, elect and elect." It is doubtful if any candidate for public office will get very far if he runs for an economy platform, and this is something our candidates will not overlook in the weeks ahead.

An economy platform may work when there is a severe depression, but even a frugal person doesn't want a severe depression

# How much more welfare?

With the coming of medicare, Canada Pension plan, baby bonuses, unemployment insurance, and a host of others, the people of Canada (20,000,000) are going to be so tied to government welfare that now (yes even now) many young people have no regard for what is ahead. They say there is no real point in working hard, for no matter what happens, the government will take care of us till we meet the setting sun. Following this theme they say "What difference does it make what I do, for if anything happens, the results will be taken care of by welfare" By giving the impression of complete "take care of you" welfare in Canada we have created an erroneous impression of what life is for What is the use of saving to acquire any kind of plant or business or farm, and working longer than those who work for me, if I can but retain the same amount and perhaps have a lot less fun, they say

"I'll work until I feel I am tired of this job, then there is unemployment insurance; and if I can somehow wangle a pension then I'm set."

We have heard some people say "As long as you people continue to pay the taxes, I will ask for more, and you'll be paying"

What kind of an attitude have we created already that flaunts us in the face at income tax time?

As surely as the seasons change, so surely has the face of welfare

No one denies the right of widows, old age pensioners, mothers with a family and without income or the paraplegics or those who are in real need But to make society as a whole on the receivable end for all sorts of benefits only can destroy the initiative of those who could and would afford it for themselves

There ought to be benefits for those who have paid in for years and have never had to call upon the welfare dollars of government

# The Canada Pension Plan and its benefits

Here is what
the Canada Pension Plan
will do for people like Mary Todd,
a 22-year-old nurse
who earns $310 a month ($3,720 a year).

If Mary's earnings continue at this rate until she reaches age 65, she will receive a retirement pension of $77.50 a month from the Plan plus $75 a month Old Age Security.

Because Mary will have the opportunity of contributing for 43 years, she can have as many as 6½ years of lower or no earnings and still be entitled to the same pension.

Actually, Mary's retirement pension will undoubtedly be more. This is because as Mary advances in her profession and her earnings increase so will her pension. Furthermore, to ensure that all benefits under the Plan maintain their value, they will be adjusted to meet changes in living costs and wage levels before they are paid and changes in living costs after they become payable.

If Mary continues to work and becomes disabled at any time after 1970, she will be entitled to a disability pension of $83.12 a month until she reaches age 65. From then on she will receive her retirement pension as well as $75 a month from Old Age Security.

If Mary dies any time after 1967, having contributed until her death, a lump sum payment of $465 will be paid to her estate.

What will the Plan cost you?

If, like Mary, you are employed and have earnings of $3,720 spread evenly over the year, you will pay at the rate of $4.68 a month. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by
authority of the Minister of
National Health and Welfare,
Canada.

# THE RYLEY TIMES

## Pope-MacLeod wedding solemnized August 28

A very pretty wedding was solemnized on Saturday afternoon, August 28th, when Delbert William Pope, eldest son of Mr. and Mrs. Willie Pope of Ryley, exchanged vows with Pamela Ardith MacLeod, second daughter of Mr and Mrs. Ronald MacLeod of Edmonton The ceremony was conducted by the Rev. Ormand D Laveene, at the Chalmers United Church, 132 Ave at 123A Street in Edmonton at 4.00 p.m.

The bride looked lovely as she entered the church on the arm of her father who gave his daughter in marriage. The bridal gown was a floor-length model in white lace, the bodice glistening with pearls and sequins, and finished with long lily-point sleeves. The billowing skirt was made in four tiers, and a peplum. Her chapel veil of illusion net was held in place by a lace headpiece trimmed with pearls and sequins She carried a cascade bouquet of deep red roses and white lily of the valley, with white streamers dotted with tiny red rosebuds

The two bridesmaids, Miss Delores MacLeod, the bride's sister, and Miss Louise Lasytchuk, a friend of the bride, wore identical floor length gowns in Delph blue satin, with pearl trimmed headpieces and veils in the same shade. Their bouquets were of white roses and blue lily of the valley.

The little flower girl was the bride's niece, Alanna MacLeod, wearing a dress to match the bridesmaids.

Master Howie Budinski, nephew of the groom, was the ring-bearer, and carried the wedding band on a white satin cushion

Lawrence Kathan, friend of the groom, was best man, and groomsman was Dale Pope, brother of the groom Ushers were Blaine MacLeod, brother of the bride, and Emil Budinski, brother-in-law of the groom.

The bride's mother wore a cream lace two-piece dress, with a white hat and white accessories. Her corsage was of yellow roses. Mrs. Pope, mother of the groom, was dressed in a two-tone tweed effect Arnel suit in red and white, with a white pill-box hat and white accessories. Her corsage was of red roses

A reception in the banquet room of the Inglewood Restaurant followed the wedding ceremony, where places were laid for 125 guests. The bride's table was centred with a four-tiered white wedding cake, made by the bride's aunt, and decorated with pink rosebuds and a miniature bride and groom. It was flanked on either side by tall white candles in silver holders and vases of pure white gladiolus. Wendy MacLeod, the bride's younger sister, was in charge of the guest book. Her dress was of pink peach nylon sheer, with a large back bow that held in place the flowing panel, and she wore a corsage of pink roses. Malcolm MacLeod, the bride's cousin, was master of ceremonies and proposed the toast to the bride, to which the groom ably responded.

The Rocky Mountain Rangers played for the dance that followed the reception.

The happy couple left for a two weeks' honeymoon in Vancouver and Victoria, B.C., the bride travelling in a blue and white striped suit with white accessories, and a red rose corsage Out of town guests came from Ryley, Camrose, Red Deer, Mannville, Calgary, Kerrobert, Saskatchewan, and Terrace, British Columbia.

### IN MEMORIAM

BOWICK. — In loving memory of our daddy, who passed away on September 14, 1958:

There is a home not made by hands,
Behind its golden door
Awaits our own, who's now away,
Not lost—just gone before;
And in that home not made by hands
The Master will prepare
A place for us, and when He calls
We'll meet our loved one there.

—Ever remembered by Edna, Bonnie, Bruce and Colin. 2c-3036

### CARDS OF THANKS

We wish to thank all our members and friends who so willingly assisted in saving the contents of our church building, which was destroyed by fire on August 27th. If it had not been for their heroic efforts our loss would have been much greater Also the Tofield Municipal Fire Department who came as quickly as possible, and were able to extinguish the massive flames that had already engulfed the building, thereby saving some of the equipment in the basement. May God bless each one of you and give us the strength to do His will in our rebuilding plans.

# McGinnis - Sears vows pledged August 14th

The Tofield United Church, decorated with baskets of pastel shades of gladiolus, pink lavetera and sweet peas provided the setting for a lovely afternoon wedding on August 14th, when Miss Gail Sears, daughter of Mr. and Mrs. Charles Sears, exchanged vows in a double-ring ceremony with Mr. Lawrence McGinnis, son of Mr. and Mrs. Aubrey McGinnis of Edmonton.

Rev. W. H. McDannold performed the ceremony. Mrs. E. Stinson was organist and Lloyd Wickstrom was soloist.

The bride, given in marriage by her father, wore a floor-length gown of pure silk organza over net, with controlled train, and lily-point sleeves. French lace applique trimmed the empire waist-line and skirt. Her tiered veil was held in place by a flowered crown. Her only jewelry was a family heirloom brooch which had belonged to her great-grandmother. Her cascade bouquet was a single orchid with mauve-tinted gladioli buds, stephanotis and ivy.

The groom's sister, Mrs. Noreen Lodge as matron of honor, wore a cocktail-length gown fashioned in daffodil yellow [illegible] over rayon taffeta, with net flower-trimmed cape and matching headpiece.

The bride's sister, Miss Gwendolyn Sears as bridesmaid, wore an identically styled dress in pale mauve with matching headpiece. They carried bouquets of mauve-tinted gladioli buds.

Miss Michelle McGinnis, niece of the groom as flower girl, wore a full-skirted nylon dress in daffodil yellow, with matching headpiece. She carried a basket of yellow and bronze 'mums and white daisies.

Best men were Dale Stacey and Robert McVey, friends of the groom. Master David Sears, youngest brother of the bride, acted as ring-bearer. Ushers were Gary Sears and Dwight Sears, brothers of the bride.

Following the ceremony a reception was held at the United Church, where friends and relatives were received by the parents of the bride and groom. At the reception Lloyd Wickstrom sang "I'll Walk Beside You". Ronald McGinnis acted as master of ceremonies and Dennis Lyseng, uncle of the bride, proposed the toast to the bride to which the groom ably replied. Misses Patsy and Ruth-Ellen Sears, cousins of the bride, were in charge of the guest book. The bride's table was centred with an all-white round three-tiered cake, flanked by pink candles and pink flowers.

For her daughter's wedding, Mrs. Sears chose a sheath dress of flamingo pink peau-de-soie with matching stole and hat, and bone-colored accessories. She wore a corsage of deep-cream roses. The groom's mother, Mrs. McGinnis chose a turquoise blue sheath dress with a matching blue lace redingote, white feather hat, and white accessories, and her corsage was also of deep-cream roses.

For a short honeymoon to Banff, the bride wore a two-piece blue Italian knit suit with beige accessories and corsage of pink sweetheart roses.

Mr. and Mrs. McGinnis will reside in Edmonton.

Out of town guests were from Edmonton, Ryley, Ohaton, Calgary, Moose Jaw, Lloydminster, Hinton, Holden, Camrose and Swan Hills.

## Ministik news

(Mrs. J. Roddick)

## Golden wedding observed at Zion Lutheran Church

(Mrs. Joe Knudson)

PALMER EARLING, Sept. 2nd — On Sunday, Aug. 22nd, many friends and relatives gathered at the Zion Lutheran Church to celebrate a happy event—the golden wedding anniversary of Mr. and Mrs. Cornelius Lien (nee Inga Mosby). This being the fourth golden wedding observed in the church.

The country chapel was decorated by bouquets of glads in every window by Mrs. George Mosby and Mrs. Lawrence Hoveland. At the altar were two golden colored plants, one a gift from the children, Mrs. Constance Hoveland, Mrs. Esther Pederson, Eberhard and Wilhelm Lien, and the other from the Edwin Mosby family.

The honored couple entered the church as the organist Mrs. Allan Hellekson, played a favorite hymn, also their children and 13 grandchildren. Pastor Palmer Olson was master of ceremonies for a fine program of suitable poems and songs. There were two numbers sung in Norwegian.

Refreshments were served in the basement that was decorated in white and gold by Wm. Pederson and George Mosby.

Seated with the honored couple and their children, was one of their attendants 50 years ago, Mrs. Annie Mosby. The other attendants were Emma Erlandson, now residing at Matsque, B.C., and the groomsmen were the bride's brothers, Hans and George Mosby (now deceased).

A few of the wedding guests at that time were also seated at the bridal table, namely Orval Bray of Ryley, Mrs. Anne Bratrud, Mrs. Ragna Knudson, Mrs. Albert Roth, Mr. and Mrs. Henry Steuarud, Ludvig Hoveland and Pastor and Mrs. P. Olson.

**PRESENTATIONS**

In charge of the guest book was the oldest grandchild, Myrna Pederson of Edmonton. On behalf of the community, Alvin Bratrud spoke and presented a purse of money to Mr. and Mrs. Lien. From Zion LCW, Mrs. Alvin Bratrud presented a lovely white chenille bedspread, and on behalf of the immediate family, Mrs. Esther Pederson presented a dinette suite. For the 13 grandchildren, Myrna Pederson presented her grandparents with a two-tier cake plate, sandwich tray and cream and sugar set. Pastor Olson and Wm. Pederson spoke briefly. Mr. Lien expressed his sincere thanks, and Esther Pederson thanked all on behalf of her mother.

**WED AT HOME**

Cornelius and Inga were married at their present farm home, the former home of the bride, on August 19th, 1915, by Rev. Klyve when the entire community was served dinner at noon. A large tent was erected on the lawn for the big affair.

Telegrams were received from Mr. and Mrs. Art Kjelsberg of Saskatchewan, Mrs. Christine Mosby and family of Albert Lea, Minn., Mrs. Laura Stromsness (Lien's sister) and his niece, Mrs. Ida Bjerke, both of Lily, South Dakota, Mr. and Mrs. Truman Stromsness and daughters of Phoenix, Arizona.

Honor certificates were also received from Lt.-Gov. J. Percy Page, and the Honorable Premier E. Manning.

## Severson - Vandenberg vows are exchanged

The First Baptist Church in Camrose was the scene of a beautiful wedding on July 24th when Cora Grace Vandenberg, daughter of Mr. and Mrs. Sydney Vandenberg, formerly of Camrose and now residing in Whitecourt, became the bride of Martin Henry Severson, only son of Mr. and Mrs. Melvin Severson of Kingman. The ceremony was officiated by Rev. J. Lewis Waring.

The bride looked radiant in a full length gown of Deep Lustred Skinners Satin which featured lily-point sleeves and a fitted bodice. A cathedral-length train of floral crystal organza lined with plain crystal organza graced the gown, made by Mrs. Anna Michael. She carried a bouquet of red roses with cascading streamers.

Mrs. Orville Henkel, friend of the bride, was maid of honor and bridesmaids were Miss Patricia Rubis and Miss Verny Grettum. They wore identical floor-length dresses of blue peau-de-soie with matching headpieces and carried white carnations.

The groom's attendants were Lorena Wenig of Armena, Joe Vandenberg of Edmonton and Orville Henkel of Ferintosh. Ken Vandenberg and Jack Bowen were the ushers.

The wedding music was played by Mrs. Hugo Meland and soloist was Mrs. Ronald Macler, sister of the groom.

For her daughter's wedding, the bride's mother chose a blue dress with matching three-quarter-length jacket with blue and white accessories and a pink rose corsage. Mother of the groom wore a blue dress with matching hat and white accessories and a pink rose corsage.

Reception for 100 guests was held in the Moose Hall, Camrose, and was catered to by the Women of the Moose. The three-tiered wedding cake was baked by the bride's mother and decorated by Mrs. Chester Throndson. Master of ceremonies was James Severson, cousin of the groom, and August Hitman gave the toast to the bride to which the groom ably responded.

For going away, the bride chose a navy suit with white accessories and a pink rose corsage.

Following a honeymoon through Banff and Jasper, the newlyweds will reside in Camrose.

## Pooke-Kushnir vows exchanged July 31st

A very pretty wedding was solemnized Saturday, July 31st, at 3 00 p m , uniting in marriage Miss Marilyn Pearl Kushnir, only daughter of Mr. and Mrs. Nick Kushnir of Ryley, and Eugene Donald Pooke, son of Mr and Mrs. Nick Pooke, also of Ryley. The single ring ceremony was performed by Rev. Stanley Rude at Ryley Bethel Lutheran Church.

Given in marriage by her father, the bride was charming in a full-length gown of slipper satin, topped with nylon net skirt, chantilly lace bodice and peplum formed in scallops. She wore lilly-point gloves and hooped skirt. Her finger-tip chapel veil of silk illusion was held in place by a coronet of seed pearls and lear drops. She carried a bouquet of red roses and lilies of the valley.

A friend of the bride, Sharon James, was maid of honor, and the two bridesmaids were Diane Pooke, sister of the groom, and Judy Ostlund, a cousin of the bride. They were identical empire-style slipper-length gowns of yellow orion, nylon jersey, with nylon lace bodice and lily-point sleeves. The gowns were draped with a long train at the back, the same material as the bodice, held in place with a large yellow bow. They carried bouquets of white and yellow daisies surrounded by lilies of the valley. They wore double-string pearls—gift of the bride. The gowns were made by the bride's mother.

Brenda and Kevin Hultholm of Camrose, cousins of the bride, were flower-girl and ring-bearer. Brenda wore a white gown of slipper-length satin with a long train, similar to the bridesmaids, with similar headpiece and bouquet.

The best men were Ronald Pooke, brother of the groom, Gerald Kushnir, brother of the bride, and Peter Kawalchuk, a friend of the groom. Ushers were Warren Kushnir, brother of the bride, and Kenny Pooke, brother of the groom.

The wedding music was played by Mrs. L. Wickstrom and the soloist was Mr. L. Wickstrom, who sang "The Wedding Prayer".

For her daughter's wedding, Mrs. Kushnir chose a two-piece white lace suit with beige accessories. Mother of the groom, Mrs. Pooke chose a two-piece navy suit, with white accessories

A reception for 200 guests was held at the Lutheran Church during hall. The lovely three-tiered cake was made by the bride's aunt, Mrs. Gunnar Ostlund, and decorated by Mrs. William Pope Allan Hultholm was master of ceremonies, and Mr. N. P. James proposed the toast to the bride, to which the groom ably responded.

The happy couple are residing in Ryley.

## Phone companies merge

(Mrs. G. H. Taylor)

HOLDEN, Sept. 13.—A meeting of subscribers of the new company of the Holden Mutual Telephones was held on Saturday, Sept. 4th, at 9:00 p.m. in the Masonic Hall. President A. L. Gibson was in the chair, and the secretary-treasurer, R. C. Howland, attended to correspondence which had been received from the Alberta Government Telephones. The company is formed from the former South Tofield Mutual, East Bruce Mutual and the North Holden Mutual companies.

A resolution was passed to increase the share value of subscribers as requested in the Telephone Act. The new system, to be installed in 1966, was discussed. Approximately 55 subscribers attended the meeting.

## $1,200 tool stolen

(Mrs. G. H. Taylor)

HOLDEN, Sept. 13th. — Peter Friend discovered last Friday, when going to use his Tool-Bar, valued at over $1,200, that it had been stolen from his premises. The RCMP are investigating.

## Improvements for No. 16 north of here

The Hon. Gordon E. Taylor, minister of highways, has announced the awarding of a contract covering soil-cement base course on Highway No. 16 from Chipman Corner to east of Mundare, a distance of approximately 16 miles, to Poole Engineering Co. Ltd., Edmonton, at a cost of $415,458.02.

One other tender was received on this project, from Peter Kiewit Sons Co. of Canada Ltd., Edmonton, whose bid was $421,280.

## T.H.S. to have magazine drive

Next week, the Tofield High School will again start their magazine drive. This is a yearly project in which the students attempt to raise sufficient funds to support the Students' Union for the year.

The young people hope that the Tofield Community will once more support the drive as they have done in previous years, when Tofield sold more than any other school of its size in Alberta.

## Mrs. Charlotte Druce passes at 78 years

Mrs. Charlotte Mable Druce of Hilda, Alberta, passed away on September 10th, at the age of 78 years. She was predeceased by her husband, John, in 1961

Left to mourn her passing are one son, George of Tofield; two daughters, Mary (Mrs. G. E Schmidt) and Dorothy (Mrs. I. Bevan) both of Tofield; also two grandchildren, and two sisters in England

Funeral services were held on Monday, September 13 from the Holy Trinity Anglican Church at Tofield, with Rev. Walter Hamett officiating. Interment at Tofield Cemetery.

# Work world measures integrity, contribution

The world expects the individual to make a contribution to it, claimed Murray Stewart at graduation ceremonies for the County of Beaver last Saturay night. There is no room for "the world owes me a living" philosophy.

General manager of Northwestern Utilities, Mr. Stewart was guest speaker at the graduation ceremonies held in Tofield Community Centre. Preceding the program, there was a banquet for members of the graduating class and their parents.

Change makes the world go round, continued Mr. Stewart, and change is something we should welcome. Comparing today's schools with those of the past, he said all standards have changed for the better. None would want to go back, he suggested.

However, continued the speaker, the basic things in life don't change. Citing bankruptcy and death as examples, Mr. Stewart continued by pointing out there is no change in the values an employer looks from employees. These are the same today as they were in our father's or grandfather's day.

There is room for today's graduates to make their contribution, he suggested. Every age has its own problems and its own accomplishments. Notwithstanding the tremendous advances such as space flight, he felt neither the miracles nor the problems had all been solved yet.

The speaker applauded the graduates for reaching this level and urged their continued interest in education. There is an acute shortage of skilled people in a market where the demand for unskilled people is rapidly decreasing, he related.

Success in life comes not just from hard work, continued Mr. Stewart, adding that another major ingredient is courage. He agreed that sometimes luck seems to play a part, but declared there was more likelihood of success for people who can command

# Identify yourself

It has been a policy of The Mercury for many years not to print a letter to the editor unless it is signed by the writer, or unless the writer identifies himself to the editor. This has been explained many times in this paper, in this column and elsewhere, but still we receive letters signed with a nom de plume, but not the writer's name. We've said it before but we'll say it again . . . all letters to the editor must be signed, but the signature will not necessarily be printed in the paper. All the writer has to do to ask that a nom de plume be used, but he must sign his name to the letter to identify himself to the editor, or hand it to the editor in person and identify himself at that way.

This week we received a letter from someone signing "Old Cranky." Although the letter is critical of The Mercury in a facetious way, we would gladly print it if the writer would identify himself or herself. Because the letter criticizes this paper the writer, when he does not see it carried in this issue might well say to himself, "Ha, They wouldn't use it because I wasn't too complimentary. We stress this is not the case. We merely are refusing to deviate from a long-standing policy. Will the writer send us another letter or call in to the office so that this matter will know with whom he is dealing?

We appreciate criticism. It helps us to give our readers a better paper, and we feel no publication is such a fine product it cannot stand improvement.

# A Contradiction

Alberta spends thousands of dollars to attract tourists to the province. One trip over number 2 Highway and you see at least two glaring ignorances. No one should argue against promoting tourist traffic. At the same time no one should do anything that might annoy the tourist.

The highway service centre near Lacombe is one of the better ones in Alberta. There is nothing that will compare with it between Calgary and Edmonton. A tourist travelling north, if he can figure out how to get into the particular centre, must travel about 30 mile past it and make a left hand U-turn into traffic that is not expecting anyone to turn. To get out of the centre and proceed north again the tourist must travel south for about a mile and again make a turn in a most unlikely section of the road. It seems strange the Highway Department could not figure out a better approach when they are building the most costly crossings in Highway 2. The centre is a credit to the province and one many Albertans like to stop at because it is a good place to stretch legs. But, it is these travelling south only until a similar place is available on the other side of the highway? Motorists who know about the centre are making an effort to stop. The present approach plan does not eliminate crossings. The crossing would be better at a point where fast traffic should expect turns.

The second annoyance is the highway signs. It is bad enough to see a construction sign ordering traffic to slow down at any time. After the material has travelled several miles at the ordered speed and finds there was no reason for slowing traffic, he tends to ignore future signs. These are temporary and although they tend to destroy respect for highway signs they are probably no worse than the signs that permit passing left or right. Signs on speedways and throughways almost any other place on the continent read, "Slow Traffic Right" "Passing Left Only" or something that means the same thing. It is hardly necessary to explain to the motorist the dangers of the Alberta system.

# Low on the totem

Taxpayers and consumers have always felt themselves low man on the totem pole, and this week seems no more cautious at any.

As frequently happens, ordinary citizens elected to public office suddenly become imbued with far greater wisdom than is displayed by those who elected them, and feel they can spend the other chap's money to much better advantage than he can.

Faced with the possibility of a reduction in electric power rates to consumers, as Calgary Power passes on the rebate in federal income taxes, councillors in St. Albert this week seriously discussed and are still considering the possibility of obtaining the entire refund for the town, rather than seeing it return to the user who pays the power bills, simply because it would mean only about a dollar per month to the average user.

If taxes have to go up, then let's by all means increase taxes and be honest about it. But let's not sneak around behind the ratepayer's back and institute a new form of taxation on the grounds of keeping down the mill rate. And let's not hear this nonsense about Big Brother getting more for our money.

By the way, when's Calgary Power going to announce any reduction in his district?

THOUGHTS WERE THIS DAYS:

Travelling through the district seven times the past week or so, I assumed many items about young people who were returning home for the turning home for school or university.

Many of these people, of course, were merely spending money travelling to Europe or elsewhere. But the items that give me a feeling of nostalgia at this time of year are whether or not they are from the families of the young.

Thomas Nelson spotted home last week after working at Kitimat, B.C., for the summer months, and he will be returning to the University of Alberta next week.

I can remember when a thrill of it was to go to some new part of the country during the summer vacation to find work, and the feeling of excitement spread all around for the next several days. Those were always new things to see and new ideas to be had. And the thrill of coming home in the fall to start school again and see old friends for the first time in many new months was another one that can't soon be forgotten.

One such summer I spent at Trail, B.C., shovelling lead "guano" at the lead refinery. The work was hard but wages were very good for a high school student. I still enjoy going back to southern B.C. to visit friends made that year at Smelterland near Trail.

Another enjoyable summer was one spent at Aspen Beach on Pigeon Lake, working at an inn both on the job of hoeing down the out three-storey hotel that graced the shores of Gull Lake for many years.

Then there were the summers spent working on the CPR track gangs in southern Alberta. Tough work, but I've never been a much good conditioner, physically, or perhaps financially, since.

## Answering another bell

OTTAWA — Lester Pearson and John Diefenbaker face each other once again in an election battle that will almost surely be the last for one of them, and perhaps for both.

The two men are meeting in combat for the fourth time. The only previous Canadian leaders who have fought it out as often were Hooper Borden and Wilfrid Laurier, who met in four elections in the early years of Canadian history.

The Pearson-Laurier contrast-ions were spread over 12 years. The Pearson-Diefenbaker meetings have taken place within seven years, in 1958, 1962, 1963 and now in 1965.

With the usual seasonal caution, it is not likely between these two men, no matter what the result of the November 8th election.

DEFINITE ACTION

If Mr Pearson wins a solid victory, Mr Diefenbaker will no doubt yield to pressures within his own party to give up the leadership.

If Mr Diefenbaker should win a majority, it is quite probable that Mr Pearson would retire almost immediately.

If the election should result in a standoff, it's quite probable that both major parties would quickly seek and find new leaders.

This, then, is probably the last round in the personal and political conflict that has dominated the last seven years of Canadian politics.

As the campaign began, both men seemed in the best of shape, despite their ages. They were ready for the fray even though Mr Diefenbaker will celebrate his 70th birthday on September 18th, while Mr Pearson was born on April 23rd.

The eight-week campaign will be long, heavy and relentless. Travel is arduous for anyone. But neither Mr Pearson nor Mr Diefenbaker shows any worry about getting off the mark.

HIS FIGHTING TRIM

That was evident on the night of September 7th when Mr Pearson appeared unexpectedly in Parliament. It was the first time Parliament had been dissolved on television, so Mr Diefenbaker followed immediately on the screen.

The Opposition leader had to pay knowledge that the Prime Minister was going to call an election, though most people were fairly certain he would. At any rate, Mr Diefenbaker was not at a loss for words.

In blasting the Prime Minister on calling an election before the Parliamentary distribution is ready, he said Mr Pearson was afraid to meet Parliament as it is to be now constituted because he is to allow them to be represented.

Mr Diefenbaker scoffed at the Prime Minister's statement of the uncertainties of minority governments. He pointed out that nearly all the major measures Mr Pearson was in support of were all minority measures.

But the Conservative attempt to be nasty by an election. The issues would be Canadian unity and honesty in government. The Conservatives will be operating at full tilt — and Mr Diefenbaker, who I look across the country I see thousands of people who are willing to vote for him.

The Opposition already held all 17 Saskatchewan seats.

## From the mail bag

In error

Dairy Mfg.
Government ...
Editor, The Mercury

I have noticed that on each dairy container is an error which is obvious and wrong. The statement is that the average cow gives four quarts of milk. It does not depend on the cow as to how much it gives. I have checked with the Canada Department of Dairy and have received a very good explanation. I should appreciate your publishing this so all people can see it for themselves and write comments in my letter. My assumption is to have containers show an error and subsequently expose the government which we refer may assist these two previous items. I should also like to explain that the example of four quarts was not taken from the Dairy since there is much more likely to be undersized than my letter.

Yours truly,
(Gordon Flint,

## MacDuff Ottawa report

(Continued from Page Two)

issues of the campaign. These correctly forecast the important issues of Canadian unity and honesty in government can really only be settled by an election.

They, in themselves are sufficient reason for an election, in spite of those editorialists who insist that no one wanted this election that it is not necessary.

The election should answer two questions which desperately need to be answered. First, does Canada wish to sanction the Pearson type of co-operative federalism, which is slowly but surely re-shaping Confederation?

Second, does Canada feel that the Pearson Government, based alternately by a scandal and blunder, is fit to continue governing?

The many other issues of the campaign — agricultural problems, welfare measures, aid to education — are surely secondary in relation to these two questions.

REASON FOR STRENGTH

The federal government, no matter which party forms it, will be moving quickly into all-important negotiations with the provinces on Confederation and on tax-sharing negotiations. That government will have to have a reasonably strong mandate if the federal interest is to be maintained. If a strong federal government is not elected on November 8th, the provincial leaders can only conclude that Canadians do not want the federal interest to be strongly maintained.

The task of the Liberals in the election will be two-fold. To convince Canadians of the need for majority government, and to convince them the Party has cleaned its house and is determined to keep it clean.

In calling this election when he did, without being forced into it, Mr. Pearson has taken the calculated risk that he can come back with a majority.

He goes into the campaign only four seats ahead of a majority. Mr Diefenbaker is 44 seats short. The odds look good enough for the Liberals but who can tell? Anything but a majority for Mr. Pearson will mean failure.

It's a risk he chose to take, and one which, under Canadian procedure, he had every right to take.

ERHARD'S EDGE. West Germans go to the polls on Sept. 19, and if public opinion studies can be believed, Chancellor Ludwig Erhard, above, has a wide edge in the federal election. Erhard's Christian Democrats are battling for ballots primarily against West Berlin Mayor Willy Brandt's Socialists.

Modern etiquette
Q When the two married couples go out to dinner, should the husbands be attentive to their own wives—such as seating them, helping them with their wraps, etc—or does each man help the woman who is not his wife?
A Each man helps the woman who happens to be nearest him.
Q When introducing a person to a group, are you supposed to introduce him first to all the women, then to the men?
A There are no rules of precedence in this case. Perform your introductions in the easiest way—by introducing the person around the group in order.
Q When serving wine at a dinner party, should the glasses be filled in the kitchen and then brought in to the table?
A No. The wine should be poured into the glasses where they rest on the table, at the right of each person.

## Four schools share graduation program

Pupils from four schools shared in the graduation program at Tofield Community Centre last Saturday evening, when 36 students were presented with graduation diplomas and school pins. Making the presentation of diplomas to pupils from Tofield, Ryley, Holden and Viking schools was James Hemphill, while Richard Rosene, vice-president of Viking's students union, presented the school pins.

A feature of the evening was the presentation of the Alberta Teachers' Association award to David Larry Dorward of Viking. The award is made for the highest standing in the division in Grade XII examinations, and it was presented by the president of the Beaver local of the ATA, Mrs. Pearl Allan, a teacher at Holden.

Mr. Dorward was also chosen to present the valedictory address for the four classes.

Calvin Annis, principal of the Tofield High School, was chairman for the smoothly organized program which was enjoyed by a crowd of over 390.

## Miss Helen Irwin returns to Toronto

(Mrs. J. Roddick)

MINISTIK — Miss Helen Irwin conducted her final service of the season on Sunday at the United Church. After the service she was presented with a purse of money on behalf of the Ministik congregation, Mr. Andrew Ferguson doing the honors. Miss Irwin left Monday morning for Toronto to return to college next Monday. Best wishes and God's blessing go with her in the career she has chosen.

Several people attended the farewell gathering for Miss Irwin at South Cooking Lake church Sunday evening. After a hearty sing-song, a presentation was made to her from that congregation. A delicious lunch was served by the UCW.

# Solve-a-crime . . .

**YOU ARE THE DETECTIVE**

You are met in the lobby of the residence hotel by the manager, John Mitchell, who seems very much concerned over the possibility of unfavorable publicity that might be attached to the robbery that has been reported in his establishment. "I wasn't here on duty at four o'clock this morning when Mrs. Woodfield's diamond was taken . . . this is the first occrrence of its kind since I took over the management of this hotel four years ago".

Mitchell escorts you in the elevator up to Mrs. Woodfield's suite of rooms on the fifth floor, where he introduces you to the middle-aged, but still attractive, grey-haired divorcee. She seems very much overwrought, and keeps dabbing at her eyes and nose with a crumpled bit of lacy handkerchief.

"The robbery took place right here in this sitting room", she exclaims. "I'm glad just to be alive and unhurt. The diamond ring was very dear to me . . . not so much for its monetary value, but for very sentimental reasons. It was given to me by someone very near and dear to me. And oh . . . the utter horror of awakening in the darkness alone . . . and realizing suddenly that there is an intruder nearby . . . someone who might at any moment . . . ." her voice rises almost to a shriek, and then she shudders and goes into a fit of hysterical sobbing.

After she calms down somewhat, you ask her for the complete story.

"Well", she begins, "I retired shortly after midnight, and then I was awakened at four by a noise in this room. My bedroom is off the hallway . . . and so I rose quietly and tiptoed through the pitch darkness to the sitting room here, intending to switch the light on suddenly and surprise the intruder. Then, without warning, a strong hand grabbed my wrist and another hand closed tightly over my mouth. A hoarse voice rasped in my ear, 'Don't make a sound, or you'll be sorry'. I couldn't see his face or anything else in the room . . . the draperies were drawn across the windows, and no light came in from the outside. He pulled me over to my little desk there in the corner, picked up my precious ring, muttered another warning to me to keep quiet, and then ran out of the room. My nerves by then gave completely away, and I fainted. When I came to, I was lying there on the floor next to the desk . . . it was five o'clock. I stumbled into the bathroom and took some pills to quiet my nerves. I was so beside myself I couldn't think clearly . . . in fact, it wasn't until about seven o'clock that I called the manager about the theft".

"Don't you usually keep your diamonds and any other jewelry or valuables in a safer place than on top of your desk?" you ask.

"Oh yes . . . but last night I was overly tired, and I guess I forgot. Of course, the ring is heavily insured, but that doesn't compensate me for the . . ."

You break in: "I think you should forget about the insurance money, Mrs. Woodfield. If you need money so badly, you should have tried to borrow some on the ring.

Why do you suspect Mrs. Woodfield of staging a fake robbery?

**SOLUTION**

In the first place, you don't know of many women—and especially Mrs. Woodfield, as nervous and unstable as she seems to be—who would attempt to surprise an "intruder" in the dead of night by switching on a light. Most women would be too paralyzed with fright to move, or would scream. Then, too, you wonder how she was able, under the circumstances, to state a definite time of the robbery—and also how the "robber" was able to spot the ring on the desk in the pitch darkness of the room.

perience as a high school teacher in India and two years as instructor in a teachers' college. His degrees include Bachelor of Arts in Mathematics and Bachelor of Teaching from the University of Punjab, Master of Arts in Psychology from the University of Punjab, diploma in Education and Vocational Guidance from the University of Delhi, and Bachelor of Education from the University of Alberta.

Because he has specialized in the fields of psychology and guidance Mr. Sodhi was selected by the government of India as an employment cum guidance officer whose special area of work was with young people seeking employment or re-employment.

Mr. Sodhi has a keen interest in curling, dancing, folk singing, politics at both the national and international level, and in his wide accomplishments which many

Mrs. Satpal Sodhi whose beautiful saris are objects of admiration in the high school staff, has her Bachelor of Arts degree in Mathematics from the University of Punjab. She taught in a girls' school in Punjab for two years and was headmistress of the school for one year. Mrs. Sodhi has also her LL.B degree from the University of Punjab and for a year practised law at courts in civil and criminal law. Her future plans include obtaining her LL.M (Master of Laws) degree. One of her chief principles while she practised law in India was to fight cases in the courts without remuneration for those who could not afford lawyers fees.

Her interests parallel those of her husband. Curling, dancing and politics on a world level attract her greatly. This past summer Mrs. Sodhi enjoyed a world tour spending some time in each of London, Paris, Moscow, Hong Kong and Tokyo.

Mr. and Mrs. Sodhi are both mathematics teachers for grades 9 and 12.

Mr. Rains whose arrival from the province of Punjab, India is eagerly awaited, will complete the high school staff. Until his arrival, Mrs. Jean Sears is taking his classes.

In Junior High, Mr. Lampitt and Mr. Jeff Norton of Ryley are the grade 9 teachers. Mr. Norton is beginning his teaching career in Tofield.

Mrs. Grace Phillips, B.Ed., is in charge of new grade 8 rooms, and David Boschman of the other. Mr. Boschman has returned teaching in Tofield after a year's attendance at the University of Alberta.

Mrs. Carol Matthews of Irma has returned this year to teach grade 7 class and Miss Ann Appleby of Holden has joined the Tofield staff as the other grade 7 teacher.

Mrs. Kay Fraser, B.Ed., who has taught in Tofield for many years, and Jack Reistad, who came to Tofield from New Norway, Edmonton, and Kingman, are the grade 6 teachers.

Mrs. Florence Ingram and Mrs. Doreen Cribb are again in charge of the two grade 5 rooms. Mrs. Ingram has been on the Tofield staff for several years. Mrs. Cribb joined the staff last year when she and her husband came to Tofield.

The grade 4 teachers, Miss Stephanie Komarnisky and Miss Norma Zoweschke are both new to the Tofield staff. Both are from Holden.

Mrs. Marjory Everitt and Mrs. Marjorie Astley are again teaching the grade 3 classes. Mrs. Everitt has been on this staff for many years. Mrs. Astley is beginning her second year.

The grade 2 teachers have also returned for another year. They are Mrs. Eleanor Campbell and Mrs. Madeleine McCormick, both of whom have previously taught in Tofield.

Mrs. Daisy Young and Mrs. LaVerne Noble are the teachers of the two grade 1 classes.

Mrs. Edna Bowick is again school librarian and Lee Burka of Ryley is again physical education instructor.

Classes in Industrial Arts are conducted in Ryley by Mr. and Mrs. Stashko, who teach shop and Home Economics, respectively. Junior and Senior High School students are taken to Ryley by bus to attend these classes.

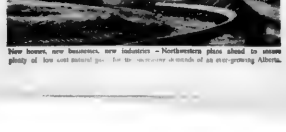
Staff Sgt. W. Coates of the PPCLI is instructor in band music and piano lessons are given by Miss Glenda Patterson and Mrs. Patricia Litwin.

UNDER FIRE. Enemy fire from a nearby jungle sets these Vietnamese and American soldiers scrambling from where they were loading supplies onto a Marine helicopter. The U.S. plans to increase its strength in Vietnam through a boost in the number of young drafted in September and October.

## The day you move in

When you move into your new home – natural gas will be ready to serve you and your family for just pennies a day. Good value? Yes... and good service too, from Northwestern; bringing low-cost natural gas to Alberta homes since 1923.

NORTHWESTERN UTILITIES, LIMITED



New homes, new businesses, new industries – Northwestern plans ahead to assure plenty of low cost natural gas for the tomorrow needs of an ever-growing Alberta.

RUNDLE MISSION MEMORIAL

Two 32-foot pylons which flank an altar of natural stone frame the mission building in the background near the original location of the first Rundle mission. Ten foot figures in relief on the face of each pylon depict the life of the Indian and the missionary. The hill near Pigeon Lake on which the memorial is erected overlooks quiet lakewaters and is one of the most historic spots in the west. On Sunday a crowd of over 500 people watched officials unveil and dedicate the memorial.

## Modern etiquette

By Roberta Lee

Q. Is it necessary that the parents of the bride entertain the bridal party before or after the wedding rehearsal?

A. Not necessary, but quite often done. The most popular mode of entertaining in this case is a buffet supper either following the afternoon rehearsal or preceding the one taking place in the evening. And don't forget to include the wives and husbands of those who are in the wedding party.

Q. Is it proper to send greeting cards, such as anniversary or birthday cards, to friends who are in mourning?

A. If the sentiment is appropriate, yes. If the words express a thought of friendly sympathy or good wishes. It would be all right, but not if the message is gay or

Q. Are desserts ALWAYS eaten with the fork?

A. Some desserts are too soft for easy handling with the fork. A good rule to follow is to use the fork whenever possible—but use good judgment, too.

Q. How do you introduce one person to a group?

A. Mention his or her name (saying it only once), as, "Mr. Hayes, I would like to have you meet Mr. and Mrs. Fuller, Mrs. Gray, Miss Carter", and so on. No order of precedence is necessary—ladies first, or age, do not come into group introductions.

Q. Would it be all right for me to have my birthstone, instead of the usual diamond, for my engagement ring? My friends claim this would be out of the question.

A. Your friends are off base. It is you privilege to wear any kind of engagement ring you wish, and any kind is perfectly proper.

Q. What is considered the proper way to eat raw apples or pears at the table?

A. You should operate on these with your knife before eating them. The fruit should be quartered, peeled, cored, and then each quarter eaten with the fingers.

Q. Should the bride's father take an active part in the rehearsal?

A. Yes, by all means. He plays a very important part until after he has actually "given her away".

# MUSEUM AT DEVILLE SPARKS KEEN INTEREST

Most museums are owned and operated by groups of people banded together for that specific purpose or by a government as part of its official duties. However the museum which Mr. and Mrs. Bill Tiedemann of Deville have built through the years is entirely their own and has been the result of a deep personal interest in historical relics of the past and in natural history.

Bill and Mary Tiedemann and Mary's mother Mrs. Edna Dunn, have spent many happy hours collecting and arranging exhibits for their museum. In fact, the collecting came first; its growth demanding a building to house the artifacts. A log building on the Tiedemann farmstead which boasts the shingles from the original homestead building owned by Johnny Adams in 1910, was selected as the home of the displays of these avid collectors.

Mrs. Dunn, who is of Empire Loyalist stock, has a vast number of mementos which have come down to her from previous generations of her family and add a unique feature to the museum.

Early pioneer utensils such as churns, one of which is a dash churn, one a barrel churn, and one which boasts a paddle and prints received the viewer of the days with come by comers of the pioneer era.

A re section of 12 lanterns of various types, a hand made chopping knife which was used in conjunction with a hand-made wooden tray, a wooden potato masher, and further to the picture of pioneer life.

Knives made from razor as a heritage from Mrs. Dunn's grandfather who had great skill as a blacksmith. One type in that used for 'bleeding' sick horses. Also to be seen are moulds tins which were hand welded by hand molds by this same grandfather. A maple sugar mold is a reminder of the years Mrs Dunn's family spent in Quebec.

A collection of thimbles used by the needlewomen of bygone years is flanked by a collection of trinket boxes in various guises. Very old, nearly century-old, valentines and a home-made calendar for the year 1833 are a great contrast to their modern counterparts.

**DOLL COLLECTION**

Mrs Dunn has a collection of dolls tell dishes and doll cutlery which she has treasured from childhood. They are all of miniature size of exquisite workmanship. A clock from very early times is made of rock and slate put together with pegs.

Blue Willow Ware and early Lustre Ware are also treasured heirlooms.

Evidence that people once bought groceries in large quantities is given by the five-pound tea tin bearing the name New York and Pacific Tea Company, Edmonton. There is a tin box that was once filled with Christmas candies, well aware of her interests, add to Mrs. Tiedemann's rock collection. Some of the

(Continued from Page Eight)

more lovely rock and petrified wood specimens are being made into jewellery by this talented lady. Driftwood and diamond willow find their place in Mrs. Tiedemann's collection, too, as her artist's eye sees each interesting piece of wood a potential animal or bird waiting to be released from its rigid prison.

**FOSSILS PRESERVED**

Fossils from the Tyndal mine in Garson, Manitoba, are very unusual as are shells brought to Mrs Tiedemann from the Mediterranean by her sailor nephew, Keith Tiedemann. Also from the Mediterranean is part of a vase of ancient origin.

Some of the exhibits are housed in showrooms from the old North Cooking Lake store, formerly owned by Mrs. McMenemy. The original signs from local schools such as Cooking Lake and Lakeshore and railway stations now defunct, are on view.

An original find is in the museum proper but most of the farm tools used by the pioneers are in a separate building. Here the forerunner of modern barbed wire is seen — the wire was pressed or stretched into points along one side and these protrusions were twisted. Square nails and home-made tools are displayed on the walls of this building as is the old cheese cutter from the Lindbrook store. Horse harness and sleigh bells remind the visitor of early methods of transportation and a cutter and a democrat outside the building give supporting evidence as to the difficulties of pioneer travel.

Mr. and Mrs. Tiedemann have inherited many of their exhibits, acquired more at local auction sales and have had many given to them. It is well worth the while of anyone interested in antiques to sign the guest book of Mr. and Mrs. Tiedemann's museum and spend a few happy and instructive hours viewing this unique aggregation of Canadiana.

# The Canada Pension Plan and its benefits

**Here is what the Canada Pension Plan will do for people like Joe Costello, a 52-year-old unmarried labourer who earns $50 a week.**

If Joe continues to work full time until age 65 he can look forward to retiring with a monthly pension of $54.16 from the Canada Pension Plan and $75 from Old Age Security—a total of $129.16. That's almost 60% of what he was earning.

If he is ill or out of work for as long as two years, or if his earnings for a period of up to two years are below his regular wage, he will receive the same pension at age 65. This is because under the Plan a certain number of months of low or no earnings do not affect the amount of the pension.

If Joe wishes to continue working between 65 and 70 and earns higher wages than previously he can improve his pension. For example, if he works until age 69 and earns $3,600 a year, his pension will be $61.74 a month instead of $54.16.

If Joe becomes disabled after 1970, having contributed for at least 5 years, he will get a disability pension of $65.62 a month until he gets both his retirement and Old Age Security pensions at age 65.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable

What will the Plan cost you?

If you, like Joe Costello, are employed and have earnings of $2,600 spread evenly over the year, you will pay at the rate of 69¢ a week. Your employer will pay the same amount

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada. The Honourable Judy LaMarsh.

## Ellis explains increase in water - sewer estimates

The Council of the Town of Tofield held their meeting Tuesday, Sept. 7th, with Mayor Dr. W H Freebury and Councillors Allan, Everitt, Patterson and Swift present.

Associated Engineering Services, represented by. B. Ellis, explained to Council's satisfaction, the increase in the estimated cost of the water and sewer extension on 7th Avenue East. Deletions, as per special meeting Sept. 1, 1965, were inserted into the contract. Mr. Ellis informed Council that by borrowing from Municipal Development and Loan Board, the forgiveness of approximately $1,800 would help to defer the increased costs of the project.

It was moved and carried that an application for the regulated two-thirds of the loan ($7,000) be submitted for approval to the Municipal Development and Loan Board and the balance of $3,800 be applied for from the Alberta Municipal Financing Corporation.

**REPLOT SURVEY**

Approval was received from the Town and Rural Planning Board for replotting scheme of Blocks 26, 27, 31 and 32, Plan 5457 AH. However, the Land Titles Office recommended a new [illegible]

Clr. Allan moved that the replotting scheme approved by Council at the meeting of August 4th, 1965, be amended in certain sections.

Correspondence from the County of Beaver No. 9 was read, stating that Lots 2 and 3, Block 32, Plan 5457 AH were being transferred back to the Town of Tofield. The secretary-treasurer was instructed to notify the Rod and Gun Club that the Club House must be moved from these lots.

Copies of reports forwarded to places of business by the Provincial Fire Commissioner, A. Johnson, were read and accepted by Council. The secretary-treasurer reported that letters ordering E. Regehr and J. Widynowski to clean up fire hazards had been mailed.

An application to join the Alberta Fire Protection Association was approved, with the intention of encouraging the Fire Department to participate in the Association's activities.

Rita Halverson was appointed Returning Officer, and adoption of the Voters' List as advertised was approved.

A request from Dr. G. Price for the extension of the sidewalk (approx. 130 feet) on 5th Avenue East was granted.

Correspondence from Mrs. M. Voegtlin wishing to have the street repaired in front of her residence, was read. The secretary-treasurer was instructed to let Mrs. Voegtlin know that as soon as the machine was available to be able to correct the water pressure situation to her residence, the road would be repaired.

**RE-INTERMENT**

It was brought to Council's attention that a Court Order would be necessary for the re-interment of the body of Mrs. Mary Snell, placed, because of an error of the secretary-treasurer, in the McMullen Plot. The secretary-treasurer was instructed to obtain a court order through the Town's lawyer.

Building Permits from Readi-built Homes Limited for $10,000 on Lot 20, Block 14, Plan [illegible] S, was approved.

## Student reports to Lions Club

(By Peter Nickel)

Thirteen Lions and three guests enjoyed a very entertaining evening during the last supper meeting, held August 24.

Part of the entertainment came from the sharp and humorous remarks exchanged across the table by Lion McHeffy and Lion Blacklock. The other entertainment was provided by Miss Elaine Sorrel, who was a delegate to the U.N. Banff Seminar, August 15 to 21, and sponsored by the Tofield Lions Club. Miss Sorrel gained the trip by being the top Grade XI student in Tofield last year.

Elaine gave a rather informative report on her activities while at the Seminar, and thanked the club for sponsoring her.

Other guests were Elain's father, Eric Sorrel, and Nick Kashuba.

Lion Gerry Turnes informed the club of his leaving Tofield, and asked to be transferred to the Jasper Place Lions Club.

## Ladies' Club has September meet

(Mrs. J. Roddick)

The Ministik Ladies' Club held their September meeting in the United Church with nine members present who answered to the roll call "What I like about September".

Roll call for October will be a small article for the fish pond for the fall bazaar. It was planned to have the fall bazaar on Friday, Nov. 5th, and Mrs. Andrew Ferguson was once again chosen as convener.

There will be a raffle of cash vouchers with Glenn Ferguson making the tickets.

Mrs. Jim Roddick was chosen as convener for the children's Christmas tree, and Mrs. Ronald Swabey will, as in former year's, purchase the Christmas gifts.

Mrs. Andrew Ferguson provided entertainment after the meeting with a very enjoyable contest, with Mrs. Albert Horricks winning same. Mrs. Joe Davenport was also a winner for having the least answers.

A delicious lunch was served by Mrs. Joe Davenport, Mrs. S. George and Mrs. Andrew Ferguson.

(Mrs. C. M. Rude)

BARDO, Sept. 8. — Thursday was back to school for many and a new experience for many little ones who boarded the buses for the first time. Following are the new beginners from this area: Glenda Boettger, Linford Weber, Rene Francis, Anita Rude, Keith Fiuseth and Darlene Rude.

Four of the Evans young people motored here from Edmonton on Wednesday afternoon for a brief visit with their Grandma Ness. Uncles and Aunts Lester and Gladys Severson, Ingolf and Esther and Denny Brekkan, and Cousin Patricia Severson and family.

Visitors at worship services on Sunday morning, when Bert Loken from C.L.C. was the speaker, were Mrs. Minnie Norgaard and Laverne from La Glace. Mr. and Mrs. Bjarne Eriksen and children and Mr. and Mrs. Jack Innis and Susan from Edson, Mr. and Mrs. Stan Ramstad and Darren from Calgary, Mrs. Konrad Finseth and Miss Caroline Foshaug from Edmonton, Mrs. Otto Litwin and Mr. and Mrs. John Sirois and Craig from Tofield and David Severson from Camrose. These visitors spent the long weekend with friends and relatives.

The Phillip Anderson family, Mrs. Anne Anderson, the Glenn Francis family and Mrs. Clarence Rude and Merlin were Sunday dinner guests at the Olaf Anderson home.

Stan and Bertha Ramstad and Darren from Calgary spent the weekend at the Arnold Johnson home. Jim and Nella Johnson and children were also there on Sunday, but left in the evening for a trip to British Columbia where they are planning to move soon. The children are staying with their grandparents while their parents are away. Grandma Foshaug was also a visitor at Johnson's on Sunday.

**HOME TO VANCOUVER**

Mr. and Mrs. Olaf Anderson took David Strand to Edmonton on Saturday and Mr. and Mrs. Leroy Finseth took Greg Finseth, where the boys boarded the bus for Vancouver. David has been employed on the Phillip Anderson farm this summer and Greg on the Leroy Finseth farm. David will be attending university this coming term and Greg returns to school in Vancouver.

Mr. and Mrs. Howard Finseth are spending a few days on the farm with their son and daughter-in-law, Leroy and Mary, and the grandchildren.

Mr. and Mrs. Ingolf Brekkan and Donny, Mr. and Mrs. Lester Severson and David, Mrs. Otto Litwin and Mrs. Inga Ness visited the News home in Kingman Sunday afternoon, helping Ingvald celebrate his birthday, which was on Sept. 6th.

Mr. and Mrs. Leif Foshaug visited at the George Niemetz home on Friday evening, when Mrs. Niemetz was celebrating her birthday.

**VISITORS FROM U.S.A.**

Mr. and Mrs. Sam Cimarron entertained on Friday evening, when their guests were Mrs. Amy Haugen from Seattle, Wash., Mrs. Helen Jensen from Everett, Wash., Neil Bronnum from California, Mr. and Mrs. Morgan Bronnum, Vagver Hudden and Myron Bronnum, all from Kingman, Glenn Sitler and two children from Edmonton, Mr and Mrs. John Sirois and Craig from Tofield, and Mr. and Mrs. Elmer Sitler.

Aasel and Nilla Kindley were Sunday dinner guests at the Earl Kindley home at Viking. The Harold Kindley family from Edmonton spent the long weekend at the home of Harold's parents.

Mr. and Mrs. Ernest Mosby and family from Ryley and Grandma Mosby were Sunday guests at the Harry Mosby home.

## New water mains laid at Holden

(Mrs. G. H. Taylor)

HOLDEN, Sept. 13. — Bell and Fountain, contractors, of Wainwright, started digging and laying new water lines in the Village last week. A number of the lines including the main line to the plant, which have been having numerous breaks this past year or two, are being replaced. A new loop line connecting the lines between 50th and 51st Ave. was laid last week. The work is being done under the supervision of Associated Engineers Ltd.

# Mrs. Amy Pope celebrates 87th birthday

(M. K. Westmancoat)

RYLEY — Ryley's senior lady citizen, Mrs. Amy Pope, celebrated her 87th birthday Thursday, Sept. 9th. She arrived home in the afternoon from the Tofield hospital where she has had to spend six weeks this summer, to find her friends and neighbors waiting to greet her, also in the evening her own family was present to offer their congratulations, and have a group picture taken.

Mrs. Pope, who has lived in the Ryley district for 47 years, received many congratulatory messages. There was also a cable from her daughter, Amy, in Cheshire, England, and a beautiful bouquet of flowers from her son, Robert, in Fergus, Ont.

## New member for Lions

Fourteen Lions and one guest were introduced to a new member of the club at last week's Lions supper meeting in Tofield. The new member, Gordon Penny, was introduced with a letter from the Rimbey Lions Club, from where he was transferred, as a hard-working Lion and a credit to any club. Gordon is the new assistant manager of the Bank of Montreal.

Business included setting up a committee for investigation into the centennial project, in which ideas from anyone will be greatly appreciated.

Adding of equipment to the playground was set as the objective for the club this year, which will be good news for the children.

**FRIENDSHIP CLUB**

Discussion followed as to trying the Friendship Club once more, as was not too successful last year, but as several had asked about it recently, it was moved to hold the club again this coming winter.

Members were also reminded of the campaign for the blind, and it was agreed to canvass the town during the second week in October. The club would appreciate it very much if residents would keep this in mind and have a contribution ready for the club in case they are not at home when the canvassers call.

## THS elects officers

At the Tofield Students' Union assembly meeting held recently, it was agreed that the students should not hold a party election this year. Instead, an open-floor election was held, in which the candidates were nominated and a secret ballot was taken. Thus, the student body quickly and efficiently elected their officers for the coming year.

The students who will conduct the Union this year are: Ruth Ellen Sears, president; Darrell Hall, vice-president; Donna Jacobsen, secretary; Allan Everitt, treasurer; Frances Shultz, social convener; Henry Schroeder, sgt.-at-arms; Johnny Wall, boys' sports representative; Marjorie Moore, girls' sports representative; Elaine Walker, editor.

Once again the students' union is in action for what appears to be another active year ahead. To start off the year's activities, the T.H.S. will launch their annual magazine drive. It is hoped that they will receive the patronage they have had in the past.

## Lodge has 38th annual meeting

(Mrs. G. H. Taylor)

HOLDEN, Sept. 20. — The 38th Annual District Meeting of A.F. & A.M. District No. 17 GRA was held Wednesday, Sept. 15, in the Holden Masonic Hall, with members from Wainwright, Provost, Viking, Chauvin, Edgerton, Irma and Holden attending.

The meeting was preceded with a banquet in the United Church parlors. Toastmaster was W. Bro. Bruce Budd, and others proposing toasts were R.W. Bro. D. H. Allan, R.W. Bro. Charles Kelly, R.W. Bro. Paul Thomas of Edmonton, and W. Bro. Earl Hardy.

Dist. Dep. Grand Master, the Rt. W. Bro. H. S. Beveridge was in charge of the meeting. Regular business pertaining to District No. 17 was dealt with and reports received.

## Local boy wins military award

(Mrs. G. H. Taylor)

HOLDEN, Sept. 20. — At the Graduation Exercises held the past summer at Royal Roads College, Esquimalt, B. C. the Canadian Infantry Association Trophy was awarded to Officer Cadet Stephen Jakobow, son of Mr. and Mrs. Peter Jakobow of Holden. The award goes to the infantry officer cadet, either ROTP or COTC, who is adjudged the best all round cadet in the first practical phase of training inspecting officer Brigadier W. J. Moogk, OBE, made the presentation.

The award is held by the award winner's University or Unit for a one-year period, and the winner of the award is presented with a personal memento.

Stephen finished his two-year course at Royal Roads with honors, and is continuing his studies at the Military College, Kingston, Ontario.

## Have you any rummage?

Anyone wishing to donate their rummage to the Holy Trinity evening branch rummage sale on October 23rd, can leave it at Norman Grover's or the Anglican rectory.

**WHISTLER**

This is one swan that missed his reservation for the south this year. Instead, he will make his future home at the Alberta Game Farm where he will be used for breeding purposes along with four other whistling swans now at the farm. The huge, graceful bird (an adult male) was captured on the T. D. Ferguson farm north of Tofield, where it has remained for most of the summer. Its capture was made by the two men above, both employees of the game farm, who explained that the 17-pound specimen probably hit a power line injuring its wing and flying feathers, although the wound has now healed and feathers grown back. They further explained that once being grounded the swan required a large surface of water to make a take-off, and as the sloughs on the Ferguson farm were not large enough, the bird remained grounded. Handling the swan is Bill McKay, with a little help from Hayes Eddy. —Photo by Peter Nickel.

## Mr. and Mrs. Ross Fleming celebrate anniversary

A surprise party in honor of Mr. and Mrs. Ross Fleming's 21st wedding anniversary was held September 9th at the home of Mr. and Mrs. Gordon Kyle. The party served two purposes—paying tribute to the Flemings and also helping to raise money for the Anglican Church.

The bridal couple was invited for a social visit at the home of their neighbors, Mr. and Mrs. Kyle, and on arriving there found friends and neighbors gathered to welcome them.

A corsage of yellow asters and mauve sweetpeas was pinned on the "bride" and a boutonniere of white asters on the "groom".

The Rev. Mr. Hammett was master of ceremonies for the affair and persuaded the anniversary couple to tell of their romance. Evidently the courting was done bicycle-style, it seems that Ross's bike didn't have as many specs as his lady friend's did, and she would have to wait for him every so often. Both Ross and Frances were in the armed services at that time, and Frances waited tables in a canteen at Cambridge (Water beach) England. Apparently Ross decided he wanted Frances in wait on him the rest of his life. They now have five children to share in their happiness—Phillip, Allan, Wendy, Laurie and Cindy.

Mrs. Ivan Mitchell read a poem, "What is a husband?" and Mr. Hammett replied with "What is a woman?"

A lovely lunch was served, with Ross and Frances cutting their cake, which was nicely decorated with a miniature bride and groom in a setting of sweetpeas with the figures 21 in front.

**CHURCH DONATION**

A collection of money was taken up, and the proceeds went to help the finances of the church in honor of the guests.

## Pioneer group meets at Campbell home

(Mrs. G. H. Taylor)

HOLDEN, Sept. 20. — The Pioneer Group gathered for their regular meeting on September 16 at the home of Mrs. N. L. Campbell, with 14 ladies present. Devotions were led by Mrs. Mabel Ilsley. Mrs. J. J. Glebelhaus gave a short reading. Mrs. Mary James read an article "God Has A Place For You", and Mrs. Campbell gave a reading on "Storm Warnings" in the Bible.

The ladies discussed making quilts, which are sent to the missionaries in the Far East.

The next meeting will be held at the home of Mrs. Roxton, with Mrs. R. Reeder taking the devotions.

## No civic vote in '65

Vacancies on the Tofield Town Council and Hospital Board were all filled without a public vote this year.

On the Council, incumbent Conrad Patterson was returned to office for a three-year term; and Allen Henderson, newcomer to the field, also for a three-year term. Both men were elected by acclamation, as they were the only ones nominated.

Georges McFadzean, Hospital Board encumbent, was also returned to office by acclamation.

Swearing-in ceremony for the three men will take place at the next general meeting of council and board.

## Locals . . .

A. B. Clutterham from Vancouver, former postmaster and a long time resident of Tofield, returned home last week after spending a few days with Mrs. Edith Rogers and other former friends.

Attention is drawn to a notice which appears elsewhere in The Mercury, in which the Tofield Lions Club is again sponsoring a friendship club in October, for those who wish to play bridge or whist.

# Lakeshore - McKenzie news briefs

(Mrs. Ellen Eaton)

Mrs. Martha Tiedemann attended a birthday party at the home of Mrs. Gill of Lindbrook in honor of her birthday on Saturday. Also attending were Mrs. Yvonne Brown and Mrs. Keitha Brown of Ketchamoot; Mrs. Bob Wyllie and Mrs. Ben Theissen of Lindbrook; Mr. and Mrs. Jim Johnson of Williams Lake, B.C.; and Rev. and Mrs. Hammett of Tofield and Mrs. Hammett's friend, Mrs. Marshall of Winnipeg. Lunch was served by the ladies and a very enjoyable afternoon was spent by all.

Mrs. Ruth Wickenberg and Mrs. Ellen Eaton accompanied Jack Goubault to Edmonton on Thursday. Ruth remained for a few days' visit with relatives, as a guest at the home of her daughter, Mrs. Vivian Jones. Ellen returned home by bus Thursday evening.

[redacted] and Joe M[redacted]jakey of Edmonton were Sunday afternoon visitors and luncheon guests at the home of Esther's brother, John, and Mary Wood. Mrs. Ethel Wood was also an afternoon luncheon guest there.

Roy Wickenberg and grandson, Donald Jones, motored to Edmonton Sunday and were afternoon visitors and supper guests at the home of Roy's daughter and Donald's mother, Mrs. Vivian Jones. Roy's wife, Ruth, returned home with them Sunday evening after having spent a few days visiting at Vivian's home.

Geo. and Ida motored to Edmonton Monday afternoon where they were [redacted] guests of their daughter, Gail Niemetz.

[redacted] and Gerry Wickenberg of Edmonton were Monday afternoon [redacted] and supper guests at the home of Kenny's grandparents, Roy and Ruth Wickenberg in Tofield.

Tom and Dorothy Campbell and son, Robin, of Tofield were Tuesday dinner guests and afternoon visitors at the home of Tom's cousin, Mrs. Ellen Eaton, of Lakeshore.

Donna and Frank Edwards of Elk Point were weekend guests at the home of Donna's parents, Howard and Mae Ferguson. [redacted]na's little niece, Rhonda Weir, returned home with them for a visit.

### VISIT HOMETOWN

Don and Marguerite Bailey and two boys [redacted]ton, Mrs. Mae Ferguson and son, Nelson, and Marguerite and Mae's mother, Mrs. Roberts of Tofield, motored to Edgerton (the Roberts' former hometown) on Saturday for the day. While there, they visited former friends and also the family plot in the cemetery.

Mrs. Roberts of Tofield was a Sunday visitor and dinner and supper guest at the home of her [redacted]ghter, Mae, [redacted] Howard Ferguson.

Weather conditions are still not good. Rain and sleet have kept harvesting at a stand still, but so far there has been very little snow in the immediate district. Unless sunshiney dry weather comes soon, farmers' losses will be very heavy.

# Shyba - Hewer wedding solemnized in Calgary

(Mrs. G. M. Taylor)

HOLDEN, Sept. 20. — Beautiful bouquets of carnations and chrysanthemums decorated the altar and church for the [redacted]ding held Saturday, Sept. 4, at Sacred Heart Church, Calgary, when Miss Dale Theresa Hewer, daughter of Mr. and Mrs. W. B. Hewer, became the bride of Darrell James Shyba, son of [redacted] Shyba of [redacted]. The ceremony was performed by Rev. Father Roberts.

Given in marriage by her father, the bride wore a light pink knitted suit with matching shoes. She wore a chapel veil and carried a bouquet of white roses. Her maid of honor, Miss Margaret Casovan wore a pale [redacted] knitted suit with matching headpiece and shoes, and carried a bouquet of pink carnations.

Norman Fetterly of Calgary was best man.

Fol[redacted]ing the ceremony a reception was held at the home of the groom's aunt and uncle, Mr. and Mrs. Leo Hutchinson.

For her honeymoon trip to Holden to visit the groom's family, the bride wore a two-piece dark blue suit with beige accessories.

The newlyweds will be making their home in Calgary.

# Kingman district news items

(Mrs. J. A. Anderson)

KINGMAN, Sept. 20th — Salem LCW met at the church Thursday, Sept. 9th, with Mrs. R. Urquhart and Mrs. E. Brewer as hostesses. Mrs. Urquhart gave the devotion. Mrs. Al Bronaum led the Bible study. Mrs. A. M. Wick read the meditation and prayer. Next meeting will be on October 14th.

Miss Linda Bartley of Edmonton spent last week with Mr. and Mrs. Gary Acres. On Saturday, the Acres family took Miss Bartley back to Edmonton and attended the "frosh" tea at the University of Alberta, which Miss Bratley will be attending this year.

## He gets cash before delivery

Every day local branches of the chartered banks extend credit so that businesses can fill orders, take on contracts weeks or months before payments start coming in. Companies come to them also for market and credit reports, assistance in handling payments, payrolls, collections, foreign exchange, letters of credit — whatever banking help they may need to keep men at work, goods flowing to market in Canada or abroad. Only the chartered banks are equipped to give this all-round financial service, so essential to doing business today.

# THE RYLEY TIMES

## Ryley couple observes silver anniversary

(M. K. Westmancoat)

RYLEY — The silver wedding anniversary of Mr. and Mrs. Reg Dyer was celebrated in the Legion Hall on Friday evening, Sept. 17th.

Mrs. Dyer wore a two-piece dress in white with black accessories and a corsage of red roses for the occasion. Harold Parsons entertained with selections on the piano, and Garnet Burnstad acted as master of ceremonies, also making the presentation to the Dyers of a panel wall clock and a purse of money on behalf of the community.

At lunch time, the head table was centred with the traditional wedding cake, and seated with the honored couple were Reg's brother Roy, and his wife, Nancy, from Wainwright, and Neil and Maxine Reid.

Other guests came from Edmonton and Saskatchewan.

Reg was born in Ribstone, Alberta, and they were married at Marie's parental home in Mossbank, Sask., on September 15th, 1940. They lived at Kirkland Lake, Ont., prior to Reg enlisting in the Queen's Own Rifles of Toronto. Returning from overseas in December 1945, and getting his discharge from the army, Reg and his wife made their home at Windsor, Ont. until 1956 when they came west and settled in Ryley. They have been here ever since, and have two children, Neda 14, and Vernon 10.

## June brides outnumbered

If the number of wedding accounts which have been pouring into The Canadian office recently is any indication, it seems that August and early September are fast replacing June as the months for brides. Indeed, at least three times as many weddings took place in Camrose as in June this year, with ten weddings in one day, on August 7th.

Saturday is the almost unanimous choice of brides for their wedding day, with only the occasional nuptial ceremony held on any other day of the week.

Wedding gowns show a wide variety of styling, although lately the cathedral train flowing gracefully from the shoulders, is featured on many bridal dresses. The bouffant skirt seems to be giving way to slimmer lines, with the princess style and Empire line particularly favored by the bride-elect. The bride's attendants are wearing either the short or floor-length models, with the latter becoming increasingly popular. Colors and fabrics available have a delightful variation, and are chosen to contrast or complement each other in weddings where there are more than one attendants.

The church ceremony, followed by a reception at church or community hall, cafe or hotel, mark the special day for the bridal party, with very few traditional home weddings, which were so popular in the 30s and '40s.

## Bridal shower honors couple

(M. K. Westmancoat)

RYLEY — The Victory Hall was filled to capacity on Sunday afternoon, Sept. 19th, and gayly decorated for the occasion, when a shower party was held in honor of Delbert and Pamela Pope who were married in Edmonton on August 28th.

Mrs. Ruth Munkedal acted as master of ceremonies, and the afternoon social hour was spent playing games and contests with the wedding theme.

Bobby Hagen, accompanying himself on the guitar, sang a parody of six verses he had composed to the tune of "Jimmie Cracked Corn", with everyone joining in on each chorus.

Two little girl cousins, Elaine and Kristine Munkedal, sweetly sang a parody to the tune of "Here we go 'round the Mulberry Bush".

Brian Westmancoat made the presentation to the honored couple and welcomed Pam to the Bathgate district as the little boys and girls pulled into the hall a snow white tent built over a wagon, with the words "Do not disturb Honeymooners asleep" printed on it. The tent contained the prettily wrapped gifts, which Geraldine Kozack and Dianne Kathan helped unwrap and pass around.

Both Delbert and Pam expressed their thanks to all present, and a lovely lunch was served by the Bathgate district ladies.

### 4 IN MEMORIAM

EATON.—In loving memory of our dear husband and father, Owen Richard Eaton, who passed away September 24, 1958.

A dearly beloved from us has [illegible]
The voice we loved is stilled;
A place is vacant in our home
Which never can be filled.
Death is a heartache nothing can heal,
Memories are treasures none can steal.
It broke our hearts to lose you,
But you did not go alone;
For part of us went with you
The day God called you home.
Seven years have passed and [illegible]
Since Owen left us here alone.
Softly the leaves of memory fall,
Gently we gather and treasure them all;
Unseen, unheard, he is always [illegible]
Still loved, still missed, and very dear.

### ANNOUNCEMENT

**G. P. THOMPSON**
OF TOFIELD

has been named a regional distributor of Sunmaster of Canada Limited, producer of Sunmaster five year light bulbs.

Mr. Thompson will handle Sunmaster light bulb sales to retail stores, commercial buildings and industrial facilities throughout the Tofield area.

A new engineering development, Sunmaster five year bulbs are a major breakthrough in light bulb research and production. Each bulb is fully guaranteed to burn five years at normal home use or a total of 10,000 hours.

Conventional, short-life bulbs burn only 750 hours. New Sunmaster bulbs are backed by a free replacement guarantee.

Sunmaster bulbs are made with a patented, light-reflecting inner-coating of silica, found in only a few of the newest short-life bulbs. The silica coating acts as millions of light-reflecting prisms. Scientific reports reveal this results in comfortable, glare-free and flattering illumination that is far healthier to the eyes.

## Alex Asp passes

Born January 26, 1885, at Long Lake, Minnesota, Alex Asp passed away August 29, 1965. He came to Wetaskiwin in 1910, and in 1912 married Ingeborg Setterlund at Metiskow.

He operated general stores at Falun, Metiskow and Hayter, then bought grain for United Grain Growers at Rosalind, Amisk, Hardisty, Alliance and Kingman, and for the Alberta Wheat Pool at New Norway. He operated a trucking business for ten years before retiring.

He leaves to mourn his wife, Ingeborg; four sons, Bertil, Herbert, David of Kingman, and Douglas of Calgary; three daughters, Gertrude of Calgary, Muriel (Mrs. Murray Hyde) of Burnaby, B.C., and Bernice (Mrs. John Lawson) of Calgary, nine grandchildren, and other relatives.

Funeral services were held on August 31, at 1:00 p.m., at Hoveland Funeral Chapel, with Rev. Gordon Setterlund, nephew of the deceased, officiating. Pallbearers were Herman Swanson, Harley Schmidt, Ray Ovelson, Palmer Boness, John Johnson and Albin Anderson. Hoveland Funeral Home had charge of arrangements.

# The Canada Pension Plan and its benefits

**Here is what the Canada Pension Plan will do for people like Huguette Samson, a 22-year-old married woman who earns $56.50 a week.**

Huguette and her husband, who is earning $4,200 a year, hope that Huguette will work for a few years before family needs require her attention full time.

Assuming that Huguette does just this, her contributions to the Plan will benefit her in several ways. For example, if she works only for another five years, at age 65 she will receive a small retirement pension of $8.38 a month in addition to her $75 a month Old Age Security.

Through her husband's contributions to the Plan, should he die when they have three young children, Huguette would receive a widow's pension of $57.81 a month plus $25 a month for each child—a total of $132.81 a month. She would also receive a lump sum payment of $500.

At age 65, based upon both her own and her husband's contributions she would receive a pension of $57.53 a month plus $75 a month Old Age Security—a total of $132.53.

If she decided to supplement her income at any time by returning to work, she could still receive the widow's and orphan's benefits, could substantially increase her retirement pension, and could also ensure her entitlement to a disability pension if she became disabled.

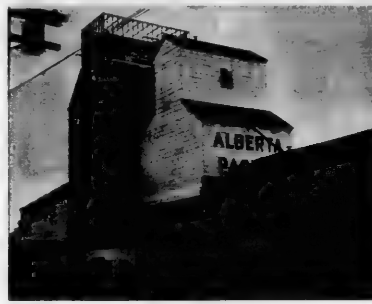
All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

**What will the Plan cost you?**

If you are employed and, like Huguette, have earnings of $2,938 spread evenly over the year, you will pay at the rate of 81¢ a week. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada, The Honourable Judy LaMarsh.



**NEW ELEVATOR**

Customers of the Alberta Pacific Grain Co. in Ryley are still hoping to make use of this huge new structure but if the present weather situation does not improve the building might remain empty for another year. However, as one Ryley farmer puts it, "A farmer can never give up hope". The elevator has been under construction for quite some time now and employs some local labor. --Photo by Peter Nickel.

## Modern etiquette

Q. I've been told it is incorrect to use colored stationery for social correspondence. Is this true?

A. No. Any conservative color is good except for strictly formal correspondence — grey, blue, or light green, for example, will not cause criticism, if used properly. Avoid violent colors and stay away from paper on which colored flowers or birds are depicted. For the young girl, yes—for the matron, no.

Q. I've heard that there are eight "special observances" in the way of wedding anniversary celebrations. What might [illegible] be?

A. One year, paper; five years, wood; ten years, tin; fifteen years, crystal; twenty [illegible] china, twenty-five years, silver; fifty years, gold; seventy-five years, diamond.

Q. If a godparent is unable to be present at a baby's baptismal ceremony, what then?

A. A proxy is chosen by the parents to take his or her place at the services.

Q. Is it really improper, as I've been told, for a bride to take an active part in her wedding rehearsal?

A. This is not a question of propriety, but a custom or superstition. It has always been customary for some good friend of the bride to assume her role in the rehearsal proceedings, while the bride sits on the sidelines and directs.

Q. Is it necessary for a host and hostess to accompany departing guests to their cars?

A. Not unless they really wish to do so. Otherwise, it is all right for them to speak their good-byes at their door and then remain there until their guests are well on their way to their cars.

Q. Where do I place my olives and radishes at a formal dinner, when there is no bread-and-butter plate?

A. Place them on the edge of the plate from which you are eating. Salt for the radishes goes there, too.

## Sharon Ingram is bride of Gordon R. Strong

The Tofield United Church was the scene of a very pretty summer wedding on July 10, when, in a double-ring ceremony, Sharon Elizabeth, daughter of Mr. and Mrs. J. E. Ingram of Tofield, became the bride of Gordon Richard, son of Mr. and Mrs. J. I. Strong of Calgary. Rev. W. H. McDannold officiated.

Given in marriage by her father, the bride was radiant in a floor-length sheath gown of satin-back crepe featuring an empire waist. The straight lines of the dress were accented by a separate train flowing from the waist. Her shoulder-length veil of illusion net cascaded from a coronet of pearls. Sharon carried a bouquet of an orchid corsage embedded in stephanotis and trailing ivy. The jewellery worn by the bride included a wrist watch, a gift of the groom, and "borrowed" pearls from her aunt, Mrs. D. M. Hornibrook of Calgary, who fashioned the beautiful wedding gown.

Preceding the bride down the aisle were Mrs. Peter Brown, matron of honor, and the bridesmaids, Miss Patsy Sears and Miss Linda Thiessen, wearing identical dresses of satin-back crepe in colors of blue, pink and mint green. Their head-pieces were pearl coronets and each carried a coronet bouquet of shasta daisies embedded in stephanotis and trailing ivy.

The groom's attendants were Don Gardner of Vancouver, his brother, Tony Strong, and Gordon James of Ponoka. Mr. Peter acted as usher.

The wedding music was carefully chosen by the bride and Mrs. G. McFadzean ably officiated at the organ. The processional was St. Anthony's Chorale by Brahms; the interlude during the signing of the register was Largo by Handel, and the recessional, The Ode to Joy from Beethoven's Ninth Symphony.

For her daughter's wedding, Mrs. Ingram chose a blouse-on sheath of capri blue chiffon over floral taffeta with matching hat, accented by white accessories and a corsage of yellow roses. Mrs. Strong, mother of the groom, chose a beige crepe dress accented by a chiffon flowered and a mink stole, and a corsage of red roses.

Following the ceremony a reception was held in the church parlors, which were tastefully decorated by Mrs. Ivan Mitchell with bouquets of peonies and shasta daisies. Miss Beth Ingram, sister of the bride, attended the guest book. Miss Daisy Young proposed the delightfully witty toast to the bride, to which the groom ably responded in much the same manner.

Out of town guests were from Calgary, Vancouver, Edmonton, Ponoka and Medicine Hat.

After a honeymoon trip to the West Coast and United States the happy couple are making their home in Edmonton.

# Public Notice!

### By the Council of the County of Beaver No. 9 of the Province of Alberta

WHEREAS it is deemed expedient by the Council of the County of Beaver No. 9 of the Province of Alberta that the sum of TWO HUNDRED AND TWENTY-SIX THOUSAND ($226,000.00) dollars should be borrowed on the security of the said County by the issue of Debentures repayable to the bearer in Twenty-five consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

**Erecting a masonry addition to the Viking School to consist of: 2 classrooms, 4 ancillary rooms, 1 chemistry laboratory, 1 biology laboratory, 2 washrooms, 1 staff workroom, 2 storage rooms and 1 library. Providing furniture and equipment for the addition. Alter and renovate certain existing space in the Viking School.**

THEREFORE, notice is hereby given by the Council of the said County that unless a poll of the proprietary electors of the said County for and against the said debenture loan is demanded as provided by The School Act, the said Council will apply to the Local Authorities Board for the authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

—E. M. MAGNESON, Reeve.

Dated at the Village of Ryley this 18th day of September, 1965.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A COUNTY

A poll may be demanded in a County by a demand signed by

(a) five proprietary electors, or
(b) fifty per cent of the proprietary electors,

whichever is the lesser number, of each of at least twenty per cent of the districts in the County.

The demand for a poll shall be in the form prescribed by the Minister and must be delivered to the secretary of the County or, in his absence, to the Reeve, within fifteen days after the date of posting or of the last publication in a newspaper of this notice.

Proprietary elector means an elector who is liable to assessment and taxation for school purposes in respect for property situated in the County.

## Lee - Anderson wedding solemnized in Calgary

Scarboro United Church in Calgary was the scene of a lovely summer wedding on Saturday, June 19th, when Judith Ellen second daughter of Dr. and Mrs. J. O. Anderson of Calgary, and Henry Albert, only son of Mrs. Olga Lee and the late Henry S. Lee of Camrose exchanged marriage vows. The Rev. J. T. Irwin performed the double-ring ceremony.

Given in marriage by her father, the bride was radiant in a floor-length gown of white satin with an A-line inset of lace from the waist and wrist-length lace sleeves. Her finger-tip veil was held in place by a white satin pillbox trimmed with seed pearls and lace. She carried a cascade of white orchids with yellow sweetheart roses.

The bride's attendants were Eva Rouse as maid of honor and Linda ... both nursing friends of the bride, and Mary Anderson, sister of the bride, as bridesmaids. They wore identical floor-length gowns of white satin set off by colored ... shoes, headpieces and flowers of yellow, pink and blue respectively. ...

Attending the groom was ... of Edmonton as best man ...

... of colored petals to match the suit and she wore beige patent accessories. Her corsage was an orchid.

The happy couple left on a honeymoon trip to Banff. Upon their return they resided in Calgary until the first part of September when they left for Minneapolis, Minnesota where the groom is taking his last year of university at Augsburg College.

## Ministik and district news items

(Mrs. Jim Roddick)

Church services at the United Church were conducted Sunday by Harold Dunham. A student for the field for the winter months is expected next Sunday.

Due to inclement weather, the last few weeks attendance at Sunday School has been down slightly. The teachers hope to announce soon which Sunday the annual service by the children will be.

A fairly good attendance was noted at the bingo sponsored by the Community Club last Saturday evening. The lamp raffle was won by Mrs. Rita Rstndale, the full house bingo of $5.00 was won by Andrew Ferguson.

A crew from Edmonton has just completed putting a full basement under the Bill Roddick home.

Gary Ferguson made a bus trip to Calgary Saturday, returning with a truck for Don Wheaton Ltd., in Edmonton. He related that farmers in the Calgary area were much worse off than near-er Edmonton, as there was snow on the ground for the fourth time this fall.

Word received from Mrs Helen Hennessy from Powell River, B.C., is that she is really enjoying her holiday there.

**Doris Davenport, who has spent the last two months in Edmonton, has returned home, to be with her parents, Mr. and Mrs. Joe Davenport, for the winter months. She is much improved after her therapy treatments.**

Lori Collingwood of Edmonton is spending a few days with her grandparents, Mr. and Mrs. Russell Rowland.

Mac McIntyre of the local service station, has started small duties in serving gas at the pumps, and is regaining more strength each day.

Archie Ferguson was an Edmonton shopper Saturday, also purchasing his tickets for the White Heather concert to be held at the Jubilee Auditorium on October 2nd.

### HEATER INSTALLED

The local ball board has installed an oil heater at the hall which is a big improvement over the wood and coal furnace formerly used.

### HERE FROM WENATCHEE

Mrs S. George entertained at Sunday dinner in honor of Mr. and Mrs Glenn Steinbach of Wenatchee, Wash. Most members of her family were present for the occasion.

Margaret and Edna Roddick were weekend guests at the home of their parents, the Jim Roddicks.

Visitors on September 18th were Mr and Mrs. John Jones, Mr. and Mrs Robert Jones and Robbie. John came on Saturday to help his father haul out winter wood.

An evening of good entertainment is assured all who attend the bazaar and bingo on Friday evening, sponsored by the CWL. Lunch will be served.

Miss Helen Jones of Vancouver has been spending some time at the home of her parents, Mr. and Mrs. Tom Jones.

## Board discusses library as centennial project

The Tofield Municipal Library Board meeting was held Monday at 8:00 p.m. with all members present.

Librarian's report by Dorothy Freebury stated that approximately 200 more books were lent during the month of July 1965 than in July 1964. Six "friends of the library" make it possible to process the number of requests received. Mrs. Freebury reported that Georgia Christensen's application to take part in the Librarians' Course offered by Provincial Government, had been accepted. Pat Glover is accepted as a "friend of the library", and that Mrs. Walter Tiedemann will be asked to join the library staff.

**HOURS EXTENDED**

Mrs. Freebury asked for the Board's approval for the extension of Library hours from Fri days, 2:30 to 5:30 p.m., to also include Tuesdays, 2:00 to 5:00 p.m., on a trial basis for one year. E. Watson volunteered to ask permission from the Community League.

After much discussion, Mr. Jefferson made a motion that the theme for Young Canada Book Week be "Hobbies and Collections". The Book Week display will be held October 18th, from 2.00 to 5:00 p.m.

Mr. Hardy moved that approval for a Tag Day on Saturday, Oct. 16th, be requested from the Town Council, The Boy Scouts are to be asked for their assistance again this year.

**CENTENNIAL PROJECT**

After a lengthy discussion, Mr. Hardy moved that a plan for a Library be drafted and submitted to the Town Council for their consideration as a Centennial project. The cost of the Library is to remain within the Centennial Grants. Mr. Watson volunteered to request from local clubs their support for this project.

## County graduation pictures available

Pictures of the recent graduation program for students of the County of Beaver are now available to those interested in obtaining copies of them.

Proofs are now in the hands of the principal of each school in the county, and orders must be left with the principal no later than October 15th, advises H. A. Pike, Superintendent of County Schools.

## October is Red Cross Month

The objective this year for this area is $600.00. The Catholic Women's League, with the help of other church groups, will be canvassing your area. If you haven't been contacted you may contribute at the following stores: Red and White, Everett's Meat Market, M & M Foodliner, Co-op and Macleods. Your co-operation as in former years, will be appreciated.

## Tofield High has football team

The formation of the Tofield High School's football team is well underway, with the boys out practising every day. The schedule for this fall's county games is as follows:

Oct. 5—Tofield at Viking
Oct. 6—Holden at Ryley
Oct. 12—Ryley at Tofield
Oct. 13—Viking at Holden
Oct. 19—Tofield at Holden
Oct. 20—Viking at Ryley

It is hoped that everyone will support their home-town team at the games whenever possible.

As the magazine draws to a close, anyone who would like to subscribe to a magazine through the school, and has not been contacted may contact the school or any high school student.

## Metcalfe to address Chamber of Commerce

(Mrs. G. H. Taylor)

HOLDEN — The Holden and District Chamber of Commerce will hold their next regular meeting, Tuesday, Oct. 5th, in the Community Hall at 8:30 p.m. and a good turn-out of members is hoped for.

Guest speaker will be Alex L. Metcalfe, P.Ag., the agricultural and rural consultant from Calgary Power. He will show a film dealing with livestock feeding and will discuss the various aspects of feeding in Idaho. Mr. Metcalfe will also give a short talk on "Farming—What Next?", and will answer questions from the floor. As open invitation is extended to all persons interested in hearing Mr. Metcalfe's talk which will commence at 9:00 p.m. in the Community Hall.

## County school board meets Sept. 14

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9 School Committee, held September 14th:

Read and approved

Concerning the proposed band instructor, Mr. Pike reported that S/Sgt. W. D. Coates had agreed to act as band instructor on the same basis as Capt. H. A. Jeffrey and that he was, in fact, conducting classes in the Town of Tofield at the present time.

It was moved and carried that the report be accepted and action concurred in.

In regards to the workshop on "Education for Leisure", further information on this workshop was placed before the Committee together with a questionnaire that was dealt with at this time.

It was then moved and carried that information be accepted and the completed questionnaire submitted.

In regards to the petroleum requirements, the secretary-treasurer reported that E. A. Markland, blockman for Texaco Service, and the Bus Supervisor had checked the best site or location for each of the gas tanks and that these tanks were in the process of being installed.

Moved and carried that the report be accepted.

In regards to the Grade IX at Bruce School, motion 350/65, reference was made to the Special School Committee meeting on evening of August 31st at which time a number of parents from Bruce had been present and the superintendent reported that Grade IX was now being transported to Holden, that all students had been ready to go to Holden and the situation appeared to be well in hand.

Moved and carried that the report be accepted.

# Cattle head for Royal

The Tofield region is surprisingly well represented in the beef and dairy cattle selected for Alberta's exhibit at the Royal Winter Fair in Toronto. Details were released to The Mercury yesterday morning.

As in several past years, Laurie Byers will be among the Alberta breeders taking marbe cattle East. The Byers exhibit this year will consist of a group of five and two single animals, all Hereford.

Other market cattle will be from the lots of Gordon R. Henderson and Elden C. Stenson, both of Fwensburg, and Harold Weatherill of Tofield. In the beef cattle area, Northerns will go east from Zwierschke Bros., Holden, while no less than four district farmers will send Herefords. Included are Stuart Fenton, Irma; Art Link, Forestburg; Harold Weatherill, Tofield, and Verne Lyseng, Armena.

## Gail Herbert weds Armand Goubault

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE — Congratulations go to the newlyweds, Mr. and Mrs. Armand Goubault of Lindbrook. Mrs. Goubault is the former Gail Herbert, eldest daughter of Charlie and Dorothy Herbert; and Armand the youngest son of Mr. and Mrs. Emil Goubault, formerly of Lindbrook, now of Tofield.

Armand and Gail were married on Friday, Sept. 24th, in the Tofield United Church. A reception for 50 guests was held in the church basement and was catered to by the Lakeshore UCW. A dance was held in the Lindbrook Hall with a large attendance.

## Need new law

We believe the state should enact laws only when they're something needed for the wellbeing of the people, and something the people can't do for themselves.

So we believe there's presently a strong need for a law which would save the public from being harmed or embroiled in labor battles between unions and management.

One of the best instances is the West Coast strike of Oil and Chemical employees. In a strike which started against one company the truest shortly was involved at three other important distributors in the area. Should the three-watered action have come to pass, nearly the entire oil industry of the Coast would have been tied.

Then is not just a strike against the companies. It is a strike against the entire public.

Similarly, the action of the brewery workers which has cut off the entire traffic, is a strike against the public. Whether you support the beer traffic or not is beside the point in this discussion. the principle of disarming the entire public body into the matter is the question.

Industry-wide strikes of this nature should be outlawed, on the grounds they are against the public interest, in just the same way as strikes of essential public services are outlawed. The law is presently loaded in favor of the unions and even the strikers, who do not bear any of the consequences of their actions, and even the industry struck often loses only some of its profit; which sometimes looms larger than it really should when it comes to matters of principle.

It's the innocent public, out in the no-man's-land between the combatants that really bears the brunt of the battle. There should be a law to protect his interests

## Some of these days...

Some of these days, the evidence favoring fluoridation for reducing dental cavities will be so overwhelming and from so many directions that only the blind will not see.

A recent report from Brantford, Ontario, indicates that since fluoride was introduced to the community twenty years ago there has been a continuous reduction in the number of decayed and extracted teeth, to the point cavities are becoming almost rare.

Brantford has mechanically fluoridated water while Stratford has naturally fluoridated water. Both show 50% fewer cavities among 16 and 17 year olds than the same age group shown in Sarnia which has almost no fluorine in its water.

Results of a survey by two senior officers of the Department of National Health and Welfare have been published in the Canadian Journal of Public Health. The survey shows no ill-effects were reported by health authorities or practising physicians, and concludes "we must conclude that the beneficial effects of water fluoridation extends at least until the eighteenth year of life."

Unfortunately the kids who could derive some benefit from the measure aren't allowed to vote on the question.

Get facts straight

Box 5564, Tofield,
Sept. 29th, 1965

Editor The Mercury,

In reference to the letters written to you by Mr Gordon Pain of Tofield and published in the Tofield Mercury two consecutive weeks. First may I be allowed to point out to this concerned gentleman, who complains of profanity and rubbish being reported to you by local correspondents, and of you, sir, for printing same, that he is in my estimation a very observant man here and a classic one at that, as regards by actions as his first letter that he is a non-subscriber of the above mentioned paper and my suggestion to him in this instance is this, versing the news items are of your taste to him and thus making insignificant reading, why does he not submit to you himself news-worthy items of interest and worthwhile reading. I would be willing to wager he would then be a subscriber and would not have to resort to a cheap reading of a friend's copy and who knows this paragon of virtue may one day own, publish and edit his own exclusive newspaper no-nonsense paper. I too do not wish to further embarrass the two ladies mentioned in Mr. Pain's letter, but I am sure they, along with me hope that in the future this started problem will get his facts straight before he attacks so easily hovers his form. Thank you.

Local correspondent,
Iris D. Bilan.

### ANNOUNCEMENT

**G. P. THOMPSON**
OF TOFIELD

has been named a regional distributor of Sunmaster of Canada Limited, producer of Sunmaster five year light bulbs.

Mr. Thompson will handle Sunmaster light bulb sales to retail stores, commercial buildings and industrial facilities throughout the Tofield area.

A new engineering development, Sunmaster five year bulbs are a major breakthrough in light bulb research and production. Each bulb is fully guaranteed to burn five years at normal home use or a total of 10,000 hours.

Conventional, short-life bulbs burn only 750 hours. New Sunmaster bulbs are backed by a free replacement guarantee.

Sunmaster bulbs are made with a patented, light-reflecting inner-coating of silica, found in only a few of the newest short-life bulbs. The silica coating acts as millions of light-reflecting prisms. Scientific reports reveal this results in comfortable, glare-free and flattering illumination that is far healthier to the eyes.

## Modern Etiquette

Q. Is it ever proper to leave one's spoon in the coffee cup or in a bowl of any kind during a meal?

A. Not usually. There are, however, exceptions: When the soup is served in a soup plate, the spoon is left in it, handle extending over the right edge parallel to the table edge and if you're served iced tea with no saucer under the glass, you leave your spoon in the glass, holding it aside with your first and second fingers as you drink.

Q. Is it all right for a bridegroom to give his bride something for their home as his special wedding gift to her?

A. While not exactly wrong, this is not customary. Traditionally, his gift to her is something more personal — usually jewelry of some kind.

Q. Is it proper to issue invitations to a cocktail party verbally or by phone or by [illegible] note?

A. Any of these ways is perfectly correct.

Q. What is considered the "proper" kind of personal stationery for a [illegible]

A. A large white single sheet measuring approximately 8 by 10 inches, folded twice to insert into an envelope, is considered in best taste for all social correspondence, including the most formal.

Q. Where should dining room chairs be placed when not in use —at the table, or elsewhere around the room?

A. This really depends upon space and convenience.

# Grain Board set up to help farm harvest

Commencing last week on the harvest situation in the West, Agriculture Minister Harry Hays said there is still time, given good drying weather, to complete harvest operations before the normal onset of winter.

He emphasized the importance of harvesting grain in the best possible condition for shipment to importing countries, and said samples received recently by the Board of Grain Commissioners indicate the crop threshed so far is in good condition.

He said the Board has furnished all country elevators with posters and circulars providing advice to farmers on farm grain drying.

Farmers may send samples of their grain to the Board before and after drying, and if there is an indication from these samples the tiler grain is being damaged, the Board will wire or telephone the farmer immediately.

The Minister stated that should the problem become serious, main reliance would have to be placed on the drying facilities in terminal elevators and that every step would be taken to ensure that these facilities were in a position to process the largest possible amount of grain as it becomes necessary. In total, interior terminals and terminals at the Lakehead and the Pacific Coast have the capacity to dry one million bushels of grain per twenty-four hour day.

# No Fairyland?

If a look at the calendar does not impress us that summer is past the very cool weather, with the temperature slipping to below 20 degrees at night, emphasizes the fact that the fall season is definitely here.

Usually this season is one of the nicest times in the year, with the exhilarating cool crispness in the air, and the gorgeous gold and red leaves on the trees making a walk through the woodlands or a drive through the countryside a most satisfying experience. Indeed, we would normally take on an almost fairyland appearance, with the turning of the leaves a few days following the first sharp frost. Visitors have come from many miles away to view the Battle River Valley, south of Camrose particularly, during the short time the trees display their magic dress.

However, it is feared that nature lovers are to be denied this pleasure this year, as a large percentage of the leaves have already curled up and turned a dirty brownish-black. The abnormal condition is due to the adverse weather during the late summer and autumn, said Larry Williams, district agriculturist, who noted over a wide area. The maple, ash and elm trees show most damage, although nearly all trees are affected. It is sad news to all when our trees are blighted.

WILL WITHDRAW. President Julius Nyerere has warned his nation will withdraw from the Commonwealth if Britain grants Rhodesia independence under white minority rule. He said that if the Tanzanian parliament should refuse to pass the necessary legislation, he would dissolve the assembly and hold new elections.

**POPULAR BRIDE-ELECT WIDELY ENTERTAINED**

Popular Camrose bride - elect Betty-Ann Carr has been widely entertained at parties and showers in honor of her coming marriage this Saturday. A miscellaneous shower was held recently for Miss Carr at the Bardo Community Centre, when guests of the Bardo and Kingman district presented many lovely gifts, for which Betty-Ann most graciously thanked them all.

Mrs. Jack Bowerman in Camrose was hostess at a beautifully arranged cup and saucer shower for Betty - Ann recently, when friends and relatives gathered at the Bowerman home to enjoy the evening with the bride-elect.

Last Monday, Mrs. Fred Djorv opened her home in Camrose for a surprise shower party for Betty-Ann, when a delightful evening was spent and many gorgeous gifts received by the bride-elect.

On Tuesday of last week, Miss Betty Champion was hostess at a surprise party in her apartment in Edmonton for Miss Miss Carr, guests being school chums and friends of the girls, who showered Betty-Ann with many gorgeous gifts.

On Friday evening, Mrs. Allan Forsen opened her home for a combined shower for Betty-Ann, and a farewell for Miss Zena Deadroff, both staff members of the Smith Clinic. Guests were women associates employed at the clinic. A lovely gift of crystal was presented to Miss Carr, and a silver spoon to Miss Deadroff.

The hostesses at all these lovely affairs served delicious lunches; and the bride-elect has been almost overwhelmed by the honor accorded her.

**INDUCTION SERVICE**

On Sept. 20th, the Rev. A. L. Steele was inducted as Rector of Sedgewick with associated parishes. He replaces Capt. David Bloom, Church Army, who resigned to complete his studies for the sacred ministry at Wycliffe College, Toronto. The induction was conducted by the Bishop of Edmonton, Rt. Rev. W. G. Burch assisted by Archdeacon V. P. Cole of Wainwright and Rev. W. L. Hammett, Rural Dean. Those attending from Tofield besides Mr. and Mrs. Hammett, were Mrs. E. Bailey, Mrs. G. Norland, Mrs. R. Marshall (Winnipeg), Mr. W. C. Lancaster. Rev. Mr. Steele is a graduate of Emmanuel College, Saskatoon, and was a former member of Holy Trinity Church, Edmonton, a number of whose members were also present at this ceremony.

**MEMORIAL**

The Rev. W. L. and Mrs. Hammett attended the Albert Schweitzer memorial service at All Saints Cathedral at which Mr. Hugh Bancroft played the organ music of J. S. Bach, of which Dr. Schweitzer was one of the greatest interpreters. The preacher for the service was the Rev. E. M. Checkland, minister of First Baptist Church, Edmonton.

Following the service, Mr. and Mrs. Hammett joined Edmonton and district clergy at St. John's rectory where a reception was held in greeting for the Rev. Morse Goodman, recently appointed rector of Christ Church, Edmonton, and Mrs. Goodman, and the Rev. Don and Mrs. Brown who was recently appointed rector of St. Lukes Church, Edmonton. Mr. Brown succeeds the Rev. Albert Wallis, resigned due to ill health. Friends in Tofield will have pleasant memories of Mr. and Mrs. Wallis. Rev. Morse Goodman is well known to radio audiences throughout Canada for his "Family Worship" series at 7:55 each morning over CBC stations.

# Wheat Pool planning wide construction

A construction program amounting to around 13/4 million dollars has been approved by the Alberta Wheat Pool's board of directors. None of the work is stated for the Camrose region.

Elevators will be built at the following points with capacity as stated: Oyen, Mayerthorpe and Veteran, 125,000 bushels. Three Hills, 175,000 bushels; Galahad, Halkirk, Hitchcock, Chipman, Acme and Brecon, 75,000 bushels.

Annexes will be built at Stettler, Granum, Sylvan Lake and Consort, 80,000 bushels; Hardisty and Alix, 70,000 bushels.

Dwellings will be built at Strathmore, Pincher Creek, Raymond, Champion, Barrhead, Fawcett, Claudonald, Hilliard, Three Hills, Makepiece, Michichi, Streamstown, Manola, Spirit River and Stettler.

Construction is now under way at several points and the program will be completed before July 1st, 1966, provided no unforseen developments occur.

Q. How soon after the receipt of a wedding invitation should one send one's wedding gift to the bride's home?

A. As soon as possible. It is inconsiderate to wait until a day or two before the wedding when you could have taken care of this much earlier.

Q. Is it proper to phone one's acknowledgement of a gift?

A. This is, of course, better than no acknowledgement at all. But still, a nice, personally-written note of thanks seems in convey more interest and more sincere appreciation of the gift.

# The Canada Pension Plan and its benefits

**Here is what the Canada Pension Plan will do for people like Robert Martin, a 55-year-old skilled tradesman who earns $100 a week ($5,200 a year).**

If Robert works full time until age 65 he can look forward to a monthly retirement income of $104.17 from the Canada Pension Plan and $75 from Old Age Security a total of $179.17 a month. When his wife, who is two years younger than Robert, receives her Old Age Security pension, the Martins' monthly income will rise to $254.17.

If Robert becomes disabled at age 60, having contributed for five years, he will get a disability pension of $103.13 a month until he reaches 65 when his retirement and Old Age Security pensions begin.

If Robert dies after contributing for three years, his wife will receive a widow's pension of $64.06 a month until age 65. From then on her widow's pension will become $62.50 and she will also receive the $75 Old Age Security pension—a total of $137.50 a month. At the time of Robert's death, Mrs. Martin will also be paid a lump sum of $500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Robert, are employed and have earnings of $5,200 spread evenly over the year, you will, commencing in January, pay at the rate of $1.59 a week until your contributions for the year amount to $79.20. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by
authority of the Minister of National Health and Welfare, Canada,
The Honourable Judy LaMarsh.

## 'Shower' honors newly-wed pair

(Mrs. G. H. Taylor)

HOLDEN — A surprise shower was held September 19th at the home of Mr. and Mrs. Alvin Bratrud in honor of Mr. and Mrs. Winston Wallie, newlyweds, of Edmonton, who were visiting for the weekend. Mrs. George Mosby was in charge of the entertainment and a variety of games were played.

Several members of the church gave readings, after which the guests of honor were presented with many lovely and useful gifts. Mr. and Mrs. Wallie thanked all present for the lovely party and wonderful gifts, also the kind wishes of their many friends in the district. Winston was employed on a farm in the district for several months before leaving to work in Edmonton. A delicious lunch was served to all by the ladies.

WHEREAS it is deemed expedient by the Council of the County of Beaver No. 9 of the Province of Alberta, that the sum of TWO HUNDRED AND TWENTY-SIX THOUSAND ($226,000.00) dollars should be borrowed on the security of the said County by the issue of Debentures repayable to the bearer in Twenty-five consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

**Erecting a masonry addition to the Viking School to consist of: 2 classrooms, 4 ancillary rooms, 1 chemistry laboratory, 1 biology laboratory, 2 washrooms, 1 staff workroom, 2 storage rooms and 1 library. Providing furniture and equipment for the addition. Alter and renovate certain existing space in the Viking School.**

THEREFORE, notice is hereby given by the Council of the said County that unless a poll of the proprietary electors of the said County for and against the said debenture loan is demanded as provided by The School Act, the said Council will apply to the Local Authorities Board for the authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

E. M. MAGNESON Reeve

Dated at the Village of Ryley this 18th day of September 1965

**INSTRUCTIONS TO PROPRIETARY ELECTORS IN A COUNTY**

A poll may be demanded in a County by a demand signed by

(a) five proprietary electors or
(b) fifty per cent of the proprietary electors,

whichever is the lesser number of each of at least twenty per cent of the districts in the County.

The demand for a poll shall be in the form prescribed by the Minister and must be delivered to the secretary of the County or, in his absence, to the Reeve within fifteen days after the date of posting or of the last publication in a newspaper of this notice.

Proprietary elector means an elector who is liable to assessment and taxation for school purposes in respect for property situated in the County.

# County school board meets Sept. 14

(Continued from Page Three)

wired to the effect that he was not joining.

In regards to Surjit Rams who had been hired as a teacher at Tofield. Mr. Pike advised that Mr. Rams apparently had some difficulty in leaving Pakistan but that he was expected in four to five weeks time and that in the meantime Mrs. Jean Sears was acting as substitute.

Moved and carried that the report be accepted.

In regards to the Viking School project, Mr. Pike reported that the sketch plan had been approved with some minor changes and that the approval now was for 11,850 square feet. He also referred to the Committee the initial account from the architect, B. J. Uhlig, in the amount of $2,887.50.

Moved and carried that the account be paid.

In regards to the Viking School and 6th Avenue north of the present school site, the Committee was informed that inasmuch as a nursing home was being built in the block north of 7th Avenue it was imperative that this avenue be opened. This was apparently one of the stipulations if the nursing home was to be constructed. It appeared then that the request from School Committee to have 6th Avenue closed and the playground area extended into the block north of 6th Avenue might be acceded to. The block north of 6th Avenue might be in which to part available to the County for extension of the school grounds. One of the stipulations would be that the extra school ground be fenced with a chain link fence.

Moved and carried that Cr. Roddick and Mr. Allen be appointed to deal with this situation.

In regards to the saving of the bus loading area at Viking, the Committee was informed that the street on the west side of the school was being paved and that the bus loading area would be paved as well.

Moved and carried that the report be accepted.

In regards to the new teacherage being built in Holden, Mr. Pike reported that the building was completed and that the occupants were moving in today. He suggested that the Committee members from the Holden area should inspect the building.

Move dand carried that the report be accepted

**Bursary Applications**

In regards to bursary applications, Mr. Pike mentioned that the original authorization was for 12 bursary students per year of which sum could be from outside the County. Sufficient applications had not been received this year, and he inquired if he could take a second application from outside the County. Mr. Pike stated that the following applications had been received during the last few days: Michael Monaghan (3rd year); Robert Lysik, Claude MacArthur. If another bursary could be given to a student outside the County boundaries, Marvin Westrom of Ponoka would like to obtain a bursary.

Moved and carried that the report be accepted and that a second student from outside the County be accepted under the bursary scheme.

In connection with the schools, the Superintendent reported the following number of teachers: Tofield 28, Ryley 22, Holden 10, Bruce 7, Viking 20, Kinsella 3. Total 116.

Moved and carried that the report be accepted.

It was moved and carried that Mrs Alma Enger be appointed Principal of the Kinsella school as from September 1, 1965.

**Drama Workshop**

Mr Pike reported that a Drama Workshop would be held on Nov. 8th, with some 60 Drama teachers in attendance, and he inquired if it would be in order to have this workshop in the Tofield School

Moved and carried the Tofield school be made available for the Drama Workshop on Nov. 8th.

# Mrs. George Druce passes September 13th

Funeral services were held Monday, Sept. 13th, from Holy Trinity Anglican Church for the late Mrs. Charlotte Mabel Druce, Rev. Hammett officiating. Interment was made in the Tofield Cemetery.

Mrs. Druce was born at Dover, Kent, England and came to Edmonton in 1911 where she was married to John Druce who predeceased her in 1961. In 1913 she moved with her family to the Tofield area where she resided until her death.

She leaves to mourn her passing: one son George, two daughters, Mary (Mrs. G. E. Schmidt) and Dorothy (Mrs. J. Brown), and two grandsons, all of Tofield; and two sisters, living in England.

Two favorite hymns were sung, "Beneath the Cross of Jesus" and "Breathe on Me Breath of God", after which Rev. Hammett spoke of the good life she had lived in her community, but that her thoughts had often been with her "green and pleasant land of England".

Floral tributes were received from: The Family; Spilsted Ladies' Society. Flowers were donated to the Tofield Hospital by Mrs. H. Greenhalgh.

MEMORIALS

To the Anglican Church — Stanley and Keitha Brown; Mr and Mrs. Harold Sutton and Brian; Miles Barrow; Mrs. Virginia Sutton; Mr. and Mrs. Bert Everitt; Mr. and Mrs. J. B. Warner; Mrs. Polly Spilsted.

HAY LAKES, Sept. 23—Elections for the High School Students Union were held last Wednesday with officers as follows: Shirley Lenz, president; Merril Stayne, vice president, Sharon Stayne, secretary, and Reg Galenza, treasurer.

Plans are now being made for the 1964-65 graduation to be held in October and an actres year is anticipated.

# Japan's prosperity is ours, too

Japan, plagued by an excessive boom that for the present has outrun money and markets, is shifting its export drive in Canada to capital goods. It is aiming to win a small slice of the 19,000 million a year Canadians spend on imported machines and equipment, mainly from the U.S. If quality, price and service on Japanese equipment is comparable with other imported products, buying from Japan will help keep costs here competitive and provide scarce dollars for still more Japanese purchases from us. Buying big earth-moving machines or hydro-electric turbines in Japan is bound to cause some anguish among domestic and other foreign producers doing business in Canada. On the other hand, Canada has been trying to increase the range of its exports and to broaden markets for its own goods to make Canadian prosperity less dependent on any one market. Japan's $330 million-a-year purchases here make it the third largest foreign buyer of Canadian products—hence a market to be nurtured. With prices here on the rise, and export markets becoming harder to crack, buying more from Japan to help keep it a prime customer makes good economic sense.

# Kuzyk to carry Liberal banner for Vegreville

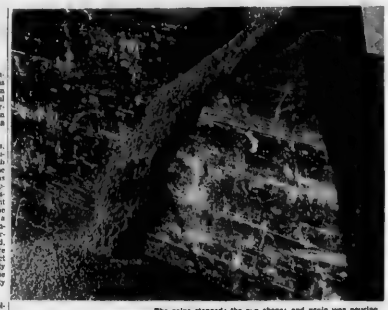
Dr. Nicholas J. Kuzyk, a 46-year-old Vegreville surgeon, was nominated at the Vegreville Federal Liberal Association convention held October 2, as the Liberal Party candidate in the forthcoming federal election.

Dr. Kuzyk is a native of Vegreville and comes his politics with a farming background. He obtained his high school education at Vegreville and Camrose, and received his Bachelor of Arts degree at the University of Alberta. He then studied medicine at Queen's University and obtained his M.D. Degree, as well as his Master's Degree in Surgery at the said university.

During the Second World War, Dr. Kuzyk served as a civilian medical supervisor for the Canadian Army. He established his medical practice at Vegreville in 1945, and is today a successful physician and surgeon. He is married to the former Jean Austin of Ranberry, Alberta, and is a family man.

Active in community affairs, Dr. Kuzyk has served as president of the local Kinsmen Club and as Past Exalted Ruler of the Vegreville Elks Lodge. He has also served as Past District Deputy of the Elks Lodge and presently is the second vice-president for the province of Alberta of the Elks Association. He is also a member of the Vegreville Chamber of Commerce and is Chairman of the local School Board, and has served on the executive of the Vegreville and District Medical Society. He is presently a member of the executive of the Vegreville School for mentally handicapped children.

Addressing the convention following his nomination, Dr. Kuzyk stated that if elected he would endeavor to represent fairly all the people of the Vegreville Constituency regardless of political affiliation, and emphasized the need for a strong majority government at Ottawa. The Honorable Harry Hays, Minister of Agriculture, who addressed the convention, pointed out that he was the only Member of Parliament in the government representing the Western Canadian farmer, and stressed the urgent need for members from the West on the government side of the House.



Sunshine and harvest

The rains stopped; the sun shone; and grain was pouring on every farm in the district. Yields are down somewhat from what they would have been had there been less wind and rain. Some farmers are finding the straw heavy and the yield loss than should be expected.

# Harvest going again

Harvesting in the Tofield area got under way again last week, and combining in general this week as weather has been clear and warm. There have been some strong winds in some areas, but usually the breezes are warm and dry.

There has been no report from the Tofield Wheat Pool area for the past couple of weeks, but H. B. Berke at Ryley reports 80 per cent of the wheat, oats and barley had been cut by last Friday. All of the rye and rapeseed are down.

As of last Friday 10 per cent of the wheat and oats had been threshed, and five per cent of the barley. About half of the rye and rapeseed are "in the bin".

None of the grain in the Ryley area has been abandoned due to hail or drought or flooding.

Wheat is expected to yield about 25 bushels per acre, oats 80 and barley 30. Fall rye and rapeseed should yield about 25 bushels to the acre.

# Dial phones used a year

Over a year has passed since dial telephones came into use in Tofield and district. People have become quite accustomed to the new system, but it would be nice if we could hear the time signal and have a special number for the fire alarm.

# C. J. Kallal passes today

A west newon old timer of the Tofield district passed away quietly in the Tofield Hospital early this morning. A patient of the hospital for the past four months, Mr. Kallal, 81, is survived by his loving wife Frances, six sons and three daughters.

Mr Kallal had been a resident of the district since 1910, coming from Illinois, and was known throughout the country for his fine Hereford cattle which won him fame and many prizes at the Toronto Royal.

Prayer services will be held at 8:00 p.m. Friday, and funeral services will be held at the St. Francis Roman Catholic Church, Tofield, on Saturday, Oct. 9th.

# SS awards presented

(Mrs. Jim Reddick)

MINISTIK — Children of the Sunday School took charge of the service on Sunday at the United Church. Perfect attendance winners were Donna and Brian Leach and Anne and Linda Paterson.

As in past years, three hymnaries were presented to the church.

Best attendance awards were presented and other books were presented to all other children who attended Sunday School. There will be no Sunday School through the winter months.

Learn to limit yourself, to contest yourself with some definite thing and some definite work; dare to be what you are, and learn to resign with good grace all that you are not, and to believe in your own individuality. (Anon.) —J.W.R.

# Duguid resigns

The Lions Club received a resignation last week, from President Dave Duguid, who asked to be transferred to the Vegreville Lions Club as he now makes his residence there.

Lion Henry Paege took over the president's office, moving up from vice-president, and a board meeting was called directly after the supper meeting to fill the vacant chair.

Lion Gerald Skeels also asked to be transferred back to the Ribbey club, after which volunteers were asked for the loading and unloading of beds at the blood donors' clinic.

A report on the friendship club found the club nearly organized to begin this week.

Lion Skeels also reported for the nickname committee, with a name for Allen Warner, which he protested, as "Pukahontas" was a female. The club took a vote and gave Warner the name of "Hiawatha".

The Centennial project again provoked lengthy discussion, leading to more research before anything definite can be decided regarding purchasing a time clock for the museum lights.

All Lions present were happy to see two new members sign the register.

# County council meets September 16th

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9, held Thursday, Sept. 16th:

**Flood Control Scheme**

Allan Strome, Inspecting Engineer of the Department of Water Resources, attended the meeting in regards to the Krispinski - Beaverhill Lake Flood Control Scheme. Mr Strome had only preliminary plans and cost figures, which would indicate an approximate cost of $27,000.

After some discussion it was moved and carried that the report as submitted by Mr. Strome be accepted, together with the estimated cost, and that the farmers affected by this flood control scheme be advised of the situation as to cost, etc.

**Business Arising from Minutes**

In regards to the Dmetro Myzik claim for compensation for cows killed, the secretary-treasurer reported that this had been referred to the John Insurance Agencies and that a letter dated Sept. 10 had been forwarded to Mr Myzik from Peckover & Haiwa, Investigators and Adjusters Ltd., requesting that, if Mr Myzik should be in the City in the near future, he get in contact with Mr. Haiwa.

Moved and carried that the report be accepted.

In regards to the P.F.A. application for assistance, the secretary-treasurer stated he had submitted the application according to the motion at a plus-20 bushels per acre in all townships. He suggested that, in view of the very recent harvest weather, close watch should be kept on possible heavy deterioration in the crop situation so that if necessary amended application could be submitted.

Moved and carried that the report be accepted.

In regards to Rural Road Inventory, the secretary-treasurer referred to the Council an invitation from Underwood McLennan & Associates Ltd. to attend a rural seminar on Sept. 17, at the Mayfair Hotel. This would be the day following today's meeting. The program appeared to be of great value but, as it was re-

# Cave-in claims Tofield man

Tragedy struck the town of Tofield Wednesday forenoon, when a cave-in occurred on a water and sewer ditch project, trapping Norman Gunther with falling dirt. He was one of a crew working at the ditch on 7th Avenue east in the town. Other workers witnessed the accident, and Mr. Gunther was taken immediately to Tofield Hospital, but was pronounced dead on arrival.

A middle-aged man, Mr. Gunther was married with children, the family residing in Tofield.

## Time for thanks

It took the world-knowledge of Chester Ronning recently to point up the sharp contrast between this continent and much of the rest of it. While most of the crowd at a recent dinner was merry or lost oblivious of some fifty or so dishes provided for guests who did not arrive, Mr. Ronning was distressed as he thought of the waste, and recalled starving millions in other lands he knew.

It's a simple little illustration, really, showing how personal experience colors our feelings and our reactions. But it shows, too, how trivial in comparison are the things we so often dwell on in our daily lives, while we have troubles in Canada, yes, but not the vicious situations in other parts of the world. We have unemployment and uncertainty and unrest, but hardly the hardship to be found in many countries. Even though the outlook is for something less than the bumper crop predicted, our farmers and for that matter the rest of us still look well off compared with many parts of the world.

Materially, we enjoy many bounties. We should not forget that spiritually, too, we are endowed with many, many blessings, most notable of which are our freedoms to worship, to assemble, to speak, to think for ourselves and to act. For all the little problems we think we encounter, we still have so much for which to pause this weekend, and pausing, give thanks — take for granted the continuing and the really important features.

We have so much for which we should give thanks, even in the midst of so many distractions as elections, strikes, automation, Fire Prevention Week, highway building, commencements, graduations, wet fall and many others.

Certainly the part of the world we live in is far from perfect, yet how many of the world's teeming millions would consider this as heaven? We

## By George!

I noticed a week or so ago that a mammoth bingo game is to be played (or was played) in three Alberta centres simultaneously. Red Deer, Drumheller and Edmonton, I believe, were the communities involved.

Bingo is getting to be big business in some areas, isn't it?

No doubt a lot of people will be (or were) involved in such a game, but they'll have to go some to beat a bingo game that took place in Toronto all under one roof shortly after the Second World War. Rated as Canada's biggest bingo game, it was held in Maple Leaf Gardens and drew 13,000 patrons.

The proceeds of this huge game went to charity.

Universities in this province, all over Canada and, I suppose, all over the world, are suffering from overcrowding as more and more people strive for a higher education in order to carve their niche in modern society or simply to make a living.

All this education and all the facilities for same almost make it hard to believe that Canada saw its first woman graduate from university with a degree just 60 years ago. She was Grace Anne Lockhart who was granted the degree of bachelor of science by Mount Allison University at Sackville, New Brunswick.

Incidentally, this would have been a first in the Commonwealth, except that a woman who masqueraded as a man graduated in medicine from the University of Edinburgh in 1812, as Dr. James Barry.

o—o—o o—o—o

And on the subject of university education, in case you happen to think higher education is not expensive (and I really don't believe any parent believes it isn't) the estimated revenues of Canadian universities and colleges in the 1963-64 academic year totalled $294 million. Of this provincial governments provided $117 million, the federal government $69 million, fees $75 million and other sources $41 million.

I wonder if my three girls would consider being sewer diggers. Or does that require a university degree, too? Oh, well they can always be newspaper types!

NOW! FOR '66 FROM CHEVROLET

NEW CAPRICE

A whole new series of elegant new models — the most lavish Chevrolet has ever built. There's the Caprice Custom Coupe, Caprice Custom Sedan and the luxurious new Caprice Custom Wagon. Truly elegant in every detail, they invite (and deserve!) your closest inspection.

Custom Coupe — with a velvet and elegant roofline you won't find on any other Chevrolet.

JET-SMOOTHER IMPALA

Impala Sport Coupe.

No Chevrolet has ever had a ride like this one. It's smooth, subtle, quiet. You can specify a Turbo-Jet "396" engine at 325-hp. Smooth, quiet, plenty of reserve power (just one of six engines available up to a 425-hp Turbo-Jet "427" V8). But really, there's only one way to find out all that's great about the '66 Chevrolet with its beautiful new Body by Fisher. Ride in one.

SLEEK STUNNER CHEVELLE

New Malibu Sport Coupe with the Sports option.

New sculptured rear deck, dramatic new rooflines, broad new grille design, powerful new engine range, and Chevrolet's kind of quality are what set '66 Chevelle apart from the pack. But the only way to appreciate a '66 Chevelle is to see it for real. And you can't do that here. The place to go is your Chevrolet dealer's.

ALL-NEW CHEVY II

Nova Super Sport Coupe.

Chevy II is something else again for 1966. We've lowered the roof, raised the horsepower available and given it a whole new look. It's so different, we should really call it the Chevy III. What's the economical dependable, salt-of-the-earth Chevy II coming to? A lot of very smart car buyers, the way we figure it.

UNIQUE CORVAIR

Corvair, like all the '66 Chevrolets, has a padded instrument panel, padded sun visors. Seat belts front and rear. Backup lights, windshield washer and 2-speed wipers, outside rear-view mirror. Fully synchronized 3-Speed transmission. All of it standard equipment. Corsas. Monzas. 500's. Come get one. Stay young.

Corsa Sport Coupe.

Ol' rockin' chair's empty

There's no more sitting out on the lawn in the sun these days, as autumn's chill breezes whip the leaves off the trees. Above, the leaves form a carpet over the lawn, leaving trees gray lawn chair in stark contrast to the changed mood of the season.

### ANNOUNCEMENT

G. P. THOMPSON
OF TOFIELD

has been named a regional distributor of Sunmaster of Canada Limited, producer of Sunmaster five year light bulbs.

Mr. Thompson will handle Sunmaster light bulb sales to retail stores, commercial buildings and industrial facilities throughout the Tofield area.

A new engineering development, Sunmaster five year bulbs are a major breakthrough in light bulb research and production. Each bulb is fully guaranteed to burn five years at normal home use or a total of 10,000 hours.

Conventional, short-life bulbs burn only 750 hours. New Sunmaster bulbs are backed by a free replacement guarantee.

Sunmaster bulbs are made with a patented, light-reflecting inner-coating of silica, found in only a few of the newest short-life bulbs. The silica coating acts as millions of light-reflecting prisms. Scientific reports reveal this results in comfortable, glare-free and flattering illumination that is far healthier to the eyes.

# Solve-a-crime . . .

**YOU ARE THE DETECTIVE**

In response to showgirl Gloria Martin's phone call, you arrive at her apartment. The red-haired girl's left eye is blackened and swollen shut, her otherwise pretty face badly bruised and cut, and she is very much overwrought because of the beating she has received from an "unknown intruder".

"I do hope you can catch up with the guy who did this to me", she cries. "I won't able to see who it was . . . It all happened so suddenly and quickly! I came home from the club where I'm currently dancing . . . we had a rehearsal with the band this afternoon. I had just stepped into the apartment here, when I was hit over the head. This knocked me half unconscious, and all I could see was a masked man coming at me. Then there were more blows on me . . . and kicks . . . and I passed out. I don't know exactly how long I was unconscious . . . but just as soon as I came to, I phoned you".

"You have no idea at all who could have done this?" you ask.

"No . . . I don't have any enemies that I know of . . . I try to keep on good terms with everybody. Of course, there's my boy friend, Eddy Sanderson. He and I had a pretty bad quarrel last night . . . he's a very jealous guy and didn't like the way I was laughing and talking it up with some other fellow at the club. We had a real hot argument—but I'm sure he wouldn't do a thing like this to me, even though I told him last night that we were finished that I didn't ever want to see or talk wit him again. In fact, Gloria continues, glancing at her phone, "I even went so far as to have my phone number changed to an unlisted one this evening . . . just to make sure he wouldn't be annoying me with any more phone calls".

"Have you checked to see whether any money or jewels or anything else is missing from your apartment?" you ask.

"Oh, yes . . . and not a thing, as far as I was able to tell, is missing". The girl pauses a minute, then goes on. "I wonder if this could have been one of Mike Flanigan's manic men. Mike, you know," operates that little gambling place just outside of town, and I do happen to owe him a few dollars. I promised to pay him back a few days ago, but wasn't able to. This may have been his way of warning me to . . . ."

The ring of the phone interrupts Gloria. She answers it, and you hear her say sharply, "I told you last night I don't want anything more to do with you ever! Now don't bother me again!" And she slams down the receiver. "Imagine that", she turns to you. "That was Buddy . . . seems he just can't take 'no' for an answer".

"I think there are some answers your boy friend, Buddy, can give me", you then say. "I'm going to pay him a little visit now."

Why do you suspect Buddy Sanderson of having beaten Gloria?

**SOLUTION**

Gloria told you that she had her phone number changed to an unlisted one that morning. This being the case, the only way that Buddy Sanderson could have learned her new number so as to make the call you overheard was by seeing it on the phone in Gloria's apartment . . . which proves he must have been in the apartment and more than likely was the one who beat up the girl.

# Holden pioneer passes in Edmonton Oct. 1st.

(Mrs. G. Taylor)

Mr. and Mrs. G. H. Taylor received word at the weekend that a family friend, and an old time pioneer resident of Holden, Mr. Clarence A. Mumford of Edmonton had passed away suddenly after a short illness on Friday, Oct 1st. The Mumford family were among the first residents of Holden building the house now occupied by Mr. and Mrs. H. H. Nelson. Charles received his education at the Holden School and started his business career at the Royal Bank. Holden designating us to Edmonton, then to Calgary and later being transferred to the Main Branch of the Royal Bank Edmonton, where he stayed until his retirement two or three years ago.

He served in the Canadian Army in Europe and Italy during World War II.

The deceased leaves to mourn his loss, his wife Nellie; two sons Bill of Edmonton and the Rev. L. Mumford of Inuvik; three grand-children—Mrs. Sherry Mrs. Susie Moss, Mrs. J. H. Muir, Miss Mamie Mumford and Mrs. Wilson all of Edmonton. Mrs. Robert Emond of Leduc, and Mrs. Gladys Harris of Wetaskiwin; one brother Ralph, of Caliston.

Funeral services were held on Tuesday, Oct. 5th at the Foster of McCreary Funeral Chapel with Rev. A. W. Wilson officiating. Interment was made in the Evergreen Memorial Gardens, Edmonton.

MacDiff Ottawa report

# . . . Winning tactics

OTTAWA—It has almost seemed at times that Lester B. Pearson and John Diefenbaker were running in completely different election.

There was Mr Diefenbaker on the hustings flinging verbal thunderbolts at Liberal scandals, and promising new deals for universities, homeowners and users of consumer credit

There was Mr Pearson, saying virtually silent in Ottawa, saying nothing about the scandals answering few of the taunts, and unveiling few of his party's promises

On the one hand Mr Diefenbaker was outlining a platform to catch the eye of the city dweller. And on the other, Mr. Pearson and his cabinet were sweating over a program to win the loyalties of the farmer

The two major party leaders weren't really competing in different contests but were showing their different estimates of winning tactics for the respective parties

**DIFFERENT OBJECTIVES**

The problem for the Liberals in this election is to hold what they have in Quebec and in Canada's cities — and to move into Tory territory by winning seats in rural Ontario and the Prairies

The Liberals also face the need to keep the campaign centred on the need for a majority government and to bear reminding that only the Liberal party can provide it. They are determined to keep attention on the brighter side of their record—economic prosperity, the Canada Pension Plan, armed forces integration and the war on poverty

John Diefenbaker is just as determined to keep the attention of the public on the darker side of the Government's record — the Rivard affair, Hal Banks, questionable immigration cases and the threat of inflation

**LEND NEW STRENGTH**

One problem for the Conservatives is to convince the public that they are capable of forming a majority government. This was partly met by the rallying of former rebels around Mr Diefenbaker and by the fact that Conservative Premiers like John Roberts Duff Roblin and Robert Stanfield have thrown their political machines into the fray

The list of Conservative candidates includes no fewer than 18 former Cabinet Ministers, a fact that may set at rest doubts that Mr. Diefenbaker could put together a cabinet capable of governing Canada.

But the Conservative leader remains weak in cabinet timber from Quebec and to be must have more of the seats in Canada's cities

**NOT CITY MAN**

The disillusionment of city folk with the Diefenbaker Government was one of the most striking things in the last federal election

Although the typical Canadian is now a city dweller, only 105 of the 265 seats in the House of Commons are dominated by urban voters

Of these, in 1963, the Liberals won 72 and the Conservatives got only 29

It was the opposite story in rural ridings — and this is what saved the Diefenbaker forces from utter rout Of the 119 seats dominated by rural voters, the Conservatives won 64 and the Liberals won only able to win 37

The mixed urban-rural ridings elected 72 Grits and 19 Tories.

To change this situation is the aim of both Liberal and Conservative parties but they'd like to change it in different ways

**CHANGE IMAGE**

The Liberals now acknowledge their 1963 farm program was a flop and was rejected by the farm electorate. This is why—they say — such planks as $2 wheat and a school milk program haven't been enacted. The new Liberal farm plan, they hope, will prove more vote-worthy.

But the Tories, determined to be more than a rural party—which promises little future when cities gain at the expense of rural areas in the pending redistribution—are trying hard to fashion an urban appeal.

The man behind the effort is Alvin Hamilton who invented "Northern Vision" when he was Northern Affairs Minister and who got a stranglehold on the Ministry of Agriculture

**WINNING BAIT**

The Conservatives held both the North and the farms in the last election. And now Mr. Hamilton is moving in on the cities with a program which includes low-interest loans to consumers—to get them out of the clutches of loan sharks—and a federal income tax deduction on account of the payment of municipal taxes.

These—and other ideas—have been used as campaign planks by Mr Diefenbaker, and only the election day will tell the results.

But anti-Diefenbaker feeling in the cities has subsided, all parties agree It's no longer poison to be the Conservative candidate in Toronto or Montreal And in Toronto especially, the Tories have high hopes of winning a handful of seats

Whether such wins will be more than offset by Conservative losses in the country depends on whether the canny farm folk can picture Mike Pearson as the farmer's friend this time.

# County council meets September 16th

Continued from Page One)

alised the Council meeting could not take care of all the business today, it was decided to reconvene the meeting on Sept. 17.

Hence, it was moved and carried that the information and invitation from Underwood McLennan & Associates Ltd be received and filed and there will be no attendance from the Council.

**Nisgae Lake**

In regards to Nisgae Lake, the secretary-treasurer reported that he, together with the Reeve, had met H. H. Summerville and Mr. Dutton from the Dept. of Mines and Minerals, one representative from the Fish and Wildlife Branch of the Dept. of Lands and Forests, and D. F. Irving, on Friday, Sept. 3. The Mines Branch wanted some filling done on the west side of Strip Lake where the water was eating away the bank endangering the road; also some work on the south shore of Strip Lake. Mr. Dutton had inquired if Mr. Irving could be allowed to take earth from the big mound in the N.W. corner of the park grounds at the Lake, and this permission was given by the Reeve.

Moved and carried that the report be accepted and action concurred in.

In this connection, it was noticed that the ground around the picnic shelter at Nisgae Lake was in a very bad condition during the spring break-up and during rainy seasons, and that some gravel would alleviate this condition.

It was moved and carried that Cr. Magneson be authorised to gravel the grounds at the picnic shelter at Nisgae Lake.

A letter from the secretary of the Ross Creek and Elkhorn Creek Association requesting a survey of Ross Creek was referred to the Council Cr. Weatherill gave additional information to that contained in the letter. As the M.D. of Lamont No. 30 appeared to be involved in this water problem, possibly to a larger extent than the County of Beaver, it was moved and carried that the Municipal District of Lamont be contacted in this matter.

**Fence Damage**

In regards to the request for payments for post and wire by Donald McGinlis and Lewis Shewchuk, the secretary-treasurer stated that he had again contacted the Jubilee Insurance Agencies in order to, if possible, bring this matter to a conclusion.

It was moved and carried that this matter be tabled pending further advice

A request from the M.B. Church at Tofield for assistance to gravel the road from highway 14 to the church, this road being situated in the Town of Tofield, was referred to the Council. The letter pointed out that all the members of the church were farmers and, hence, taxpayers of the County of Beaver, and it was suggested that the Council might consider donating a couple of loads of gravel. The Council felt that they were not impowered to undertake improvements to roads or streets within another municipality.

Moved and carried that the M.B. Church be advised that their request cannot be acceded to.

In regards to the sewerage system at Kinsella, the members present reported that as yet the certificate required from the Provincial Board of Health to be submitted with the bylaw to the Local Authorities Board had not been obtained; however the engineer from Associated Engineering Services Ltd. had indicated that the Board of Health was making the necessary inspection during this week. It was moved and carried that the report be accepted.

Information from the department of municipal affairs concerning the 1965-66 Municipal Winter Works Incentive Program was placed before the council. It was moved and carried that the information be received and content noted.

It was moved and carried that bridge authorization concerning culvert structure in NSW 11-49-16-W 4th be received and filed.

The next item referred to the council the bridge requests for 1966 and suggested that each councillor should have the bridges and culverts, that he required, ready for the October meeting. It was moved and carried that the matter of the bridge requests for 1966 be tabled until the next meeting.

It was moved and carried that the council has no objections to the proposed subdivision in E½ 33-47-19-W 4th providing the county will not be called on for any road or other improvements in or to the subdivision.

It was moved that the new proposed boundaries of the Kingman and Munistik RE Association Ltd., submitted by the Alberta Power Commission, be approved.

Tenders for heating units for the grader shed at Tofield were referred to the council. The tender submitted by G. H. Pearson of 8511 - 85th Avenue, Edmonton, in the amount of $649.00, and one tender submitted from Macleods Limited of Tofield in the amount of $728.80. It was moved and carried that the tender submitted for two 130,000 BTU unit heaters by G. H. Pearson in the amount of $649.00 be accepted.

A request from R. K. Westmacott on behalf of the Ryley 4-H Dairy Club and from Peter Munkvold on behalf of the Ryley 4-H Beef Club for permission to use the Civil Defence room in the county office for their meetings was referred to the council. The

With fine weather returning harvesting commenced again last week and everyone is busy either combining or threshing the grain that is dry. Quite a number of farmers are cutting oats for greenfeed due to the frost having stopped the grain from filling.

GOSSIP AS USUAL. As massive Chinese troops gathered ominously along the borders of the Indian protectorate of Sikkim, and as statesmen in the United Nations sought feverishly to put an end to the undeclared war between India and Pakistan, life continued as usual in Calcutta. Though the whole world worried, these women gathered at the nearby water pump to chat and gossip pleasantly, as they have always done.

# Anonson-Simonson vows pledged in July rites

The Mountain Lutheran Church in Camrose was the scene of a lovely summer wedding on Saturday, July 31, when Yvonne Merle, third eldest daughter of Mrs. Elsie Simonson and the late Mr. Martin Simonson of Kingman, became the bride of Rodney James, third son of Mr. and Mrs. Leon Anonson of Camrose Rev. Johnson officiated.

The bride, given in marriage by her uncle Leonard Simonson of Edmonton, wore a floor length gown of white nylon over taffeta. The back of her dress was held in tucks by white nylon roses and the bodice featured a scalloped neckline with lily-pointed sleeves. Her shoulder length veil was held in place by a single white rose, and she carried a bouquet of pink and white roses.

Maid of honor, Lorna Jacobson and the bridesmaid, Helen Hall, wore identical green dresses with white finger-tip veils, and carried bouquets of yellow mums.

Attending the groom were Al Nichols and Gary Sunderman, friends of the groom. Ushers were Dwayne Simonson, brother of the bride, and Lawrence Simonson, cousin of the bride.

Mrs Elmer Holte was soloist For her daughter's wedding, Mrs Simonson chose a matching blue coat and dress of blue nylon over silk, with white accessories, and a corsage of pink and white carnations. The groom's mother chose a matching pink lace coat and dress, with white accessories, and a corsage of white carnations.

A reception to 70 guests was held in the banquet room of the York Cafe. The beautifully decorated three tier wedding cake was made by the bride's mother and sister Wayne Graham friend of the groom, was master of ceremonies, and toastal toasts of Camrose proposed the toast to the bride, to which the groom ably responded. Mrs. Lorraine Sutton was in charge of the guest book.

The bride donned a powder blue three piece suit with white accessories and a pink carnation corsage for travelling.

For their honeymoon trip, the happy couple went to Banff, Jasper, and the Slades. They are making their home in Edmonton.

# Modern Etiquette

Q. When writing a social note, do you put the date at the top of the page, and your address if it is not printed on stationery?

A. The date should appear in the upper right-hand corner. If you wish to include the address, place it above the date. Also permissible—place the date or address or both, opposite and a little below your signature on the left-hand side of the page at the end of the letter. The first form is preferred.

Q. I've been told that curving the little finger upward and outward while drinking from a cup is improper. Why is this so?

A. Because it is an affectation—and all affectations are in questionable taste.

Q. May a divorcee mail engraved announcements of her second marriage?

A. Although this was frowned upon in former years, today it is regarded as a good idea and perfectly proper.

Q. How do you acknowledge an

Q. When a toastmaster calls for an impromptu speech from a guest, how long should that guest talk?

A. For not more than about three minutes or so.

introduction?

A. There is only one correct phrase—"How do you do". Depending upon circumstances, one may add, "It is so nice to meet you", or words to that effect. Never resort to the use of, "A pleasure, I am sure", or "Pleased to meet you".

Q. What tipping is necessary on an airplane?

A. No tipping of airplane personnel is permitted. However, when you alight from an airplane at the end of a trip, a sincere "thank you" to the stewardess is a very nice gesture on your part and shows good breeding.

Q. When one is eating in a restaurant where small butter pats are served in little containers, is it all right to let the knife rest on the pat when not in use?

A. Never. The knife, when not in use, should rest along the upper part of the plate.

Q. At what age does the baptism of a baby properly take place?

A. This is flexible. In some faiths this is expected to take place before the infant is a month old. In others, age does not enter the matter and a ceremony may take place at any time.

INDUCTION SERVICE

Of interest to his friends in Tofield was the induction last Wednesday of Rev. T. W. Teape as rector of St. George's, Fort Saskatchewan. The installation was made by Bishop Burch, assisted by the Ven. Archdeacon Wilson (who also served as parish minister at Tofield a number of years ago) and the Rev. B. A. Hart, Rural Dean of Vermilion. During the ceremony, the Bishop made Mr. Teape a canon of All Saint's Cathedral, Edmonton. Attending the induction were the Rev. W. L. and Mrs. Hammett, who were entertained for dinner by Mr. and Mrs. Don Edwards. Mr. and Mrs. R. Mager were also guests at the Edwards home.

# CD rescue course is proposed for Tofield

Father J. L. Scriven reported to the Sept. 30th meeting of the County of Beaver Emergency Measures Unit that the rescue demonstration put on in Tofield on July 1st was very successful. He said the commentary by Mr. Sherman was very good and that he had received several favorable comments on the demonstration.

Father Scriven said he would like to hold a rescue course in Tofield after Christmas, and it was agreed that this be done, with Father Scriven to make the necessary arrangements.

George Taylor said he had contacted Northern Zone Headquarters regarding assistance in drawing up a health plan. He was advised that there was no pilot plan available as yet and that we should concentrate on welfare and police plans.

Mr. Taylor advised that a radiological course was to be held in Holden Sept. 27, 28 and 29.

He said he had contacted the co-ordinators with regard to the communications course that was mentioned in the June meeting. The co-ordinators felt that it would not be possible to hold this course until after harvest.

Mr. Taylor also advised that the radiological equipment had been checked and returned to the secretary-treasurers of the towns and villages concerned.

He said the Welfare Plan was in the process of being completed and would be ready before the next meeting, and advised that there would be a co-ordinator's operations course in Edmonton on October 25th to 29th. He advised any of the co-ordinators to attend if possible.

FIRST AID

The training instructions as revised for first aid and home nursing courses were discussed. It was noted that arrangements must be made with St. John's Ambulance, at least six weeks prior to the commencement of the course, for an instructor. It was moved by Father Scriven and agreed that the correspondence regarding courses in emergency welfare service be received and filed, and that the co-ordinators make an effort to have someone attend these courses.

A letter from the director, emergency health services advising that casualty collecting units are now available to municipalities under certain conditions was read, and it was agreed the Beaver Unit request more information regarding the storage of these units.

The need for hard hats for persons taking rescue training was discussed. It was felt that, in order to comply with Workmen's Compensation Board regulations, these hats should be part of the rescue equipment.

It was mentioned by the secretary there is nothing in the budget for part-time instructors. It appears that there will be an expenditure for this item if the radiological course and the rescue course are put on, and an instructor already has been paid for a radiological refresher course. It was agreed to request an addition to the financial assistance program of $50 for rescue equipment and $60 for part-time instructors.

It was moved by Father Scriven that George Taylor and T. F. Harris arrange to have the police plan completed as soon as possible.

# Ryley "Cooksters" have October meet

(Wade Magneson)

Ryley "Cooksters" held their meeting Monday, Oct. 4th, with 12 boys present. The president, Rodney Kolodychuk, opened the meeting and Glen Magneson led the group in the 4-H pledge. For roll call the boys told the reason they joined the food club.

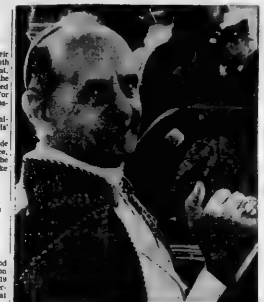
It was decided to hold a Hallowe'en dance with the Girls' Food Club on October 29th.

The second year group made salmon loaves with egg sauce, cocoa syrup, and coffee. The first year boys made butter cake and muffins.

# 119 donors give blood

The Red Cross Mobile Blood Donor Unit visited Tofield on September 29th. There were 119 donors, and 13 people who offered but were unable to donate at this time.

The Red Cross and the Tofield volunteer workers would like to thank all who donated or were willing to do so; also those who helped in any way, such as supplying lunch or serving, waiting on donors or rest beds, etc. Thank you all for taking time from a busy schedule to do this very necessary task each the mobile unit comes to Tofield.



HISTORIC VISIT. A smiling Pope Paul VI is seen above, arriving at Kennedy Airport, becoming the first Pope to ever visit the New World. He came to the United Nations to plead for peace. As his plane flew over Canada en route to New York, the Pope sent a message of good wishes to Governor General Vanier and the Canadian people, in French and English.

# Harvest progress favorable

Harvesting operations were progressing very well in the Tofield-Ryley areas in the past week, although there was some difficulty encountered with high winds.

In his report last Friday, C. A. Nolan, Tofield Wheat Pool agent, said the grain is testing dry and harvest has been general the past week. "Heavy winds have made combining difficult", he added, "and have caused grain to shell and heads to break off. This reduced the yield of wheat up to five bushels per acre". Wheat is yielding lighter than expected, according to Mr. Nolan.

Up to Friday about 75 per cent of the wheat and 50 per cent of the coarse grains had been threshed in the Tofield district.

From Ryley, H. B. Berke, Wheat Pool grain buyer in that community, reports the past week (up to last Friday) "has been ideal for threshing with the bulk of the grain threshed. Wheat and barley yields in many cases have proved to be much lower than anticipated". Mr. Berke guessed threshing should be 100 per cent completed by October 13th if the weather co-operates. As of last Friday all the grain at Ryley had been cut. About 90 per cent of the wheat was threshed and 80 to 85 per cent of the oats and barley.

Harvesting of rye and rapeseed at Ryley is completed, while only about 60 per cent of the rapeseed at Tofield has been threshed, though it is pretty well all cut.

# John Warner passes at 76

On October 8th, John B. Warner of Tofield passed away at 76 years of age. Besides his loving wife, Alice, he leaves three sons, John Jr., Herbert and Allan and families, and one sister, Mrs. Rose Dodds, all of Tofield, also six grandchildren.

Funeral services were held on Monday, Oct. 11th, at 2 o'clock from Tofield United Church with Rev. W. H. McDannold officiating. Interment was in Tofield Cemetery.

# Community League to have 2nd annual bingo

The second annual merchandise bingo, sponsored by the Tofield Community League, will be held in the Community Centre on November 18th.

This is an especially important bingo, when $300 worth of prizes will be donated by the local merchants. These prizes will be the small electrical appliances so welcomed by modern families.

As a convenience to those who would like to participate in the bingo but who can't come out that particular evening, the Community League has arranged for games to be played by proxy.

Tickets will be sold in advance of November 18, and a buyer of an advance ticket has a chance of winning a prize when a ticket from this advance sale group is drawn.

Ticket sales are under the direction of C. Annis, A. Swift and Bill Christensen. These, or other members of the Community League will be glad to sell you a ticket.

It is hoped that the proceeds from the Merchandise Bingo on November 18th will help to make a substantial reduction in the Hall debt. How about giving the League some help and yourself a chance at the good prizes?

# Council approves Centennial library

Tofield Town Council meeting was held Monday, Oct. 4th, at 8 p.m., with Mayor Dr. W. H. Freebury and Councillors Allan, Boese, Everitt, Jefferson, Patterson and Swift present.

The Rod and Gun Club, represented by A. Klassen and L. Wilson, who were at the meeting, wished permission to locate the Rod and Gun Club building to the east of the skating rink. The club felt that being situated in a more central location would encourage more juniors to take advantage of the "Gun care and safety" program the club offers.

It was moved that the Rod and Gun Club be granted this. To the Club's inquiry if financial assistance could be obtained from the town, council informed them that their request for aid would be viewed at the 1966 budget meeting.

BAKERY

W. Jensen, Ryley, asked council's approval to operate a bakery in Tofield and wished to purchase a suitable lot. Mr. Jensen was told that he had council's approval regarding a bakery but that the only commercial lots available were at the south end of Main Street.

NO ELECTION

The Returning Officer reported that C. Patterson was re-elected and A. Herndon elected to the Town Council for a three-year term by acclamation. George McFadzean was re-elected by acclamation as representative on the Hospital Board.

CENTENNIAL LIBRARY

Centennial proposal and plans for a library were received from the Municipal Library Board. The board suggested the library be built adjacent to the fire hall and felt that a modest three-wall structure should not exceed the centennial grants available to the Town of Tofield. It was resolved that the proposal be accepted and that approval be applied for from the Centennial Board and that a firm bid be obtained from Watson (Tofield) Ltd. The sec.-treas. was asked to have the board (library) contact local organizations asking for their support for this project. Permission was granted to the library to hold a tag day on Saturday, Oct. 16th.

Canada has the largest freshwater area of any country in the world, nearly 300,000 square miles, or about 7.5 per cent of the country's total area.

# Norman Flach is NDP man

Norman Flach was nominated Friday in the Willingdon Town Hall to carry the New Democratic Party banner in the Vegreville Constituency for the Federal election on November 8th.

The convention was well attended and a good deal of enthusiasm shown.

Mr. Flach, an Opal district farmer, is married and the father of two boys. He is the FUA Director for District Six. He is a graduate of the Agricultural School at Olds, and is active in local community affairs.

# District farmer since '31, Joe Wempe passes on

Joseph Wempe was born at Hartington, Nebraska, on March 19, 1900. He passed away at University Hospital in Edmonton on Wednesday, September 15, at the age of 65.

Mr. Wempe farmed for two years at Wenner, South Dakota before coming to Alberta in 1931, to settle on a farm in the Duhamel district where he lived for eleven years. He also farmed in the Kingman district where he spent 23 years. He moved to Edmonton in May of this year, where he had resided until the time of his passing.

He leaves to mourn, his loving wife Hazel; four daughters, Josephine Smith of East Coulee, Rosalia MacDonald, Mona Gaehle, and Eileen Stiles; one son Mark of Edmonton, as well as 18 grandchildren and one great-grandchild. He also leaves four brothers, Pete of Rapid City, So. Dakota, Mike of Gardena, California, Fred and Anton of Gregory, So. Dakota, two sisters, Christina of Lucas, So. Dakota, and Frances of Sioux City, Iowa; a half-sister Anna of Breda, Iowa, and a half-brother John of Colorado.

Prayer services were held in Edmonton on Friday evening and funeral services were held Saturday at 10:30 a.m. from St. Francis Roman Catholic Church in Camrose, with Rev. Father Macdonald officiating.

Interment followed in Camrose Cemetery with Freddie Evenson, Donald Heie, William Meyer, Donald Meyer, Stanley Wright, and Kenneth Meyer acting as pallbearers. Burgar Funeral Home were in charge of arrangements.

## Mother passes October 5th

(Mrs. G. H. Taylor)

HOLDEN — Mrs. Nancy Semotuik received the sad news early last week that her mother, Mrs. Mary Eleniak of the Tofield district had passed away very suddenly October 5th, at the age of 69 years.

She leaves to mourn her loss her husband, Fred Eleniak, five sons and four daughters, 16 grandchildren; one brother and two sisters.

Prayer service was held Wednesday, Oct. 6th, at 8:00 p.m. in the Chipman National Hall. Requiem Mass was held Thursday, Oct. 7th, at 10:00 a.m. at St. Mary's Ukrainian Catholic Church at Chipman with Father B. Dribnecky O.S.B.M., the celebrant and interment was in the church cemetery. The sympathy of friends is extended to Mr. and Mrs. Nestor Semotuik and the family.

## Ketchamoot

(Mary Mitchell)

Kay Coombes accompanied her parents, Mr. and Mrs. Lars Olson on Saturday to the funeral of their cousin (Mrs. Olson) at Camrose.

Miss Donna Ingram, R.N., and Miss Marg Munch, R.N., of Edmonton left on Oct. 2nd by plane on a tour which has taken them to Montreal, New York, and Kingston, Jamaica where they will spend about two weeks. On their return trip they plan to go to Mexico, Los Angeles and San Francisco where they will be employed at a medical research centre.

Monday visitors with Roy and Dorothy Whillans were Frank and Margarette Thomas and family of Edmonton. Tuesday visitors were Vernon, Lorraine and the children.

Weekend guests with Yvonne and Peter Brown were Wayne and Debbie Oliver, and Aage Tathup from Calgary.

Guests with Mr. and Mrs. Peter Brown for Thanksgiving dinner at their home, were Mr. and Mrs. Emil Gauhault of Tofield, Dale and Cliff Gossel of Edmonton, Emil, Lucille and Bobby Tiedeman, and Keith and Stanley Brown.

## Palmer - Earling

(Mrs. Joe Knudsen)

PALMER EARLING, Oct. 8th —Mr. and Mrs. Eberhard Roth and Penny are arriving by plane from Winnipeg to spend Thanksgiving with their brother and family the Helmut Roths and other relatives.

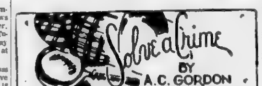
**Sherman Ferre of the Royal Bank, stationed at Nassau, Bahamas, is spending his annual holidays with relatives and friends here.**

Mr. and Mrs. Edof Wilklun and Mrs. Alma Steffen were Sunday dinner guests at the Ernest Anderson home.

September 26th dinner guests at the Martin Olson home in Daysland were Mr. and Mrs. Sam Olson, Kenneth and Velen, and Dale Olson of Olds, Alice, Ed and Edna Aker, and Mr. and Mrs. Walter Olson, George and Gwen.

Harold Hillaby and Ray Aker were goose hunting at Provost and Veteran and returned home with a dozen of the birds.

Mrs. Ed Knudsen and family and Mrs. Bergman were Sunday visitors with the Theol Wallands at Camrose.



**YOU ARE THE DETECTIVE**

"Please . . . will you come quickly? My husband . . . he has shot himself!" The woman's voice over the telephone sounds frantic. "This is Mrs. John Bennett, of 807 Fordham Road".

Upon arriving at the handsome suburban home of John Bennetts, you are met at the door by the sobbing young woman who leads you into the living room. Here in the middle of the floor you see the stocky figure of her husband sprawled lifeless, the carpet under his head stained with the blood from a bullet wound in his right temple. He is clad in a khaki hunting jacket and dark, grey woolen trousers which are stuffed into his huge, fur-lined boots. A rifle lies on the floor nearby.

Mrs. Bennett blurts out her story. "I was seated in my room at my dressing table . . . I didn't even know that John was home. He left very early this morning to do a little hunting. Suddenly, as I was working on my fingernails, I was startled by a shot in the living room here. I rushed in . . . and found him like this . . . dead! I just can't understand why he did this!" She bows her head into her hands and breaks into a fresh fit of sobs.

You have noted that, despite Mrs. Bennett's grief-stricken face, she is an exceedingly attractive woman, and at least 20 years younger than her middle-aged husband. Now you stoop over the dead man's body and, removing the fur-lined mittens from his hands, your eye is caught by the rather fresh-looking scratches on the back of his right hand.

"Can you suggest any possible reason at all as to why your husband should have taken his life?" you ask.

"No . . . so far as I know, his business affairs were in good order. Of course, he always was quite jealous of me, and couldn't seem to tolerate my having too lengthy conversations with other men at any of the parties we attended. He was particularly angry yesterday when some flowers arrived for me . . . from Dick Delmar, the actor. But certainly, there was nothing but friendship involved in that . . . and I never gave him any real reason to distrust me . . . or to do this . . ."

"Have you touched or moved anything at all since coming in here and discovering this?"

"Oh no", she cries. "I was much too shocked. I could see right away that he was dead, and that there was nothing I could do for him. I rushed to my room and called you . . . then I waited until you arrived".

"Well", you say, "I hope it won't shock you too much if I ask you to come to headquarters with me for further questioning. This looks like anything but suicide to me!"

Why?

**SOLUTION**

Two things have aroused your suspicions. In the first place, a rifle isn't the ideal weapon for a person to use on himself for a bullet in the temple—too long and too difficult to push the trigger. In the second place, the dead man's hands were encased in FINGERLESS mittens! Even if he had managed to get the rifle pointed at his temple, how could he have managed the trigger?

# The Canada Pension Plan and its benefits

**Here is what the Canada Pension Plan will do for people like Esther Meyer, a 50-year-old owner of a small store who makes $5,800 a year.**

If Esther continues to earn this amount from her business until age 65, she and her husband, who is disabled and cannot work, can look forward to a retirement income of $104.17 from the Plan and $75 from Old Age Security—a total of $179.17 a month. When her husband receives Old Age Security, their income will be $254.17 a month.

Should Esther die anytime after 1967, having contributed until her death, her husband will receive a disabled widower's pension of $64.06 a month until he reaches age 65. At that time, or if he is already 65 when Esther dies, his pension under the Plan will be $62.50 a month plus $75 a month Old Age Security. On the death of his wife, Mr. Meyer will also be entitled to a lump sum payment of $500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than [illegible] given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

**What will the Plan cost you?**

If, like Esther, you have self-employed earnings of $5,800 a year, you will pay $158.40 a year which is 3.6% of $4,400, the max[illegible]um amount upon which co[illegible]ions are payable [illegible] will be in instalm[illegible]ts in [illegible]ay you pay your [illegible]

# French Canadian independence not all bad, teachers are told

Speaking to his audience as the second person—representing English-speaking Canada—Dr. Richard E. Baird of the department of political science, University of Alberta, Edmonton, spoke straight from the shoulder and told members of the Provost, Killam and Camrose ATA locals, [illegible]

### PULLED NO PUNCHES

Dr. Baird pulled no punches [illegible] beliefs pertaining [illegible] federally, provincially [illegible] and [illegible] French Canadians [illegible]

At the outset of his talk he [illegible] own political preferences [illegible] I support the Liberals because I believe they have a deeper understanding of the problems of French Canada. My second choice would be the New Democratic Party or Progressive Conservatives, and lastly I would take Social Credit".

He said he believed the Social Credit government in Alberta [illegible] a good government in most respects. In full, I think Canada is governed well locally, provincially and federally.

He added that as a student of government, he has developed sympathy [illegible] the men in government. [illegible] people [illegible] Pearson, Diefenbaker, Thompson and Douglas. He said he felt these men were good leaders with the well-being of Canada at heart.

### NO SYMPATHY

Getting into his chosen topic Dr. Baird said he felt people don't sympathize with French Canada. He went on to say he [illegible] are fortunate in [illegible] when their one main problem is the one we have with [illegible] Canada. Other people in the world have the problem of poverty which we don't have to worry about and other people have racial problems.

The French people feel they are alone, said the speaker. French Canada wants self-government apart from the other things they might want. Many people in the world have lost many advantages they might otherwise have had just to get self-government. There is nothing more to the French-Canadian demand for self-government than in the Canadian's desire to be independent from the United States. There are very few demands made by the French Canadian of you that you don't make against the Americans.

### OWN IDENTITY

"The French Canadians have a sense of 'self'. For one thing they have a different language and a separate religion from many of you. You really have the same language and the same religion, mainly, as the Americans. Still you want your own identity from the Americans. Even the American negro has no difference of language or religion from other Americans", he noted.

"You must remember, too", Dr. Baird pointed out, "that the French didn't come to Canada as immigrants. They were here first. Another thing, the French Canadians are of a different economic class. So in French Canadians you have just about everything to set them apart, except race.

"Considering all this, [illegible] expect them to be politically different from you", he said.

Dr. Baird then outlined party politics and the way it affects the French Canadians. "You might think the French Canadians are governing themselves in Ottawa as you are", observed Dr. Baird, but, he added, the one great "defect in Ottawa" is that of parliamentary government.

Our government is based upon party lines to the exclusion of a government based on regional or national lines, putting the French Canadians at a disadvantage", he claimed. "The Southerner in the U.S. knows he is a Democrat, but he also knows his representative is going to vote on regional lines.

Unless the party is distinctively French", Dr. Baird stated, "the French Canadian doesn't see it is a representative government along party lines. They see in the government what we all see—the most obvious characteristics of government as reported through the press. He sees himself represented in caucus or in the cabinet as one of several provinces. He feels his group is one of two, and not one of several.

### PROVINCIAL

"If the French Canadians don't feel the government at Ottawa is theirs, think of their provincial government. This is their self government, but they feel it is not strong enough", claimed Dr. Baird.

He suggested some changes that might help Canadians with their problems. He felt the spending power of the dominion government ought to be changed. For instance, he said the provinces are given the field of welfare under Section 92 of the BNA Act. The preceding section of the same [illegible] however, says the dominion government "can use its power to tax and do anything it wants with the money to invade the provincial field", noted Dr. Baird.

The federal government says it is going to collect money for medicare for instance and none of it comes back to the province unless the provincial government is prepared to go along with the scheme. No wonder the French Canadians want to opt out.

### LIMITATION

Dr. Baird was of the opinion French Canada should have some kind of limitation on federal spending power. "In a constitution change the spending power of the provincial government should be increased", he asserted. "We should also get a dominion government with a greater control of education to make sure the French people of other provinces get the same privileges as those in Quebec".

The BNA Act has been amended with respect to unemployment insurance and pension schemes, "and that ought to go", said the speaker.

"What will we have if these changes are made?" asked Dr. Baird. "Well, we might have satisfaction in French Quebec and we also might have less dissatisfaction in the rest of Canada than you might expect. The most tragic event would be to suppose French Canada can't be satisfied. And if they are satisfied, everything elsewhere in Canada stays the same".

### PRAISES CANADIANS

Dr. Baird wound up his talk with a word of praise. "Canada", he said, "is working with one of the most difficult problems of any. If you want company in your misery, think of the Belgians who have people maintaining the Dutch language and Protestant religion and the French language segment with a Roman Catholic religion. You people, even with your lack of sympathy for the French Canadian, have made giant strides and one of these is the distinctive Canadian flag. I think you'll continue to have this kind of success if you have a Liberal government, and you'll make enormous progress as well with a Conservative, NDP or Social Credit government".

POLITICAL PERSUASION. There are times when a politician must fall on his knees to plead! External Affairs Minister Paul Martin wanted to give this young miss a kiss at a Liberal nominating convention in Ontario's Peel riding, but the little lady repulsed his advances. Friendly persuasion was put to bear, until the reluctant Anna Lisa Weir consented to a kiss.

# French Canadian independence not all bad, teachers are told

Speaking to his audience as the second person representing English speaking Canada, Dr. Richard E. Baird of the department of political science, University of Alberta, Edmonton, spoke frankly from the shoulder and told [illegible] of the [illegible] [illegible] ATA locals. "I hope you keep us together, us and the French Canadians, but on the other hand if you don't we're here, the Rocky mountains will still be here, the Great Lakes will be here and the railroads will be here, and they'll still be there. ... What difference does it make if French Canada is [illegible] her independence?" In Europe independent countries have formed a common market which is the most successful of all. A capital example of independent countries living together peacefully is that of Canada and the United States. I submit these relationships are largely satisfactory."

**PULLED NO PUNCHES**

Dr. Baird pulled no punches as he stated his beliefs pertaining to politics federally, provincially and locally, and outlined what the French Canadians wanted in his opinion.

At the outset of his talk he [illegible] political preferences right on the line. "I support the Liberals because I believe they have a deeper understanding of the problems of French Canada. My second choice would be the New Democratic Party or Progressive Conservatives, and lastly I would take Social Credit."

He said he believed the Social Credit government in Alberta "is a good government in most respects. In full, I think Canada is governed well locally, provincially and federally."

He added that as a student of government, he has developed sympathy for the men in government. "I am disgusted with the snide and incredible [illegible] criticism people level at Pearson, Diefenbaker, Thompson and Douglas." He said he felt these men were good leaders, with the well-being of Canada at heart.

**NO SYMPATHY**

Getting into his chosen topic, Dr. Baird said he felt "people don't sympathize with French Canada." He went on to say he felt Canadians are fortunate indeed when their one main problem is the one we have with French Canada. Other people in the world have the problem of poverty, which we don't have to worry about, and other people have racial problems."

The French people feel they [illegible] the speaker. French Canada wants self-government apart from the other things they might want. Many people in the world have lost many advantages they might otherwise have had [illegible] self-government [illegible] nothing more to the French Canadian demand for self-government than in the Canadians' desire to be independent from the United States. # Introducing the tuned car. 1966 Buick.

*What makes a car a car is styling, performance, braking and ride and handling. Only when they're all tuned together is the car a Buick.*

A GENERAL MOTORS VALUE

Buick Wildcat 4-Door Hardtop

We tuned the 1966 Buick. Not just the engine, but the whole car. We tuned *all* the elements. Like you would the instruments in an orchestra. And just as the tuned orchestra gives the effect of one-ness, the tuned car says blended perfection from bumper to bumper and road-line to roof-line.

*Tuned Performance.* We tuned Buick performance. Not just by increasing the efficiency of the six Buick engines, but by tuning everything that translates this power into activity. The transmission, the full coil suspension, the balanced drive-shaft, the brakes. All working together. All tuned.

*Tuned Ride.* We tuned the traditional Buick ride. And came up with something truly unique. Boulevard comfort with enough road-feel to let you know you're in charge. Then we added extra jolt-cushioning rubber to places that get a lot of pounding. The result is a very special kind of ride. A tuned ride.

*Tuned Styling.* We even tuned the way Buick looks. Possible? Look at any one of the Buicks. Every sweeping line and gentle curve suggests motion. Inside and out, the car has been designed to move. And to say so. Quietly. But emphatically. That's tuned styling.

Drive the 1966 Buick. Riviera, Electra 225, Wildcat, LeSabre, Skylark or Special Deluxe. They're all Buicks. All tuned cars. All tuned to you. Wouldn't you really rather have a Buick?

MacDuff Ottawa report

## Not like the others

OTTAWA.—If Quebec is not a province like the others; neither is the Quebec election campaign like the others.

Not that the parties will say one thing in Quebec, and the contrary in other provinces. The day has long since passed when any major party could get away with speaking out both sides of its mouth, even if it wanted to.

The differences in the Quebec campaign are complex, difficult, and important.

For one thing the scandal issue, which is being used by the opposition parties, has special meaning for Quebec.

All the principal figures in the scandals and the alleged scandals were French-speaking Canadians. The people of Quebec were as shocked as anyone over the revelations of the Dorion report. But they were also offended by a tendency in English Canada towards the thesis that Quebec is, was, and always will be, corrupt.

They have reacted defensively as a people on the question of scandals, and as a result it's doubtful that opposition parties can get much political value out of them.

Furthermore, in the minds of many Quebecers, this whole issue is linked to a much wider issue—the issue of Quebec's relations with English-speaking Canada, and its place in Confederation.

This in itself—the question of national unity—is turning out to be the basic issue in the campaign, and not just in Quebec.

It may be of lesser electoral importance in some provinces. In French Canada it is of prime importance, and therein lies another of the differences in the Quebec campaign.

It would be foolish to say that Quebec voters are not interested in the agricultural and economic platforms being presented by the Federal parties. With a truly depressed rural economy, Quebec has a major concern in governmental efforts to remove inequities and improve standards.

But in general the people of Quebec seem primarily interested in electing a Federal Government which understands it, which can redefine its role in Confederation, which will permit individuals to develop as French Canadians, and at the same time give them a proud and equal role as Canadians.

In the past few years, Quebecers have felt the strain on Confederation as much as any other Canadians. What most of them seem to want now is what many other Canadians want — a Federal Government that can keep the French-English dialogue smooth — that can keep Quebec happy in Confederation.

If this is so, where does it leave the major parties in their quest for votes on November 8?

At the moment, it is easy to predict a big win for the Liberals —50 to 60 of the province's 75 seats. The Liberal party has made a determined effort to clean house in Quebec, dumping many of the overlords and acolytes who lived in the shadows between the government and the underworld.

The housecleaning job seems to have been accepted in Quebec. It hasn't been accepted elsewhere perhaps because of Prime Minister Pearson's refusal to talk about the scandals, or even about what action he has taken.

Furthermore, Quebec is aware that, despite Conservative cries of disunity, the Liberal Government has finally managed to establish a kind of equilibrium in Federal-Provincial matters. The re-shaping of Quebec's role in Canada is being undertaken with more sympathy and understanding than it has been for many years.

As for the Conservatives, the prospects are not as bleak in Quebec as some Liberals proclaim. Mr. Diefenbaker has already campaigned in some rural areas, with some success. There's a fairly good possibility that many votes that went to the Creditistes last time will find their way to Conservative candidates this time.

Tory support is likely to be spotty, however, and the organization is in a very bad way. They lack a strong Quebec leader. The failure so far to attract a man like Marcel Faribault to tap the increasingly Conservative-minded city vote is evidence that John Diefenbaker has little more to offer the thinking Quebecer.

The Conservatives had eight seats at dissolution. They might hold their own, even gain a few, but Quebec is definitely not fertile Tory territory.

Nor is it nearly as fertile as it once was for Real Caouette's Creditistes. In many parts of the province which gave him 26 seats in 1962 and 2? in 1963, the word is that the Creditistes are dead.

Some of that vote will go Conservative, some Liberal, and some to the New Democrats. The NDP under its vigorous leader Robert Cliche, is enjoying a surge of support. It may or may not result in the NDP winning its first seat ever in Quebec.

The Liberal Party then, is the favourite. It is also the party with the most to gain and the most to lose. The Pearson quest for majority government must be based on solid Quebec support. The key battlegrounds then will be Ontario and the Prairies. But if the Government somehow loses its Quebec base, it might as well not even bother fighting the other battles.

## At long last

Detractors of the Alberta Treasury Branches for years have pointed to the lack of any information about what is actually going on in the financial operations of this corporation which conceivably could have access to public monies within the province. Among the chief critics, naturally, have been employees of the chartered banks (not the banks as organizations) and members of opposing political parties.

So the publication in this week's issue of some papers of the first record of Treasury Branch operations will find many really interested readers. Admittedly, the report doesn't tell us very much, and there are a number of questions it might raise that aren't answered, but at least it's a start. Whether the new minister, Hon. A. O. Aalborg, is responsible for the change in policy, whether it was coming in due course anyway, or whether it will even continue are questions that only time will tell.

Certainly, the second report will be looked for almost as eagerly as the first will be scanned.

Unfortunately, the report was not ordered for inclusion in The Mercury.

## Black out hits Tories

Regulations affecting the broadcasting industry curtailed any radio announcement regarding the visit to Camrose today of John G. Diefenbaker, controversial leader of the Conservative party. The black-out is imposed on all election advertising in centres having a civic election, and of course, that affects Camrose with its civic election yesterday. For 48 hours prior, the local station or those playing into the area from other centres, were forbidden to accept political advertising from any source.

Conceivably, of course, some smart politician could find a way to outsmart regulations by using a local election to further his federal or provincial campaign if the ruling weren't total, and conversely, some way might be found to use the federal campaign to bolster local electioneering.

Yet it seems absurd when the Leader of the Opposition, and a former prime minister, visits a small centre and can't use the airways to inform people. Small centres aren't so used to having men of this stature visit as not to want to be informed. And whatever your politics, the leader of the opposition, the leader of any party, a member of the Privy Council, a former prime minister, and a potential candidate to be next prime minister, any of these qualifications are sufficient that most of us should be willing to take time to see the man face to face, and take his measure.

Regardless of the principle, we'll bet Diefenbaker actually will make far more mileage, and get for more publicity, out of the black-out than he could possibly have achieved otherwise.

## Duplication

Some residents of the city have been wondering recently if a little economy couldn't be practiced at the provincial level. The remark came out when they learned there is to be a plebiscite on the question of an additional outlet for beer and liquor in the city.

The question raised was why it couldn't have been possible to tie in the ballot either with the city election next week, or the federal election on November 8, and thus save a great deal of extra expense for poll rentals, poll workers, and so on.

It would probably be cavalier to suggest the liquor commission wasn't aware of the other trips to the polls, so the logical explanation would be the extra expense seems warranted in their view in order to eliminate the possible confusion which might otherwise develop. However, it doesn't say much for their estimate of the intelligence of the voters, does it? Or of their interests in economy?

(By Dorothy Barker)

## Spirit of '65

Those of us who live in thickly settled areas of this country may wonder what it is that draws others into the vast reaches of virgin soil muskeg and land covered with brush. It is hard to even imagine the possibility those acres hold a promise of bountiful crops. I was so curious about this attraction I sought an interview with the first citizens of a brand new town.

Mr and Mrs. Owen Jordan are the parents of a son and daughter. When they should have been thinking of retiring and enjoying their seven grandchildren, they decided to make a dream come true. That dream now stands on firm, dry land that was once known as "the worst muskeg in the province". It isn't a castle they built in their imagination during the years they ran a motel in Valleyview, or when they cleared and first farmed their homestead in the northern Peace River country. It is a modern hotel, bank and bus station complex that is a handsome addition to the rapidly expanding business section of High Level, Alberta.

Owen Jordan is a big man with a kind, wrinkle-free countenance familiar to hundreds who have passed his way since the building of the Great Slave Lake Railway by the CN made prosperity possible for proprietor, merchant and settler alike. Until construction started, this northern area of Alberta had millions of acres peopled only by birds and beasts, Indians on scattered reserves and here and there hardy homesteaders.

Perhaps it took a lot of faith in the future, Owen Jordan admitted to me, to spend the best years of their lives several hundred miles north of the nearest city, Edmonton. He spoofed the image most of us have of his part in the northland. "People who live in the southern section of Canada think dog sled is our only means of transportation, that this part of Canada is peopled by Indians on snowshoes and Eskimos in parkas. They have a picture of eternal winter here, when as a matter of fact it was 100 degrees above zero in High Level this summer" Jordan said, however, that once the winter sets in the thermometer seldom rises above 50 to 60 degrees below zero. "When she reaches 20 above we think spring has arrived", he laughingly remarked.

Most years, because the High Level area is practically free of frost and storms during the growing season, wheat crops average 40-60 bushels per acre. The Jordans are proud of their homestead ten miles distant, but let's learn more about that dream of theirs.

If the walls of their 24-room hotel could talk they would undoubtedly gossip about deals that have known millions of dollars to change hands. Lumber contracts, oil leases, crops that will tax the three elevators near the new CN station, rape for the manufacture of margarine and other vegetable oil substances and flax for many manufacturing purposes all add up to this new prosperity for the Peace River Country.

### SCRAP OF PAPER

Jordan and his wife were the first land title holders in High Level. They operated a service station and ran the only store for miles around. When building of the railway was confirmed they [illegible] these two properties and drew a pencil sketch on a bit of paper of the hotel they wanted to build. This was submitted to the Alberta Department of Municipal Development for approval. When they obtained permission to build, they also realized the $270,000 cost would need at least two other partners if the hotel was to develop as they dreamed it should. Two men were found to invest in the undertaking. They are silent partners, "the best in the world", according to Jordan.

Since a year ago last February, every drop of water used in the hotel has had to be hauled from Footner Lake, seven miles away. Residents pay $1.25 for 45 gallons delivered to their homes. This will end when contracts for a new water disposal plant are awarded. Ask the Jordans why they undertook such a hazardous investment under these conditions and they will look at you rather pityingly, as though you haven't a clue about what dreams are made of, and answer, "We love it here, we couldn't live in any other place". They admit, however, that the coming of the railway has had a lot to do with their affection for High Level.

The final position of the Tofield team will be determined by the result of the Viking - Ryley game played on the 20th.

## Service board notes

By REX BOYLE

BALL WEED CONTROL

During our travels and checking on weed problems throughout the summer it is evident that wiminsetfallow has been neglected. Thistles have made a recovery, following a good cultivation practice during the summer. Wet weather and the rush to get harvesting done has caused delays in all farm work. However, if we should get a break in the weather there is still time to kill perennial weeds before freeze-up. Top growth at this time of year allows roots to store up energy for a quick growth next spring and a good job of summerfallowing can be wasted if perennial weeds are not cultivated or sprayed at this time.

Wild oats are a problem this year, following good control prac-

(Continued on Page Twelve)

tices during the previous year. Chemical spraying for wild oats has proved that yields have been increased from 5 to 12 bushels per acre. Fall cultivation and seeding next spring will give good control of wild oats.

PEST CONTROL

Now is the time to control warbles and lice on cattle. Most farmers will be using "pour on" chemicals These include Neguvon 25E and Neguvon 8%. Neguvon is a new pour-on chemical registered for sale this year. One advantage with this chemical is that no mixing is required as it is used direct from the can. Farmers who wish to use Co-Ral spray are reminded that our spraying unit is available on a

## George Glover laid to rest

On October 17th, George Glover, 12823 - 124th Street, Edmonton, passed away at the age of 69 years. He leaves to mourn, his wife, Cecilia; three daughters and two sons, Mrs. Robert (Ann) Sample, Jack, Sharon, John Edmund, and Ann Marie, all of Edmonton; grandson, Dwayne Sample, three brothers, Stanley of Edmonton, Leslie and Norman of Tofield.

Funeral services were held on Wednesday at 10 a.m from St. Edmund's Church Interment was in Holy Cross Cemetery.

## Harvest is almost completed

"The weather of the past week again has been very good for combining".

This is the report from both C. A. Nolan of Tofield and H. B. Berbe of Ryley, Wheat Pool grain buyers for their respective areas. Both men add the harvest is practically completed

"Farmers are busy baling straw and putting up the winter's supply of feed and bedding", says Mr Berbe

Oat and barley crops in the Tofield area are somewhat lighter than expected, and the same is true of the wheat, according to Mr Nolan. The wheat yield is about 34, oats 59 and barley 39.

At Ryley the wheat is yielding 30, and as at Tofield, oats is yielding 59 bushels to the acre and barley 39.

# Two-party claptrap

There's a great deal of nonsense being talked these days . . . election days, of course . . . about the wonderful merits the country would enjoy if we returned to the simple two-party system. Eliminate the splinter groups, say the proponents of this plan, and we'll have sounder government in Canada. Look at how well the system operates in the United States, say its advocates.

Rubbish.

There wouldn't be splinter parties if the people were satisfied with the choice between the two major parties, which they aren't. And they haven't been for years and years. All too frequently the major difference between the two parties seems to lie in who's in and who's out.

Why, there'd be no Labor government in Britain today if splinter parties hadn't been permitted. There'd be no Social Credit governments in Alberta or British Columbia. And in B.C. at least, Social Credit flourished because the people couldn't tell the Liberals from the Conservatives, and didn't want either one anyway.

There's a great deal of misunderstanding about politics in the States, too. While it generally revolves around the two major parties, there are several splinter parties here and there. Some of our readers old enough to recall Wendell Wilkie and his amazing campaign may be surprised to learn that there were actually seven parties contesting that election. And Wilkie, although leading a "new party" made a remarkably good showing.

While we doubt if any of the "splinter" parties will make much of a show this year in Alberta, we still maintain they contribute a great deal to government. Not being subject to the discipline of the party in power, they must be persuaded their support is warranted for legislation under discussion. Naturally the official Opposition must oppose mightily. But the splinter parties can gee or haw as prudence or conscience dictates. In this field, it seems, could lie the greatest guarantee of responsible government.

# Under 25

The accent today is on youth, and tremendous publicity has been focussed that about a year ago we reached the level where fully fifty per cent of all Canadians were under the age of 25.

Naturally, this persuaded merchants and manufacturers to beam a tremendous portion of their production at the young . . . even more than half, in some instances, since young people provide such a fast moving market often buoyed up by reasonably substantial incomes which are not tied to family responsibilities. On the other hand, older members of the community often do not have so many wants, as their needs are already filled, or even declining.

But surely it's folly for the politician to say "half of the population is under 25", for obviously at least two-thirds of these people haven't the vote . . . nor could they very much affect it even. Whether or no those above 21 have reached the "age of discretion", the range for voters would probably hinge pretty close to the age of 45. And probably much more influence is exercised by those above that level than below.

We applaud the entry of Mr. Preston Manning into the political arena, with his accent on youth and his emphasis on the vigorous drive young people can contribute. We need the spark of youth in government as well as other fields. But let's not go overboard in the matter. Let's not lose our sense of proportion and be mesmerized simply by arithmetic.

Every time your furnace goes on

THIS COAT COULD BE COSTING YOU MONEY

Are you clothing your home with an inadequate coat of insulation?

A properly tailored coat of insulation is as essential to your home's comfort in winter as your own coat is to you. The pattern is easy to follow: the insulation in your attic must total 4" in thickness and must be "buttoned up" around pipes, joists, etc.

Measure your attic insulation today. If it's less than 4" thick, see us for Zonolite loosefill insulation. We'll show you how easy it is to pour Zonolite right over your inadequate insulation to solve the problem permanently.

### IN MEMORIAM

VAN BUSKIRK. — In loving memory of Grover Cleveland Van Buskirk, who passed away Oct. 20, 1964:

One long and lonely year has
passed, dear Dad,
Since our great sorrow fell;
The shock that we received that
day,
No one can ever tell.
God gave us strength to meet it,
And courage to bear the blow,
But what it meant to lose you,
No one will ever know.
It's a lonely life without you,
And sad has been the way.
For life at home is not the same
Since you were called away;
It was a sudden ending,
Too sudden to forget—
For the ones who loved you
dearly
Are the ones who won't forget.

—Ever remembered by wife, Sophie, and Family, Dorothy, Vernon, Gilbert, Wilfred, Marvin, Betty and Sylvia. 8p-3059

VERGETTE.—In loving memory of our Husband and Father, who passed away Oct. 25, 1962:

Three years have passed since
the saddest day,
Someone dearly cherished was
taken away;
How lonely, lost and depressed
we may be—
But all we have left is a fond
memory.

—Ever remembered and sadly missed by his Loving Wife and Family. 8p-3095

### ENGAGEMENTS

Mr. and Mrs. Joe Roth are pleased to announce the engagement of their youngest daughter, Barbara Louise, to Mr Mervin Yoder, son of Mr. and Mrs. Ernie Yoder of Camrose. The wedding will take place on December 30 at the Salem Mennonite Church. 8p-3080

## Modern etiquette

Q. Is it all right to use one's spoon for sipping and testing the temperature of one's coffee at the table?

A. Yes, but just once. After that one little "taste test", the spoon should be placed in the saucer and left there.

Q. Are silver crumb scrapers still in good use at the dinner table?

A. Yes, and very practical if the tablecloth is of plain damask. If, however, the tablecloth is lace or embroidery, a folded napkin does a much easier and more efficient job of brushing off the crumbs.

## Modern etiquette

By Roberta Lee

Q. When passing salt and pepper shakers at the table, does one hand them directly to the person who asked for them, or does one put them down on the table within reach of the other person?

A. Handing these articles directly to the person can often prove awkward. I think it is better and safer to place them on the table as close as you can to the other person.

Q. When one is in doubt as to whether or not an invitation can be accepted, how should the acknowledgement be worded?

A. You must not be in doubt when acknowledging an invitation. State definitely whether or not you can accept.

Q. At a small, informal wedding, is it all right for the bride and groom to walk down the aisle together?

A. Yes, if the wedding is small and the bride has no near male relative to walk with her.

Q. Just what is the correct tip for waiters?

A. This varies. Fifteen per cent to 20 per cent of the total amount of the check is usual, except if the check is very low or very high. For example, 10 cents for a 50-cent check—never a nickel. For checks over $20, the percentage may come down to 10 per cent.

Q. When someone other than the bride's father gives her away —such as an uncle or family friend—does the bridegroom give him a gift similar to those given to the best man and ushers?

A. It is not customary to give him a gift.

# MacDuff Ottawa report . . . . On target

OTTAWA — Last January the Economic Council of Canada published its first annual report or survey entitled "Economic Goals for Canada to 1970". Today, in preparation for its second report, expected before the end of the year, the ECC staff is busily engaged checking on what has happened up to the end of 1965. Figures will be preliminary but indicative and in almost every field the news is good Canadians have been hitting right on target.

One exception that is giving the Economical Council some concern is productivity. With employment increasing and unemployment dropping quite satisfactorily Canada's output per man and output per man-hour is lagging behind the necessary yearly targets if the 1970 objectives are to be reached. Between 1956 and 1963 the Council study shows a yearly average rate of increase of one per cent in output per man and two per cent in output per man-hour. The council said this had to be accelerated to 2.4 per cent and three per cent respectively.

A superficial glance at the performance for 1964 based on Dominion Bureau of Statistics figures has led to reports that at this apex of all economic activity Canadians had achieved the target. In fact they were slightly under and on the results available for six months of this year it seems likely that they will be lagging still further in 1965. If this is so, the fact that Canada is reaching or in some cases outpacing the pattern set by the Economic Council could be disastrously misleading. We could, in other words, be heading into an inflation which before 1970 would wipe out all the gains that seem to have been made.

This gives new urgency to the Economic Council's recommendation for a shake up in the Federal Labour Department and a new labour market policy which would determine real demand and supply of labour, co-ordinate training programmes and relate them more realistically to needs. Divorce of the National Employment Service from the Unemployment Insurance Commission was a wise move. Its absorption in a department which in the opinion of the Council, has failed to provide effective leadership may be unwise. A manpower consultative service has been in existence for nearly a year but seems to be going nowhere fast.

What obviously is needed today in Ottawa is a National Employment Service as the ECC visualized it answerable only to the Minister of Labour and co-ordinating all these programmes under a high priced dynamic executive capable of getting the programme off the ground.

"The national economic loss from inefficient use of manpower resources", the ECC report stated in January, "can be just as great as the economic loss arising from unemployment. Equally important, when there is a mismatching of the supply of and demand for labour in an economy operating at a high level of demand, inflationary pressures inevitably arise".

And Canada's economy at the moment is operating at a high level of demand and is likely to continue to do so for another 12 months at least. In most major fields it is running ahead of the pace set by the ECC projections to 1970. The Economic Council called for an average annual increase in gross national product of 5.5 per cent in real terms. The increase between 1963 and 1964 after allowing for price increases was nearly 6.5 per cent. In the second quarter of this year it was running at an annual rate of $50.9 billion or 9.1 per cent above 1964. Allowing for a somewhat greater price rise would mean an increase above 1964 of 6.4 per cent in volume and the third quarter, when figures are released is likely to make an even better showing.

Consumer spending, the Economic Council said, should increase at an average annual rate of 5.1 per cent. For the first half of 1965 the rate was 6.9 per cent. An increase in employment of 3.1 per cent is called for if Canada is to achieve the goal of an unemployment rate 3 per cent of the labour force by 1970. The Council admitted here that it was setting its sights high but in August the seasonally adjusted rate was down to 4 per cent and there was a year-to-year increase in employment of 4.4 per cent. In each of the last eight months employment has increased by 3.5 per cent or better.

Exports for the first half of the year were admittedly well below the 5.3 per cent target increase set but the reason was obvious. The first Russian wheat bonanza ran out in July 1964 with the result that a comparison between the first half of 1964 and the first half of 1965 showed only a fractional increase in over-all exports. If wheat exports are deleted from both years the increase is seven per cent. With the new Russian wheat deliveries this Fall pushing up the export figure for the balance of the year the target might still be achieved without eliminating the wheat movement.

But the Economic Council was more ambitious in setting a target for the increase in exports of fully manufactured goods. It called for a 10 per cent yearly increase. Between 1963 and 1964 exports of [illegible] excluding food increased in [illegible] value by 34 per cent and the increase between the first half of 1964 and 1965 is 28 per cent.

**CAPITAL HILL CAPSULE**

Canadians have been keeping discreetly quiet in past weeks while the bill to implement the Canada-U.S. automobile agreement made its tortuous way through Congress. Anything which suggested that the agreement was proving beneficial to Canada was ammunition for American opponents. Now that it is ready for the Presidential signature it can be disclosed that more than 40 Canadian manufacturers of auto parts are planning expansion programs, most of them subsidiaries of American companies. There will be 30 new branch plants in Ontario alone.

**MODERN ETIQUETTE**

Q. Is a guest at an engagement announcement party supposed to bring some sort of gift?

A. No. After all, when you are invited to the party you are not really supposed to know that it is for the purpose of announcing an engagement.

Q. Is it permissible for one's social calling cards to bear any kind of decoration on them?

A. No; this is for business cards. Social cards should be of plain white, engraved in black, and with no embellishment of any kind.

Q. Is one supposed to mail out the wedding invitations with or without the tissues that accompany them from the printer's?

A. With the tissues in place.

## WCTU protests bar opening at supper hour

(Mrs. C. M. Rude)

BARDO, Oct. 20th—The WCTU met at the home of Mrs. Alma Foshaug on Wednesday afternoon. Mrs. Borghild Rude presided at the meeting in the absence of the president and vice-president, and Mrs. Marie Francis acted as secretary in the absence of the regular secretary.

The WCTU motto and table scripture and led in prayer and several ladies took part in the clip sheet, "The political and legal status of Canadian women", which was a continuation from the September clip sheet. It was decided to send a letter to the liquor control board protesting the opening of bars during the supper hour.

Mrs. Anna Toekema read from prayer closed the meeting and the hostess served lunch to the eight members and ten visitors present.

## Palmer - Earling

(Mrs. Joe Knudson)

PALMER EARLING, Oct. 18th —Thanksgiving guests at the Lawrence Pearse home were Mr. and Mrs. Norman Furnell, Jill, Gail and Bobbie, Mr. and Mrs. Bill Pearse, Darlene and Wendy of Edmonton, and Phyllis Prickett of England. Jill Furnell recently returned home from a four-month visit in England, her first trip to her parents' native land. Her aunt, Phyllis Prickett, came back with her to visit her sister, Mrs. Norman Furnell, who she had not seen for 11 years.

Plan now to get all those jobs done this winter. Things like having the lawnmower fixed, and the screens mended; having the car tuned up and outboard motor checked; having the drapes cleaned and the rugs shampooed; having the furniture re-upholstered and the electrical appliances repaired; having all those repair and renovation jobs done which can call for a long wait come Spring, but which can be handled quickly, efficiently and easily during the winter season. Ask your bank about a low-interest NHA Home Improvement Loan. Plan ahead. Be a Winter planner now.

# Link with past is broken with passing of pioneer

On Friday, Oct 8th, Tofield lost one of its most respected citizens in the sudden death of John B Warner, a pioneer of the Strathcona and Tofield districts.

John Warner was born on January 17th, 1889 in Wakefield, Nebraska. In 1890 his parents, Mr and Mrs D. W Warner, with their three children, John, Rosella (now Mrs. A C Dodds) and Dorothy moved to Canada taking up temporary residence on the edge of Strathcona. After a few months, the Warners purchased and moved to what until recently was the Gold Bar farm there, after living for a period of time in a log house, they built the large brick house which is still in existence in the Gold Bar subdivision. D. W. Warner was the UFA member of the federal parliament for Strathcona constituency in 1921-25.

With his brother and sister, John obtained his early education in the East Edmonton country school — a typical "little red school house", his sister, Mrs Dodds relates. Later, John attended Alberta College in Edmonton to obtain a business course.

In 1917, John Warner moved to the Tofield area. In 1918, he built the spacious house north of town in which his son, Alan, now resides.

In 1921, he married Miss Alice Spibird, a member of the pioneer family after whom Spibird School district was named. This was the beginning of a particularly happy and companionable marriage. John and Alice Warner had many shared interests. Both delighted in offering hospitality to their ever extending circle of friends. Both were avid readers, books and current magazines were a vital part of the Warner home. To this marriage were born three sons — John, Herbert and Alan.

The Warners were keenly interested in community affairs. John was Past Master of Paderine Lodge No. 67, AF & AM, and Past Patron of Ionic Chapter No. 73 OES. For many years he was a member of the Lakeshore school board and was also the sec.-treasurer of the Lakeshore charge of the Tofield United Church. He was president of the local UFA organization and a member of the first Tofield hospital board of directors. He was an officer of the Beaver Lake Mutual Telephone Company. As well as being a member of the first Tofield Co-operative Association, John Warner was instrumental in organizing the first Co-op store in Tofield. A sincerely religious man, John Warner was very active in the affairs of the United Church and for many years had been an elder of the Tofield United Church.

Few people have had as many hobbies and interests as John Warner. For many years, of course, farming was his main interest but he was also an ardent sportsman and each fall saw him engaged in big game hunting. An enthusiastic fisherman, he enjoyed many a trip after the wily trout. Curling was his favorite organized sport; he had curled since first coming to Tofield and was prepared to do so again this year. As someone said, on hearing of John's passing, "the rink will not be the same without him."

His three sons and their families brought John great pleasure. There were six grandchildren to enjoy — John's son, Bruce; Herbert's sons, Kevan and Christopher; Alan's children, Michael, Lynn and Jimmy.

In 1957, John and Alice Warner retired from their farm to take up residence in Tofield. Far from suffering from boredom in his retirement, John was all the more keenly interested in living now that he had time to do the things he wanted to do. He was so active that his death on October 8th came as a great shock to his many friends.

His funeral was held on October 11th, 1965, from the Tofield United Church with the Senior Choir and its organist, Mrs. Mary Stinson in attendance and with the Rev. W. McDonald in charge. The pallbearers were Masonic brethren — Don Hardy, Jack Hardy, Graham Allan, Thomas Jacobs, Jack Whyte, John Meers. Under the direction of Bro. Arnold Swift, director of ceremonies, the members of Palestine Lodge participated in the Masonic burial service. Interment was in the Tofield cemetery.

John B. Warner was a man of deeds, not words. Those deeds and those words gave evidence of his deep involvement in the community. No one enjoyed living more than he, and this enjoyment was reflected in his unfailing cheerfulness and good fellowship for all with whom he came in contact.

for water and sewer services is accepted by Ishenda to purchase north of Block C, Plan 1481 NY, subject to approval of Town Planning. Mr. Gurderd will pay for the installation of the water extension from Fifth Avenue to site.

Drainage of alley between Third Avenue and Fourth Avenue East, behind H. Wilkie's property, as reported by the Public Works Committee, would have to run north through the alley behind Main Street. Mr. Pulterson reported that the necessary steps would be taken to avoid the possibility of water collecting on Fourth Avenue East.

**NUISANCE GROUND**

Correspondence from A. Sadowyak stating that arrears of taxes owing on Blocks X and Y, Plans 6412 AE and 234 AA be deducted and the balance forwarded to him, was read. However, Henry Thiessen, acting for the Estate of D B. Thiessen, visited the office Monday morning and stated that either the total of $1,000 be paid or the Town would not receive title to the approved nuisance grounds within the County of Beaver No. 9. It was moved that the total be paid and the title acquired.

Correspondence from Provincial Planning was read, asking for Council's opinion regarding property owned by Edna Bowick. Council's unanimous decision was that further sub-dividing could not be approved until water and sewer services are available.

A shed moved onto Lots 37 and 38, Block 7, Plan 2230 S registered in the name of Mrs. Lily Tiedeman, was discussed by Council. The secretary-treasurer was instructed to order the removal of the shed within seven days or the Town would be forced to remove the shed and charge all costs involved against the property.

**PENALTY BY-LAW**

Const. Wall's request for extra policing staff on Hallowe'en was granted. Discussion of the "Penalty By-Law" took place. The secretary-treasurer was instructed to draw up an amendment bylaw to By-Law No. 681 for Council's consideration at the next meeting. The contents of the bylaw to state that a third offence is liable to a $5 fine and that a fourth and subsequent offences liable to court action.

**WATER BILLS**

After much discussion due to an inquiry from the Bank of Montreal, it was Council's unanimous decision that any service charges by the banks for collecting water bills should be charged to the customer and not the Town. The secretary-treasurer brought to Council's attention that water bills paid at the Treasury Branch were not being marked PAID, and for the protection of the customer, the Treasury Branch and herself, she wished Council's approval to have this done. The secretary-treasurer was instructed not to accept any water bills as receipts unless marked PAID and initialled.

**PROVINCIAL AID**

A circular was read asking the united effort of Towns and Villages to get financial help from the Provincial Government for street and sidewalk improvement. Council agreed to support the idea presented by the Town of Castor. The secretary-treasurer was instructed, with the aid of H. Watson, to write a letter to Hon. Gordon Taylor and to the local MLA, Mr. Gordey. A meeting is to be arranged with Mr. Gordey, neighboring Towns interested and the Town of Tofield.

Alberta's farms provide virtually all the food required by Albertans. To bring this vast amount of food to the table requires an orderly system of food production that involves thousands – growers, processors, marketing personnel and homemakers, assisted at every stage by the Alberta Department of Agriculture.

rental basis. Space does permit detailed information on warble and lice control. Regardless of the chemical used, remember that all are about the same price and results of control are comparable. For further information on the use of these chemicals or where they are available, contact our office.

**THE BAITS**

Several requests for coyote baits have been received. A close check will be made and no 1080 baits will be put out unless these requests indicate that coyotes are actually causing damage to livestock. We must know immediately how many baits, if any, will be used. Strychnine pellets will be available this winter for coyote control.

**MAGPIE TRAPS AND POISONS**

Interest in using our traps has increased and delays are going to be encountered in placing these traps. Farmers who wish to make their own trap may get the plans or use one of ours for a pattern. Poison baits are always available for magpie control.

**CLEAN SEED GRAIN**

Some concern over the coarse grain seed situation is evident in the area and farmers are advised to check local supplies early. A record amount of seed is expected to be cleaned at the County Seed Cleaning Plant and it is hoped that farmers will book their seed cleaning and trucking early in order to avoid the rush next Spring. Tartary Free Parcels will be reserved again throughout the season. Contact the manager regarding cleaning requirements as early as possible and take advantage of reduced rates on early cleaning. A lot of publicity is heard about Wind Baffles in prevent grain and screenings from blowing off trucks. This promotion is aimed in the same category as Drill Box Seed Treatment. Wind Baffles certainly will not take the place of tarpaulins for saving grain and preventing the spreading of weed seeds on County roads.

**TREE PLANTING**

Trees available from the Dept. of Agriculture at Oliver for 1966 delivery are Caragana, Green Ash, Manitoba Maple, Goated Russian Poplar Rooted North-West Poplar, Rooted Laurel Leaf Willow, Rooted Acute Leafed Willow, Rooted China Willow, Villosa Lilac, Hawthorn, Honeysuckle, Red Leaf Rose, Mountain Ash, Burr Oak, Siberian Larch, Dog Wood, White Spruce, Colorado Spruce, Lodge Pole Pine, Scotch Pine. There are 250 fruit bundles available from Brooks. These bundles include Nanking Cherry, Pincherry, Ground Cherry, Western Sandcherry and Chokecherry.

Application forms for trees are available at the District Agricultural Office and from the Agricultural Service Board. I have the tree lists and application blanks with me at all times. By all means get these applications now or as soon as possible, also let us know if you intend to use the County Tree Planter . . . It is free for all County ratepayers.

We see mistakes and poor planning in several shelterbelt and field planting of trees, and recommend that farmers check their plans in order to make the most use of trees. Field plantings less than 100 feet from County roads is certainly not recommended, or approved. Trees that are planted close to roads are more traps and are in danger of being damaged when roads are sprayed for brush and weeds.

**BRUCELLOSIS VACCINATION**

The County of Beaver will be under a Voluntary Program of vaccination this fall. Restricted Area regulations do not apply, but it is hoped that farmers will continue to vaccinate for Bangs as vaccination and testing are combined in the overall Provincia land Federal control program. There will be important announcements in the local press regarding the Service Board participation in vaccination under the Voluntary plan.

**ROADSIDE SEEDING**

Roadside seeding will be done this fall and farmers who are sowing down backslopes are requested to get their seed as soon as possible. Where grain is to be seeded on backslopes and in ditches, we would appreciate knowing these locations before October 30.

I would be pleased to discuss the above Service Board projects with ratepayers and would welcome the opportunity of attending meetings throughout the County in order to explain Board programs. The opinions of ratepayers in the agricultural program are very important as a guidance to better farming.

# Jack Whyte receives 25-year service watch

At a banquet held in the Macdonald Hotel, Edmonton, on October 8th, Jack Whyte was presented a gold watch by officials of Crown Zellerbach Canada Limited, in recognition of 25 years service with Crown Lumber Co. Ltd. Mrs. Whyte received eight sterling silver coffee spoons.

# $300 in prizes for bingo

Ticket sales for the Community League merchandise bingo are advancing rapidly under the direction of C. Antals, A. Swift, H. A. Pike and Wm. Christenson, the committee in charge of this event.

**AN ERROR**

Through error, it was stated previously that the prizes for this super-bingo would be supplied by the local merchants. This was a misunderstanding, at no time did the league plan to ask the merchants to donate. The $300 worth of prizes will be purchased on behalf of the league, by the members of the committee in charge and will be well worth playing for.

Last year, the merchandise bingo was well supported by residents of town and country. The proceeds enabled the league to proceed with its important community services. It is hoped that the November 18th bingo will be equally successful as that the league will be financially able to continue to serve the Tofield Community.

Advance sale ticket holders will have a chance at the $30.00 special prize to be drawn for.

# Young girl dies in boating mishap

(Mrs. G. H. Taylor)

HOLDEN — News was received last week of a tragic accident October 15th to the granddaughter of Mrs. Frank Mohs, a former resident and old time pioneer of Holden now of Edmonton. The victim was Donna Mohs 18 years, the only daughter of Cecil and Mildred Mohs. She had recently graduated from high school with four honors and cash awards Donna had gone fishing with a friend on Lake Sirois, and it is thought that their boat hit a rock, as only the bow was showing when found by the patrol. Donna's body was recovered, but to date the body of her friend had not been recovered by the patrols.

# Mr., Mrs. Reg Crispin mark 24th anniversary

On Saturday evening, Oct. [illegible], a party was held at the home of Mr. and Mrs. Reg Crispin to honor them on their 24th wedding anniversary which fell on October 20th. Twenty-four friends and neighbors gathered at the Crispin home to pay tribute to the happy couple [illegible] the [illegible] of the Anglican Church, Tofield.

A corsage of roses was pinned on the "bride" and a boutonniere on the groom.

The evening was spent with a "wedding bell game". Some poetry was read and the Rev. Mr. [illegible] gave out a few of his usual witty jokes.

Highlights of the Crispins courtship and married life were touched on and a song composed of their travels was sung by three of the girls. Mr. and Mrs. Crispin met in Innisfail, where Reg was manager of the Innisfail Co-op and Georgina clerked in the same store. Thus, their romance began among meat, eggs [illegible] cow salt.

They were married October 20th, 1941, and a brief honeymoon was spent at Banff. In 1945 they moved to Veteran. From there to Sundre and [illegible] to Innisfail and Mr. Crispin came to Tofield as manager of the Co-op Store in August, 1957 and Mrs. Crispin and their family of three girls followed him in October of the same year. Their son was born the following year thus making their family complete: Elizabeth, Joan, Margaret and Bill.

Due to a gradual decline in Mr. Crispin's health, they moved to their present home in 1960.

A lovely lunch was served with the bride and groom of 1941 cutting their cake together.

The three-layer cake was [illegible] decorated with pink [illegible] and the figure 24 [illegible] on it.

A collection was [illegible] and the proceeds went towards the [illegible] at the church in honor of the happy couple.

The evening was very much enjoyed. There will be another anniversary party in the near future.

## School luncheon is a big success

On Tuesday noon, a luncheon was held in the grade [illegible] room, where hostesses were the grade 8 girls [illegible]. Guests were [illegible], Mr. [illegible] and the grade 8 boys [illegible].

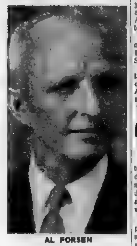
# Barbershoppers name Al Forsen



AL FORSEN

Al Forsen was named president of the Camrose Chapter, Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, for 1966.

Mr. Forsen is a charter member of the chapter and has held various offices over the years. Last year he was the Camrose delegate to the Evergreen Barbershoppers convention held at Seattle.

He will take over from the present president, Dennis Arial, after the New Year.

Other officers elected at last night's meeting were Bob Reid as program vice-president; Frank Reid, membership vice-president, Ray Proskow, director; Bob Stewardson, secretary, and Stu Hitman, treasurer.

Named delegate to the Evergreen district convention this year was Chorus Director Arne Dahl. The convention is to be held this year at Portland.

# Ministik news briefs

(Mrs. J. Roddick)

It was clean-up day at Ministik Hall on Monday. While the men cut grass and cleaned the yard, the ladies cleaned the hall and tidied everything necessary. All enjoyed coffee and lunch after the work was completed.

Mr. and Mrs. Sydney Wright of Mayerthorpe were guests at the Gordon Kilfoyle home on Sunday.

Mr. and Mrs. Jim Roddick attended the Clover Bar annual constituency convention at the Ardrossan Hall on Monday evening.

W. F. Davenport, who has been a patient in the Tofield hospital for the last three weeks, returned to his home on Friday.

**There has been some "pilfering" in the district, and several residents being victims. However, due to good work on the part of the RCMP, the culprit has been apprehended.**

The ladies' club has been very busy with their fancywork, etc., for the fall bazaar on November 5th, and are asked to take it to the United Church on Monday morning, Nov. 1st, for the convener, Mrs. Andrew Ferguson.

# Holden news briefs

(Mrs. G. H. Taylor)

Mr. and Mrs. Percy Barlow returned home from Viking on Friday afternoon, where they had spent the last month with their daughter Beth and family, Mr. and Mrs. Ernie Merta, helping with the harvesting.

Visiting the past week with her parents, Mr. and Mrs. Joe Ogrodnick, was their daughter Beverly and young son of Edmonton. Also visiting with them during the week was Doris's brother, who was out hunting.

Mrs. Mary James was at Mrs. Campbell's home Friday afternoon, when they finished quilts and packed a parcel from the Friendship Group to ship to Hong Kong, to the Missionary.

A surprise house-warming party was held Wednesday evening, Oct. 20th, at the home of Mr. and Mrs. R. Lutz, who have recently moved from the farm into their house in Holden. Earl Hardy made a presentation from friends gathered there of a set of TV tables and hoped that they would be happy in their new home. Mr. and Mrs. Lutz graciously thanked all for the lovely gift and the kindness and good wishes shown them.

The Lutheran W.A. have announced that a film, "Just A Stranger", will be shown in the Holden Lutheran Church on Wednesday, Nov. 3rd, at 8:00 p.m. This is a highly recommended film and everyone is welcome.

Mr. and Mrs. Albert Pederson, of Camrose, were guests at the wedding, reception and dance on Saturday, Oct. 23rd, of Carol Olson and Leo Rurka. They were also visitors during the afternoon at the home of Mr. and Mrs. Lyle Grosland.

Mr. and Mrs. Mike Chupka were in Edmonton Sunday and Monday on business, and with their daughters, Patsy and Betty. Betty will become the bride of Mr. Bellman of Edmonton on Saturday.

TO FOOL THE FOWLS. It may be a foul trick, but this hunter is determined to lure in his prey with a duck deceiver. In the waterfowl season, there's a lot of quacking to be heard among the rushes, and at least half of it comes from hunters' horns.

# Providing & maintaining Alberta's public buildings

Operating a growing province like Alberta is a big business, a business that entails administration, education, hospitalization and recreation. Providing and maintaining the hundreds of public buildings with the required specialized facilities for these activities is the task of the Department of Public Works.

In the past decade this Department has carried out or supervised the construction of a building program of more than $210 million. By far the greater proportion of this program has been of direct benefit to Alberta's citizens. In the field of education, twenty large new buildings have been erected for the University of Alberta campuses at Edmonton and Calgary. The Northern Alberta Institute of Technology and the current expansion at the Southern Alberta Institute of Technology are two further examples of public buildings for the improvement of Alberta's education facilities. Extensive building has been carried out at the Alberta Hospitals in Red Deer, Claresholm and Ponoka. $16.5 million has been spent on the construction of senior citizens' homes throughout the province. Alberta's two Jubilee Auditoriums are excellent examples of the growing appreciation Albertans have for cultural activities.

Design and construction of public buildings are carried out by private concerns except in those cases where it is in the public interest for the Department's own architects and engineers to carry out the construction.

## Meyer heads...

(Continued from Page One)

weyked at Smith Current. Taber and on The Lethbridge Herald for some years before becoming joint publisher of The Nanton News.

In 1958, he moved to Camrose as co-publisher with Ken Patrige, former Canadian Weekly Newspaper Association president, and Charles MacLean, a former

AWNA president. Mr Meyer is a former Nanton town councillor and now serves as Centennial Committee chairman for the City of Camrose, third vice-president of the Camrose Chamber of Commerce and is a well known member of the Camrose United Church. He is a past-president of the Camrose Barbershoppers chapter, and won the "Barbershopper of the Year" award last spring.

Elected first vice-president is Tom Ford of the Lacombe Globe. Second vice-president is Les Drouin, St. Paul Journal.

Other officers include Past President Ron Newsom, Redwater Star; secretary John MacDonald, Westlock News. Treasurer Jack Parry, Rimbey Record; Directors Ace Eastley, Sedgewick Community Press, Bob Munro, Vulcan Advocate; Hec MacLean, Fairview Post, and Ashley Cooper, Vermilion Standard.

### TWO SECONDS

In the better newspapers competition, The Camrose Canadian picked up two second - place awards in its class. One was in the editorial page competition and the other for best all-round paper. Winning the first-place trophies was The Stettler Independent. In the competition for best front page in the larger weeklies class, The Peace River Record-Gazette was judged winner.

The Alberta Weekly Newspaper Association agreed during the convention to take an active role in setting up a journalism administration course at the Southern Alberta Institute of Technology. The Association went on record as being prepared to set up a committee to help plan the proposed curriculum.

## BOWLING WITH THE STARS

by Frank Clasen AMF Staff of Champions

Why Bowling instruction?

Bowling has become the greatest participant sport of all time. Experts estimate that more than 28,000,000 people are enjoying the game today. This number includes men, women and youngsters of all ages. Yet, our bowling centers across the nation are crowded with bowlers who are suffering poor or mediocre scores for the lack of good fundamental bowling instruction. To these people bowling instruction has become increasingly more important and necessary.

It is through the distribution of instructional literature that the millions bowling today can receive help and advice from professionals.

Bowling instruction has always been a somewhat controversial subject. There are too many self-acclaimed instructors who don't know how to detect and correct a fault and second, the bowling styles of professionals are passed on to the novice and average bowler by these same self-styled instructors. When any bowler copies the style of a "star" bowler his or her game will suffer appreciably. Develop your own style and stick with it, providing you do not violate the fundamentals of good bowling.

## Modern etiquette

Q. What is the proper length of time for a young woman to wear mourning for her father or mother?

A. There is no "proper" length of time. This is entirely a matter of her feelings and desires. The wearing of mourning is not nearly so strict a custom as it once was. In fact most people nowadays do not consider it necessary at all.

Q. Isn't it supposed to be bad manners for a person to use bread to sop up the gravy on his plate?

A. Not at all. The proper way to do this is to break off a piece of bread, drop it into the gravy, then use the fork to pick it up.

Q. Is it considered in good taste to mix jewelry — for instance, wear gold earrings and a pearl necklace?

A. This is quite all right. Not everyone can hope to have all her jewelry matching.

Q. In phone conversations, who properly should be the first to terminate the call—the person who made the call or the one who was called?

A. This is not too important really. When you get right down to it, the person who becomes tired of talking first or the one who is more pressed for time can rightfully terminate the call.

Q. To whom does a bride address her letter of thanks for a gift that has been sent by a married couple?

A. She writes to the wife and thanks both: "Thank you for the lovely (whatever it was) you and Mr. Turner (or, Jack) sent me, etc."

## Pedestrians 'short-timed' on traffic walk lights

Sufficient time for pedestrians to cross busy intersections on a "WALK" light has been the subject of comment in The Sudbury Star on more than one occasion. In Hamilton the newspaper says that city has also urged a change in the timing of pedestrian lights at downtown intersections.

The other day a coroner's jury investigated the death of a pedestrian. The jury found that "the time is too short between the change of lights for pedestrians to get from sidewalk to sidewalk" at the intersection where the fatality occurred.

There seems to be a tendency on the part of "traffic experts" to consider the automotive traffic as the great god of transportation to which all much bow. Nor are city councils or their committees much better when they heap silence, or order changes to prolong "WALK" lights for the safety of pedestrians. It doesn't matter what the computers say, or traffic studies, there will always be elderly pedestrians who don't step as lively as the "WALK" lights demand. And the timing should be suited to their pace.

—THE SUDBURY STAR.

# Well - known cattle breeder, Charles Kallal, 81, passes

Charles Joseph Kallal, old-timer of the Tofield district, passed away in Tofield Municipal Hospital after a lengthy illness on October 7th, at the age of 81 years, 4 months and 11 days.

He was born in Jerseyville, Illinois, and resided in Tofield since 1911. He was united in marriage to Frances Hansen of Carrollton, Illinois, April 13, 1915. Soon after he took up farming, to which he devoted the remainder of his life.

Mr. Kallal became known as one of Western Canada's best known breeders of Hereford cattle. Due to ill health, Mr. and Mrs. Kallal very quietly, with their family, celebrated their golden wedding anniversary in April of this year.

He is survived by his loving wife, Frances; six sons and three daughters, Charles, Joseph and Anthony of Edmonton, Paul, Kenneth, Laurence and Dorothy (Schowchuk) of Tofield, Connie (Hatherton) of North Surrey, B.C., and Margaret (Dickson) of Unity, Sask.; 34 grandchildren, four brothers, William of Westlock, Tony of Ryley, Joseph and Ben of Jerseyville, Illinois, and one sister, Josephine (Hansen) of Carrollton, Ill.

Requiem Mass was held Friday evening, Oct. 8th, in St. Francis Assisi Catholic Church, Tofield, followed by funeral Mass and services Saturday morning, Oct. 9th, at 10:00 o'clock. Celebrant was Rev. Father Scriven, assisted by Father Purcell and Father German. Two grandsons, Jerry and David Kallal, were altar boys. Interment took place in Tofield Cemetery. Pallbearers were his six sons.

**Card of Thanks**

In sincere appreciation and thanks to the Doctors, Nurses and Staff of the Tofield Hospital for the loving care and attention given our beloved husband and father during his illness, also to the many relatives and friends who helped us and expressed their sympathy at the time of sorrow of his passing. May God bless you each and everyone.

—Frances Kallal and Family.

The family wish to express their many thanks to all dear relatives and friends for sympathy expressed, spiritual offerings, memorials and flowers given in memory of their beloved husband and father.

# It's easy to buy 1965 Canada Savings Bonds.

**Just walk in and say: "I want some Canada Savings Bonds."**

No one will act surprised. They'll smile, nod and give you an application. It's a very simple form. You fill in your name, address, and who you want registered as the owner. Then you choose the amount you want to buy—from $50 up (the limit is $10,000 per person).

A couple of signatures later, and you're all set. Quick. Simple. Friendly.

And you get bonds which pay you an average annual yield of 5.03% when you hold them to maturity. Of course your bonds are instantly cashable any time for their full face value plus earned interest.

Who sells them? You can get yours on the Payroll Savings Plan where you work—or from your bank, investment dealer, stock broker, trust or loan company.

Walk in this week and buy some. Cash or terms, Canada Savings Bonds are a great way to save.

## MacDuff Ottawa report . . . Apathetic election

OTTAWA — An apathetic electorate could mean a considerably reduced total vote in the general election November 8.

Preliminary tabulations show 10,191,825 Canadians eligible to vote in the election. This compares with 8,910,757 in the 1963 election when 7,894,076 voters, or 79 per cent actually cast ballots.

But in this election because of the apparent apathy of the electorate, the experts are forecasting that the total vote will be down about 10 per cent. Party organizers believe they will be fortunate if they can persuade 70 per cent of the eligible voters to go to the polls.

"It's a campaign for the professionals", said one Conservative party worker. He said the professionals were enthusiastic and they reported they were encountering interest among the voters. But when you get away from the professional politicians and talk to the average man in the street he i "apathetic" said the Tory.

**PRESSURE BUILDING UP**

Grits are encountering the same apathy out on the hustings. However, they hope that in the last two weeks of the campaign with Prime Minister L. B. Pearson stepping up the tempo of his electioneering and with Conservative Leader John Diefenbaker campaign, the hustings at top speed, there may be a new interest generated on the issues, an interest that will arouse the voters and get them to go to the polls.

One official who has had much experience in setting up the machinery for elections, commented: "This is the most apathetic election I've seen in years". This firm there were reports of enumerators returning from their door-to-door job with the information that several people had slammed the door shut in their face. Such people did not even want to have their names recorded on the voter's list—"They couldn't care less", one enumerator summed it up.

Meantime the Liberals are not too concerned about the reports of "apathy". They refer to the results of the Gallup Poll which showed that they had 46 per cent support and that the Conservatives had slumped to 28 per cent. This, the Liberals feel, is a good solid lead to hold as they recovered the election campaign

**COUNT ON STAYING POWER**

The Grits hope that those who describe themselves as "undecided" will either finally decide to vote for the party now in power, that is the Liberals, or will just decide to stay at home and not vote. In either case the Liberals think they should have no trouble winning a good majority in the House of Commons.

However, there are those among the politicians and at the political headquarters of the parties in Ottawa who wonder if the "undecided" group might be suffering enough concern over an election being called at this time, to adopt the attitude of a "plague on both your houses" towards the two old line parties If that action takes place it would benefit the New Democratic Party, and might lead to another parliament of minorities.

Mid-way through the campaign the party headquarters said they had detected a significant trend that would benefit any one party. The major issues in the campaign as it developed, appeared to be: Pearson as a leader versus Diefenbaker, national unity, prosperity, scandals and the old age pension

**APPEAL TO PENSIONER**

John Diefenbaker's promise to raise the universal old age pension from the present $75 up to $100 has proved attractive to many voters. A Progressive Conservative advertisement showing a Dominion of Canada government cheque for $100 with the message that the re-election of a Diefenbaker government means the pensioners will get the $100 cheque immediately, has been effective. Countering this, Prime Minister Pearson has pounded home that the Liberal social welfare scheme providing additional assistance over and above the $75 for those who are in need is more responsible. But pensioners are not too impressed by that argument. The promise of an immediate $25 has a strong appeal.

The Liberals have stuck to their original plan for conducting the campaign They started off in low gear with the Prime Minister making infrequent sorties to the hustings in the early weeks. He campaigned in low key.

With three weeks left in the campaign Mr Pearson stepped up his tempo. He winged his way back and forth across the country on board a specially chartered Canadian Pacific Airlines plane.

**BETTER TECHNIQUE**

He has lost the old diffidence that used to handicap him so much in mingling with the crowds Now he moves easily through the throngs, meeting people face to face, shaking their hand, patting them on the back, exchanging jokes and serious comments. In short, he has improved his technique as a politician on the hustings one hundred per cent.

At first in the campaign he made speeches from prepared texts. But as the campaign proceeded there and more he was inclined to toss text aside and talk to the crowds in his own style, earnestly and sincerely The real Pearson reappeared with the audiences they liked it, and his aides decided that their man was a better performer on the platform when not handicapped by a text. He was more confident, direct and displayed more vigor.

His principal opponent, Mr. Diefenbaker presents a sharp contrast in his platform style. He thunders against the Liberals, blasting them for allegedly debasing politics with wrongdoing.

**MASTER CAMPAIGNER**

As in previous elections he appears to gain greater vigor and strength as each hectic and frantic day passes by. He flays the Liberal administration and makes promises, some of them very costly. He is once again the consummate campaigner and Canadians turn out to listen and watch him in action.

Whether they are turning out because they are impressed by what Mr. Diefenbaker is saying, or because they want to see the colourful and master campaigner in action once again, and are not being persuaded to vote for his party, only the outcome on Nov. 8 will tell. Certainly he is making a tremendous effort and is not sparing himself in this last great bid to win re-election. He knows, as all his party knows, that if he fails this time, it is the end of the political road for Mr. Diefenbaker

## School committee meets October 12th

(Continued from Page One)

of $55.92 be approved and passed for payment.

CHIEF SUSPECT. Meiso Darbaaner, above, is top suspect in the sensational charges concerning arson and fraud which have rocked Quebec in the recent weeks. Bodies found in Quebec, murder victims of an underworld purge, are known to be linked with arson and bankruptcy cases.

The secretary-treasurer referred to the Committee the agreement between the County and Kenneth G Stansbough of Bruce in regards to storage of the buses at Bruce as drawn up by him.

Moved and carried that the agreement as drawn be accepted by the School Committee and be referred to Mr Stansbough for his signature

Mr. Gibson mentioned that, as there was no light on the gas pumps, it was very difficult for the drivers to read the meter on same and also the spouts on the pump hoses appeared to be dirty short The secretary-treasurer stated that he would bring these matters to the attention of the Texaco Company Limited.

Mr Nord stated that he might be able to get Jack Stumbo to apply for his medical and a class A license so that he would be available as a spare bus driver in Ryley.

An application for bursary from John Blades was referred to the School Committee.

Moved and carried that this application be approved.

Mr. Pike referred to the Committee the fact that in the bursary regulations no provision had been made for teachers or students who have taken part of their training at their own expense and who wished to obtain a County bursary for one year to complete their training, and that the following addendum had been added to the agreement on the back of the bursary: "Students or teachers who have taken part of their training at their own expense and who desire to take a County bursary for one year ($400) to complete training in the year immediately prior to teaching for the County would be obligated to the County for one year of teaching service".

Moved and carried that the addendum be approved.

The Committee was informed that 27 of the teachers teaching in the County have had bursaries from the County.

Moved and carried that Mrs. Barbara Fendrick be permitted to reside outside of the Kinsella School District No. 3189 as provided in the School Act, Section 263A.

Moved and carried that the purchase of a new ditto machine for the Kinsella School be approved

Mr. Pike informed the Committee that the teacher's convention would be held on November 4th and 5th and that some representation from the School Committee was desirable; that the teachers were most anxious that the School Committee be represented. It was moved and carried that Cr. Gibson and Mr. Stinson be appointed delegates to the teachers' convention.

Mr. Pike informed the committee that the drama workshop would be held in Tofield as mentioned in motion 425-65, and that if at all possible the local representatives on the committee should make an appearance at this workshop. Mr Stinson was requested to attend.

In regards to the Reading Institute at Viking on October 28th, Cr. Roddick and/or Mr. Allen were requested to attend this institute on behalf of the School Committee.

In regards to the additional teacher housing at the Viking school, dealt with by motion 422-65, the committee was informed that Cr. Roddick and Mr. Allen had attended the meeting of the Town Council of Viking on Tuesday, Oct 5th, and had presented the request. The request had been left in abeyance to be dealt with by the incoming council. Mr. Allen at this time suggested that if at all possible the block north of the block on which the school is situated should be purchased by the county. After some discussion, it was moved and carried that the committee consisting of Cr. Roddick and Mr. Allen continue to work on this matter, trying to purchase the block in question with the distinct understanding that 8th Avenue would have to be closed and included for same.

It was moved and carried that Mr. Nestor Semeniuk be appointed to represent the School Committee at the principals' meeting on Wednesday, Oct. 27th.

In regards to the building project at Viking the sec.-treas. reported that the notice of the proposed construction had now appeared in two issues of the three Viking papers that is the county and that, if no request for a vote was received by October 16th, he would be able to forward the necessary documents to the Local Authorities Board. It was moved and carried that the report be accepted.

In order that the maintenance foreman would have authority to enter the various teacherages to check on furnaces, motors, filters, etc, it was moved and carried that the maintenance foreman Jack Adamski, be authorized to, whenever, it appears necessary, to enter any teacherage in the county for the purpose of checking furnaces, motors, filters, etc

## By George . . .

The Printed Word, a publication of J. G. Johnson & Associates, and a few comments on the Rand formula, which requires that employees in certain jobs must pay union dues whether they want to or not, and whether or not they are union members. Under the heading "High off the Hog", the Printed Word said:

When students are going back to college, they are likely to be scanning the statement of earnings relating to their summer jobs. Some of them were paying union dues when they didn't belong to a union.

This is because Mr. Justice Lord's so-called formula, which requires that all employees in certain trades, or people on the payroll pay union dues whether or not they belong to the union So the medical students, high school children and tens of thousands of others who are baking in professional careers are kicking in part of their hard-earned wages to unions officials in Canada and the United

The theory behind the Rand formula is that the union, by dint of its work over the years, has achieved higher wage rates than would have been obtained if the e had been no union, and therefore the automatic checkoff is justified.

There are several faults in this theory. One is that in what is supposed to be a free country the individual should have the right to decide whether he should support a union or refrain from paying. The second main fault with the theory is that there is no proof available that unionism is beneficial in fact.

If the wages of the packing house employees, for example, are high because of the competition of union demands, it follows that either the farmer who raises the products processed by the packers will get less, or the consumer will pay more. It is more likely that the consumer will pay more. And the union won't worry about the person on pension or other fixed income who is going to eat hamburger steak while the people who can get more cash live high off the hog

# Tofield High School news

(Frances Schultz)

On October 22nd, members of the Tofield High School attended the party given by the Junior High students. DJ Bob Gibbons supplied the music from CJCA. Those who attended thoroughly enjoyed the affair.

The football season ended last Wednesday with the trophy going to Ryley. An exhibition game on October 25th saw Ryley defeat Tofield 56 - 14. Tofield's touchdowns were made by Vic Wiens and John Wall, who also converted the two touchdowns.

Basketball practise for both boys' and girls' teams will commence next week.

Initiation of the grade 10 students will be held on Friday.

**DRAMA WORKSHOP**

A drama workshop for teachers and students in the County of Beaver will be held in the Tofield High School on November 6th. This is being presented by the drama division of recreation and cultural development branch and is being sponsored by the County of Beaver. Classes will include basic acting, directing and make-up. Participation of some 45 teachers and students is anticipated.

## Teachers to discuss education, automation

*—At convention this weekend*

A group of 550 teachers from the County of Beaver, Edson-Jasper and the Strathcona areas, meeting at the Northern Jubilee Auditorium in Edmonton on Nov. 4th and 5th, will study "The Impact of Automation on Education". From presentations, workshops and discussions within the framework of this conviction theme, these teachers try to find answers to many questions of vital concern to them, such as, "Are our math and science courses behind the time? Do our English courses train students for effective communication and comprehension? What happened to classical literature? Does our physical education devolve physical fitness?"

The keynote address, given by ATA guest speaker Dr. W. D Knill Thursday morning, is entitled "Education For An Automated World". Dr. Knill is associate professor at the faculty of education, U of A. Prior to joining the staff of the university at Edmonton, he was an assistant professor at the college of education, University of Saskatchewan, for two years. He received his early, high school and teacher education at well as his B.Ed. degree in Alberta, his M.A. degree from Montana State University, and Ed.D. degree from the University of Oregon. Dr. Knill taught in rural and urban school systems in Alberta for 18 years. Recently, he was appointed chairman of the Board of Trustees of the Northland School Division. He is the author of numerous articles and two books, and is well known for his interest in the teen-age sub-culture, the Hutterian attitude to education, and education in the northern areas of Saskatchewan and Alberta.

Twenty workshop sessions will be held during the convention.

## Top quality bingo prizes

Prizes will be purchased this week for the Community League's Nov. 18th Merchandise Bingo.

Such prizes as electric mixettes, electric toasters, and other small electric kitchen appliances will be secured by the committee.

A special prize will be given to the person whose advance-sale ticket stub is drawn.

All the prizes will be of excellent quality, and well worth playing for.

Tickets have been distributed and may be purchased from any member of the League.

**Silent plea for help**

They say nothing, these children that live in the dark shadowy world of a Korean slum. They only look. And their eyes tell a thousand stories of hunger, cold and utter privation. These are the children the Unitarian Service Committee is helping with Canadian barley gruel, milk and warm clothing. But there is never enough to go around. In USC hands $1 feeds a child for sixteen days with hot barley gruel or provides milk for 100 days. Contributions should be sent to USC headquarters, 56 Sparks Street, Ottawa 4.

## Masqueraders design many original models

(Mrs. J. Roddick)

MINISTIK — A gay time was enjoyed by all who attended the Hallowe'en masquerade dance on Friday evening. Mr. and Mrs. Bill Roddick received first prize for the most work on their clown costumes; Keith Williams for men's single, dressed as a Red Devil; Mrs. Bruno Jeske for ladies' single, as a rabbit; Mr. and Mrs. Joe Davenport in the pairs class as the Flintstones; Patricia Holmes as a witch in the little girls' class; and Kerry Peterson as a pirate in the boys' class.

## Shower honors bride - elect

(Mrs. G. H. Taylor)

HOLDEN — Friday evening, Oct. 22nd, a number of ladies of Holden and district met in the parlors of the Roman Catholic Church to honor Miss Gladys Danylak, second eldest daughter of Mr. and Mrs. William Danylak. The room was beautifully decorated in autumn colors, and seated at the head table with the guest of honor was her mother, her sister, Gloria, her cousin, Dorothy Hladilo, and her aunt, Mrs. Martin Danylak. Mrs. Grace Appleby and Mrs. Kay Chupka were in charge of the various games where were played, and presentation of many useful and lovely gifts was made by Mrs. Grace Appleby to the bride-to-be with the good wishes from all for her future happiness. Gladys thanked all most graciously for their kindness, the lovely gifts and the good wishes for her future. The ladies served a delicious lunch.

## County to try spraying by air

(Mrs. G. H. Taylor)

HOLDEN — The trustees of the Holden Drainage District No. 1 held their regular monthly meeting Friday night, Oct. 29th, in the office of the sec.-treas. Present were trustees Oscar Afseth, Hans Huseby, Nick Laskoski and secretary Ray Hovland.

Regular business was attended to and a letter was read from the County of Beaver No. 9 Service Board re: the spraying of ditches by air. They advised that they were willing to do three miles on an experiemental basis —free of cost, the location to be decided later.

Fasco started cleaning some ditches the first part of this week.

## 4-H Hallowe'en dance voted a big success

(M. K. Westmancoat)

RYLEY—The Hallowe'en masquerade dance sponsored by the Ryley 4-H Food Clubs on Friday, Oct. 29th, in the Community Hall attracted a very enthusiastic crowd, and the evening was voted a big success. The costumes were varied, and at midnight when the masks came off, the prizes were awarded as follows: most original, Edwin Davick and Margaret Caney, as Arabs; comic, Eric Larson as a clown; best all round, Lorraine Sadownyk and Moreen Frebrowski, witches.

The Sadownyk orchestra, "The Five Stars", supplied the music, and Lucy Diserlais was master of ceremonies. Judging the costumes were Mrs. Emily Stashko, leader of the girls' 4-H Clothing Club, Peter Muskedal, leader of the Beef Club, and Bob Westmancoat, leader of the Dairy Club.

## Community League has November 2nd meeting

The regular meeting of the Tofield Community League was held on Tuesday, Nov. 2, in the Community Centre, with 16 members present and president John Buergen in the chair.

Since a quorum had not been present for the October meeting, the minutes of the September meeting were now read and approved, after which Hans Christensen gave his treasurer's report.

It was decided on motion of J. E. Stinson and Lionel Borton to delay the painting of the Community Centre until Spring.

The League's annual Christmas Carol Festival was discussed, and it was decided that George McFadzean be approached to coordinate arrangements for that event.

Jack Whyte, reporting for the Theatre committee, stated that the weekly shows are realizing a profit of $16 per show.

Jack Whyte moved and J. E. Stinson seconded a motion to the effect that the supper previously held annually to welcome new residents, be cancelled. The motion carried.

Suggestions were made as to a winter's program of entertaining events. It was moved by Dr. Freebury, seconded by W. Christensen, that Ed Regehr, Norman Glover and Lionel Borton form a committee to co-ordinate and promote a variety of entertainments in the Community Centre during the winter months.

The matter of the Sportsman's Dinner was tabled until January.

To clarify a confusing situation for the cashier at the weekly shows, it was agreed that student prices at shows apply to High School students only

Pastor and Mrs. N. Elfert and girls of Camrose were Sunday evening visitors at Mrs. E. Schmidt's home.

# Evangelistic week at Bardo

Special evangelistic meetings will be conducted in the Bardo Community Centre November 7 to 12, under sponsorship of the Bardo Lutheran Church

Olaf Frigstad, a Lutheran layman from Frontier, Sask., will be holding services at the centre each evening starting Sunday, Nov 7th, at 8 p.m., through to Friday evening. Services will be held each evening at 8 p.m. with the exception of Monday when it will begin at 8.30.

Mr Frigstad will be remembered by many as he conducted services at Bardo last year and previous to that at Round Hill.

Besides farming on a large scale, Mr. Frigstad is also interested in public affairs. He has served for many years as reeve and counciller for the county surrounding the Frontier area

However, he still finds time to bring the message of salvation to the many people who come to hear his clear-cut messages.

Mr. Frigstad is also one of the leaders in the Gideon organization and has done much to promote the work of this group.

It is interesting to note that Pastor Arthur Dahlen, who has accepted a call to the Kingman parish, is the present minister at Frontier.

The public is cordially invited to participate in these services each evening.

## District news items from Ryley

(M. K. Vestmancoat)

Mrs. Roland Booth had a Hallowe'en party for the children on Saturday, Oct. 30th, and her little guests made quite a picture in their Hallowe'en attire.

Mrs. Ivor Annebo, who has been residing in Killam for some time, moved back into her residence in Ryley recently.

**MOVE TO EDMONTON**

Mr. and Mrs. Elmer Carlsen and family moved this past week to make their home in Edmonton. Before leaving, Mrs. Carlsen's friends had a get-together one afternoon and presented her with a farewell gift, with a weiner roast for the children at supper time.

Mr. and Mrs. Ernest Lindskoog of Drayton Valley were weekend guests with Mr. and Mrs. George Cline. Mrs. Lindskoog and Mrs. Cline are sisters.

A number of people from here attended the Reformation Festival at the Jubilee Auditorium in Edmonton on Sunday evening, sponsored by the Edmonton Lutheran Council.

## Ministik news briefs

(Mrs. J. Roddick)

Church services were conducted at the United Church with a layman from Edmonton conducting.

**SETTLES IN EDMONTON**

After a month's visit at the home of Mr. and Mrs. Les Whitford, Mr. and Mrs. Arthur Aldrich, Ronnie, Diane and David, of Dartmouth, Nova Scotia, are settling in Edmonton in the Ottewell area. Mr. Aldrich, who is Mrs. Whitford's son, has retired from the Royal Canadian Navy after 20 years of faithful service, and has taken a position in the engineering department of the Alberta Government Telephones.

John Jones of Clover Bar visited at the home of his parents, Mr. and Mrs. T. A. Jones, on Saturday.

On Sunday, Mr. and Mrs. Harmond Jones of Edmonton called in before Harmond leaves for Lesser Slave Lake to work for a week.

Mr. and Mrs. Alphonse Loch and Beverly were Edmonton visitors on Sunday.

Among weekend shoppers in Edmonton were Mrs. Helen Hennessy, Mrs. T. A. Jones and Mrs. E. B. Leach.

**Sympathy is being extended to Jim Roddick from friends and neighbors on the loss of his brother, Bob, of Edmonton, on Monday evening, Nov. 1st.**

**HERE FROM CALIFORNIA**

Afternoon and coffee guests at the Jim Roddick home Sunday were Mrs. Ralph Walton of San Diego, Calif., Rod Roddick and Edna Roddick of Edmonton, and Mr. and Mrs. Bill Roddick and Leona. This was a small reunion of cousins while Mrs. Walton was here from San Diego.

Members of the ladies' club met at the United Church Monday morning to bring in their fancywork to be priced and other articles for the fall bazaar.

A start on the Christmas program got underway on Saturday as several boys and girls gathered at the home of Mrs. S. George to practice songs.

Mr. and Mrs. George Horricks of Namao were Sunday dinner guests of Mr. and Mrs. Albert Horricks and sons.

Little ghosts and goblins were out in full force Saturday evening for tricks or treats. Some lovely and original costumes were noted on many of the children.

As two acreages have been sold on the former Ellett farm, workers are busy putting a municipal road leading to the property.

# NOTICE!

OF

## Preparation Of Assessment Roll – 1966 –

## VILLAGE OF RYLEY

PROVINCE OF ALBERTA

NOTICE is hereby given that the assessment roll of the said municipality, made under the provisions of the Assessment Act, has been prepared and will, for thirty (30) days, be open to inspection at the office of the secretary-treasurer of the municipality during business hours and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessed value placed upon any property must, within thirty (30) days from the date of this notice, lodge his complaint(s) in writing with the secretary-treasurer of the municipality.

DATED this 2nd day of November, 1965.

GARNET J. BURNSTAD,
Secretary-Treasurer.

# NOTICE

Re:

## BRUCELLOSIS VACCINATION

Within

## The COUNTY OF BEAVER

**The County of Beaver #9 will be under the Federal Brucellosis Control Area Regulations this fall. Restricted Area Regulations do not apply whereby all heifer calves must be vaccinated within the proper age group.**

Compulsory vaccination over the past fifteen years has lowered the incidence of brucellosis to a point where Federal Testing could be carried out with a minimum of reactors.

The Agricultural Service Board is anxious to co-operate with cattle owners who wish to continue vaccinating for Brucellosis and will carry on the Fall vaccinating program by notifying farmers when the veterinarian will call.

The County will be divided into six or seven districts and one organizer will do the notifying in each district. Dr. Beldfell of Viking will do the vaccinating for the entire County.

Space does not permit an outline of Federal and Provincial regulations regarding vaccinating in a Federal Control Area where cattle are to be sold locally and for export.

Vaccinating fees will remain the same as in the past.

No second calls will be made and farmers are expected to have their calves confined and separated before the veterinarian calls.

Cattle men are urged to take advantage of organized vaccination in order to protect their markets and assist in the Federal Control Program.

We expect to get the Voluntary Program under way in four or five days time.

Agricultural Service Board
County of Beaver #9
RYLEY, Alberta.

A. ROBERT CROSS, Secretary-Treasurer (10-11) (10-11)

# Gala hayride climaxes grade ten initiation

Last Friday evening approximately 60 high school students piled on three hayracks and bravely set out for Beaverhill Lake. The hayride was held to finish off the initiation that had taken place that day.

When everyone had arrived at the lake, a large bon-fire was built and a sing-song held. After the singing, the food was enjoyed, and everyone piled back on the racks, and the tired but initiated Grade 10 students headed for home.

The students would like to thank all the drivers, those who supplied racks and tractors, and the teachers who chaperoned the affair.

On Tuesday the Students Union held their monthly [illegible]ing. The membership fees were set and High School rings and sweaters discussed. Also, it was decided [illegible] a Year Book should be [illegible] this year. Dianne [illegible] gave a report on the graduation that was held this fall in Tofield, with 21 Tofield students graduating.

High school Basketball has been organized and practise is well underway. The first league game will be in Tofield on Nov. 26th, with Holden being the visiting team.

# County council meets October 14th

Following are the minutes, in part, of the regular meeting of Council of the County of Beaver No. 9, held Thursday, Oct. 14th

**Business Arising from Minutes**

In regards to the Krupskarski Beaver Hill Lake Flood Control Scheme, the secretary treasurer informed the Council that he had discussed this proposed meeting of the farmers affected with A Strome the engineer in charge of the proposed scheme Mr. Strome had suggested that, as it was getting late in the season, it might be better to defer actual construction until next year and in the meantime organize the project rather than rush the work without due consideration to all factors It appeared that some of the parties concerned were not satisfied with the proposed survey and that a re-survey would have to be done on part of the proposed scheme

It was moved and carried that the report be accepted.

In regards to Mr. Dmytro Mykalchuk's claim for cows killed, the secretary - treasurer referred to the Council a letter from Rockover & Halwa Investigators and Adjusters Ltd. The letter stated that in the opinion of the investigators no liability rested with the County

Moved and carried that the report be accepted and concurred in.

In regards to the matter of Rural Road Inventory, it was moved and carried that this matter be deferred until after the AAMD Convention as, no doubt, some information on this matter will be forthcoming at the Convention.

In regards to the proposed grant to entice a physician to settle in the Village of Holden, the secretary - treasurer stated that he had discussed this with the Chief Municipal Inspector, he on his opinion confirmed that a grant could be given under the provision of Sec. 327 (b) of the Municipal District Act

Moved and carried that the report be accepted

Concerning grants applicable to the Municipal Parks at Camp Lake and Nugget Lake, the secretary - treasurer stated that an amount of $120 is still remained available from the grant and that this amount could be used towards gravel around the picnic shelter at Nugget Lake.

Moved and carried that the report be accepted

In regards to the request for a survey of Rose Creek, the secretary - treasurer reported that he had discussed this with the secretary-treasurer of the MD of Lamont and had followed his procedure in forwarding a copy of the letter to the Department of Water Resources for their attention

Moved and carried that the report be accepted and action concurred in

In regards to the fence damage lodged by Messrs. Donald McGuinte and Louis Shewchuk, the secretary - treasurer referred to the Council correspondence from Jubilee Insurance Agencies Ltd However, the information in the correspondence was quite ambiguous, and it was moved and carried that this matter be referred back to the Insurance Agencies for further clarification

In regards to the sewerage system at Kinsella, the secretary-treasurer reported that By-law No. 188 had now received approval by the Local Authorities Board and it would be necessary to advertise this by-law as well as By-law No 189 under the provisions of Section 251 of the Municipal Districts Act, with the by-law posted for a period of 30 days, during which time ten per cent of the proprietary electors of the county could petition the Council to submit the by-laws to a vote of the proprietary electors. If such petition was not forthcoming, the Council could proceed to consider the by-law and, if considered advisable, finally pass them.

Moved and carried that the report be accepted and action concurred in

The bridge requests for 1966 was referred to the Council and the information submitted to the secretary-treasurer.

Moved and carried that bridge requests be dealt with at this time be submitted to the Department of Highways.

**Correspondence**

A letter from the Canadian National Railways in regards to widening or relocation of roads at railway crossings and the procedure that should be followed was referred to the Council

Moved and carried that the con-
